PART I

ITEM 1. *BUSINESS*

Overview

We are a specialized real estate finance company which invests in a diversified portfolio of structured finance assets in the multi-family and commercial real estate markets. We invest primarily in real estate-related bridge and mezzanine loans, including junior participating interests in first mortgages, preferred and direct equity, and in limited cases, discounted mortgage notes and other real estate-related assets, which we refer to collectively as structured finance investments. We also invest in mortgage-related securities. Our principal business objective is to maximize the difference between the yield on our investments and the cost of financing these investments to generate cash available for distribution, facilitate capital appreciation and maximize total return to our stockholders.

We are organized to qualify as a real estate investment trust (“REIT”) for federal income tax purposes. We commenced operations in July 2003 and conduct substantially all of our operations and investing activities through our operating partnership, Arbor Realty Limited Partnership, and its wholly-owned subsidiaries. We serve as the general partner of our operating partnership, and own an approximately 82% partnership interest in our operating partnership as of December 31, 2006.

We are externally managed and advised by Arbor Commercial Mortgage, LLC (“ACM”), a national commercial real estate finance company which specializes in debt and equity financing for multi-family and commercial real estate, pursuant to the terms of a management agreement described below. We believe ACM’s experience and reputation positions it to originate attractive investment opportunities for us. Our management agreement with ACM was developed to capitalize on synergies with ACM’s origination infrastructure, existing business relationships and management expertise.

We believe the financing of multi-family and commercial real estate offers significant growth opportunities that demand customized financing solutions. ACM has granted us a right of first refusal to pursue all domestic structured finance investment opportunities identified by ACM. ACM continues to originate and service multi-family and commercial mortgage loans under Fannie Mae, Federal Housing Administration and conduit commercial lending programs. We believe that the customer relationships established from these lines of business may generate additional real estate investment opportunities for our business.

Our Corporate History

On July 1, 2003, ACM contributed a portfolio of structured finance investments to our operating partnership. Concurrently with this contribution, we and our operating partnership entered into a management agreement with ACM pursuant to which ACM manages our investments for a base management fee and incentive compensation, and the nine person asset management group of ACM became our employees.

In exchange for ACM’s contribution of structured finance investments, our operating partnership issued approximately 3.1 million units of limited partnership interest, or operating partnership units, and approximately 0.6 million warrants to purchase additional operating partnership units at an initial exercise price of \$15.00 per operating partnership unit to ACM. Concurrently, we, our operating partnership and ACM entered into a pairing agreement. Pursuant to the pairing agreement, each operating partnership unit issued to ACM and issuable to ACM upon exercise of its warrants for additional operating partnership units in connection with the contribution of initial assets was paired with one share of the Company’s special voting preferred stock. In October 2004, ACM exercised these warrants and currently holds approximately 3.8 million operating partnership units, constituting an approximately 18% limited partnership interest in our operating partnership. ACM may redeem each of these operating partnership units for cash or, at our election, one share of our common stock. We granted ACM certain demand and other registration rights with respect to the shares of common stock that may be issued upon redemption of these operating partnership units. Each of these operating partnership units is also paired with one share of our special voting preferred stock entitling ACM to one vote on all matters submitted to a vote of our stockholders. ACM currently holds approximately 18% of the voting power of our outstanding stock. If ACM redeems these operating partnership units, an equivalent number of shares of our special voting preferred stock will be redeemed and cancelled.

Concurrently with ACM's contribution of investments to our operating partnership, we sold approximately 1.6 million of our units, each consisting of five shares of our common stock and one warrant to purchase an additional share of common stock at an initial exercise price of \$15.00 per share, for \$75.00 per unit in a private placement and agreed to register the shares of common stock underlying these units and warrants for resale under the Securities Act of 1933. In July 2004, we registered approximately 9.6 million shares of common stock underlying these units and warrants. As of December 31, 2005, approximately 1.6 million warrants were exercised, of which 0.5 million were exercised "cashless", for a total of 1.3 million common shares issued pursuant to their exercise.

In April 2004, we closed our initial public offering in which we issued and sold 6.3 million shares of common stock and a selling stockholder sold 22,500 shares of common stock, each at \$20.00 per share. Concurrently with the initial public offering, we sold 0.5 million shares of common stock at the initial public offering price directly to an entity wholly-owned by one of our directors. The underwriters of our initial public offering exercised their overallotment option and, in May 2004, we issued and sold an additional 0.5 million shares of our common stock pursuant to such exercise.

Since January 2005, we completed three non-recourse collateralized debt obligation ("CDO") transactions, whereby \$1.44 billion of real estate related and other assets were contributed to three newly-formed consolidated subsidiaries, which issued \$1.21 billion of investment grade-rated floating-rate notes in three separate private placements. These proceeds were used to repay outstanding debt and resulted in a decreased cost of funds relating to the CDO assets.

Our Investment Strategy

Our principal business objectives are to invest in bridge and mezzanine loans, including junior participating interests in first mortgages, preferred and direct equity and other real estate related assets in the multifamily and commercial real estate markets and actively manage our investment portfolio in order to generate cash available for distribution, facilitate capital appreciation and maximize total return to our stockholders. We believe we can achieve these objectives through the following business and growth strategies:

Provide Customized Financing. We provide financing customized to the needs of our borrowers. We target borrowers who have demonstrated a history of enhancing the value of the properties they operate, but whose options may be limited by conventional bank financing and who may benefit from the sophisticated structured finance products we offer.

Execute Transactions Rapidly. We act quickly and decisively on proposals, provide commitments and close transactions within a few weeks and sometimes days, if required. We believe that rapid execution attracts opportunities from both borrowers and other lenders that would not otherwise be available. We believe our ability to structure flexible terms and close loans in a timely manner gives us a competitive advantage over lending firms that also primarily serve this market.

Manage and Maintain Credit Quality. A critical component of our success in the real estate finance sector is our ability to manage the real estate risk that is underwritten by our manager and us. We actively manage and maintain the credit quality of our portfolio by using the expertise of our asset management group, which has a proven track record of structuring and repositioning structured finance investments to improve credit quality and yield.

Use Arbor Commercial Mortgage's Relationships with Existing Borrowers. We capitalize on ACM's reputation in the commercial real estate finance industry. ACM has relationships with a large borrower base nationwide. Since ACM's originators offer senior mortgage loans as well as our structured finance products, we are able to benefit from its existing customer base and use its senior lending business as a potential refinance vehicle for our structured finance assets.

Offer Broader Products and Expand Customer Base. We have the ability to offer a larger number of financing alternatives than ACM has been able to offer to its customers in the past. Our potential borrowers are able to choose from products offering longer maturities and larger principal amounts than ACM could previously offer.

Leverage the Experience of Executive Officers and Arbor Commercial Mortgage and Our Employees. Our executive officers and employees, and those of ACM, have extensive experience originating and managing structured commercial real estate investments. Our senior management team has on average over 20 years experience in the financial services industry including prior experience in managing and operating a public company, the predecessor of ACM.

Our Targeted Investments

We actively pursue lending and investment opportunities with property owners and developers who need interim financing until permanent financing can be obtained. We primarily target transactions under \$40 million where we believe we have competitive advantages, particularly our lower cost structure and in-house underwriting capabilities. Our structured finance investments generally have maturities of two to five years, depending on type, have extension options when appropriate, and generally require a balloon payment of principal at maturity. Borrowers in the market for these types of loans include, but are not limited to, owners or developers seeking either to acquire or refurbish real estate or to pay down debt and reposition a property for permanent financing.

Our investment program emphasizes the following general categories of real estate related activities:

Bridge Financing. We offer bridge financing products to borrowers who are typically seeking short term capital to be used in an acquisition of property. The borrower has usually identified an undervalued asset that has been under managed and/or is located in a recovering market. From the borrower's perspective, shorter term bridge financing is advantageous because it allows time to improve the property value through repositioning the property without encumbering it with restrictive long term debt.

The bridge loans we make typically range in size from \$1 million to \$60 million and are predominantly secured by first mortgage liens on the property. The term of these loans typically is up to five years. Historically, interest rates have typically ranged from 2.50% to 9.00% over 30-day LIBOR, with fixed rates ranging from 5.00% to 13.00%. In 2006, interest rates have typically ranged from 2.50% to 7.00% over 30-day LIBOR, with fixed rates ranging from 6.00% to 13.00%. Additional yield enhancements may include origination fees, deferred interest, yield look-backs, and participating interests, which are equity interests in the borrower that share in a percentage of the underlying cash flows of the property. Borrowers generally use the proceeds of a conventional mortgage to repay a bridge loan.

Mezzanine Financing. We offer mezzanine financing in the form of loans that are subordinate to a conventional first mortgage loan and senior to the borrower's equity in a transaction. These loans may be in the form of a junior participating interest in the senior debt. Mezzanine financing may take the form of loans secured by pledges of ownership interests in entities that directly or indirectly control the real property or subordinated loans secured by second mortgage liens on the property. We may also require additional collateral such as personal guarantees, letters of credit and/or additional collateral unrelated to the property.

Our mezzanine loans typically range in size from \$1 million to \$50 million and have terms of up to ten years. Historically, interest rates have typically ranged from 2.00% to 12.00% over 30-day LIBOR, with fixed rates ranging from 5.00% to 15.00%. In 2006, interest rates have typically ranged from 2.00% to 10.00% over 30-day LIBOR, with fixed rates ranging from 5.50% to 15.00%. As in the case with our bridge loans, the yield on these investments may be enhanced by prepaid and deferred interest payments, yield look-backs and participating interests.

We hold a majority of our mezzanine loans through subsidiaries of our operating partnership that are pass-through entities for tax purposes or taxable subsidiary corporations.

Preferred Equity Investments. We provide financing by making preferred equity investments in entities that directly or indirectly own real property. In cases where the terms of a first mortgage prohibit additional

liens on the ownership entity, investments structured as preferred equity in the entity owning the property serve as viable financing substitutes. With preferred equity investments, we typically become a special limited partner or member in the ownership entity.

Real Property Acquisitions. We may purchase existing domestic real estate for repositioning and/or renovation and then disposition at an anticipated significant return. From time to time, we may identify real estate investment opportunities. In these situations, we may act solely on our own behalf or in partnership with other investors. Typically, these transactions are analyzed with the expectation that we will have the ability to sell the property within a one to three year time period, achieving a significant return on invested capital. In connection with these transactions, speed of execution is often the most critical component to success. We may seek to finance a portion of the acquisition price through short term financing. Repayment of the short term financing will either come from the sale of the property or conventional permanent debt.

Note Acquisitions. We may acquire real estate notes from lenders in situations where the borrower wishes to restructure and reposition its short term debt and the lender wishes, for a variety of reasons (such as risk mitigation, portfolio diversification or other strategic reasons), to divest certain assets from its portfolio. These notes may be acquired at a discount. In such cases, we intend to use our management resources to resolve any dispute concerning the note or the property securing it and to identify and resolve any existing operational or any other problems at the property. We will then either restructure the debt obligation for immediate resale or sale at a later date, or reposition it for permanent financing. In some instances, we may take title to the property underlying the real estate note.

Mortgage-Related Securities. We invest in certificates issued by the Government National Mortgage Association, or GNMA, Federal National Mortgage Association, or FNMA, or the Federal Home Loan Mortgage Association, or FHLMC that are collateralized by whole pools of fixed or adjustable rate residential or commercial mortgage loans. We refer to these mortgage-related securities as agency-sponsored whole loan pool certificates. The adjustable rate mortgage-related securities include adjustable-rate FHLMC ARM and FNMA ARM certificates, which are generally evidenced by pools of mortgage loans with a fixed rate of interest for the first three years with annual interest adjustments thereafter and GNMA ARM certificates, which have a fixed rate of interest for the first three years with annual adjustments in relation to the Treasury index thereafter. Unlike conventional fixed-income securities which provide for periodic fixed interest payments and principal payments at maturity and specified call dates, mortgage-related securities provide for monthly payments of interest and principal that, in effect, are a “pass-through” of the monthly payments made by the borrowers on the residential or commercial mortgage loans underlying such securities, net of any fees paid to the issuer or guarantor of such securities. Additional payments on the securities are made when repayments of principal are made due to the sale of the underlying property, refinancing or foreclosure, net of fees or costs that may be incurred. Some mortgage-related securities (such as securities issued by GNMA) are described as “modified pass-through” because they entitle the holder to receive all interest and principal payments owed on the mortgage pool, net of certain fees, at scheduled payment dates regardless of whether or not the mortgagor makes the payment.

The rate of prepayments on the underlying mortgage loans affect the price and volatility of mortgage-related securities and may have the effect of shortening or extending the effective maturity of the security beyond what was anticipated at the time of our investment in such securities. The yield and maturity characteristics of mortgage-related securities differ from conventional fixed-income securities in that the principal amount of mortgage-related securities may be prepaid at any time because the underlying mortgage loans may be prepaid at any time. Therefore, some mortgage-related securities may have less potential for growth in value than conventional fixed-income securities with comparable maturities. In addition, the rate of prepayments tends to increase in periods of falling interest rates. During such periods, the reinvestment of prepayment proceeds by us will generally be at lower rates than the rates that were carried by the obligations that have been prepaid. To the extent that we purchase mortgage-related securities at a premium, prepayments (which may be made without penalty) may result in loss of our principal investment to the extent of the premium paid.

Our Structured Finance Investments

We own a diversified portfolio of structured finance investments consisting primarily of real estate-related bridge and mezzanine loans as well as preferred equity investments and mortgage-backed securities.

At December 31, 2006, we had 102 loans and investments in our portfolio, totaling \$2.0 billion. These loans and investments were for 32 multi-family properties, 11 condominium properties, 26 office properties, 16 hotel properties, nine commercial properties, five land properties, two retail properties, and one other property. We have an \$8.5 million loan in our portfolio that is non-performing and income recognition has been suspended. The principal amount of the loan is not deemed to be impaired and no loan loss reserve has been recorded at this time. Income recognition will resume when the loan becomes contractually current and performance has recommenced. We continue to actively manage all loans and investments in the portfolio and believe that our strict underwriting and active asset management enable us to maintain the credit quality of our portfolio.

The overall yield on our portfolio in 2006 was 10.50%, excluding the impact from a first quarter recognition of previously deferred revenue and a fourth quarter distribution that were recorded as interest income totaling approximately \$10.4 million, on average assets of \$1.5 billion. This yield was computed by dividing the interest income earned during the year by the average assets during the year. Our cost of funds in 2006 was 7.11% on average borrowings of \$1.3 billion. This cost of funds was computed by dividing the interest expense incurred during the year by the average borrowings during the year.

Our average net investment (average assets less average borrowings) in 2006 was \$213.5 million, resulting in average leverage (average borrowings divided by average assets) of 86%. Including average trust preferred securities of \$197.5 million as equity, our average leverage was 73%. The net interest income earned in 2006 yielded a 35.70% return on our average net investment during the year. This yield was computed by dividing the net interest (interest income less interest expense) earned in 2006 by the average equity (computed as average assets minus average borrowings) invested during the year.

Our business plan contemplates that our leverage ratio, including our trust preferred securities as equity, will be approximately 70% to 80% of our assets in the aggregate. However, including our trust preferred securities as equity, our leverage will not exceed 80% of the value of our assets in the aggregate unless approval to exceed the 80% limit is obtained from our board of directors. At December 31, 2006, our overall leverage ratio including the trust preferred securities as equity was 73%.

Our Investments in Mortgage-Related Securities

In 2004, we invested \$57.4 million (including \$0.1 million of purchased interest) in agency-sponsored whole pool certificates. \$20.6 million of these securities were issued by FNMA and \$36.7 million were issued by FHLMC. Pools of FNMA and FHLMC adjustable rate residential mortgage loans underlie these securities. The underlying mortgage loans bear interest at a weighted average fixed rate for three years and adjust annually thereafter and have a weighted average coupon rate of 3.8%. We receive monthly payments of interest and principal on these securities based on the monthly interest and principal payments that are made on the underlying mortgage loans. At December 31, 2006, these securities were financed under a \$100.0 million repurchase agreement, maturing July 2007, at a rate of one-month LIBOR plus 0.20%. At December 31, 2006, the amortized cost of these securities was \$22.2 million and the amount outstanding on the repurchase agreement related to the financing of these securities was \$20.7 million. These investments had a weighted average balance of \$26.4 million for the year with an average yield of 2.17%, net of amortization of premiums. These assets were financed by borrowings with a weighted average balance of \$25.1 million and an average cost of funds of 5.28%.

The table below sets forth information regarding our investments in mortgage-related securities as of December 31, 2006. These securities have a fixed interest rate until March 2007, and adjust annually thereafter.

Regulatory Aspects of Our Investment Strategy

Real Estate Exemption from Investment Company Act. We believe that we conduct and we intend to conduct our business at all times in a manner that avoids registration as an investment company under the Investment Company Act of 1940. There is an exemption from registration for entities that are primarily engaged in the business of purchasing or otherwise acquiring “mortgages and other liens on and interests in real estate.” This exemption generally requires us to maintain at least 55% of our assets directly in qualifying real estate assets. Assets that qualify for purposes of this 55% test include, among other things, real estate, mortgage loans and agency-sponsored whole loan pool certificates. Our bridge loans secured by first mortgage liens on the underlying properties, loans secured by second mortgage liens on the underlying properties and agency-sponsored whole loan pool certificates generally qualify for purposes of this 55% test. We believe that these assets and certain of our mezzanine loans are in excess of 55% of our assets as of December 31, 2006 and qualify for purposes of the 55% test. The percentage of our assets that we invest in agency-sponsored whole loan pool certificates may decrease if we determine that we do not need to purchase such certificates for purposes of meeting the 55% test. If the Securities and Exchange Commission (“SEC”) takes a position or makes an interpretation more favorable to us, we may have greater flexibility in the investments we make. Our investments in mortgage-related securities are limited to agency-sponsored whole loan pool certificates which qualify for purposes of the 55% test. Our investment guidelines provide that no more than 15% of our assets may consist of any type of the mortgage-related securities and that the percentage of our investments in mortgage-related securities as compared to our structured finance investments be monitored on a regular basis.

Management Agreement

On July 1, 2003, we and our operating partnership entered into a management agreement with ACM. On January 19, 2005, we, our operating partnership, Arbor Realty SR, Inc., one of our subsidiaries and ACM entered into an amended and restated management agreement with substantially the same terms as the original management agreement in order to add Arbor Realty SR, Inc. as a beneficiary of ACM’s services. Pursuant to the terms of the management agreement, our manager has agreed to service and manage our investments and to provide us with

structured finance investment opportunities, finance and other services necessary to operate our business. Our manager is required to provide a dedicated management team to provide these services to us, the members of which will devote such of their time to our management as our independent directors reasonably deem necessary and appropriate, commensurate with our level of activity from time to time. We rely to a significant extent on the facilities and resources of our manager to conduct our operations. For performing services under the management agreement, ACM receives a base management fee and incentive compensation calculated as described in “Management’s Discussion and Analysis of Financial Condition and Results of Operations” under Item 7 of this report.

Operations

Our Manager’s Investment Services. Under the management agreement, ACM is responsible for sourcing originations, providing underwriting services and processing approvals for all loans and other investments in our portfolio. ACM also provides certain administrative loan servicing functions with respect to our loans and investments. We are able to capitalize on ACM’s well established operations and services in each area described below.

Origination. Our manager sources the origination of most of our investments. ACM has a network of nine sales offices located in Bloomfield Hills, Michigan; Boston, Massachusetts; Charlotte, North Carolina; Manhattan Beach, California; Dallas, Texas; North Myrtle Beach, South Carolina; New York, New York; Uniondale, New York; and Woodland Hills, California. These offices are staffed by approximately 12 loan originators who solicit property owners, developers and mortgage loan brokers. In some instances, the originators accept loan applications meeting our underwriting criteria from a select group of mortgage loan brokers. While a large portion of ACM’s marketing effort occurs at the branch level, ACM also markets its products in industry publications and targeted direct mailings. ACM markets structured finance products and our product offerings using the same methods. Once potential borrowers have been identified, ACM determines which financing products best meet the borrower’s needs. Loan originators in every branch office are able to offer borrowers the full array of ACM’s and our structured finance products. After identifying a suitable product, ACM works with the borrower to prepare a loan application. Upon completion by the borrower, the application is forwarded to ACM’s underwriters for due diligence.

Underwriting. ACM’s loan originators work in conjunction with its underwriters who perform due diligence on all proposed transactions prior to loan approval and commitment. The underwriters analyze each loan application in accordance with the guidelines set forth below in order to determine the loan’s conformity with respect to such guidelines. In general, ACM’s underwriting guidelines require it to evaluate the following: the historic and current property revenues and expenses; the potential for near-term revenue growth and opportunity for expense reduction and increased operating efficiencies; the property’s location, its attributes and competitive position within its market; the proposed ownership structure, financial strength and real estate experience of the borrower and property management; third party appraisal, environmental and engineering studies; market assessment, including property inspection, review of tenant lease files, surveys of property comparables and an analysis of area economic and demographic trends; review of an acceptable mortgagee’s title policy and an “as built” survey; construction quality of the property to determine future maintenance and capital expenditure requirements; and the requirements for any reserves, including those for immediate repairs or rehabilitation, replacement reserves, tenant improvement and leasing commission costs, real estate taxes and property casualty and liability insurance. Key factors considered in credit decisions include, but are not limited to, debt service coverage, loan to value ratios and property, financial and operating performance. Consideration is also given to other factors, such as additional forms of collateral and identifying likely strategies to effect repayment. ACM will refine its underwriting criteria based upon actual loan portfolio experience and as market conditions and investor requirements evolve.

Investment Approval Process. ACM applies its established investment approval process to all loans and other investments proposed for our portfolio before submitting each proposal to us for final approval. A written report is generated for every loan or other investment that is submitted to ACM’s credit committee for approval. The report includes a description of the prospective borrower and any guarantors, the collateral and the proposed use of investment proceeds, as well as borrower and property consolidated financial statements and analysis. In addition, the report includes an analysis of borrower liquidity, net worth, cash investment, income, credit history and

operating experience. If the transaction is approved by a majority of ACM's credit committee, it is presented for approval to our credit committee, which consists of our chief executive officer, chief credit officer, and executive vice president of structured finance. All transactions require the approval of a majority of the members of our credit committee. Following the approval of any such transaction, ACM's underwriting and servicing departments, together with our asset management group, assure that all loan approval terms have been satisfied and that they conform with lending requirements established for that particular transaction. If our credit committee rejects the loan and our independent directors allow ACM or one of its affiliates to pursue it, ACM will have the opportunity to execute the transaction.

Servicing. ACM services our loans and investments through its internal servicing operations. Our manager currently services an expanding portfolio, consisting of approximately 602 loans with outstanding balances of \$4.6 billion through its loan administration department in Buffalo, New York. ACM's loan servicing operations are designed to provide prompt customer service and accurate and timely information for account follow up, financial reporting and management review. Following the funding of an approved loan, all pertinent loan data is entered into ACM's data processing system, which provides monthly billing statements, tracks payment performance and processes contractual interest rate adjustments on variable rate loans. Our manager utilizes the operations of its loan administration department to service our portfolio with the same efficiency, accuracy and promptness. ACM also works closely with our asset management group to ensure the appropriate level of customer service and monitoring of these loans.

Our Asset Management Operations. Our asset management group is comprised of 21 of our employees. Prior to our formation, the asset management group successfully managed numerous transactions, including complex restructurings, refinancings and asset dispositions for ACM.

Effective asset and portfolio management is essential to maximizing the performance and value of a real estate investment. The asset management group customizes an asset management plan with the loan originators and underwriters to track each investment from origination through disposition. This group monitors each investment's operating history, local economic trends and rental and occupancy rates and evaluates the underlying property's competitiveness within its market. This group assesses ongoing and potential operational and financial performance of each investment in order to evaluate and ultimately improve its operations and financial viability. The asset management group performs frequent onsite inspections, conducts meetings with borrowers and evaluates and participates in the budgeting process, financial and operational review and renovation plans of each of the underlying properties. As an asset and portfolio manager, the asset management group focuses on increasing the productivity of onsite property managers and leasing brokers. This group communicates the status of each transaction against its established asset management plan to senior management, in order to enhance and preserve capital, as well as to avoid litigation and potential exposure.

Timely and accurate identification of an investment's operational and financial issues and each borrower's objectives is essential to implementing an executable loan workout and restructuring process, if required. Since existing property management may not have the requisite expertise to manage the workout process effectively, the asset management group determines current operating and financial status of an asset or portfolio and performs liquidity analysis of properties and ownership entities and then, if appropriate, identifies and evaluates alternatives in order to maximize the value of an investment.

Our asset management group continues to provide its services to ACM on a limited basis pursuant to an asset management services agreement between ACM and us. The asset management services agreement will be effective throughout the term of our management agreement and during the origination period described in the management agreement. In the event the services provided by our asset management group pursuant to this agreement exceed by more than 15% per quarter the level anticipated by our board of directors, we will negotiate in good faith with our manager an adjustment to our manager's base management fee under the management agreement, to reduce the scope of the services, the quantity of serviced assets or the time required to be devoted to the services by our asset management group.

Operating Policies and Strategies

Investment Guidelines. Our board of directors has adopted general guidelines for our investments and borrowings to the effect that: (1) no investment will be made that would cause us to fail to qualify as a REIT; (2) no investment will be made that would cause us to be regulated as an investment company under the Investment Company Act; (3) no more than 25% of our equity (including trust preferred securities as equity), determined as of the date of such investment, will be invested in any single asset; (4) no single mezzanine loan or preferred equity investment will exceed \$75 million; (5) our leverage (including trust preferred securities as equity) will generally not exceed 80% of the value of our assets, in the aggregate; (6) we will not co-invest with our manager or any of its affiliates unless such co-investment is otherwise in accordance with these guidelines and its terms are at least as favorable to us as to our manager or the affiliate making such co-investment; (7) no more than 15% of our gross assets may consist of mortgage-related securities. Any exceptions to the above general guidelines require the approval of our board of directors.

Financing Policies. We finance the acquisition of our structured finance investments primarily by borrowing against or “leveraging” our existing portfolio and using the proceeds to acquire additional mortgage assets. We expect to incur debt such that we will maintain an equity to assets ratio no less than 20% (including trust preferred securities as equity), although the actual ratio may be lower from time to time depending on market conditions and other factors deemed relevant by our manager. Our charter and bylaws do not limit the amount of indebtedness we can incur, and the board of directors has discretion to deviate from or change our indebtedness policy at any time. However, we intend to maintain an adequate capital base to protect against various business environments in which our financing and hedging costs might exceed the interest income from our investments.

Our investments are financed primarily by collateralized debt obligations, our variable rate junior subordinate notes, and through our floating rate warehouse lines of credit, loan repurchase agreements and other financing facilities with institutional lenders. Although we expect that these will be the principal means of leveraging our investments, we may issue preferred stock or secured or unsecured notes of any maturity if it appears advantageous to do so.

Credit Risk Management Policy. We are exposed to various levels of credit and special hazard risk depending on the nature of our underlying assets and the nature and level of credit enhancements supporting our assets. We originate or purchase mortgage loans that meet our minimum debt service coverage standards. ACM, as our manager, our chief credit officer, and our asset management group, reviews and monitors credit risk and other risks of loss associated with each investment. In addition, ACM seeks to diversify our portfolio of assets to avoid undue geographic, issuer, industry and certain other types of concentrations. Our board of directors monitors the overall portfolio risk and reviews levels of provision for loss.

Interest Rate Risk Management Policy. To the extent consistent with our election to qualify as a REIT, we follow an interest rate risk management policy intended to mitigate the negative effects of major interest rate changes. We minimize our interest rate risk from borrowings by attempting to structure the key terms of our borrowings to generally correspond to the interest rate term of our assets.

We may enter into hedging transactions to protect our investment portfolio from interest rate fluctuations and other changes in market conditions. These transactions may include interest rate swaps, the purchase or sale of interest rate collars, caps or floors, options, mortgage derivatives and other hedging instruments. These instruments may be used to hedge as much of the interest rate risk as ACM determines is in the best interest of our stockholders, given the cost of such hedges and the need to maintain our status as a REIT. In general, income from hedging transactions does not constitute qualifying income for purposes of the REIT gross income requirements. To the extent, however, that a hedging contract reduces interest rate risk on indebtedness incurred to acquire or carry real estate assets, any income that is derived from the hedging contract, while comprising non-qualifying income for purposes of the REIT 75% gross income test, would not give rise to non-qualifying income for purposes of the 95% gross income test. ACM may elect to have us bear a level of interest rate risk that could otherwise be hedged when it believes, based on all relevant facts, that bearing such risk is advisable.

To date, we have entered into various interest rate swaps in connection with the issuance of floating rate secured notes, the issuance of variable rate junior subordinate notes, and to hedge the interest risk on forecasted

outstanding LIBOR based debt. The notional amount of each interest rate swap agreement and the related terms have been designed to protect our investment portfolio from interest rate risk and to match the payment and receipts of interest on the underlying debt instruments, where applicable.

Disposition Policies. Although there are no current plans to dispose of properties or other assets within our portfolio, ACM evaluates our asset portfolio on a regular basis to determine if it continues to satisfy our investment criteria. Subject to certain restrictions applicable to REITs, ACM may cause us to sell our investments opportunistically and use the proceeds of any such sale for debt reduction, additional acquisitions or working capital purposes.

Equity Capital Policies. Subject to applicable law, our board of directors has the authority, without further stockholder approval, to issue additional authorized common stock and preferred stock or otherwise raise capital, including through the issuance of senior securities, in any manner and on the terms and for the consideration it deems appropriate, including in exchange for property. We may in the future issue common stock in connection with acquisitions. We also may issue units of partnership interest in our operating partnership in connection with acquisitions of property. We may, under certain circumstances, repurchase our common stock in private transactions with our stockholders, if those purchases are approved by our board of directors. Our board of directors currently has approved a stock repurchase plan. All share repurchases pursuant to the plan will only be taken in conformity with applicable federal and state laws and the applicable requirements for qualifying as a REIT, for so long as the board of directors concludes that we should continue to qualify as a REIT.

Conflicts of Interest Policies. We, our executive officers and ACM face conflicts of interests because of our relationships with each other. Mr. Kaufman is our chief executive officer and the chief executive officer of ACM. Mr. Ivan Kaufman and entities controlled by him own approximately 90% of the outstanding membership interests of ACM. In addition, Mr. Elenio, our chief financial officer, Mr. Weber, our executive vice president of structured finance, Mr. Kilgore, our executive vice president of securitization, Mr. Fogel, our senior vice president of asset management, and two of our directors, Mr. Joseph Martello and Mr. Walter Horn, have minority ownership interests in ACM. Mr. Horn also serves as our secretary, general counsel, and director of compliance. Mr. Martello serves as the trustee and co-trustee of two separate trusts through which Mr. Kaufman owns an equity interest in ACM.

We have implemented several policies, through board action and through the terms of our constituent documents and of our agreements with ACM, to help address these conflicts of interest:

- Our charter requires that a majority of our board of directors be independent directors and that only our independent directors make any determination on our behalf with respect to the relationships or transactions that present a conflict of interest for our directors or officers.
- Our board of directors has adopted a policy that decisions concerning our management agreement with ACM, including termination, renewal and enforcement thereof or our participation in any transactions with ACM or its affiliates outside of the management agreement, including our ability to purchase securities and mortgages or other assets from ACM, or our ability to sell securities and assets to ACM, must be reviewed and approved by a majority of our independent directors.
- Our management agreement provides that our determinations to terminate the management agreement for cause or because the management fees are unfair to us or because of a change in control of our manager, will be made by a majority vote of our independent directors.
- Our independent directors will periodically review the general investment standards established by ACM under the management agreement.
- Our management agreement with ACM provides that ACM may not assign duties under the management agreement, except to certain affiliates of ACM, without the approval of a majority of our independent directors.
- Our management agreement provides that decisions to approve or reject investment opportunities rejected by our credit committee that ACM or Mr. Kaufman wish to pursue will be made by a majority of our independent directors.

Our board of directors has approved the operating policies and the strategies set forth above. The board of directors has the power to modify or waive these policies and strategies, or amend our agreements with ACM, without the consent of our stockholders to the extent that the board of directors (including a majority of our independent directors) determines that such modification or waiver is in the best interest of our stockholders. Among other factors, developments in the market that either affect the policies and strategies mentioned herein or that change our assessment of the market may cause our board of directors to revise its policies and strategies. However, if such modification or waiver involves the relationship of, or any transaction between, us and our manager or any affiliate of our manager, the approval of a majority of our independent directors is also required. We may not, however, amend our charter to change the requirement that a majority of our board consist of independent directors or the requirement that our independent directors approve related party transactions without the approval of two thirds of the votes entitled to be cast by our stockholders.

Compliance with Federal, State and Local Environmental Laws

Properties that we may acquire directly or indirectly through partnerships, and the properties underlying our structured finance investments and mortgage-related securities, are subject to various federal, state and local environmental laws, ordinances and regulations. Under these laws, ordinances and regulations, a current or previous owner of real estate (including, in certain circumstances, a secured lender that succeeds to ownership or control of a property) may become liable for the costs of removal or remediation of certain hazardous or toxic substances or petroleum product releases at, on, under or in its property. These laws typically impose cleanup responsibility and liability without regard to whether the owner or control party knew of or was responsible for the release or presence of the hazardous or toxic substances. The costs of investigation, remediation or removal of these substances may be substantial and could exceed the value of the property. An owner or control party of a site may be subject to common law claims by third parties based on damages and costs resulting from environmental contamination emanating from a site. Certain environmental laws also impose liability in connection with the handling of or exposure to materials containing asbestos. These laws allow third parties to seek recovery from owners of real properties for personal injuries associated with materials containing asbestos. Our operating costs and the values of these assets may be adversely affected by the obligation to pay for the cost of complying with existing environmental laws, ordinances and regulations, as well as the cost of complying with future legislation, and our income and ability to make distributions to our stockholders could be affected adversely by the existence of an environmental liability with respect to properties we may acquire. We will endeavor to ensure that these properties are in compliance in all material respects with all federal, state and local laws, ordinances and regulations regarding hazardous or toxic substances or petroleum products.

Competition

Our net income depends, in large part, on our manager's ability to originate structured finance investments with spreads over our borrowing costs. In originating these investments, our manager competes with other mortgage REITs, specialty finance companies, savings and loan associations, banks, mortgage bankers, insurance companies, mutual funds, institutional investors, investment banking firms, other lenders, governmental bodies and other entities, some of which may have greater financial resources and lower costs of capital available to them. In addition, there are numerous mortgage REITs with asset acquisition objectives similar to ours, and others may be organized in the future. The effect of the existence of additional REITs may be to increase competition for the available supply of structured finance assets suitable for purchase by us. Competitive variables include market presence and visibility, size of loans offered and underwriting standards. To the extent that a competitor is willing to risk larger amounts of capital in a particular transaction or to employ more liberal underwriting standards when evaluating potential loans, our origination volume and profit margins for our investment portfolio could be impacted. Our competitors may also be willing to accept lower returns on their investments and may succeed in buying the assets that we have targeted for acquisition. Although management believes that we are well positioned to continue to compete effectively in each facet of our business, there can be no assurance that we will do so or that we will not encounter further increased competition in the future that could limit its ability to compete effectively.

Employees

We currently have 30 employees, including Mr. Kovarik, our chief credit officer, Mr. Weber, our executive vice president of structured finance, Mr. Horn, our secretary, general counsel, and director of compliance, Mr. Fogel, our senior vice president of asset management and Mr. Kilgore, our executive vice president of securitization. In addition, Mr. Kaufman, our chief executive officer and Mr. Elenio, our chief financial officer are full time employees of our manager, who perform the duties required pursuant to the management agreement with our manager.

Corporate Governance and Internet Address

We have adopted corporate governance guidelines and a code of business conduct and ethics, which delineate our standards for our officers and directors, and employees of our manager. We emphasize the importance of professional business conduct and ethics through our corporate governance initiatives.

The audit, nominating/corporate governance, and compensation committees of our board of directors are composed exclusively of independent directors.

Our internet address is www.arborrealtytrust.com. We make available, free of charge through a link on our site, our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to such reports, if any, as filed with the SEC as soon as reasonably practicable after such filing. Our site also contains our code of business conduct and ethics, code of ethics for senior financial officers, corporate governance guidelines, and the charters of the audit committee, nominating/corporate governance committee and compensation committee of our board of directors.

ITEM 1A. **RISK FACTORS**

Our business is subject to various risks, including the risks listed below. If any of these risks actually occur, our business, financial condition and results of operations could be materially adversely affected and the value of our common stock could decline.

Risks Related to Our Business

We may be unable to invest excess equity capital on acceptable terms or at all, which would adversely affect our operating results.

We may not be able to identify investments that meet our investment criteria and we may not be successful in closing the investments that we identify. Unless and until we identify structured finance and mortgage-related security investments consistent with our investment criteria, any excess equity capital may be used to repay borrowings under our warehouse credit facility, bridge loan warehouse facility and repurchase agreements, which would not produce a return on capital. In addition, the investments that we acquire with our equity capital may not produce a return on capital. There can be no assurance that we will be able to identify attractive opportunities to invest our equity capital which would adversely affect our results of operations.

We depend on key personnel with long standing business relationships, the loss of whom could threaten our ability to operate our business successfully.

Our future success depends, to a significant extent, upon the continued services of our manager and our employees. In particular, the mortgage lending experience of Mr. Ivan Kaufman and Mr. Fred Weber and the extent and nature of the relationships they have developed with developers of multi-family and commercial properties and other financial institutions are critical to the success of our business. We cannot assure you of their continued employment with Arbor Commercial Mortgage or us. The loss of services of one or more members of our manager's officers or our officers could harm our business and our prospects.

We invest in mezzanine loans which are subject to a greater risk of loss than loans with a first priority lien on the underlying real estate.

We invest in mezzanine loans that take the form of subordinated loans secured by second mortgages on the underlying property or loans secured by a pledge of the ownership interests of either the entity owning the property or a pledge of the ownership interests of the entity that owns the interest in the entity owning the property. These types of investments involve a higher degree of risk than long term senior mortgage lending secured by income producing real property because the investment may become unsecured as a result of foreclosure by the senior lender. In the event of a bankruptcy of the entity providing the pledge of its ownership interests as security, we may not have full recourse to the assets of such entity, or the assets of the entity may not be sufficient to satisfy our mezzanine loan. If a borrower defaults on our mezzanine loan or debt senior to our loan, or in the event of a borrower bankruptcy, our mezzanine loan will be satisfied only after the senior debt. As a result, we may not recover some or all of our investment. In addition, mezzanine loans may have higher loan to value ratios than conventional mortgage loans, resulting in less equity in the property and increasing the risk of loss of principal.

We invest in multi-family and commercial real estate loans, which may involve a greater risk of loss than single family real estate loans.

Our investments include multi-family and commercial real estate loans that are considered to involve a higher degree of risk than single family residential lending because of a variety of factors, including generally larger loan balances, dependency for repayment on successful operation of the mortgaged property and tenant businesses operating therein, and loan terms that include amortization schedules longer than the stated maturity and provide for balloon payments at stated maturity rather than periodic principal payments. In addition, the value of commercial real estate can be affected significantly by the supply and demand in the market for that type of property.

Volatility of values of multi-family and commercial properties may adversely affect our loans and investments.

Multi-family and commercial property values and net operating income derived from such properties are subject to volatility and may be affected adversely by a number of factors, including, but not limited to, national, regional and local economic conditions (which may be adversely affected by industry slowdowns and other factors); local real estate conditions (such as an oversupply of housing, retail, industrial, office or other commercial space); changes or continued weakness in specific industry segments; construction quality, age and design; demographic factors; retroactive changes to building or similar codes; and increases in operating expenses (such as energy costs). In the event a property's net operating income decreases, a borrower may have difficulty paying our loan, which could result in losses to us. In addition, decreases in property values reduce the value of the collateral and the potential proceeds available to a borrower to repay our loans, which could also cause us to suffer losses.

We may be unable to generate sufficient revenue from operations to pay our operating expenses and to pay dividends to our stockholders.

As a REIT, we are generally required to distribute at least 90% of our taxable income each year to our stockholders. In order to qualify for the tax benefits accorded to REITs, we intend to pay quarterly dividends and to make distributions to our stockholders in amounts such that we distribute all or substantially all of our taxable income each year, subject to certain adjustments. However, our ability to make distributions may be adversely affected by the risk factors described in this form 10-K. In the event of a downturn in our operating results and financial performance or unanticipated declines in the value of our asset portfolio, we may be unable to declare or pay quarterly dividends or make distributions to our stockholders. The timing and amount of dividends are in the sole discretion of our board of directors, which considers, among other factors, our earnings, financial condition, debt service obligations and applicable debt covenants, REIT qualification requirements and other tax considerations and capital expenditure requirements as our board may deem relevant from time to time.

Among the factors that could adversely affect our results of operations and impair our ability to make distributions to our stockholders are:

- our ability to make profitable structured finance investments;
- defaults in our asset portfolio or decreases in the value of our portfolio;
- the fact that anticipated operating expense levels may not prove accurate, as actual results may vary from estimates; and
- increased debt service requirements, including those resulting from higher interest rates on variable rate indebtedness.

A change in any one of these factors could affect our ability to make distributions. If we are not able to comply with the restrictive covenants and financial ratios contained in our credit facilities, our ability to make distributions to our stockholders may also be impaired. We cannot assure you that we will be able to make distributions to our stockholders in the future or that the level of any distributions we make will increase over time.

In addition, distributions to stockholders are generally taxable to our stockholders as ordinary income, but a portion of these distributions may be designated by us as long-term capital gains to the extent they are attributable to capital gain income recognized by us, or may constitute a return of capital to the extent they exceed our earnings and profits as determined for tax purposes.

We may need to borrow funds under our credit facilities in order to satisfy our REIT distribution requirements, and a portion of our distributions may constitute a return of capital. Debt service on any borrowings for this purpose will reduce our cash available for distribution.

We may need to borrow funds to meet the REIT requirement that we distribute at least 90% of our taxable income each year to our stockholders if our cash flows from operations are not sufficient to cover the distribution requirements or because there are differences in timing between the recognition of taxable income and the actual receipt of income in cash. Our warehouse credit facility, bridge loan warehouse facility and master repurchase

agreements allow us to borrow up to a maximum amount against each of our investments financed under these credit facilities. If we have not borrowed the maximum allowable amount against any of these investments, we may borrow funds under our credit facilities up to these maximum amounts in order to satisfy REIT distribution requirements. Any required debt service will reduce cash and net income available for operations or distribution to our stockholders.

In order to maximize the return on our funds, cash generated from operations is generally used to temporarily pay down borrowings under credit facilities whose primary purpose is to fund our new loans and investments. When making distributions, we borrow the required funds by drawing on credit capacity available under our credit facilities. To date, all distributions have been funded in this manner. If distributions exceed cash available in the future, we may be required to borrow additional funds, which would reduce the amount of cash available for other purposes, or sell assets in order to meet our REIT distribution requirements.

Failure to maintain an exemption from the Investment Company Act would adversely affect our results of operations.

We believe that we conduct and we intend to conduct our business in a manner that allows us to avoid being regulated as an investment company under the Investment Company Act of 1940, as amended, or the Investment Company Act. Under Section 3(c) (5) (C), the Investment Company Act exempts entities that are primarily engaged in the business of purchasing or otherwise acquiring “mortgages and other liens on and interests in real estate.” The staff of the SEC has provided guidance on the availability of this exemption. Specifically, the staff’s position generally requires us to maintain at least 55% of our assets directly in qualifying real estate interests. To constitute a qualifying real estate interest under this 55% requirement, a real estate interest must meet various criteria. Loans that are secured by equity interests in entities that directly or indirectly own the underlying real property, rather than a mortgage on the underlying property itself, and ownership of equity interests in owners of real property may not qualify for purposes of the 55% test depending on the type of entity. Mortgage-related securities that do not represent all of the certificates issued with respect to an underlying pool of mortgages may also not qualify for purposes of the 55% test. Therefore, our ownership of these types of debt instruments and equity interests may be limited by the provisions of the Investment Company Act. To the extent that we do not comply with the SEC staff’s 55% test or another exemption or exclusion from registration under the Investment Company Act or other interpretations under the Investment Company Act, we may be deemed to be an investment company. If we fail to maintain an exemption or other exclusion from registration as an investment company we could, among other things, be required either (a) to substantially change the manner in which we conduct our operations to avoid being required to register as an investment company or (b) to register as an investment company, either of which could have an adverse effect on us and the market price of our common stock. If we were required to register as an investment company under the Investment Company Act, we would become subject to substantial regulation with respect to our capital structure (including our ability to use leverage), management, operations, transactions with affiliated persons (as defined in the Investment Company Act), portfolio composition, including restrictions with respect to diversification and industry concentration and other matters.

We are substantially controlled by Arbor Commercial Mortgage and its controlling equity owner, Mr. Kaufman.

Mr. Ivan Kaufman is our chairman and chief executive officer and the president and chief executive officer of our manager. Further, Mr. Kaufman and the Kaufman entities together beneficially own approximately 90% of the outstanding membership interests of Arbor Commercial Mortgage. Arbor Commercial Mortgage owns approximately 3.8 million operating partnership units, representing a 18% limited partnership interest in our operating partnership and we own the remaining 82%. The operating partnership units are redeemable for cash or, at our election, for shares of our common stock generally on a one-for-one basis. Each of the operating partnership units Arbor Commercial Mortgage owns is paired with one share of our special voting preferred stock, each of which entitle Arbor Commercial Mortgage to one vote on all matters submitted to a vote of our stockholders. Arbor Commercial Mortgage is currently entitled to approximately 3.8 million votes, stock or 18% of the voting power of our outstanding stock as a result of its ownership of the special voting preferred stock. In addition, Arbor Commercial Mortgage owns 578,041 shares of our common stock, which gives Arbor Commercial Mortgage a total

of 4,354,110 votes, or 20.7% of the voting power of our outstanding stock when combined with the special voting preferred stock. We granted Arbor Commercial Mortgage and Mr. Kaufman, as its controlling equity owner, an exemption from the ownership limitation contained in our charter, in connection with Arbor Commercial Mortgage's acquisition of approximately 3.1 million shares of our special voting preferred stock on July 1, 2003. Because of his position with us and our manager and his ability to effectively vote a substantial minority of our outstanding voting stock, Mr. Kaufman has significant influence over our policies and strategy.

Our charter as amended generally does not permit ownership in excess of 8.3% of our capital stock, and attempts to acquire our capital stock in excess of this limit are ineffective without prior approval from our board of directors.

For the purpose of preserving our REIT qualification, our charter generally prohibits direct or constructive ownership by any person of more than 8.3% (by value or by number of shares, whichever is more restrictive) of the outstanding shares of our common stock or 8.3% (by value) of our outstanding shares of capital stock. For purposes of this calculation, warrants held by such person will be deemed to have been exercised if such exercise would result in a violation. Our charter's constructive ownership rules are complex and may cause the outstanding stock owned by a group of related individuals or entities to be deemed to be constructively owned by one individual or entity. As a result, the acquisition of less than these percentages of the outstanding stock by an individual or entity could cause that individual or entity to own constructively in excess of these percentages of the outstanding stock and thus be subject to our charter's ownership limit. Any attempt to own or transfer shares of our common or preferred stock in excess of the ownership limit without the consent of the board of directors will result in the shares being automatically transferred to a charitable trust or otherwise be void.

Risks Related to Conflicts of Interest

We are dependent on our manager with whom we have conflicts of interest.

We have only 30 employees, including Mr. Fred Weber, Mr. Mark Fogel, Mr. John C. Kovarik, Mr. Walter Horn, Mr. Gene Kilgore and are dependent upon our manager, Arbor Commercial Mortgage, to provide services to us that are vital to our operations. Our chairman, chief executive officer and president, Mr. Ivan Kaufman, is also the chief executive officer and president of our manager. Our chief financial officer, Mr. Paul Elenio, is the chief financial officer of our manager. In addition, Mr. Kaufman and the Kaufman entities together beneficially own approximately 90% of the outstanding membership interests of Arbor Commercial Mortgage and Messrs. Elenio, Weber, Fogel, Martello and Horn, also hold an ownership interest in Arbor Commercial Mortgage. Mr. Martello also serves as the trustee of one of the Kaufman entities that holds a majority of the outstanding membership interests in Arbor Commercial Mortgage and co-trustee of another Kaufman entity that owns an equity interest in our manager. Arbor Commercial Mortgage holds an 18% limited partnership interest in our operating partnership, which as a result has 18% of the voting power of our outstanding stock. In addition, Arbor Commercial Mortgage owns 578,041 shares of our common stock, which gives Arbor Commercial Mortgage a total of 4,354,110 votes, or 20.7% of the voting power of our outstanding stock when combined with the special voting preferred stock.

We may enter into transactions with Arbor Commercial Mortgage outside the terms of the management agreement with the approval of a majority vote of the independent members of our board of directors. Transactions required to be approved by a majority of our independent directors include, but are not limited to, our ability to purchase securities and mortgage and other assets from Arbor Commercial Mortgage or to sell securities and assets to Arbor Commercial Mortgage. Arbor Commercial Mortgage may from time to time provide permanent mortgage loan financing to clients of ours, which will be used to refinance bridge financing provided by us. We and Arbor Commercial Mortgage may also make loans to the same borrower or to borrowers that are under common control. Additionally, our policies and those of Arbor Commercial Mortgage may require us to enter into intercreditor agreements in situations where loans are made by us and Arbor Commercial Mortgage to the same borrower.

We have entered into a management agreement with our manager under which our manager provides us with all of the services vital to our operations other than asset management services. However, the management agreement was not negotiated at arm's length and its terms, including fees payable, may not be as favorable to us as if it had been negotiated with an unaffiliated third party. Certain matters relating to our organization also were not

approved at arm's length and the terms of the contribution of assets to us may not be as favorable to us as if the contribution was with an unaffiliated third party.

The results of our operations are dependent upon the availability of, and our manager's ability to identify and capitalize on, investment opportunities. Our manager's officers and employees are also responsible for providing the same services for Arbor Commercial Mortgage's portfolio of investments. As a result, they may not be able to devote sufficient time to the management of our business operations.

Our directors have approved very broad investment guidelines for our manager and do not approve each investment decision made by our manager.

Our manager is authorized to follow very broad investment guidelines. Our directors will periodically review our investment guidelines and our investment portfolio. However, our board does not review each proposed investment. In addition, in conducting periodic reviews, the directors rely primarily on information provided to them by our manager. Furthermore, transactions entered into by our manager may be difficult or impossible to unwind by the time they are reviewed by the directors. Our manager has great latitude within the broad investment guidelines in determining the types of assets it may decide are proper investments for us.

Our manager has broad discretion to invest funds and may acquire structured finance assets where the investment returns are substantially below expectations or that result in net operating losses.

Our manager has broad discretion, within the general investment criteria established by our board of directors, to allocate the proceeds of the concurrent offerings and to determine the timing of investment of such proceeds. Such discretion could result in allocation of proceeds to assets where the investment returns are substantially below expectations or that result in net operating losses, which would materially and adversely affect our business, operations and results.

The management compensation structure that we have agreed to with our manager may cause our manager to invest in high risk investments. Our manager is entitled to a base management fee, which is based on the equity of our operating partnership. The amount of the base management fee does not depend on the performance of the services provided by our manager or the types of assets it selects for our investment, but the value of our operating partnership's equity will be affected by the performance of these assets. Our manager is also entitled to receive incentive compensation based in part upon our achievement of targeted levels of funds from operations. In evaluating investments and other management strategies, the opportunity to earn incentive compensation based on funds from operations may lead our manager to place undue emphasis on the maximization of funds from operations at the expense of other criteria, such as preservation of capital, in order to achieve higher incentive compensation. Investments with higher yield potential are generally riskier or more speculative. This could result in increased risk to the value of our invested portfolio.

Risk Related to Our Status as a REIT

If we fail to remain qualified as a REIT, we will be subject to tax as a regular corporation and could face substantial tax liability.

We conduct our operations to qualify as a REIT under the Internal Revenue Code. However, qualification as a REIT involves the application of highly technical and complex Internal Revenue Code provisions for which only limited judicial and administrative authorities exist. Even a technical or inadvertent mistake could jeopardize our REIT status. Our continued qualification as a REIT will depend on our satisfaction of certain asset, income, organizational, distribution, stockholder ownership and other requirements on a continuing basis. In particular, our ability to qualify as a REIT depends in part on the relative values of our common and special voting preferred stock, which have not been determined by independent appraisal, are susceptible to fluctuation, and could, if successfully challenged by the IRS, cause us to fail to meet the ownership requirements. In addition, our ability to satisfy the requirements to qualify as a REIT depends in part on the actions of third parties over which we have no control or only limited influence, including in cases where we own an equity interest in an entity that is classified as a partnership for U.S. federal income tax purposes.

Furthermore, new tax legislation, administrative guidance or court decisions, in each instance potentially with retroactive effect, could make it more difficult or impossible for us to qualify as a REIT. If we fail to qualify as a REIT in any tax year, then:

- we would be taxed as a regular domestic corporation, which, among other things, means we would be unable to deduct distributions to stockholders in computing taxable income and would be subject to federal income tax on our taxable income at regular corporate rates;
- any resulting tax liability could be substantial and would reduce the amount of cash available for distribution to stockholders; and
- unless we were entitled to relief under applicable statutory provisions, we would be disqualified from treatment as a REIT for the subsequent four taxable years following the year during which we lost our qualification, and thus, our cash available for distribution to stockholders would be reduced for each of the years during which we did not qualify as a REIT.

Even if we remain qualified as a REIT, we may face other tax liabilities that reduce our cash flow.

Even if we remain qualified for taxation as a REIT, we may be subject to certain federal, state and local taxes on our income and assets, including taxes on any undistributed income, tax on income from some activities conducted as a result of a foreclosure, and state or local income, property and transfer taxes, such as mortgage recording taxes. Any of these taxes would decrease cash available for distribution to our stockholders. In addition, in order to meet the REIT qualification requirements, or to avert the imposition of a 100% tax that applies to certain gains derived by a REIT from dealer property or inventory, we may hold some of our assets through taxable subsidiary corporations.

Complying with REIT requirements may cause us to forego otherwise attractive opportunities.

To qualify as a REIT for federal income tax purposes we must continually satisfy tests concerning, among other things, the sources of our income, the nature and diversification of our assets, the amounts we distribute to our stockholders and the ownership of our stock. We may be required to make distributions to stockholders at disadvantageous times or when we do not have funds readily available for distribution. Thus, compliance with the REIT requirements may hinder our ability to operate solely on the basis of maximizing profits.

Complying with REIT requirements may force us to liquidate otherwise attractive investments.

To qualify as a REIT we must ensure that at the end of each calendar quarter at least 75% of the value of our assets consists of cash, cash items, government securities and qualified REIT real estate assets. The remainder of our investment in securities generally cannot comprise more than 10% of the outstanding voting securities, or more than 10% of the total value of the outstanding securities, of any one issuer. In addition, in general, no more than 5% of the value of our assets (other than assets which qualify for purposes of the 75% asset test) may consist of the securities of any one issuer, and no more than 20% of the value of our total assets may be represented by securities of one or more taxable REIT subsidiaries. If we fail to comply with these requirements at the end of any calendar quarter, we must correct such failure within 30 days after the end of the calendar quarter to avoid losing our REIT status and suffering adverse tax consequences. As a result, we may be required to liquidate otherwise attractive investments.

Liquidation of collateral may jeopardize our REIT status.

To continue to qualify as a REIT, we must comply with requirements regarding our assets and our sources of income. If we are compelled to liquidate investments to satisfy our obligations to our lenders, we may be unable to comply with these requirements, ultimately jeopardizing our status as a REIT.

Complying with REIT requirements may force us to borrow to make distributions to stockholders.

In order to qualify as a REIT, we must generally, among other requirements, distribute at least 90% of our taxable income, subject to certain adjustments, to our stockholders each year. To the extent that we satisfy the distribution requirement, but distribute less than 100% of our taxable income, we will be subject to federal corporate

income tax on our undistributed taxable income. In addition, we will be subject to a 4% nondeductible excise tax if the actual amount that we pay out to our stockholders in a calendar year is less than a minimum amount specified under federal tax laws.

From time to time, we may generate taxable income greater than our net income for financial reporting purposes, or our taxable income may be greater than our cash flow available for distribution to stockholders (for example, where a borrower defers the payment of interest in cash pursuant to a contractual right or otherwise). If we do not have other funds available in these situations we could be required to borrow funds, sell investments at disadvantageous prices or find another alternative source of funds to make distributions sufficient to enable us to pay out enough of our taxable income to satisfy the REIT distribution requirement and to avoid corporate income tax and the 4% excise tax in a particular year. These alternatives could increase our costs or reduce our equity.

We may be subject to adverse legislative or regulatory tax changes that could reduce the market price of our common stock.

At any time, the federal income tax laws governing REITs or the administrative interpretations of those laws may change. Any such changes may have retroactive effect, and could adversely affect us or our stockholders. Legislation enacted in 2003 and extended in 2006 generally reduced the federal income tax rate on most dividends paid by corporations to individual investors to a maximum of 15% (through 2010). REIT dividends, with limited exceptions, will not benefit from the rate reduction, because a REIT's income generally is not subject to corporate level tax. As such, this legislation could cause shares in non-REIT corporations to be a more attractive investment to individual investors than shares in REITs, and could have an adverse effect on the value of our common stock.

Restrictions on share accumulation in REITs could discourage a change of control of us.

In order for us to qualify as a REIT, not more than 50% of the value of our outstanding shares of capital stock may be owned, directly or indirectly, by five or fewer individuals during the last half of a taxable year.

In order to prevent five or fewer individuals from acquiring more than 50% of our outstanding shares and a resulting failure to qualify as a REIT, our charter provides that, subject to certain exceptions, no person, including entities, may own, or be deemed to own by virtue of the attribution provisions of the Internal Revenue Code, more than 8.3% of the aggregate value or number of shares (whichever is more restrictive) of our outstanding common stock, or more than 8.3%, by value, of our outstanding shares of capital stock of all classes, in the aggregate. For purposes of the ownership limitations, warrants held by a person will be deemed to have been exercised.

Shares of our stock that would otherwise be directly or indirectly acquired or held by a person in violation of the ownership limitations are, in general, automatically transferred to a trust for the benefit of a charitable beneficiary, and the purported owner's interest in such shares is void. In addition, any person who acquires shares in excess of these limits is obliged to immediately give written notice to us and provide us with any information we may request in order to determine the effect of the acquisition on our status as a REIT. We granted Arbor Commercial Mortgage and Mr. Kaufman, as its controlling equity owner, an exemption from the ownership limitation contained in our charter, in connection with Arbor Commercial Mortgage's acquisition of 3,146,724 shares of our special voting preferred stock on July 1, 2003, which exemption also allowed Arbor Commercial Mortgage to acquire an additional 629,345 shares of special voting preferred stock. Arbor Commercial Mortgage currently owns 3,776,069 shares of our special voting preferred stock.

While these restrictions are designed to prevent any five individuals from owning more than 50% of our shares, they could also discourage a change in control of our company. These restrictions may also deter tender offers that may be attractive to stockholders or limit the opportunity for stockholders to receive a premium for their shares if an investor makes purchases of shares to acquire a block of shares.

Complying with REIT requirements may limit our ability to hedge effectively.

The REIT provisions of the Internal Revenue Code may limit our ability to hedge our operations. Under current law, any income that we generate from derivatives or other transactions intended to hedge our interest rate risks will generally constitute income that does not qualify for purposes of the 75% income requirement applicable

to REITs, and will also be treated as nonqualifying income for purposes of the REIT 95% income test unless specified requirements are met. In addition, any income from foreign currency or other hedges would generally constitute nonqualifying income for purposes of both the 75% and 95% REIT income tests under current law. As a result of these rules, we may have to limit our use of hedging techniques that might otherwise be advantageous, which could result in greater risks associated with interest rate or other changes than we would otherwise incur.

This exercise price is equal to the price per share of common stock underlying the units and approximates the market value of our common stock at December 31, 2003. Therefore, the assumed exercise of the warrants was not considered to be dilutive for purposes of calculating diluted earnings per share.
- (2) On January 25, 2007, our board of directors authorized and we declared a distribution to our stockholders of \$0.60 per share of common stock, payable with respect to the quarter ended December 31, 2006, to stockholders of record at the close of business on February 5, 2007. We made this distribution on February 20, 2007.
- (3) On January 11, 2006, our board of directors authorized and we declared a distribution to our stockholders of \$0.70 per share of common stock, payable with respect to the quarter ended December 31, 2005, to stockholders of record at the close of business on January 23, 2006. We made this distribution on February 6, 2006.
- (4) Year ended December 31, 2005 originations are net of a \$59.4 million participation in one of our loans.

**SELECTED CONSOLIDATED FINANCIAL INFORMATION OF THE
STRUCTURED FINANCE BUSINESS OF ARBOR COMMERCIAL
MORTGAGE, LLC AND SUBSIDIARIES**

On July 1, 2003, Arbor Commercial Mortgage contributed a portfolio of structured finance investments and related liabilities to our operating partnership. In addition, certain employees of Arbor Commercial Mortgage became our employees. These assets, liabilities and employees represented a substantial portion of Arbor Commercial Mortgage's structured finance business.

The tables on the following page present selected historical consolidated financial information of the structured finance business of Arbor Commercial Mortgage at the dates and for the periods indicated. The structured finance business did not operate as a separate legal entity or business division or segment of Arbor Commercial Mortgage but as an integrated part of Arbor Commercial Mortgage's consolidated business. Accordingly, the statements of revenue and direct operating expenses do not include charges from Arbor Commercial Mortgage for corporate general and administrative expense because Arbor Commercial Mortgage considered such items to be corporate expenses and did not allocate them to individual business units. These expenses included costs for Arbor Commercial Mortgage's executive management, corporate facilities and overhead costs, corporate accounting and treasury functions, corporate legal matters and other similar costs. The selected consolidated financial information presented under the caption "Consolidated Statement of Revenue and Direct Operating Expenses Data" for the year ended December 31, 2002, the six months ended June 30, 2003 and under the caption "Consolidated Statement of Assets and Liabilities Data" as of December 31, 2002 have been derived from the audited consolidated financial statements of the structured finance business of Arbor Commercial Mortgage. The selected consolidated financial information presented under the caption "Consolidated Statement of Revenue and Direct Operating Expenses Data" for the six months ended June 30, 2003 is not necessarily indicative of the results of any other interim period or the year ended December 31, 2003.

The selected consolidated financial information presented under the caption "Consolidated Statement of Revenue and Direct Operating Expenses Data" for the six months ended June 30, 2002 have been derived from the unaudited interim consolidated financial statements of Arbor Commercial Mortgage's structured finance business and include all adjustments, consisting only of normal recurring accruals, which management considers necessary for a fair presentation of the historical consolidated financial information for such periods. The selected consolidated financial information presented under the caption "Consolidated Statement of Revenue and Direct Operating Expenses Data" for the six-month period ended June 30, 2002 are not necessarily indicative of the results of any other interim period or the year ended December 31, 2002.

ITEM 7. **MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

You should read the following discussion in conjunction with the sections of this report entitled "Risk Factors", "Forward-Looking Statements", and "Selected Consolidated Financial Information of Arbor Realty Trust, Inc. and Subsidiaries" and the historical consolidated financial statements of Arbor Realty Trust, Inc. and Subsidiaries, including related notes, included elsewhere in this report.

Overview

We are a Maryland corporation that was formed in June 2003 to invest in real estate-related bridge and mezzanine loans, including junior participating interests in first mortgages, preferred and direct equity and, in limited cases, discounted mortgage notes and other real estate-related assets, which we refer to collectively as structured finance investments. We also invest in mortgage-related securities. We conduct substantially all of our operations through our operating partnership and its wholly-owned subsidiaries.

Our operating performance is primarily driven by the following factors:

- *Net interest income earned on our investments* — Net interest income represents the amount by which the interest income earned on our assets exceeds the interest expense incurred on our borrowings. If the yield earned on our assets increases or the cost of borrowings decreases, this will have a positive impact on earnings. Net interest income is also directly impacted by the size of our asset portfolio
- *Credit quality of our assets* — Effective asset and portfolio management is essential to maximizing the performance and value of a real estate/mortgage investment. Maintaining the credit quality of our loans and investments is of critical importance. Loans that do not perform in accordance with their terms may have a negative impact on earnings.
- *Cost control* — We seek to minimize our operating costs, which consist primarily of employee compensation and related costs, management fees and other general and administrative expenses. As the size of the portfolio increases, certain of these expenses, particularly employee compensation expenses, may increase.

We are organized and conduct our operations to qualify as a real estate investment trust, or a REIT and to comply with the provisions of the Internal Revenue Code of 1986, as amended, or the Code with respect thereto. A REIT is generally not subject to federal income tax on that portion of its REIT-taxable income which is distributed to its stockholders provided that at least 90% of its REIT-taxable income is distributed and provided that certain other requirements are met. Certain of our assets that produce non-qualifying income may be held in taxable REIT subsidiaries. Unlike other subsidiaries of a REIT, the income of a taxable REIT subsidiary is subject to Federal and state income taxes. The provision for income taxes related to these taxable subsidiaries has not been material as they have had minimal activity.

On July 1, 2003, Arbor Commercial Mortgage ("ACM"), our manager, contributed \$213.1 million of structured finance assets, encumbered by \$169.2 million of borrowings in exchange for an equity interest in our operating partnership represented by 3,146,724 units of limited partnership interest and 629,345 warrants to acquire additional units of limited partnership interest. In addition, certain employees of ACM became our employees. We are externally managed and advised by ACM and pay ACM a management fee in accordance with a management agreement. ACM originates, underwrites and services all structured finance assets on behalf of our operating partnership.

Concurrently with ACM's asset contribution, we consummated a private placement of 1.6 million units, each consisting of five shares of our common stock and one warrant to purchase one share of common stock, for \$75.00 per unit, resulting in gross proceeds of \$120.2 million. Gross proceeds from the private placement combined with the concurrent equity contribution by ACM totaled approximately \$164.1 million in equity capital.

On April 13, 2004, we sold 6,750,000 shares of our common stock at a price to the public of \$20.00 per share, for net proceeds of approximately \$124.4 million after deducting the underwriting discount and the other estimated offering expenses. On May 11, 2004, we issued and sold 524,200 additional shares of common stock, for net proceeds of approximately \$9.8 million after deducting the underwriting discount pursuant to the exercise of a

portion of the over-allotment option granted to the underwriters of our initial public offering. Additionally, as of December 31, 2005, we issued 1,256,130 shares of common stock from the exercise of warrants originally issued as a component of units on July 1, 2003, for proceeds of \$17.1 million.

Changes in Financial Condition

In 2006, we originated 67 loans and investments totaling \$1.5 billion, of which \$1.3 billion was funded as of December 31, 2006. Of the new loans and investments, 29 were bridge loans totaling \$849.2 million, 17 were mezzanine loans totaling \$242.6 million, 13 were junior participating interests totaling \$325.8 million and 8 were preferred equity loans totaling \$40.5 million. We have received full satisfaction of 38 loans totaling \$694.7 million and partial repayment on 12 loans totaling \$9.8 million.

Since December 31, 2006, we have originated nine loans totaling approximately \$159.8 million. In addition, we have received \$162.8 million for the repayment in full of four loans of which \$94.3 million were loans on properties that were either sold or refinanced outside of Arbor and \$68.5 million was concurrent with an Arbor refinance. Lastly, we have received \$1.6 million for the partial repayment of six loans.

Our loan portfolio balance at December 31, 2006 was \$2.0 billion, with a weighted average current interest pay rate of 9.06%, as compared to \$1.3 billion, with a weighted average current interest pay rate of 9.24%, at December 31, 2005. At December 31, 2006, advances on financing facilities totaled \$1.8 billion, with a weighted average funding cost of 6.70% (6.55% excluding a \$59.4 million participation in one of our loans), as compared to \$1.0 billion, with a weighted average funding cost of 6.57% (6.36% excluding a \$59.4 million participation in one of our loans), at December 31, 2005. Additionally, our joint venture investment portfolio at December 31, 2006 was \$25.4 million as compared to \$18.1 million at December 31, 2005.

On January 11, 2006, we completed our second non-recourse collateralized debt obligation ("CDO II") transaction, whereby a portfolio of real estate-related assets were contributed to a consolidated subsidiary which issued \$356.3 million of investment grade-rated floating-rate notes in a private placement. The subsidiary retained an equity interest in the portfolio with a value of approximately \$118.8 million. The notes are secured by a portfolio of real estate-related assets with a face value of approximately \$412.3 million, consisting primarily of bridge loans, mezzanine loans and junior participating interests in first mortgages, and by approximately \$62.7 million of cash available for acquisitions of loans and other permitted investments. The notes have an initial weighted average spread of approximately 74 basis points over three-month LIBOR. The facility has a five-year replenishment period that allows the principal proceeds from repayments of the collateral assets to be reinvested in qualifying replacement assets, subject to certain conditions. We intend to own the portfolio of real estate-related assets until its maturity and will account for this transaction on our balance sheet as a financing. These proceeds were used to repay outstanding debt with higher costs of funds. In connection with CDO II, we entered into interest rate swap agreements to hedge its exposure to the risk of changes in the difference between three-month LIBOR and one-month LIBOR as well as interest rate swaps on current and future projected LIBOR-based debt relating to certain fixed rate loans in our portfolio.

On December 14, 2006, we completed our third non-recourse collateralized debt obligation ("CDO III") transaction, whereby a portfolio of real estate-related assets were contributed to a consolidated subsidiary which issued \$547.5 million of investment grade-rated floating-rate notes, including a \$100.0 million revolving note class that provides a revolving note facility. The notes were sold in a private placement. The subsidiary retained an equity interest in the portfolio with a value of approximately \$52.5 million. The notes are secured by a portfolio of real estate-related assets with a face value of approximately \$357.4 million, consisting primarily of bridge loans, mezzanine loans and junior participating interests in first mortgages, and by approximately \$142.6 million of cash available for acquisitions of loans and other permitted investments. The notes have a weighted average spread of approximately 44 basis points over three-month LIBOR. In addition, the revolving note facility has a commitment fee of 0.22% per annum on the undrawn portion and initially there was no amount outstanding under this facility. The notes have a five-year replenishment period that allows the principal proceeds from repayments of the collateral assets to be reinvested in qualifying replacement assets, subject to certain conditions. We intend to own the portfolio of real estate-related assets until its maturity and account for this transaction on our balance sheet as a financing.

These proceeds were used to repay outstanding debt with higher costs of funds. In connection with CDO III, we entered into interest rate swap agreements to hedge its exposure to the risk of changes in the difference between three-month LIBOR and one-month LIBOR as well as interest rate swaps on current and future projected LIBOR-based debt relating to certain fixed rate loans in our portfolio.

Sources of Operating Revenues

We derive our operating revenues primarily through interest received from making real estate-related bridge and mezzanine loans and preferred equity investments. Interest income earned on these loans and investments represented approximately 93%, 84% and 96% of our total revenues in 2006, 2005, and 2004, respectively.

Interest income is also derived from profits of equity participation interests. In 2006, 2005 and 2004 interest income from participation interests represented approximately \$10.4 million, \$17.2 million and \$1.2 million, or 6%, 14% and 2% of total revenues, respectively.

We also derive interest income from our investments in mortgage related securities. In 2006, 2005 and 2004, interest on these investments represented approximately less than 1%, 1% and 2% of our total revenues, respectively.

In addition, we derived operating revenue from income from swap derivative which represented income from interest rate swaps on junior subordinated notes relating to trust preferred securities. In 2006, income from swap derivative represented less than 1% of our total revenues. There was no such revenue in 2005 and 2004.

Additionally, we derive operating revenues from other income that represents loan structuring and miscellaneous asset management fees associated with our loans and investments portfolio. Revenue from other income represented less than 1% of our total revenues in 2006, 2005 and 2004.

Income from Equity Affiliates and Gain on Sale of Loans and Real Estate

We derive income from equity affiliates relating to joint ventures that were formed with equity partners to acquire, develop and/or sell real estate assets. These joint ventures are not majority owned or controlled by us, and are not consolidated in our financial statements. These investments are recorded under the equity method of accounting. We record our share of the net income and losses from the underlying properties on a single line item in the consolidated income statements as income from equity affiliates. In 2006, 2005 and 2004, income from equity affiliates totaled \$4.8 million, \$8.5 million and \$0.5 million, respectively.

We also may derive income from the gain on sale of loans and real estate. We may acquire (1) real estate for our own investment and, upon stabilization, dispose at an anticipated return and (2) real estate notes generally at a discount from lenders in situations where the borrower wishes to restructure and reposition its short term debt and the lender wishes to divest certain assets from its portfolio. No such income has been recorded to date.

Significant Accounting Estimates and Critical Accounting Policies

Management's discussion and analysis of financial condition and results of operations is based upon our consolidated financial statements, which have been prepared in accordance with U.S. Generally Accepted Accounting Principles ("GAAP"). The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that could affect the reported amounts in our consolidated financial statements. Actual results could differ from these estimates. A summary of our significant accounting policies is presented in Note 2 to our consolidated financial statements, which appear in "Financial Statements and Supplementary Data." Set forth below is a summary of the accounting policies that management believes are critical to the preparation of the consolidated financial statements included in this report. Certain of the accounting policies used in the preparation of these consolidated financial statements are particularly important for an understanding of the financial position and results of operations presented in the historical consolidated financial statements included in this report and require the application of significant judgment by management and, as a result, are subject to a degree of uncertainty.

Loans and Investments

Statement of Financial Accounting Standards (“SFAS”) No. 115 requires that at the time of purchase, we designate a security as held to maturity, available for sale, or trading depending on ability and intent. Securities held for sale are reported at fair value, while securities and investments held to maturity are reported at amortized cost. We do not have any trading securities at this time.

Loans held for investment are intended to be held to maturity and, accordingly, are carried at cost, net of unamortized loan origination costs and fees, unless such loan or investment is deemed to be impaired. We invest in preferred equity interests that allow us to participate in a percentage of the underlying property’s cash flows from operations and proceeds from a sale or refinancing. At the inception of each such investment, management must determine whether such investment should be accounted for as a loan, joint venture or as real estate. To date, management has determined that all such investments are properly accounted for and reported as loans.

Specific valuation allowances are established for impaired loans based on the fair value of collateral on an individual loan basis. The fair value of the collateral is determined by an evaluation of operating cash flow from the property during the projected holding period, and estimated sales value computed by applying an expected capitalization rate to the stabilized net operating income of the specific property, less selling costs, discounted at market discount rates. If upon completion of the valuation, the fair value of the underlying collateral securing the impaired loan is less than the net carrying value of the loan, an allowance is created with a corresponding charge to the provision for loan losses. An allowance for each loan would be maintained at a level believed adequate by management to absorb probable losses. As of December 31, 2006, and 2005, no impairment has been identified and no valuation allowances have been established.

At December 31, 2006 we had an \$8.5 million loan in our portfolio that is non-performing and income recognition has been suspended. The principal amount of the loan is not deemed to be impaired and no loan loss reserve has been recorded at this time. Income recognition will resume when the loan becomes contractually current and performance has recommenced.

Repurchase Obligations

In certain circumstances, we have financed the purchase of investments from a counterparty through a repurchase agreement with that same counterparty. We currently record these investments in the same manner as other investments financed with repurchase agreements, with the investment recorded as an asset and the related borrowing under any repurchase agreement as a liability on our consolidated balance sheet. Interest income earned on the investments and interest expense incurred on the repurchase obligations are reported separately on the consolidated income statement. There is discussion, based upon a technical interpretation of SFAS 140, that these transactions may not qualify as a purchase by us. We believe, and it is industry practice, that we are accounting for these transactions in an appropriate manner, however, if these investments do not qualify as a purchase under SFAS 140, we would be required to present the net investment on our balance sheet as a derivative with the corresponding change in fair value of the derivative being recorded in the income statement. The value of the derivative would reflect not only changes in the value of the underlying investment, but also changes in the value of the underlying credit provided by the counterparty. As of December 31, 2006 we had entered into four such transactions, with a book value of the associated assets of \$228.8 million financed with repurchase obligations of \$151.0 million. As of December 31, 2005 we had entered into eight such transactions, with a book value of the associated assets of \$176.7 million financed with repurchase obligations of \$124.6 million. Adoption of the aforementioned treatment would result in these assets and liabilities being recorded net on our balance sheets.

Available-For-Sale Securities

We invest in agency-sponsored whole pool mortgage related securities. Pools of Federal National Mortgage Association, or FNMA, and Federal Home Loan Mortgage Corporation, or FHLMC, adjustable rate residential mortgage loans underlie these mortgage related securities. We receive payments from the payments that are made on these underlying mortgage loans, which have a fixed rate of interest for three years and adjust annually thereafter. These securities are carried at their estimated fair value with unrealized gains and losses excluded from earnings and

reported in other comprehensive income pursuant to SFAS No. 115 “Accounting for Certain Investments in Debt and Equity Securities.” Unrealized losses other than temporary losses are recognized currently in income.

Capitalized Interest

The Company capitalizes interest in accordance with Statement of Financial Accounting Standards (“SFAS”) No. 58 “Capitalization of Interest Costs in Financial Statements that Include Investments Accounted for by the Equity Method.” This statement amended SFAS No. 34 “Capitalization of Interest Costs” to include investments (equity, loans and advances) accounted for by the equity method as qualifying assets of the investor while the investee has activities in progress necessary to commence its planned principal operations, provided that the investee’s activities include the use of funds to acquire qualifying assets for its operations. An investee, in one of the Company’s joint ventures accounted for using the equity method, is in the process of using funds to acquire qualifying assets for its planned principal operations. During the years ended December 31, 2006 and 2005 the Company capitalized \$0.9 million and \$0.5 million, respectively of interest relating to this investment. There was no capitalization of interest during the year ended December 31, 2004.

Revenue Recognition

Interest Income. Interest income is recognized on the accrual basis as it is earned from loans, investments and available-for-sale securities. In many instances, the borrower pays an additional amount of interest at the time the loan is closed, an origination fee, and deferred interest upon maturity. In some cases interest income may also include the amortization or accretion of premiums and discounts arising at the purchase or origination. This additional income, net of any direct loan origination costs incurred, is deferred and accreted into interest income on an effective yield or “interest” method adjusted for actual prepayment activity over the life of the related loan or available-for-sale security as a yield adjustment. Income recognition is suspended for loans when in the opinion of management a full recovery of income and principal becomes doubtful. Income recognition is resumed when the loan becomes contractually current and performance is demonstrated to be resumed. Several of the loans provide for accrual of interest at specified rates, which differ from current payment terms. Interest is recognized on such loans at the accrual rate subject to management’s determination that accrued interest and outstanding principal are ultimately collectible, based on the underlying collateral and operations of the borrower. If management cannot make this determination regarding collectibility, interest income above the current pay rate is recognized only upon actual receipt. Additionally, interest income is recorded when earned from equity participation interests, referred to as equity kickers. These equity kickers have the potential to generate additional revenues to us as a result of excess cash flows being distributed and/or as appreciated properties are sold or refinanced.

Variable Interest Entities

In December 2003, the FASB issued Interpretation No. 46R, “Consolidation of Variable Interest Entities” (“FIN 46R”) as a revision to FIN No. 46, which requires a variable interest entity (“VIE”) to be consolidated by its primary beneficiary (“PB”). The PB is the party that absorbs a majority of the VIE’s anticipated losses and/or a majority of the expected returns.

We have evaluated our loans and investments and investments in equity affiliates to determine whether they are VIE’s. This evaluation resulted in us determining that our mezzanine loans, preferred equity investments and investments in equity affiliates were potential variable interests. For each of these investments, we have evaluated (1) the sufficiency of the fair value of the entities’ equity investments at risk to absorb losses, (2) that as a group the holders of the equity investments at risk have (a) the direct or indirect ability through voting rights to make decisions about the entities’ significant activities, (b) the obligation to absorb the expected losses of the entity and their obligations are not protected directly or indirectly, (c) the right to receive the expected residual return of the entity and their rights are not capped, (3) the voting rights of some of these investors are proportional to their obligations to absorb the expected losses of the entity, their rights to receive the expected returns of the equity, or both, and that substantially all of the entities’ activities do not involve or are not conducted on behalf of an investor that has disproportionately few voting rights. As of December 31, 2006, we have identified 27 loans and investments which were made to entities determined to be VIE’s. A summary of our identified VIE’s is presented in Note 2 of our consolidated financial statements, which appear in “Financial Statements and Supplementary Data”. However, for

the 27 VIE's identified, we have determined that we are not the primary beneficiaries and as such the VIE's should not be consolidated in our financial statements. For all other investments, we have determined they are not VIE's. As such, we have continued to account for these loans and investments as a loan or joint venture, as appropriate.

Derivatives and Hedging Activities

In accordance with Financial Accounting Statement ("FAS") 133, the carrying values of interest rate swaps and the underlying hedged liabilities are reflected at their fair value. We rely on quotations from a third party to determine these fair values. Changes in the fair value of these derivatives are either offset against the change in the fair value of the hedged liability through earnings or recognized in other comprehensive income until the hedged item is recognized in earnings. The ineffective portion of a derivative's change in fair value is immediately recognized in earnings. Derivatives that do not qualify for cash flow hedge accounting treatment are adjusted to fair value through earnings.

Because the valuations of our hedging activities are based on estimates, the fair value may change if our estimates are inaccurate. For the effect of hypothetical changes in market interest rates on our interest rate swaps, see the Market Risk section.

Recently Issued Accounting Pronouncements

In February 2006, the FASB issued Statement of Financial Accounting Standards No. 155 ("SFAS 155"), "Accounting for Certain Hybrid Financial Instruments", which amends SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS 133") and SFAS No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities" ("SFAS 140"). SFAS 155 simplifies the accounting for certain derivatives embedded in other financial instruments by allowing them to be accounted for as a whole if the holder elects to account for the whole instrument on a fair value basis. SFAS 155 also clarifies and amends certain other provisions of SFAS 133 and SFAS 140. SFAS 155 is effective for all financial instruments acquired, issued or subject to a remeasurement event occurring after January 1, 2007. We do not expect adoption to have a material impact on our Consolidated Financial Statements.

In April 2006, the FASB issued FASB Staff Position (FSP) FIN 46(R)-6, "Determining the Variability to Be Considered in Applying FASB Interpretation No. 46(R)", that became effective beginning third quarter of 2006. FSP FIN No. 46(R)-6 clarifies that the variability to be considered in applying Interpretation 46(R) shall be based on an analysis of the design of the variable interest entity. We believe that our current method of accounting for variable interest entities is consistent with FIN 46(R)-6.

In June 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes — an interpretation of FASB Statement No. 109" (FIN 48), which clarifies the accounting for uncertainty in tax positions. This interpretation prescribes a recognition threshold and measurement in the financial statements of a tax position taken or expected to be taken in a tax return. The interpretation also provides guidance as to its application and related transition, and is effective for fiscal years beginning after December 15, 2006. We do not expect adoption to have a material impact on our Consolidated Financial Statements.

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 157 ("SFAS 157"), "Fair Value Measurements," which defines fair value, establishes guidelines for measuring fair value and expands disclosures regarding fair value measurements. SFAS 157 does not require any new fair value measurements but rather eliminates inconsistencies in guidance found in various prior accounting pronouncements. SFAS 157 is effective for fiscal years beginning after November 15, 2007. Earlier adoption is permitted, provided the company has not yet issued financial statements, including for interim periods, for that fiscal year. We do not expect adoption to have a material impact on our Consolidated Financial Statements.

In September 2006, the SEC issued Staff Accounting Bulletin ("SAB") No. 108 ("SAB 108"), "Considering the Effects of Prior Year Misstatements when Quantifying Current Year Misstatements", effective for fiscal years ending after November 15, 2006. SAB 108 provides interpretive guidance on how the effects of the carryover or reversal of prior year misstatements should be considered in quantifying a current year misstatement for the purpose

of a materiality assessment. The adoption of SAB 108 did not have a material impact on our Consolidated Financial Statements.

In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159 (“SFAS 159”), “The Fair Value Option for Financial Assets and Financial Liabilities.” SFAS 159 permits entities to choose to measure many financial instruments, and certain other items at fair value. SFAS 159 is effective for fiscal years beginning after November 15, 2007. We are currently evaluating the effect, if any; the adoption of SFAS 159 may have on our Consolidated Financial Statements.

Revenue

Interest income increased \$51.7 million, or 43%, to \$172.8 million in 2006 from \$121.1 million in 2005. Included in interest income is the recognition of \$10.4 million and \$17.2 million of income in 2006 and 2005, respectively from a 16.7% carried profits interest in a \$30.1 million mezzanine loan that was repaid in January 2006. This income was a result of excess proceeds from the refinances of a portfolio of properties securing the loan. Excluding these transactions, interest income increased \$58.5 million, or 56%, over the same period. This increase was primarily due to a 53% increase in the average balance of the loan and investment portfolio from \$978.8 million in 2005 to \$1.50 billion in 2006 due to increased loan and investment originations, as well as a 1% increase in the average yield on assets from 10.4% in 2005 to 10.5% in 2006. This increase in yield is a result of increased interest rates on our floating rate portfolio due to the rise in LIBOR, largely offset by margin compression on new originations compared to loan payoffs from the same period in 2005 and 2006. In addition, interest earned on cash balances increased \$3.5 million from 2005 to 2006 as a result of 123% increase in the average cash balance directly attributable to the addition of two CDOs in 2006.

Income from swap derivative totaled \$0.7 million and is the result of a change in accounting treatment according to a new technical clarification of accounting for interest rate swaps on one of our junior subordinated notes relating to trust preferred securities. This reflects the cumulative fair value of the interest rate swap on one of our trust preferred securities on the date it was deemed an ineffective cash flow hedge.

Other income decreased \$0.3 million, or 66%, to \$0.2 million from \$0.5 million in 2005. This decrease was primarily due to \$0.4 million in structuring fees received for services rendered in arranging a loan facility for a borrower in 2005, partially offset by increased miscellaneous asset management fees on our loan and investment portfolio.

Expenses

Interest expense increased \$47.0 million, or 103%, to \$92.7 million in 2006 from \$45.7 million in 2005. This increase was due to a 79% increase in the average debt financing on our loan and investment portfolio from \$717.5 million in 2005 to \$1.29 billion in 2006 directly attributable to increased loan and investment originations and increased leverage, combined with a 15% increase in the average cost of borrowings from 6.2% to 7.1% as a result of increased market interest rates, partially offset by income from interest rate swaps on our variable rate debt associated with certain of our fixed rate loans as well as reduced borrowing costs primarily due to an increase in total CDO debt in 2006 from 2005.

Employee compensation and benefits expense increased \$0.4 million, or 9%, to \$4.7 million in 2006 from \$4.3 million in 2005. This increase was primarily due to the expansion of staffing needs associated with the growth of the business and increased size of our portfolio. These expenses represent salaries, benefits, and incentive compensation for those employed by us during these periods.

Stock-based compensation expense increased \$0.7 million, or 46%, to \$2.3 million in 2006 from \$1.6 million in 2005. These expenses represent the cost of restricted stock granted to certain of our employees, directors and executive officers, and employees of our manager. This increase was primarily due to an increase in the ratable portion of unvested restricted stock granted as a result of 94,695 restricted stock shares granted in 2006, partially offset by a decrease in the ratable portion of unvested restricted stock from prior grants.

Selling and administrative expense increased \$0.1 million, or 3%, to \$4.5 million in 2006 from \$4.4 million in 2005. These expenses remained largely unchanged from 2005 to 2006. They include, but are not limited to, professional and consulting fees, marketing costs, insurance expense, director's fees, licensing fees, travel and placement fees.

Management fees increased \$0.4 million, or 3%, to \$12.8 million in 2006 from \$12.4 million in 2005. These amounts represent compensation in the form of base management fees and incentive management fees as provided for in the management agreement with our manager. The base management fees increased by \$0.1 million, or 4%, to \$2.6 million in 2006 from \$2.5 million in 2005. The increase is primarily due to increased stockholder's equity directly attributable to increased capital over the same period in 2005. The incentive management fees increased \$0.3 million, or 3% to \$10.2 million in 2006 from \$9.9 million in 2005. This increase was primarily due to increased profitability in 2006 as compared to 2005.

Income From Equity Affiliates

Income from equity affiliates decreased \$3.7 million, or 43%, to \$4.8 million in 2006 from \$8.5 million for 2005. This decrease was primarily due to the recognition of \$4.8 million and \$8.0 million of income from excess proceeds received from the refinance of properties in the portfolio of one of our equity investments in 2006 as compared to 2005, respectively.

Income Allocated to Minority Interest

Income allocated to minority interest decreased \$0.2 million, or 2%, to \$11.1 million in 2006 from \$11.3 million in 2005. These amounts represent the portion of our income allocated to our manager. This decrease was due to a decrease in our manager's limited partnership interest in us. Our manager had a weighted average limited partnership interest of 18.0% and 18.3% in our operating partnership in 2006 and 2005, respectively.

The following table sets forth our results of operations for the years ended December 31, 2005 and 2004:

Revenue

Interest income increased \$63.2 million, or 109%, to \$121.1 million in 2005 from \$57.9 million in 2004. This increase was due in part to a distribution of \$17.2 million in 2005 representing a 16.7% carried profits interest in a \$30.1 million mezzanine loan that we have outstanding. This distribution was a result of excess proceeds from the refinance of a portfolio of properties securing the loan. Excluding this transaction, interest income increased \$46.0 million, or 79%, over the same period. This increase was due to a 50% increase in the average balance of the loan and investment portfolio from \$653.1 million in 2004 to \$978.8 million in 2005 due to increased loan and investment originations, as well as an 18% increase in the average yield on the assets from 8.8% in 2004 to 10.4% in 2005 primarily due to increased market interest rates, partially offset by an increased average balance of our fixed rate loan portfolio. Interest income from available for sale securities decreased \$0.3 million, or 25%, to \$0.8 million in 2005 from \$1.1 million in 2004. This decrease is due to a lower average balance in 2005 as a result of prepayments received on our investment.

Other income totaled \$0.5 million in 2005, up from \$42,265 in 2004. This is primarily due to increased structuring fees received for services rendered in arranging loan facilities in 2005.

Expenses

Interest expense increased \$26.4 million, or 136%, to \$45.7 million in 2005 from \$19.4 million in 2004. This increase was due to an 87% increase in the average debt financing on our loan and investment portfolio from \$383.8 million in 2004 to \$717.5 million in 2005 due to increased loan and portfolio originations, a 29% increase in the average cost of borrowings from 4.8% to 6.2% as a result of increased market interest rates, as well as the cost of interest rate swaps on our variable rate debt associated with certain of our fixed rate loans. In addition, interest expense on debt financing of our available-for-sale securities portfolio increased \$0.6 million, or 100%, to \$1.3 million in 2005 from \$0.6 million in 2004. This increase is due to a higher cost of borrowings in 2005 as a result of increased market interest rates, partially offset by a lower average balance in 2005 as a result of prepayments received on our investment.

Employee compensation and benefits expense increased \$1.9 million or 84%, to \$4.3 million in 2005 from \$2.3 million in 2004. This increase was primarily due to the expansion of staffing needs associated with the growth of the business and increased size of our portfolio. These expenses represent salaries, benefits, and incentive compensation for those employed by us during these periods.

Stock-based compensation expense totaled \$1.6 million in 2005, up from \$0.3 million in 2004. These expenses represent the cost of restricted stock granted to certain of our employees, directors and executive officers, and employees of our manager. The increase was primarily due to the initial one-fifth vesting of 118,500 shares granted in 2005 combined with the initial one-third vesting of 6,000 shares granted in 2005, partially offset by a decrease in the ratable portion of the 2003 unvested restricted stock grants in 2005 as compared to 2004.

Selling and administrative expense increased \$2.4 million, or 128%, to \$4.4 million in 2005 from \$1.9 million in 2004. This increase is directly attributable to professional fees, including legal, accounting services, and consulting fees relating to investor relations and Sarbanes-Oxley compliance, marketing costs, insurance expense and director's fees.

Management fees totaled \$12.4 million in 2005, up from \$3.6 million in 2004. These amounts represent compensation in the form of base management fees and incentive management fees as provided for in the management agreement with our manager. The base management fees increased by \$0.5 million, or 27%, to \$2.5 million in 2005 from \$2.0 million in 2004. This increase was primarily due to increased stockholder's equity directly attributable to increased profits and contributed capital over the same period in 2004. The incentive management fees totaled \$9.9 million in 2005, up from \$1.6 million in 2004. This increase was primarily due to increased profitability.

Income From Equity Affiliates

Income from equity affiliates totaled \$8.5 million in 2005, up from \$0.5 million in 2004. This increase was primarily due to excess proceeds received from the refinance of properties in the portfolio of one of our investments in equity affiliates in 2005.

Income Allocated to Minority Interest

Income allocated to minority interest increased \$5.4 million, or 92%, to \$11.3 million in 2005 from \$5.9 million in 2004. These amounts represent the portion of our income allocated to our manager. This increase was due to a 99% increase in income before minority interest, partially offset by a decrease in our manager's limited partnership interest in us. Our manager had a weighted average limited partnership interest of 18.3% and 20.1% in our operating partnership in 2005 and 2004, respectively.

Liquidity and Capital Resources

Sources of Liquidity

Liquidity is a measurement of the ability to meet potential cash requirements, including ongoing commitments to repay borrowings, pay dividends, fund loans and investments and other general business needs. Our primary sources of funds for liquidity consist of funds raised from our private equity offering in July 2003, net proceeds from our initial public offering of our common stock in April 2004, the issuance of floating rate notes resulting from our CDO's (described below) in January 2005, January 2006 and December 2006, the issuance of junior subordinated notes to subsidiary trusts issuing preferred securities (described below) in 2005 and 2006, borrowings under credit agreements, net cash provided by operating activities including cash from equity participation interests, repayments of outstanding loans and investments, funds from junior loan participation arrangements and the future issuance of common, convertible and/or preferred equity securities.

In 2003, we received gross proceeds from the private placement totaling \$120.2 million, which combined with ACM's equity contribution of \$43.9 million, resulted in total contributed capital of \$164.1 million. These proceeds were used to pay down borrowings under our existing credit facilities.

In 2004, we sold 6,750,000 shares of our common stock in a public offering on April 13, 2004 for net proceeds of approximately \$125.4 million. In addition, in May 2004 the underwriters exercised a portion of their over allotment option, which resulted in the issuance of 524,200 additional shares for net proceeds of approximately \$9.8 million. Additionally, in 2004, 1.3 million common stock warrants were exercised which resulted in proceeds of \$12.9 million. Also, Arbor Realty Limited Partnership (“ARLP”), the operating partnership of Arbor Realty Trust received proceeds of \$9.4 million from the exercise of ACM’s warrants for a total of 629,345 operating partnership units. These proceeds were used to pay down borrowings under our existing credit facilities.

We also maintain liquidity through four master repurchase agreements, one warehouse credit facility and one bridge loan warehousing credit agreement with five different financial institutions. In addition, we have issued three collateralized debt obligations and seven separate junior subordinated notes. London interbank offered rate, or LIBOR, refers to one-month LIBOR unless specifically stated.

We have a \$500.0 million master repurchase agreement with Wachovia Bank National Association, dated as of December 23, 2003, with an initial term of three years and bears interest at LIBOR plus pricing of 0.94% to 3.50%, varying on the type of asset financed. In December 2005, we amended this facility on a temporary basis which provided for an increase in the amount of financing available under this facility from \$350 million to \$500 million. This increase expired in January of 2006 in conjunction with the close of CDO II. Subsequent to December 31, 2005, \$269.1 million of this facility was paid down in connection with the CDO II closing (see below). In September 2006, we amended this facility on a temporary basis which provided for an increase in the amount of financing available under this facility from \$350 million to \$550 million in preparation for the CDO III closing (see below). In October 2006, this repurchase agreement was amended, increasing the amount of available financing from \$350 million to \$500 million and extended the maturity to March 2007. On December 14, 2006, \$200.0 million of this facility was paid down in connection with the closing of CDO III. At December 31, 2006, the outstanding balance under this facility was \$328.5 million with a current weighted average note rate of 6.99%. In addition, we have a \$100 million repurchase agreement with the same financial institution that we entered into for the purpose of financing our securities available for sale. This agreement expires in July 2007 and has an interest rate of LIBOR plus 0.20%. At December 31, 2006, the outstanding balance under this facility was \$20.7 million with a current weighted average note rate of 5.55%.

We have a \$100.0 million master repurchase agreement with a second financial institution, effective in December 2005, which was extended in December 2006 for one year and bears interest at LIBOR plus pricing of 1.00% to 3.00%, varying on the type of asset financed. At December 31, 2006, the outstanding balance under this facility was \$46.6 million with a current weighted average note rate of 7.29%.

We have a \$150.0 million master repurchase agreement with a third financial institution, effective in October 2006, that has a term expiring in October 2009 and bears interest at LIBOR plus pricing of 1.00% to 1.80%, varying on the type of asset financed. At December 31, 2006, there was no outstanding balance under this facility.

We have a \$75.0 million bridge loan warehousing credit agreement with a fourth financial institution, to provide financing for bridge loans. This agreement bears a variable rate of interest, payable monthly, based on Prime plus 0% or 1,2,3 or 6-month LIBOR plus 1.75%, at the Company’s option. In September 2006, this repurchase agreement was amended extending the maturity date to August 2007, increasing the amount of available financing from \$50 million to \$75 million and amending certain terms of this agreement. At December 31, 2006, the outstanding balance under this facility was \$20.2 million with a current weighted average note rate of 7.10%.

We have a \$50.0 million warehousing credit facility with a fifth financial institution, effective in December 2005, that has a term expiring in December 2007 and bears interest at LIBOR plus pricing of 1.50% to 2.50%, varying on the type of asset financed. At December 31, 2006, the outstanding balance under this facility was \$11.8 million with a current weighted average note rate of 7.06%.

We had a \$50.0 million master repurchase agreement with a sixth financial institution, dated as of July 1, 2003, which expired in July 2006 and bore interest at LIBOR plus pricing of 1.75% to 3.50%, varying on the type of asset financed. This facility was not utilized.

We had a \$50.0 million warehouse credit facility with a seventh financial institution, who beneficially owned approximately 2% of our outstanding common stock as of December 31, 2005 which was terminated in January

2006. This agreement had a term of one year with two six-month extension periods and bore interest at LIBOR plus 6.00%.

We have a non-recourse collateralized debt obligation transaction or CDO, which closed on January 19, 2005, whereby \$469 million of real estate related and other assets were contributed to a newly-formed consolidated subsidiary which issued \$305 million of investment grade-rated floating-rate notes in a private placement. These notes are secured by the portfolio of assets and pay interest quarterly at a weighted average rate of approximately 77 basis points over a floating rate of interest based on three-month LIBOR. The CDO may be replenished with substitute collateral for loans that are repaid during the first four years. Thereafter, the outstanding debt balance will be reduced as loans are repaid. The Company incurred approximately \$7.2 million of issuance costs which is being amortized on a level yield basis over the average estimated life of the CDO. Proceeds from the CDO were used to repay outstanding debt under our existing facilities totaling \$267 million. By contributing these real estate assets to the CDO, this transaction resulted in a decreased cost of funds relating to the CDO assets and created capacity in our existing credit facilities. At December 31, 2006, the outstanding balance under this facility was \$291.3 million with a weighted average current note rate of 6.10%. Proceeds from the repayment of assets which serve as collateral for our CDO must be retained in the CDO structure until such collateral can be replaced or used to paydown the secured notes and therefore not available to fund current cash needs. If such cash is not used to replenish collateral, it could have a negative impact on our anticipated returns. For accounting purposes, the CDO is consolidated in our financial statements.

On January 11, 2006, we completed our second non-recourse collateralized debt obligation transaction, or CDO II, whereby \$475 million of real estate related and other assets were contributed to a newly-formed consolidated subsidiary which issued \$356 million of investment grade-rated floating-rate notes in a private placement. These notes are secured by the portfolio of assets and pay interest quarterly at a weighted average rate of approximately 74 basis points over a floating rate of interest based on three-month LIBOR. CDO II may be replenished with substitute collateral for loans that are repaid during the first five years. Thereafter, the outstanding debt balance will be reduced as loans are repaid. Proceeds from CDO II were used to repay outstanding debt under our existing facilities totaling \$301.0 million. The Company incurred approximately \$6.2 million of issuance costs which is being amortized on a level yield basis over the average estimated life of CDO II. By contributing these real estate assets to CDO II, this transaction resulted in a decreased cost of funds relating to CDO II's assets and created capacity in our existing credit facilities. Proceeds from the repayment of assets which serve as collateral for CDO II must be retained in its structure until such collateral can be replaced and therefore not available to fund current cash needs. If such cash is not used to replenish collateral, it could have a negative impact on our anticipated returns. For accounting purposes, CDO II is consolidated in our financial statements. At December 31, 2006, the outstanding balance under this facility was \$352.7 million with a weighted average current note rate of 6.11%.

On December 14, 2006, we completed our third non-recourse collateralized debt obligation transaction, or CDO III, whereby \$500.0 million of real estate related and other assets were contributed to a newly-formed consolidated subsidiary which issued \$547.5 million of investment grade-rated floating-rate notes, including a \$100.0 million revolving note class that provides a revolving note facility in a private placement. These notes are secured by the portfolio of assets and pay interest quarterly at a weighted average rate of approximately 44 basis points over a floating rate of interest based on three-month LIBOR. In addition, the revolving note facility has a commitment fee of 0.22% per annum on the undrawn portion. CDO III may be replenished with substitute collateral for loans that are repaid during the first five years. Thereafter, the outstanding debt balance will be reduced as loans are repaid. The Company incurred approximately \$9.7 million of issuance costs which is being amortized on a level yield basis over the average estimated life of the CDO III. Proceeds from CDO III were used to repay outstanding debt under our existing facilities totaling \$317.1 million. By contributing these real estate assets to CDO III, this transaction resulted in a decreased cost of funds relating to CDO III's assets and created capacity in our existing credit facilities. Proceeds from the repayment of assets which serve as collateral for CDO III must be retained in its structure until such collateral can be replaced and therefore not available to fund current cash needs. If such cash is not used to replenish collateral, it could have a negative impact on our anticipated returns. For accounting purposes, CDO III is consolidated in our financial statements. At December 31, 2006, the outstanding balance under this facility was \$447.5 million with a weighted average current note rate of 5.82%.

In 2005, we, through newly-formed wholly-owned subsidiaries of our operating partnership, issued a total of \$155.9 million of junior subordinated notes in five separate private placements. In 2006, we, through wholly-owned subsidiaries of our operating partnership, issued a total of \$67.0 million of junior subordinated notes in two separate private placements. These junior subordinated notes are described in Note 6 “Debt Obligations” of our consolidated financial statements, which appears in “Financial Statements and Supplementary Data”. These securities are unsecured, have a maturity of 29 to 30 years, pay interest quarterly at a floating rate of interest based on three-month LIBOR and, absent the occurrence of special events, are not redeemable during the first five years. At December 31, 2006, the outstanding balance under these facilities was \$222.9 million with a current weighted average note rate of 8.36%.

The warehouse credit agreement, bridge loan warehousing credit agreement, and the master repurchase agreements require that we pay interest monthly, based on pricing over LIBOR. The amount of our pricing over LIBOR varies depending upon the structure of the loan or investment financed pursuant to the specific agreement.

The warehouse credit agreement, bridge loan warehousing credit agreement, and the master repurchase agreements require that we pay down borrowings under these facilities pro-rata as principal payments on our loans and investments are received. In addition, if upon maturity of a loan or investment we decide to grant the borrower an extension option, the financial institutions have the option to extend the borrowings or request payment in full on the outstanding borrowings of the loan or investment extended. The financial institutions also have the right to request immediate payment of any outstanding borrowings on any loan or investment that is at least 60 days delinquent.

As of December 31, 2006, these facilities had an aggregate capacity of \$2.5 billion and borrowings were approximately \$1.8 billion.

Each of the credit facilities contains various financial covenants and restrictions, including minimum net worth and debt-to-equity ratios. In addition to the financial terms and capacities described above, our credit facilities generally contain covenants that prohibit us from effecting a change in control, disposing of or encumbering assets being financed and restrict us from making any material amendment to our underwriting guidelines without approval of the lender. If we violate these covenants in any of our credit facilities, we could be required to repay all or a portion of our indebtedness before maturity at a time when we might be unable to arrange financing for such repayment on attractive terms, if at all. Violations of these covenants may result in our being unable to borrow unused amounts under our credit facilities, even if repayment of some or all borrowings is not required. As of December 31, 2006, we are in compliance with all covenants and restrictions under these credit facilities.

We have three junior loan participations with a total outstanding balance at December 31, 2006 of \$62.5 million. These participation borrowings have maturity dates equal to the corresponding mortgage loans and are secured by the participant’s interests in the mortgage loans. Interest expense is based on a portion of the interest received from the loans.

We believe our existing sources of funds will be adequate for purposes of meeting our short-term liquidity (within one year) and long-term liquidity needs. Our short-term and long-term liquidity needs include ongoing commitments to repay borrowings, fund future investments, fund operating costs and fund distributions to our stockholders. Our loans and investments are financed under existing credit facilities and their credit status is continuously monitored; therefore, these loans and investments are expected to generate a generally stable return. Our ability to meet our long-term liquidity and capital resource requirements is subject to obtaining additional debt and equity financing. If we are unable to renew our sources of financing on substantially similar terms or at all, it would have an adverse effect on our business and results of operations. Any decision by our lenders and investors to enter into such transactions with us will depend upon a number of factors, such as our financial performance, compliance with the terms of our existing credit arrangements, industry or market trends, the general availability of and rates applicable to financing transactions, such lenders’ and investors’ resources and policies concerning the terms under which they make such capital commitments and the relative attractiveness of alternative investment or lending opportunities.

To maintain our status as a REIT under the Internal Revenue Code, we must distribute annually at least 90% of our taxable income. These distribution requirements limit our ability to retain earnings and thereby replenish or increase capital for operations. However, we believe that our significant capital resources and access to financing will provide us with financial flexibility and market responsiveness at levels sufficient to meet current and anticipated capital requirements, including expected new lending and investment opportunities.

In order to maximize the return on our funds, cash generated from operations is generally used to temporarily pay down borrowings under credit facilities whose primary purpose is to fund our new loans and investments. When making distributions, we borrow the required funds by drawing on credit capacity available under our credit facilities. To date, all distributions have been funded in this manner. All funds borrowed to make distributions have been repaid by funds generated from operations.

Share Repurchase Plan

In August 2006, the Board of Directors authorized a stock repurchase plan that enabled us to buy up to one million shares of our common stock. At management's discretion, shares may be acquired on the open market, through privately negotiated transactions or pursuant to a Rule 10b5-1 plan. A Rule 10b5-1 plan permits us to repurchase shares at times when we might otherwise be prevented from doing so. As of December 31, 2006, we repurchased 279,400 shares of our common stock in the open market and under a 10b5-1 plan at a total cost of \$7.0 million (an average cost of \$25.10 per share). This plan expired on February 9, 2007.

Contractual Commitments

As of December 31, 2006, we had the following material contractual obligations (payments in thousands):

(1) Represents amounts due based on contractual maturities.

(2) Comprised of \$291.3 million of CDO I debt, \$352.7 million of CDO II debt and \$447.5 million of CDO III debt with a weighted average remaining maturity of 3.40, 4.88 and 5.48 years, respectively, as of December 31, 2006.

(3) In accordance with certain of our loans and investments, we have outstanding unfunded commitments of \$75.1 million as of December 31, 2006, that we are obligated to fund as the borrowers meet certain requirements. Specific requirements include but are not limited to property renovations, building construction, and building conversions based on criteria met by the borrower in accordance with the loan agreements.

Management Agreement

Base Management Fees. In exchange for the services that ACM provides us pursuant to the management agreement, we pay our manager a monthly base management fee in an amount equal to:

(1) 0.75% per annum of the first \$400 million of our operating partnership's equity (equal to the month-end value computed in accordance with GAAP of total partners' equity in our operating partnership, plus or minus any unrealized gains, losses or other items that do not affect realized net income),

(2) 0.625% per annum of our operating partnership's equity between \$400 million and \$800 million, and

(3) 0.50% per annum of our operating partnership's equity in excess of \$800 million.

The base management fee is not calculated based on the manager's performance or the types of assets its selects for investment on our behalf, but it is affected by the performance of these assets because it is based on the value of our operating partnership's equity. We incurred \$2.6 million and \$2.5 million in base management fees for services rendered in 2006 and 2005, respectively.

Incentive Compensation. Pursuant to the management agreement, our manager is also entitled to receive incentive compensation in an amount equal to:

(1) 25% of the amount by which:

(a) our operating partnership's funds from operations per operating partnership unit, adjusted for certain gains and losses, exceeds

(b) the product of (x) the greater of 9.5% per annum or the Ten Year U.S. Treasury Rate plus 3.5%, and (y) the weighted average of (i) \$15.00, (ii) the offering price per share of our common stock (including any shares of common stock issued upon exercise of warrants or options) in any subsequent offerings (adjusted for any prior capital dividends or distributions), and (iii) the issue price per operating partnership unit for subsequent contributions to our operating partnership, multiplied by

(2) the weighted average of our operating partnership's outstanding operating partnership units.

In 2006, our manager earned a total of \$10.2 million of incentive compensation and elected to receive it partially in cash totaling, \$1.7 million, and partially in 306,764 shares of common stock. In 2005, our manager earned a total of \$9.9 million of incentive compensation and elected to receive it partially in cash totaling \$4.4 million and partially in 205,069 shares of common stock.

We pay the annual incentive compensation in four installments, each within 60 days of the end of each fiscal quarter. The calculation of each installment is based on results for the 12 months ending on the last day of the fiscal quarter for which the installment is payable. These installments of the annual incentive compensation are subject to recalculation and potential reconciliation at the end of such fiscal year. Subject to the ownership limitations in our charter, at least 25% of this incentive compensation is payable to our manager in shares of our common stock having a value equal to the average closing price per share for the last 20 days of the fiscal quarter for which the incentive compensation is being paid.

The incentive compensation is accrued as it is earned. In accordance with Issue 4(b) of EITF 96-18, "Accounting for Equity Instruments That Are Issued to Other Than Employees for Acquiring, or in Conjunction with Selling, Goods or Services," the expense incurred for incentive compensation paid in common stock is determined using the valuation method described above and the quoted market price of our common stock on the last day of each quarter. At December 31 of each year, we remeasure the incentive compensation paid to our manager in the form of common stock in accordance with Issue 4(a) of EITF 96-18 which discusses how to measure at the measurement date when certain terms are not known prior to the measurement date. Accordingly, the expense recorded for such common stock is adjusted to reflect the fair value of the common stock on the measurement date when the final calculation of the annual incentive compensation is determined. In the event that the annual incentive compensation calculated as of the measurement date is less than the four quarterly installments of the annual incentive compensation paid in advance, our manager will refund the amount of such overpayment in cash and we would record a negative incentive compensation expense in the quarter when such overpayment is determined.

Origination Fees. Our manager is entitled to 100% of the origination fees paid by borrowers on all loans and investments that do not exceed 1% of the loan's principal amount. We retain 100% of the origination fee that exceeds 1% of the loan's principal amount.

Term and Termination. The management agreement has an initial term of two years and is renewable automatically for an additional one year period every year thereafter, unless terminated with six months' prior written notice. If we terminate or elect not to renew the management agreement in order to manage our portfolio internally, we are required to pay a termination fee equal to the base management fee and incentive compensation for the 12-month period preceding the termination. If, without cause, we terminate or elect not to renew the management agreement for any other reason, including a change of control of us, we are required to pay a

termination fee equal to two times the base management fee and incentive compensation paid for the 12-month period preceding the termination.

Inflation

In our two most recent fiscal years, inflation and changing prices have not had a material effect on our net income and revenue. Changes in the general level of interest rates prevailing in the economy in response to changes in the rate of inflation generally have little effect on our income because the majority of our interest-earning assets and interest-bearing liabilities have floating rates of interest. Additionally, we also have various fixed rate loans in our portfolio which are financed with variable rate LIBOR borrowings. In connection with these loans, we have entered into various interest swaps to hedge our exposure to the interest rate risk on our variable rate LIBOR borrowings as it relates to certain fixed rate loans in our portfolio. However, the value of our interest-earning assets, our ability to realize gains from the sale of assets, and the average life of our interest-earning assets, among other things, may be effected. See Item 7A — “Quantitative and Qualitative Disclosures about Market Risk.”

Related Party Transactions

Related Party Loans

As of December 31, 2006 and 2005, we had a \$7.75 million first mortgage loan receivable that bore interest at a variable rate of one month LIBOR plus 4.25% and was scheduled to mature in March 2006. In March 2006, this loan was extended for one year with no other change in terms. This loan was made to a not-for-profit corporation that holds and manages investment property from the endowment of a private academic institution. Two of our directors are members of the board of trustees of the borrower and the private academic institution. Interest income recorded from this loan for the year ended December 31, 2006 and 2005, was approximately \$0.7 million and \$0.6 million, respectively.

ACM had a 50% non-controlling interest in a joint venture, which was formed to acquire, develop and/or sell real estate assets. In 2005, ACM received all of the invested capital and retained its interest in the joint venture. All loans outstanding to this joint venture were repaid in full in 2004. In 2003, we had a \$16.0 million bridge loan outstanding to the joint venture, which was collateralized by a first lien position on a commercial real estate property. This loan was funded by ACM in June 2003 and was purchased by us in July 2003. The loan required monthly interest payments based on one month LIBOR and was repaid in full in 2004. We had agreed to provide the borrower with additional mezzanine financing in the amount of up to \$8.0 million. The mezzanine financing required interest payments based on one month LIBOR and was repaid in full in 2004.

Our \$16.0 million bridge loan to the joint venture was contributed by ACM as one of the structured finance assets contributed to us on July 1, 2003 at book value, which approximates fair value. At the time of contribution, ACM also agreed to provide a limited guarantee of the loan's principal amount based on any profits realized on its retained 50% interest in the joint venture with the borrower and ACM's participating interests in borrowers under three other contributed structured finance assets.

At the time of ACM's origination of three of the structured finance assets that it contributed to us on July 1, 2003 at book value, which approximates fair value, each of the property owners related to these contributed assets granted ACM participating interests that share in a percentage of the cash flows of the underlying properties. Upon contribution of the structured finance assets, ACM retained these participating interests and its 50% non-controlling interest in the joint venture to which it had made the \$16.0 million bridge loan. ACM agreed that if any portion of the outstanding amount of any of these four contributed assets is not paid at its maturity or repurchase date, ACM will pay to us, subject to the limitation described below, the portion of the unpaid amount of the contributed asset up to the total amount then received by ACM due to the realization of any profits on its retained interests associated with any of the four contributed assets (which had an aggregate balance of \$22.3 million and \$48.3 million as of December 31, 2004 and 2003, respectively). However, ACM will no longer be obligated to make such payments to us when the remaining accumulated principal amount of the four contributed assets, collectively, falls below \$5 million and none of the four contributed assets were in default. In 2004 and 2005, these four investments matured, the borrowers paid the amounts due in full and ACM's guarantee on these investments has been satisfied.

ACM has a 50% non-controlling interest in an entity, that owns 15% of a real estate holding company that owns and operates a factory outlet center. At December 31, 2006, ACM's investment in this joint venture was approximately \$0.2 million. The Company had a \$28.3 million preferred equity investment in this joint venture, which was collateralized by a pledge of the ownership interest in this commercial real estate property. This loan was funded by ACM in September 2005 and was purchased by us in March 2006. The loan required monthly interest payments based on one month LIBOR and matures in September 2007. Interest income recorded from this loan for the year ended December 31, 2006 was approximately \$2.7 million. The loan was repaid in full in November 2006.

In 2005, ACM received a brokerage fee for services rendered in arranging a loan facility for a borrower. We provided a portion of the loan facility. We were credited \$0.4 million of this brokerage fee, which was included in other income.

During the first quarter 2006, ACM originated permanent financing of \$31.5 million to a borrower to repay an existing \$30.0 million bridge loan with us. Pursuant to the terms of the bridge loan agreement, we had a right of first offer to provide permanent financing, a right of first refusal to match the terms and conditions from a third party lender and a potential prepayment fee of \$0.9 million. In August 2006, ACM received a \$0.5 million fee for the securitization of the \$31.5 million permanent financing. This fee was remitted to us in August 2006 in lieu of waving our right of first refusal and potential prepayment fee under the original terms of the bridge loan.

As of December 31, 2006 and 2005, \$0.1 million and \$0.2 million, respectively of escrows received at loan closings were due to ACM and included in due to related party. These payments were remitted in January 2007 and January 2006, respectively. In addition, as of December 31, 2005, approximately \$0.1 million of net expenses due from ACM were included in due to related party. These payments were remitted in January 2006.

Other Related Party Transactions

ACM contributed the majority of its structured finance portfolio to our operating partnership pursuant to a contribution agreement. The contribution agreement contains representations and warranties concerning the ownership and terms of the structured finance assets it contributed and other customary matters. ACM has agreed to indemnify us and our operating partnership against breaches of those representations and warranties. In exchange for ACM's asset contribution, we issued to ACM approximately 3.1 million operating partnership units, each of which ACM may redeem for one share of our common stock or an equivalent amount in cash, at our election, and 629,345 warrants, each of which entitled ACM to purchase one additional operating partnership unit at an initial exercise price of \$15.00. The operating partnership units and warrants for additional operating partnership units issued to ACM were valued at approximately \$43.9 million at July 1, 2003, based on the price offered to investors in our units in the private placement, adjusted for the initial purchaser's discount. We also granted ACM certain demand and other registration rights with respect to the shares of common stock issuable upon redemption of its operating partnership units. In 2004, ACM exercised all of its warrants for a total of 629,345 operating partnership units and proceeds of \$9.4 million.

Each of the approximately 3.8 million operating partnership units owned by ACM is paired with one share of our special voting preferred stock that entitles the holder to one vote on all matters submitted to a vote of our stockholders. As operating partnership units are redeemed for shares of our common stock or cash an equivalent number of shares of special voting preferred stock will be redeemed and cancelled. As a result of the ACM asset contribution and the related formation transactions, ACM owns approximately an 18% limited partnership interest in our operating partnership and the remaining 82% interest in our operating partnership is owned by us. In addition, ACM has approximately 20% of the voting power of our outstanding stock.

We and our operating partnership have entered into a management agreement with ACM pursuant to which ACM has agreed to provide us with structured finance investment opportunities and loan servicing as well as other services necessary to operate our business. As discussed above in "— Contractual Commitments," we have agreed to pay our manager an annual base management fee and incentive compensation each fiscal quarter and share with ACM a portion of the origination fees that we receive on loans we originate with ACM pursuant to this agreement.

Under the terms of the management agreement, ACM is also required to provide us with a right of first refusal with respect to all structured finance transactions identified by ACM or its affiliates. We have agreed not to pursue, and to allow ACM to pursue, any real estate opportunities other than structured finance transactions.

In addition, Mr. Kaufman has entered into a non-competition agreement with us pursuant to which he has agreed not to pursue structured finance investment opportunities, except as approved by our board of directors.

We are dependent upon our manager, ACM, to provide services to us that are vital to our operations with whom we have conflicts of interest. Our chairman, chief executive officer and president, Mr. Ivan Kaufman, is also the chief executive officer and president of our manager, and, our chief financial officer, Mr. Paul Elenio, is the chief financial officer of our manager. In addition, Mr. Kaufman and the Kaufman entities together beneficially own approximately 90% of the outstanding membership interests of ACM and certain of our employees and directors, also hold an ownership interest in ACM. Furthermore, one of our directors also serves as the trustee of one of the Kaufman entities that holds a majority of the outstanding membership interests in ACM and co-trustee of another Kaufman entity that owns an equity interest in our manager. ACM currently holds an 18% limited partnership interest in our operating partnership and 20% of the voting power of our outstanding stock.

We and our operating partnership have also entered into a services agreement with ACM pursuant to which our asset management group provides asset management services to ACM. In the event the services provided by our asset management group pursuant to the agreement exceed by more than 15% per quarter the level of activity anticipated by our board of directors, we will negotiate in good faith with our manager an adjustment to our manager's base management fee under the management agreement, to reflect the scope of the services, the quantity of serviced assets or the time required to be devoted to the services by our asset management group.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the exposure to loss resulting from changes in interest rates, foreign currency exchange rates, commodity prices, equity prices and real estate values. The primary market risks that we are exposed to are real estate risk, interest rate risk, market value risk and prepayment risk.

Real Estate Risk

Commercial mortgage assets may be viewed as exposing an investor to greater risk of loss than residential mortgage assets since such assets are typically secured by larger loans to fewer obligors than residential mortgage assets. Multi-family and commercial property values and net operating income derived from such properties are subject to volatility and may be affected adversely by a number of factors, including, but not limited to, national, regional and local economic conditions (which may be adversely affected by industry slowdowns and other factors), local real estate conditions (such as an oversupply of housing, retail, industrial, office or other commercial space); changes or continued weakness in specific industry segments; construction quality, construction cost, age and design; demographic factors; retroactive changes to building or similar codes; and increases in operating expenses (such as energy costs). In the event net operating income decreases, a borrower may have difficulty repaying our loans, which could result in losses to us. In addition, decreases in property values reduce the value of the collateral and the potential proceeds available to a borrower to repay our loans, which could also cause us to suffer losses. Even when the net operating income is sufficient to cover the related property's debt service, there can be no assurance that this will continue to be the case in the future.

Interest Rate Risk

Interest rate risk is highly sensitive to many factors, including governmental monetary and tax policies, domestic and international economic and political considerations and other factors beyond our control.

Our operating results will depend in large part on differences between the income from our loans and our borrowing costs. Most of our loans and borrowings are variable-rate instruments, based on LIBOR. The objective of this strategy is to minimize the impact of interest rate changes on our net interest income. In addition, we have various fixed rate loans in our portfolio, which are financed with variable rate LIBOR borrowings. We have entered into various interest swaps (as discussed below) to hedge our exposure to interest rate risk on our variable rate LIBOR borrowings as it relates to our fixed rate loans. Many of our loans and borrowings are subject to various interest rate floors. As a result, the impact of a change in interest rates may be different on our interest income than it is on our interest expense.

Based on the loans and liabilities as of December 31, 2006, and assuming the balances of these loans and liabilities remain unchanged for the subsequent twelve months, a 1% increase in LIBOR would increase our annual net income and cash flows by approximately \$2.0 million. This is primarily due to our interest rate swaps that effectively convert a portion of the variable rate LIBOR based debt, as it relates to certain fixed rate assets, to a fixed basis that is not subject to a 1% increase. Based on the loans and liabilities as of December 31, 2006, and assuming the balances of these loans and liabilities remain unchanged for the subsequent twelve months, a 1% decrease in LIBOR would decrease our annual net income and cash flows by approximately \$1.5 million. This is primarily due to our interest rate swaps that effectively convert a portion of the variable rate LIBOR based debt, as it relates to certain fixed rate assets, to a fixed basis that is not subject to a 1% decrease, partially offset by loans currently subject to interest rate floors (and, therefore, not be subject to the full downward interest rate adjustment).

As of December 31, 2005, a 1% increase in LIBOR would have increased our annual net income and cash flows in the subsequent twelve months by approximately \$2.0 million. This is primarily due to our interest rate swaps that effectively convert a portion of the variable rate LIBOR based debt, as it relates to certain fixed rate assets, to a fixed basis that is not subject to a 1% increase. As of December 31, 2005, a 1% decrease in LIBOR would have decreased our annual net income and cash flows in the subsequent twelve months by approximately \$1.1 million. This is primarily due to our interest rate swaps that effectively convert a portion of the variable rate LIBOR based debt, as it relates to certain fixed rate assets, to a fixed basis that is not subject to a 1% decrease, partially offset by loans currently subject to interest rate floors (and, therefore, not be subject to the full downward interest rate adjustment).

In the event of a significant rising interest rate environment and/or economic downturn, defaults could increase and result in credit losses to us, which could adversely affect our liquidity and operating results. Further, such delinquencies or defaults could have an adverse effect on the spreads between interest-earning assets and interest-bearing liabilities.

We invest in securities, which are designated as available-for-sale. These securities are adjustable rate securities that have a fixed component for three years and, thereafter, generally reset annually. These securities are financed with a repurchase agreement that bears interest at a rate of one month LIBOR plus .20%. Since the repricing of the debt obligations occurs more quickly than the repricing of the securities, on average, our cost of borrowings will rise more quickly in response to an increase in market interest rates than the earnings rate on the securities. This will result in a reduction to our net interest income and cash flows related to these securities. Based on the securities and borrowings as of December 31, 2006, and assuming the balances of these securities and borrowings remain unchanged for the subsequent twelve months, a 1% increase in LIBOR would reduce our annual net income and cash flows by approximately \$0.2 million. A 1% decrease in LIBOR would increase our annual net income and cash flows by approximately \$0.2 million. As of December 31, 2005, assuming the balances of these securities and borrowings remained unchanged for the subsequent twelve months, a 1% increase in LIBOR would have reduced our annual net income and cash flows by approximately \$0.3 million. A 1% decrease in LIBOR would have increased our annual net income and cash flows by approximately \$0.3 million.

In connection with our CDOs described in “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” we entered into interest rate swap agreements to hedge the exposure to the risk of changes in the difference between three-month LIBOR and one-month LIBOR interest rates. These interest rate swaps became necessary due to the investor’s return being paid based on a three-month LIBOR index while the assets contributed to the CDOs are yielding interest based on a one-month LIBOR index.

As of December 31, 2006 we had ten of these interest rate swap agreements outstanding that have a combined notional value of \$1.2 billion. As of December 31, 2005 we had five of these interest rate swap agreements outstanding with a combined notional value of \$757.3 million. The market value of these interest rate swaps is dependent upon existing market interest rates and swap spreads, which change over time. As of December 31, 2006, and December 31, 2005, if there were a 50 basis point increase in forward interest rates, the value of these interest rate swaps would have decreased by approximately \$0.7 million and \$0.1 million, respectively. If there were a 50 basis point decrease in forward interest rates, the value of these interest rate swaps would have increased by approximately \$0.7 million and \$0.1 million, respectively.

In connection with the issuance of variable rate junior subordinate notes during 2006 and 2005, we entered into various interest rate swap agreements. These swaps have total notional values of \$140.0 million and \$50.0 million, respectively, as of December 31, 2006 and December 31, 2005. The market value of these interest rate swaps is dependent upon existing market interest rates and swap spreads, which change over time. As of December 31, 2006 and December 31, 2005, if there had been a 50 basis point increase in forward interest rates, the fair market value of these interest rate swaps would have increased by approximately \$2.5 million and \$0.9 million, respectively. If there were a 50 basis point decrease in forward interest rates, the fair market value of these interest rate swaps would have decreased by approximately \$2.4 million and \$0.9 million, respectively.

As of December 31, 2006, we had eighteen interest rate swap agreements outstanding that have a combined notional value of \$330.4 million. As of December 31, 2005 we had two interest rate swap agreements outstanding with combined notional values of \$140.0 million to hedge current and outstanding LIBOR based debt relating to certain fixed rate loans within our portfolio. The fair market value of these interest rate swaps is dependent upon existing market interest rates and swap spreads, which change over time. As of December 31, 2006, and December 31, 2005, if there had been a 50 basis point increase in forward interest rates, the fair market value of these interest rate swaps would have increased by approximately \$8.9 million and \$4.7 million respectively. If there were a 50 basis point decrease in forward interest rates, the fair market value of these interest rate swaps would have decreased by approximately \$9.2 million and \$4.7 million, respectively.

Our hedging transactions using derivative instruments also involve certain additional risks such as counterparty credit risk, the enforceability of hedging contracts and the risk that unanticipated and significant changes in interest rates will cause a significant loss of basis in the contract. The counterparties to our derivative arrangements

are major financial institutions with high credit ratings with which we and our affiliates may also have other financial relationships. As a result, we do not anticipate that any of these counterparties will fail to meet their obligations. There can be no assurance that we will be able to adequately protect against the foregoing risks and will ultimately realize an economic benefit that exceeds the related amounts incurred in connection with engaging in such hedging strategies.

We utilize interest rate swaps to limit interest rate risk. Derivatives are used for hedging purposes rather than speculation. We do not enter into financial instruments for trading purposes.

Market Value Risk

Our available-for-sale securities are reflected at their estimated fair value with unrealized gains and losses excluded from earnings and reported in other comprehensive income pursuant to SFAS No. 115 "Accounting for Certain Investments in Debt and Equity Securities." The estimated fair value of these securities fluctuate primarily due to changes in interest rates and other factors; however, given that these securities are guaranteed as to principal and/or interest by an agency of the U.S. Government, such fluctuations are generally not based on the creditworthiness of the mortgages securing these securities. Generally, in a rising interest rate environment, the estimated fair value of these securities would be expected to decrease; conversely, in a decreasing interest rate environment, the estimated fair value of these securities would be expected to increase.

Prepayment Risk

As we receive repayments of principal on these securities, premiums paid on such securities are amortized against interest income using the effective yield method through the expected maturity dates of the securities. In general, an increase in prepayment rates will accelerate the amortization of purchase premiums, thereby reducing the interest income earned on the securities.

ARBOR REALTY TRUST, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2006

Note 1 — Description of Business and Basis of Presentation

Arbor Realty Trust, Inc. (the “Company”) is a Maryland corporation that was formed in June 2003 to invest in real estate related bridge and mezzanine loans, preferred and direct equity and, in limited cases, mortgage backed securities, discounted mortgage notes and other real estate related assets. The Company has not invested in any discounted mortgage notes for the periods presented. The Company conducts substantially all of its operations through its operating partnership, Arbor Realty Limited Partnership (“ARLP”), and its wholly owned subsidiaries.

On July 1, 2003, Arbor Commercial Mortgage, LLC (“ACM”) contributed \$213.1 million of structured finance assets and \$169.2 million of borrowings supported by \$43.9 million of equity in exchange for a commensurate equity ownership in ARLP. In addition, certain employees of ACM were transferred to ARLP. These assets, liabilities and employees represent a substantial portion of ACM’s structured finance business (the “SF Business”). The Company is externally managed and advised by ACM and pays ACM a management fee in accordance with a management agreement. ACM also sources originations, provides underwriting services and services all structured finance assets on behalf of ARLP, and its wholly owned subsidiaries.

On July 1, 2003, the Company completed a private equity offering of units, each consisting of five shares of common stock and one warrant to purchase one share of common stock. Gross proceeds from the private equity offering totaled \$120.2 million. Gross proceeds from the private equity offering combined with the concurrent equity contribution by ACM totaled approximately \$164.1 million in equity capital. The Company paid and accrued offering expenses of \$10.1 million resulting in stockholders’ equity and minority interest of \$154.0 million as a result of the private placement.

On April 13, 2004, the Company sold 6,750,000 shares of its common stock in a public offering at a price of \$20.00 per share, for net proceeds of approximately \$124.4 million after deducting the underwriting discount and the other estimated offering expenses. The Company used the proceeds to pay down indebtedness. After giving effect to this offering, the Company had 14,949,567 shares of common stock outstanding. In May 2004, the underwriters exercised a portion of their over-allotment option, which resulted in the issuance of 524,200 additional shares. The Company received net proceeds of approximately \$9.8 million after deducting the underwriting discount. In October 2004, ARLP received proceeds of approximately \$9.4 million from the exercise of warrants for a total of 629,345 operating partnership units. Additionally, in 2004 and 2005, the Company issued 973,354 and 282,776 shares of common stock respectively from the exercise of warrants under its Warrant Agreement dated July 1, 2003, the (“Warrant Agreement”). As of December 31, 2006, the Company had 17,109,370 shares of common stock outstanding.

The accompanying consolidated financial statements include the financial statements of the Company, its wholly owned subsidiaries, and partnerships or other joint ventures in which the Company controls. Entities which the Company does not control and entities which are variable interest entities (see Note 2 “Summary of Significant Accounting Policies”), which the Company is not the primary beneficiary, are accounted for under the equity method. All significant intercompany transactions and balances have been eliminated.

Note 2 — Summary of Significant Accounting Policies

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. Generally Accepted Accounting Principals (“GAAP”) requires management to make estimates and assumptions in determining the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

Reclassifications

Certain prior year amounts have been reclassified to conform to current period presentation.

Cash and Cash Equivalents

All highly liquid investments with original maturities of three months or less are considered to be cash equivalents. The Company places its cash and cash equivalents in high quality financial institutions. The consolidated account balances at each institution periodically exceeds FDIC insurance coverage and the Company believes that this risk is not significant.

Restricted Cash

At December 31, 2006 and 2005, the Company had restricted cash of \$84.8 million and \$35.5 million, respectively, on deposit with the trustees for the Company's collateralized debt obligations ("CDOs"), see Note 6 "Debt Obligations", primarily representing "ramp-up" proceeds received from the Company's third collateralized debt obligation ("CDO III") which will be used to purchase underlying assets, proceeds from loan repayments which will be used to purchase replacement loans as collateral for the CDOs and interest payments received from loans in the CDOs which are remitted to the Company quarterly in the month following the quarter.

Loans and Investments

SFAS No. 115 requires that at the time of purchase, we designate a security as held to maturity, available for sale, or trading depending on ability and intent. Securities available for sale are reported at fair value, while securities and investments held to maturity are reported at amortized cost. We do not have a trading security at this time. Loans held for investment are intended to be held to maturity and, accordingly, are carried at cost, net of unamortized loan origination costs and fees, unless such loan or investment is deemed to be impaired.

The Company invests in preferred equity interests that, in some cases, allow the Company to participate in a percentage of the underlying property's cash flows from operations and proceeds from a sale or refinancing. At the inception of each such investment, management must determine whether such investment should be accounted for as a loan, joint venture or as real estate. To date, management has determined that all such investments are properly accounted for and reported as loans.

Specific valuation allowances are established for impaired loans based on the fair value of collateral on an individual loan basis. The fair value of the collateral is determined by an evaluation of operating cash flow from the property during the projected holding period, and estimated sales value computed by applying an expected capitalization rate to the stabilized net operating income of the specific property, less selling costs, discounted at market discount rates.

If upon completion of the valuation, the fair value of the underlying collateral securing the impaired loan is less than the net carrying value of the loan, an allowance is created with a corresponding charge to the provision for loan losses. An allowance for each loan would be maintained at a level believed adequate by management to absorb probable losses. As of December 31, 2006 and 2005, no impairment has been identified and no valuation allowances have been established.

At December 31, 2006, there was an \$8.5 million loan in the loan and investment portfolio that is non-performing and income recognition has been suspended. The principal amount of the loan is not deemed to be impaired and no loan loss reserve has been recorded at this time. Income recognition will resume when the loan becomes contractually current and performance has recommenced.

ARBOR REALTY TRUST, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
December 31, 2006

Capitalized Interest

The Company capitalizes interest in accordance with Statement of Financial Accounting Standards (“SFAS”) No. 58 “Capitalization of Interest Costs in Financial Statements that Include Investments Accounted for by the Equity Method”. This statement amended SFAS No. 34 “Capitalization of Interest Costs” to include investments (equity, loans and advances) accounted for by the equity method as qualifying assets of the investor while the investee has activities in progress necessary to commence its planned principal operations, provided that the investee’s activities include the use of funds to acquire qualifying assets for its operations. One of the Company’s joint ventures accounted for using the equity method, is in the process of using funds to acquire qualifying assets for its planned principal operations. During the year ended December 31, 2006 and 2005 the Company capitalized \$0.9 million and \$0.5 million, respectively of interest relating to this investment.

Available-For-Sale Securities

The Company invests in agency-sponsored whole pool mortgage related securities. Pools of Federal National Mortgage Association, or FNMA, and Federal Home Loan Mortgage Corporation, or FHLMC, adjustable rate residential mortgage loans underlie these mortgage related securities. The Company receives payments from the payments that are made on these underlying mortgage loans, which have a fixed rate of interest for three years and adjust annually thereafter. These securities are carried at their estimated fair value with unrealized gains and losses excluded from earnings and reported in other comprehensive income pursuant to SFAS No. 115 “Accounting for Certain Investments in Debt and Equity Securities.” Unrealized losses other than temporary losses are recognized currently in income. The estimated fair value of these securities fluctuate primarily due to changes in interest rates and other factors; however, given that these securities are guaranteed as to principal and/or interest by an agency of the U.S. Government, such fluctuations are generally not based on the creditworthiness of the mortgages securing these securities.

Revenue Recognition

Interest Income — Interest income is recognized on the accrual basis as it is earned from loans, investments and available-for-sale securities. In many instances, the borrower pays an additional amount of interest at the time the loan is closed, an origination fee, and deferred interest upon maturity. In some cases interest income may also include the amortization or accretion of premiums and discounts arising at the purchase or origination. This additional income, net of any direct loan origination costs incurred, is deferred and accreted into interest income on an effective yield or “interest” method adjusted for actual prepayment activity over the life of the related loan or available-for-sale security as a yield adjustment. Income recognition is suspended for loans when in the opinion of management a full recovery of income and principal becomes doubtful. Income recognition is resumed when the loan becomes contractually current and performance is demonstrated to be resumed. Several of the loans provide for accrual of interest at specified rates, which differ from current payment terms. Interest is recognized on such loans at the accrual rate subject to management’s determination that accrued interest and outstanding principal are ultimately collectible, based on the underlying collateral and operations of the borrower. If management cannot make this determination regarding collectibility, interest income above the current pay rate is recognized only upon actual receipt. Additionally, interest income is recorded when earned from equity participation interests, referred to as equity kickers. These equity kickers have the potential to generate additional revenues to the Company as a result of excess cash flows being distributed and/or as appreciated properties are sold or refinanced. For the years ended December 31, 2006 and 2005, the Company recorded \$13.2 million and \$19.7 million of interest on such loans and investments, respectively. These amounts represent interest collected in accordance with the contractual agreement with the borrower.

Other income — Other income represents fees received for loan structuring and miscellaneous asset management fees associated with the Company’s loans and investments portfolio.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
December 31, 2006

Gain on Sale of Loans and Real Estate

For the sale of loans and real estate, recognition occurs when all the incidence of ownership passes to the buyer.

Income from Equity Affiliates

The Company invests in joint ventures that are formed to acquire, develop and/or sell real estate assets. These joint ventures are not majority owned or controlled by us, and are not consolidated in our financial statements. These investments are recorded under the equity method of accounting. The Company records its share of the net income and losses from the underlying properties on a single line item in the consolidated income statements as income from equity affiliates.

Other Comprehensive Income (Loss)

SFAS No. 130 "Reporting comprehensive income", divides comprehensive income into net income and other comprehensive income (loss), which includes unrealized gains and losses on available for sale securities. In addition, to the extent the Company's derivative instruments qualify as hedges under SFAS No. 133, net unrealized gains or losses are reported as a component of accumulated other comprehensive income, see "Derivatives and Hedging Activities" below.

Income Taxes

The Company is organized and conducts its operations to qualify as a real estate investment trust ("REIT") and to comply with the provisions of the Internal Revenue Code with respect thereto. A REIT is generally not subject to federal income tax on that portion of its REIT taxable income ("Taxable Income") which is distributed to its stockholders, provided that at least 90% of Taxable Income is distributed and provided that certain other requirements are met. Certain assets of the Company that produce non-qualifying income are held in taxable REIT subsidiaries. Unlike other subsidiaries of a REIT, the income of a taxable REIT subsidiary is subject to federal and state income taxes. During the year ended December 31, 2006 and 2005 the Company recorded a \$0.2 million and a \$0.1 million provision for income taxes related to these assets that are held in taxable REIT subsidiaries. This provision is included in selling and administrative expense on the income statement.

Earnings Per Share

In accordance with SFAS No. 128 "Earnings Per Share," the Company presents both basic and diluted earnings per share. Basic earnings per share excludes dilution and is computed by dividing net income available to common stockholders by the weighted average number of shares outstanding for the period. Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock, where such exercise or conversion would result in a lower earnings per share amount.

Derivatives and Hedging Activities

The Company accounts for derivative financial instruments in accordance with Statement of Financial Accounting Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS 133"), as amended by Statement of Financial Accounting Standards No. 138, "Accounting for Certain Derivative Instruments and Certain Hedging Activities" ("SFAS 138"). SFAS 133, as amended by SFAS 138, requires an entity to recognize all derivatives as either assets or liabilities in the consolidated balance sheets and to measure those instruments at fair value. Additionally, the fair value adjustments will affect either shareholders' equity in other comprehensive income until the hedged item is recognized in earnings or net income depending on whether the derivative instrument qualifies as a hedge for accounting purposes and, if so, the nature of the hedging activity.

In the normal course of business, the Company may use a variety of derivative financial instruments to manage, or hedge, interest rate risk. These derivative financial instruments must be effective in reducing its interest rate risk exposure in order to qualify for hedge accounting. When the terms of an underlying transaction are modified, or when the underlying hedged item ceases to exist, all changes in the fair value of the instrument are marked-to-market with changes in value included in net income for each period until the derivative instrument matures or is settled. Any derivative instrument used for risk management that does not meet the hedging criteria is marked-to-market with the changes in value included in net income.

Derivatives are used for hedging purposes rather than speculation. The Company relies on quotations from a third party to determine these fair values.

The following is a summary of derivative financial instruments held by the Company as of December 31, 2006 and 2005 (in thousands):

The fair value of Non-Qualifying Hedges as of December 31, 2006 and December 31, 2005 was \$1.5 million and \$0.8 million, respectively, and is recorded in other assets and other liabilities on the Balance Sheet. For the year ended December 31, 2006 and 2005 the change in unrealized fair value of the Non-Qualifying Swaps was \$0.7 million and \$0.1 million respectively, and is recorded as a reduction to interest expense on the Consolidated Income Statement.

The fair value of Qualifying Cash Flow Hedges as of December 31, 2006 and December 31, 2005 was \$0.7 million and \$(0.3) million, respectively and is recorded in Other Comprehensive Income and other assets and other liabilities on the Balance Sheet, respectively. As of December 31, 2006 the Company expects to reclassify approximately \$0.7 million of Other Comprehensive Income from Qualifying Cash Flow Hedges to earnings over the next twelve months assuming interest rates on that date are held constant.

In June 2005, the Company entered into an interest rate swap agreement on one of its junior subordinated notes relating to one of its series of Trust Preferred securities ("Trust Preferred swap") that was accounted for as a cash flow hedge under SFAS No. 133. The Company elected an abbreviated method (the "short-cut" method) of documenting the effectiveness of the Trust Preferred swap as a hedge, which allowed the Company to assume no ineffectiveness in this transaction as long as critical terms did not change. The Company recently concluded that the Trust Preferred swap did not qualify for this method in prior periods. The presence of an interest deferral feature in the Trust Preferred security, in retrospect, violated short-cut method criteria. Hedge accounting under SFAS No. 133 is not allowed retrospectively because the hedge documentation required for the "long-haul" method was not in place at the inception of the hedge. Eliminating the application of cash flow hedge accounting reverses the fair value adjustments that were made to the hedged item and results in the reclassification of approximately \$0.7 million of the cumulative fair value of the Trust Preferred swap on the balance sheet to income from swap derivative on the income statement. This is a result of a change in accounting treatment according to a new technical clarification of accounting for interest rate swaps on Trust Preferred securities. As of December 31, 2006, the Company re-evaluated the overall effectiveness of this swap, as required under SFAS 133, and determined it does not qualify as a cash flow hedge. During the fourth quarter of 2006, the Company has recorded a \$14,575 decrease in the market value of this swap in the income statement and subsequent to year end this swap was terminated.

The cumulative amount of Other Comprehensive Income related to net unrealized gains on derivatives designated as Cash Flow Hedges as of December 31, 2006 and December 31, 2005 of \$2.3 million and \$2.2 million, respectively, is a combination of the fair value of qualifying cash flow hedges of \$0.7 million and \$0.4 million, respectively, and deferred gain on termination of interest swaps of \$1.6 million and \$1.8 million, respectively. The remaining portion included in Other Comprehensive Income is related to the Company's Available for Sale Securities as discussed in Note 4 "Available For Sale Securities" of these Consolidated Financial Statements.

The following interest rate swap agreements designated as hedging the Company's exposure to interest rate risk on current and future forecasted outstanding LIBOR based debt were entered into at various times during 2006 and 2005, two of these swap agreements were terminated in 2006 and six were terminated in 2005.

The Company had accounted for these derivatives as cash flow hedges. As a result of terminating these derivatives at market value, unrealized deferred hedging gains of \$0.1 million and \$1.8 million have been recorded to other comprehensive income for the years ended December 31, 2006 and 2005, respectively. As of December 31, 2006, and 2005, respectively \$1.6 million and \$1.8 million of such gains are deferred through other comprehensive income. These deferred gains are being accreted to income over the remaining life of the related swap agreement. For the years ended December 31, 2006 and 2005, respectively, the Company accreted approximately \$0.3 million and less than \$0.1 million to earnings. The Company expects to accrete approximately \$0.3 million of these deferred gains to earnings over the next twelve months.

Variable Interest Entities

Financial Accounting Standards Board (“FASB”) issued FASB Interpretation No. 46R, “Consolidation of Variable Interest Entities” (“FIN 46”), which requires a variable interest entity (“VIE”) to be consolidated by its primary beneficiary (“PB”). The PB is the party that absorbs a majority of the VIE’s anticipated losses and/or a majority of the expected returns.

The Company has evaluated its loans and investments and investments in equity affiliates to determine whether they are VIE’s. This evaluation resulted in the Company determining that its bridge loans, mezzanine loans, preferred equity investments and investments in equity affiliates were potential variable interests. For each of these investments, the Company has evaluated (1) the sufficiency of the fair value of the entities’ equity investments at risk to absorb losses, (2) that as a group the holders of the equity investments at risk have (a) the direct or indirect ability through voting rights to make decisions about the entities’ significant activities, (b) the obligation to absorb the expected losses of the entity and their obligations are not protected directly or indirectly, (c) the right to receive the expected residual return of the entity and their rights are not capped, (3) the voting rights of these investors are proportional to their obligations to absorb the expected losses of the entity, their rights to receive the expected returns of the equity, or both, and that substantially all of the entities’ activities do not involve or are not conducted on behalf of an investor that has disproportionately few voting rights. As of December 31, 2006, the Company has identified 27 loans and investments which were made to entities determined to be VIE’s.

(1) These entities that issued the junior subordinated notes are VIE's, it is not appropriate to consolidate these entities under the provisions of FIN 46 as equity interests are variable interests only to the extent that the investment is considered to be at risk. Since the Company's investments were funded by the entities that issued the junior subordinated notes, it is not considered to be at risk.

For the 27 VIE's identified, the Company has determined that they are not the primary beneficiaries of the VIE's and as such the VIE's should not be consolidated in the Company's financial statements. The Company's maximum exposure to loss would not exceed the carrying amount of such investments. For all other investments, the Company has determined they are not VIE's. As such, the Company has continued to account for these loans and investments as a loan or investment in equity affiliate, as appropriate.

Recently Issued Accounting Pronouncements

In December 2004, the FASB published SFAS 123(R) entitled "Share-Based Payment." It requires all public companies to report share-based compensation expense at the grant date fair value of the related share-based awards. We are required to adopt the provisions of the standard effective for periods beginning after June 15, 2005.

ARBOR REALTY TRUST, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
December 31, 2006

The Company believes that our current method of accounting for share-based payments is consistent with SFAS 123(R).

Deferred compensation of \$1.7 million for the period ending December 31, 2005, relating to unvested restricted stock was reclassified to additional paid-in capital in accordance with SFAS 123(R). As of December 31, 2006, the Company has deferred unearned compensation related to its unvested restricted stock of approximately \$1.9 million.

In February 2006, the FASB issued Statement of Financial Accounting Standards No. 155 ("SFAS 155"), "Accounting for Certain Hybrid Financial Instruments", which amends SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS 133") and SFAS No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities" ("SFAS 140"). SFAS 155 simplifies the accounting for certain derivatives embedded in other financial instruments by allowing them to be accounted for as a whole if the holder elects to account for the whole instrument on a fair value basis. SFAS 155 also clarifies and amends certain other provisions of SFAS 133 and SFAS 140. SFAS 155 is effective for all financial instruments acquired, issued or subject to a remeasurement event occurring after January 1, 2007. The Company does not expect adoption to have a material impact on the Company's Consolidated Financial Statements.

In April 2006, the FASB issued FASB Staff Position ("FSP") FIN 46(R)-6, "Determining the Variability to Be Considered in Applying FASB Interpretation No. 46(R)", that became effective beginning third quarter of 2006. FSP FIN No. 46(R)-6 clarifies that the variability to be considered in applying Interpretation 46(R) shall be based on an analysis of the design of the variable interest entity. The Company believes that its current method of accounting for variable interest entities is consistent with FIN 46(R)-6.

In June 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes — an interpretation of FASB Statement No. 109" (FIN 48), which clarifies the accounting for uncertainty in tax positions. This Interpretation prescribes a recognition threshold and measurement in the financial statements of a tax position taken or expected to be taken in a tax return. The interpretation also provides guidance as to its application and related transition, and is effective for fiscal years beginning after December 15, 2006. The Company does not expect adoption to have a material impact on the Company's Consolidated Financial Statements.

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 157 ("SFAS 157"), "Fair Value Measurements", which defines fair value, establishes guidelines for measuring fair value and expands disclosures regarding fair value measurements. SFAS 157 does not require any new fair value measurements but rather eliminates inconsistencies in guidance found in various prior accounting pronouncements. SFAS 157 is effective for fiscal years beginning after November 15, 2007. Earlier adoption is permitted, provided the company has not yet issued financial statements, including for interim periods, for that fiscal year. The Company does not expect adoption to have a material impact on the Company's Consolidated Financial Statements.

In September 2006, the SEC issued Staff Accounting Bulletin ("SAB") No. 108 ("SAB 108"), "Considering the Effects of Prior Year Misstatements when Quantifying Current Year Misstatements", effective for fiscal years ending after November 15, 2006. SAB 108 provides interpretive guidance on how the effects of the carryover or reversal of prior year misstatements should be considered in quantifying a current year misstatement for the purpose of a materiality assessment. The adoption of SAB 108 did not have a material impact on the Company's Consolidated Financial Statements.

In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159 ("SFAS 159"), "The Fair Value Option for Financial Assets and Financial Liabilities." SFAS 159 permits entities to choose to measure many financial instruments, and certain other items at fair value. SFAS 159 is effective for fiscal years beginning after November 15, 2007. The Company is currently evaluating the effect, if any; the adoption of SFAS 159 may have on the Company's Consolidated Financial Statements.

Bridge loans are loans to borrowers who are typically seeking short term capital to be used in an acquisition of property and are predominantly secured by first mortgage liens on the property.

Mezzanine loans are loans that are subordinate to a conventional first mortgage loan and senior to the borrower's equity in a transaction. These loans may be in the form of a junior participating interest in the senior debt. Mezzanine financing may take the form of loans secured by pledges of ownership interests in entities that directly or indirectly control the real property or subordinated loans secured by second mortgage liens on the property.

A preferred equity investment is another form of financing in which preferred equity investments in entities that directly or indirectly own real property are formed. In cases where the terms of a first mortgage prohibit additional liens on the ownership entity, investments structured as preferred equity in the entity owning the property serve as viable financing substitutes. With preferred equity investments, the Company typically becomes a special limited partner or member in the ownership entity.

In June 2006, the Company originated a \$60.0 million bridge loan secured by approximately 769 acres of land, partially improved by an operating ski resort in Lake Tahoe, California. In October 2006, we provided additional financing of \$3.9 million which is secured by an adjacent parcel of land partially improved by an inn and cross collateralized with the original bridge loan. The additional financing carries the same terms and conditions of the original bridge loan. The loan accrues interest on a monthly basis at a rate of 12.74%, requires a monthly fixed interest payment at 10.37% and matures in June 2011. In addition, the Company has a 25.6% equity kicker in the borrowing entity. At December 31, 2006 the outstanding balance on this loan was \$63.9 million. No income from the equity kicker has been recognized for the year ended December 31, 2006.

In July and August 2006, the Company originated two bridge and preferred equity loans totaling \$13.0 million. The loans accrue interest based on LIBOR on a monthly basis and mature in 2011. In addition, the Company has a 25% equity kicker in the borrowing entities. At December 31, 2006 the outstanding balance on these loans was \$11.5 million. No income from the equity kickers has been recognized for the year ended December 31, 2006.

At December 31, 2006, there was an \$8.5 million loan in the loan and investment portfolio that is non-performing and income recognition has been suspended. The principal amount of the loan is not deemed to be impaired and no loan loss reserve has been recorded at this time. Income recognition will resume when the loan becomes contractually current and performance has recommenced.

As of December 31, 2006 and 2005, all available-for-sale securities were carried at their estimated fair market value based on current market quotes received from financial sources that trade such securities. The estimated fair value of these securities fluctuate primarily due to changes in interest rates and other factors; however, given that these securities are guaranteed as to principal and/or interest by an agency of the U.S. Government, such fluctuations are generally not based on the creditworthiness of the mortgages securing these securities. The Company has the ability and intent to hold these investments until a recovery of fair value, which may be maturity; the Company does not consider these investments to be other-than-temporarily impaired at December 31, 2006.

During the years ended December 31, 2006 and 2005, the Company received prepayments of \$8.0 million and \$16.0 million on these securities and amortized \$0.4 million and \$0.6 million, respectively, of the premium paid for these securities against interest income.

These securities are pledged as collateral for borrowings under a repurchase agreement — (See Note 6 "Debt Obligations").

The cumulative amount of Other Comprehensive Income related to unrealized gains or (losses) on these securities as of December 31, 2006 and December 31, 2005 was (\$98,376) and (\$895,298), respectively.

terms of these junior subordinate notes are presented in the notes payable table of Note 6. The impact of these entities in accordance with FIN 46R “Consolidation of Variable Interest Entities” is discussed in Note 2.

In December 2003, the Company invested approximately \$2.1 million in exchange for a 50% non-controlling interest in Prime Outlets Member, LLC “POM,” which owns 15% of a real estate holding company that owns and operates a portfolio of factory outlet shopping centers. The Company accounts for this investment under the equity method. As of December 31, 2005 the Company had a mezzanine loan outstanding to an affiliate entity of the joint venture for \$30.1 million. In addition, the Company had a \$10.0 million junior loan participation interest outstanding to an affiliate entity of the joint venture as of December 31, 2005. The loans required monthly interest payments based on one month LIBOR and matured in January 2006. Additionally, the Company has a 16.7% carried profits interest in the borrowing entity. The Company received \$1.2 million of distributions from this investment in 2004 as a result of the 16.7% carried profits interest which was recorded in interest income. In addition, The Company received \$0.5 million from its 50% non-controlling interest in this joint venture, which was recorded as income from equity affiliates. In June 2005, POM refinanced the debt on a portion of the assets in its portfolio, receiving proceeds in excess of the amount of the previously existing debt. The excess proceeds were distributed to each of the partners in accordance with POM’s operating agreement of which the Company received \$36.5 million. In accordance with this transaction, the joint venture members of POM agreed to guarantee \$38 million of the new debt. The guarantee expires at the earlier of maturity or prepayment of the debt and would require performance by the members if not repaid in full. This guarantee was allocated to the members in accordance with their ownership percentages. Of the distribution received by the Company, \$17.2 million was recorded as interest income, representing the portion attributable to the 16.7% carried profits interest, \$2.1 million was recorded as a return of the Company’s equity investment, \$8.0 million was recorded as income from equity affiliates, representing the portion attributable to the 7.5% equity interest, and \$9.2 million was recorded as deferred revenue, representing the Company’s portion of the \$38 million guarantee. In January 2006, POM refinanced the debt on a portion of the assets in its portfolio and repaid in full the debt that was added in June 2005 and the \$30.1 million mezzanine loan and the \$10.0 million junior loan participating interest that the Company had outstanding as of December 31, 2005. As a result, the \$38 million guarantee was removed and the Company recorded the \$9.2 million of deferred revenue, \$6.3 million as interest income and \$2.9 million as income from equity affiliates. In 2006, POM refinanced the debt on a portion of the assets in its portfolio, receiving proceeds in excess of the amount of the previously existing debt. The excess proceeds were distributed to each of the partners in accordance with POM’s operating agreement. In December 2006, the Company received a \$6.0 million distribution from POM and recorded \$4.1 million as interest income, representing the portion attributable to the 16.7% carried profits interest and \$1.9 million as income from equity affiliates, representing the portion attributable to the 7.5% equity interest.

For the years ended December 31, 2006 and 2005 the Company capitalized \$0.9 million and \$0.5 million, respectively, of interest on its equity investment. During 2006, the Company contributed an additional \$4.2 million to the joint venture increasing its equity investment to approximately \$15.6 million. In addition, the Company invested \$2.7 million in an affiliate of the borrower which entitles the Company to a preferred return of 12.5% in this limited liability corporation.

In June 2003, ACM invested approximately \$0.8 million in exchange for a 12.5% preferred interest in a joint venture, which owns and operates two commercial properties. The Company purchased this investment from ACM in August 2003. The Company subsequently contributed an additional \$0.3 million and \$0.4 million in 2004 and 2005, respectively. The Company accounts for this investment under the equity method. The Company had a \$4.8 million bridge loan and a \$3.5 million mezzanine loan outstanding to affiliated entities of the joint venture. The loans required monthly interest payments based on one month LIBOR and matured in November 2006 and June 2006, respectively. In August 2005, the joint venture refinanced one of these properties with a \$25 million bridge loan that the Company provided which matures in August 2010 with a fixed rate of 6.45%. Proceeds from this loan were used to pay off senior debt as well as the Company's \$3.5 million mezzanine loan. Excess proceeds were distributed to each of the members in accordance with the operating agreement of which the Company received \$1.3 million. The Company recorded this amount as a return of its equity investment. In October 2006, the \$4.8 million bridge loan was extended for one year with no other change in terms. In December 2006, the Company contributed an additional \$0.1 million to the joint venture increasing its equity investment to approximately \$0.3 million at December 31, 2006.

In December 2005, the Wachovia Bank National Association repurchase agreement was amended to provide for an increase in the committed amount of this facility to \$500 million from \$350 million until January 2006 in conjunction with the close of the Company's second collateralized debt obligation at which time approximately \$269.1 million was repaid. In September 2006, this facility was amended to provide for a temporary increase in the committed amount of this facility to \$550 million from \$350 million in preparation for the close of the Company's third collateralized debt obligation. In October 2006, this repurchase agreement was amended, increasing the amount of available financing from \$350 million to \$500 million and extending the maturity to March 2007. The Company is in the process of renewing this agreement. On December 14, 2006, in conjunction with the close of the Company's third collateralized debt obligation approximately \$200 million of this facility was repaid. In addition, the \$100 million repurchase agreement with the same financial institution entered into for the purpose of financing securities available for sale and was extended in July 2006 for one year. The current borrowings equate to 97% of the estimated fair value of the securities (net of principal payment receivables of approximately \$1.0 million) and

bear interest at a rate of one month LIBOR plus 0.20%. If the estimated fair value of the securities decreases, the Company may be required to pay down borrowings from the repurchase agreement due to such a decline in the estimated fair value of the securities collateralizing the repurchase agreement.

In October 2006, the Company entered into a \$150.0 million master repurchase agreement with a financial institution. The facility has a rolling one year term not to exceed three years from the effective date of the agreement and bears interest at a spread over LIBOR.

In certain circumstances, the Company has financed the purchase of investments from counterparty through a repurchase agreement with that same counterparty. The Company currently records these investments in the same manner as other investments financed with repurchase agreements, with the investment recorded as an asset and the related borrowing under any repurchase agreement as a liability on our consolidated balance sheet. Interest income earned on the investments and interest expense incurred on the repurchase obligations are reported separately on the consolidated income statement. There is discussion, based upon a technical interpretation of SFAS 140, that these transactions may not qualify as a purchase by the Company. The Company believes, and it is industry practice, that the accounting for these transactions is recorded in an appropriate manner, however, if these investments do not qualify as a purchase under SFAS 140, the Company would be required to present the net investment on the balance sheet as a derivative with the corresponding change in fair value of the derivative being recorded in the income statement. The value of the derivative would reflect not only changes in the value of the underlying investment, but also changes in the value of the underlying credit provided by the counterparty. As of December 31, 2006 the Company had entered into four such transactions, with a book value of the associated assets of \$228.8 million financed with repurchase obligations of \$151.0 million. As of December 31, 2005 the Company had entered into eight such transactions, with a book value of the associated assets of \$176.7 million financed with repurchase obligations of \$124.6 million. Adoption of the aforementioned treatment would result in the Company recording these assets and liabilities net on its balance sheets.

Collateralized Debt Obligations

On January 19, 2005, the Company issued to third party investors four tranches of investment grade collateralized debt obligations, CDO, through a newly-formed wholly-owned subsidiary, Arbor Realty Mortgage Securities Series 2004-1, Ltd. ("the Issuer"). The Issuer holds assets, consisting primarily of bridge loans, mezzanine loans and cash totaling approximately \$469 million, which serve as collateral for the CDO. The Issuer issued investment grade rated notes with a principal amount of approximately \$305 million and a wholly-owned subsidiary of the Company purchased the preferred equity interests of the Issuer. The four investment grade tranches were issued with floating rate coupons with a combined weighted average rate of three-month LIBOR plus 0.77%. The combined weighted average rate was 4.93% at December 31, 2005. The CDO may be replenished with substitute collateral for loans that are repaid during the first four years of the CDO. Thereafter, the outstanding debt balance will be reduced as loans are repaid. The Company incurred approximately \$7.2 million of issuance costs which is being amortized on a level yield basis over the average estimated life of the CDO. The Company intends to own the portfolio of real estate-related assets until its maturity and accounts for this transaction on its balance sheet

as a financing facility. For accounting purposes, the CDO is consolidated in the Company's financial statements. The four investment grade tranches are treated as a secured financing, and are non-recourse to the Company. Proceeds from the CDO are distributed quarterly with approximately \$2.0 million being paid to investors as a reduction of their capital invested. In 2006 and 2005, \$8.0 million and \$6.0 million, respectively of proceeds were distributed and recorded as a reduction of the CDO liability. At December 31, 2006 and 2005 the CDO balance was \$291.3 and \$299.3 million, respectively.

On January 11, 2006, the Company completed its second collateralized debt obligation issuing to third party investors nine tranches of investment grade collateralized debt obligations, ("CDO II"), through a newly-formed wholly-owned subsidiary, Arbor Realty Mortgage Securities Series 2005-1, Ltd. ("the Issuer II"). The Issuer II holds assets, consisting primarily of bridge loans, mezzanine loans and cash totaling approximately \$475 million, which serve as collateral for CDO II. The Issuer II issued investment grade rated notes with a principal amount of approximately \$356 million and a wholly-owned subsidiary of the Company purchased the preferred equity interests of the Issuer II. The nine investment grade tranches were issued with floating rate coupons with an initial combined weighted average rate of three-month LIBOR plus 0.74%. CDO II may be replenished with substitute collateral for loans that are repaid during the first five years. Thereafter, the outstanding debt balance will be reduced as loans are repaid. The Company incurred approximately \$6.2 million of issuance costs which is being amortized on a level yield basis over the average life of CDO II. The Company intends to own the portfolio of real estate-related assets until its maturity and accounts for this transaction on its balance sheet as a financing facility. For accounting purposes, CDO II is consolidated in the Company's financial statements. The nine investment grade tranches are treated as a secured financing, and are non-recourse to the Company. Proceeds from CDO II are distributed quarterly with approximately \$1.2 million being paid to investors as a reduction of their capital invested. In 2006, \$3.5 million of proceeds were distributed and recorded as a reduction of the CDO II liability. At December 31, 2006 the CDO II balance was \$352.7 million.

On December 14, 2006, the Company completed its third collateralized debt obligation issuing to third party investors 10 tranches of investment grade collateralized debt obligations, ("CDO III"), through a newly-formed wholly-owned subsidiary, Arbor Realty Mortgage Securities Series 2006-1, Ltd. ("the Issuer III"). The Issuer III holds assets, consisting primarily of bridge loans, mezzanine loans and cash totaling approximately \$500.0 million, which serve as collateral for CDO III. The Issuer III issued investment grade rated notes with a principal amount of approximately \$547.5 million, including a \$100.0 million revolving note class that provides a revolving note facility and a wholly-owned subsidiary of the Company purchased the preferred equity interests of the Issuer III. The 10 investment grade tranches were issued with floating rate coupons with an initial combined weighted average rate of three-month LIBOR plus 0.44% and the revolving note facility has a commitment fee of 0.22% per annum on the undrawn portion of the facility. CDO III may be replenished with substitute collateral for loans that are repaid during the first five years. Thereafter, the outstanding debt balance will be reduced as loans are repaid. The Company incurred approximately \$9.7 million of issuance costs which is being amortized on a level yield basis over the average life of CDO III. The Company intends to own the portfolio of real estate-related assets until its maturity and accounts for this transaction on its balance sheet as a financing facility. For accounting purposes, CDO III is consolidated in the Company's financial statements. The 10 investment grade tranches are treated as a secured financing, and are non-recourse to the Company. At December 31, 2006 the CDO III balance was \$447.5 million and the revolving note facility had not been utilized.

Proceeds from the sale of the 23 investment grade tranches issued in CDO, CDO II and CDO III were used to repay outstanding debt under the Company's repurchase agreements and notes payable. The assets pledged as collateral were contributed from the Company's existing portfolio of assets.

Each of the credit facilities contains various financial covenants and restrictions, including minimum net worth and debt-to-equity ratios. In 2005, the Company had four institutions permanently amend the interest expense coverage ratio covenant. As amended, the Company is required to have an interest expense coverage ratio

of no less than 1.75 to 1.0, calculated on the preceding twelve months. The Company was in compliance with all financial covenants and restrictions at December 31, 2006 and 2005.

Note 7 — Minority Interest

On July 1, 2003, ACM contributed \$213.1 million of structured finance assets and \$169.2 million of borrowings supported by \$43.9 million of equity in exchange for a commensurate equity ownership in ARLP, the Company's operating partnership. This transaction was accounted for as minority interest and entitled ACM to a 28% interest in ARLP. In April 2004, the Company issued 6,750,000 shares of its common stock in an initial public offering and a concurrent offering to one of the Company's directors. In May 2004, the underwriters of the initial public offering exercised a portion of their over-allotment option, which resulted in the issuance of 524,200 additional shares.

In 2005, the Company issued 0.6 million shares of common stock, of which approximately 0.3 million shares were issued upon the exercise of approximately 0.3 million warrants, 0.2 million shares were issued as payment to its manager, ACM, for the incentive management fee and 0.1 million shares were issued by means of restricted stock grants issued to certain employees of the company and of ACM. As a result, minority interest was reduced by \$0.6 million to properly reflect ACM's 18% limited partnership interest in ARLP and its wholly-owned subsidiaries at December 31, 2005.

In 2006, the Company issued 337,824 shares of common stock, of which 243,129 common shares were payment for ACM's incentive management fee. In addition, the Company repurchased 279,400 shares of its common stock. This had a nominal effect on ACM's limited partnership interest and at December 31, 2006, minority interest was increased by \$0.3 million to properly reflect ACM's 18% limited partnership interest in ARLP and its wholly-owned subsidiaries.

In order for the Company's wholly-owned private REIT, ARSR, Inc., to qualify as a REIT under the Internal Revenue Code for the taxable year ending December 31, 2005, it was required to have at least 100 stockholders by January 2006. Accordingly, ARSR, Inc. issued 116 shares of preferred stock in a private offering to approximately 116 investors and certain employees of the Company and ACM for \$1,000 per share in January 2006. These shares have a par value of \$0.01 and yield a preferred annual return of 12.5%. For accounting purposes, \$116,000 was recorded in the Company's financial statements as minority interest.

Note 10 — Earnings Per Share

Earnings per share (“EPS”) is computed in accordance with SFAS No. 128, Earnings Per Share. Basic earnings per share is calculated by dividing net income by the weighted average number of shares of common stock outstanding during each period inclusive of unvested restricted stock which participate fully in dividends. Diluted EPS is calculated by dividing income adjusted for minority interest by the weighted average number of shares of common stock outstanding plus the additional dilutive effect of common stock equivalents during each period. The Company’s common stock equivalents are ARLP’s operating partnership units, warrants to purchase additional shares of common stock and warrants to purchase additional operating partnership units. The dilutive effect of the warrants is calculated using the treasury stock method.

In 2004, ACM, the manager of our Company, earned incentive management fees totaling \$1.6 million. Based on the terms of the management agreement, ACM elected to be paid its incentive management fee in common shares totaling 66,141, of which 43,643 were issued in 2005. These 43,643 shares were considered anti-dilutive and have been excluded from the calculation of diluted EPS.

In 2005, ACM, earned incentive management fees totaling \$9.9 million. Based on the terms of the management agreement, ACM elected to be paid its 2005 incentive management fees partially in cash totaling \$4.4 million and partially in common shares totaling 205,069, of which 57,370 were issued in 2006.

In 2006, ACM, earned incentive management fees totaling \$10.2 million. Based on the terms of the management agreement, ACM elected to be paid its 2006 incentive management fees partially in cash totaling \$1.7 million and partially in common shares totaling 306,764, of which 121,005 were issued in 2007.

The following is a reconciliation of the numerator and denominator of the basic and diluted net earnings per share computations for the years ended December 31, 2006, 2005, and 2004, respectively.

This loan was made to a not-for-profit corporation that holds and manages investment property from the endowment of a private academic institution. Two of the Company's directors are members of the board of trustees of the borrower and the private academic institution. Interest income recorded from this loan for the year ended December 31, 2006 and 2005, was approximately \$0.7 million and \$0.6 million, respectively.

ACM had a 50% non-controlling interest in a joint venture, which was formed to acquire, develop and/or sell real estate assets. In 2005, ACM received all of its investment in this joint venture and retained its interest in the joint venture. All loans outstanding to this joint venture were repaid in full in 2004. In 2003, the Company had a \$16.0 million bridge loan outstanding to the joint venture, which was collateralized by a first lien position on a commercial real estate property. This loan was funded by ACM in June 2003 and was purchased by the Company in July 2003. The loan required monthly interest payments based on one month LIBOR and was repaid in full in 2004. The Company had agreed to provide the borrower with additional mezzanine financing in the amount of up to \$8.0 million. The mezzanine financing required interest payments based on one month LIBOR and was repaid in full in 2004.

The Company's \$16.0 million bridge loan to the joint venture was contributed by ACM as one of the structured finance assets contributed to the Company on July 1, 2003 at book value, which approximates fair value. At the time of contribution, ACM also agreed to provide a limited guarantee of the loan's principal amount based on any profits

realized on its retained 50% interest in the joint venture with the borrower and ACM's participating interests in borrowers under three other contributed structured finance assets.

At the time of ACM's origination of three of the structured finance assets that it contributed to the company on July 1, 2003 at book value, which approximates fair value, each of the property owners related to these contributed assets granted ACM participating interests that share in a percentage of the cash flows of the underlying properties. Upon contribution of the structured finance assets, ACM retained these participating interests and its 50% non-controlling interest in the joint venture to which it had made the \$16.0 million bridge loan. ACM agreed that if any portion of the outstanding amount of any of these four contributed assets is not paid at its maturity or repurchase date, ACM will pay to the Company, subject to the limitation described below, the portion of the unpaid amount of the contributed asset up to the total amount then received by ACM due to the realization of any profits on its retained interests associated with any other of the four contributed assets. However, ACM will no longer be obligated to make such payments to the Company when the remaining accumulated principal amount of the four contributed assets, collectively, falls below \$5 million and none of the four contributed assets were in default. In 2004 and 2005, these four investments matured, the borrowers paid the amounts due in full and ACM's guarantee on these investments has been satisfied.

ACM has a 50% non-controlling interest in an entity, which owns 15% of a real estate holding company that owns and operates a factory outlet center. At December 31, 2006, ACM's investment in this joint venture was approximately \$0.2 million. The Company had a \$28.3 million preferred equity investment to this joint venture, which was collateralized by a pledge of the ownership interest in this commercial real estate property. This loan was funded by ACM in September 2005 and was purchased by the Company in March 2006. The loan required monthly interest payments based on one month LIBOR and matures in September 2007. Interest income recorded from this loan for the year ended December 31, 2006 was approximately \$2.7 million. The loan was repaid in full in November 2006.

In 2005, ACM received a brokerage fee for services rendered in arranging a loan facility for a borrower. The Company provided a portion of the loan facility. The Company was credited \$0.4 million of this brokerage fee, which was included in other income.

During the first quarter 2006, ACM originated permanent financing of \$31.5 million to a borrower to repay an existing \$30.0 million bridge loan with the Company. Pursuant to the terms of the bridge loan agreement, the Company had a right of first offer to provide permanent financing, a right of first refusal to match the terms and conditions from a third party lender and a potential prepayment fee of \$0.9 million. In August 2006, ACM received a \$0.5 million fee for the securitization of the \$31.5 million permanent financing. This fee was remitted to the Company in August 2006 in lieu of the Company waving its right of first refusal and potential prepayment fee under the original terms of the bridge loan.

As of December 31, 2006 and 2005, \$0.1 million and \$0.2 million, respectively of escrows received at loan closings were due to ACM and included in due to related party. These payments were remitted in January 2007 and January 2006, respectively. In addition, as of December 31, 2005, approximately \$0.1 million of net expenses payments due from ACM were included in due to related party. These payments were remitted in January 2006.

The Company is dependent upon its manager, ACM, to provide services to the Company that are vital to its operations with whom it has conflicts of interest. The Company's chairman, chief executive officer and president, Mr. Ivan Kaufman, is also the chief executive officer and president of ACM, and, the Company's chief financial officer, Mr. Paul Elenio, is the chief financial officer of ACM. In addition, Mr. Kaufman and the Kaufman entities together beneficially own approximately 90% of the outstanding membership interests of ACM and certain of the Company's employees and directors, also hold an ownership interest in ACM. Furthermore, one of the Company's directors also serves as the trustee of one of the Kaufman entities that holds a majority of the outstanding membership interests in ACM and co-trustee of another Kaufman entity that owns an equity interest in ACM. ACM

currently holds an 18% limited partnership interest in the Company's operating partnership and 20% of the voting power of its outstanding stock.

Note 12 — Distributions

In order to qualify as a REIT, the Company must currently distribute at least 90% of its taxable income and must distribute 100% of its taxable income in order not to be subject to corporate federal income taxes on retained income. The Company anticipates it will distribute all of its taxable income to its stockholders. Because taxable income differs from cash flow from operations due to non-cash revenues or expenses (such as depreciation), in certain circumstances, the Company may generate operating cash flow in excess of its distributions or, alternatively, may be required to borrow to make sufficient distribution payments.

During the year ended December 31, 2006 the Company paid distributions totaling \$44.1 million, or \$2.57 per share. During the year ended December 31, 2005 the Company paid distributions totaling \$37.7 million, or \$2.24 per share. During the year ended December 31, 2004 the Company declared and paid distributions totaling \$15.6 million, or \$1.16 per share.

For tax purposes, 77.43% or \$1.99 per share of dividends declared in 2006 were classified as ordinary income with 22.57% or \$0.58 per share of dividends represented a return of capital. Of the ordinary taxable dividend, approximately 0.50% represents "qualified dividend income" and will be eligible for reduced dividend rates. For tax purposes, 70.44% or \$1.58 per share of dividends declared in 2005 were classified as ordinary income with 29.56% or \$0.66 per share of dividends represented a return of capital. Of the ordinary taxable dividend, approximately 0.65% represents "qualified dividend income" and will be eligible for reduced dividend rates. In 2004, 100% of dividends declared were classified as ordinary income.

On December 11, 2006 the Company declared distributions of \$14,143. This distribution represents a 12.5% return on the preferred shares of its private REIT with respect to the year ended December 31, 2006 to stockholders of record at the close of business on December 15, 2006. These distributions were paid on December 29, 2006.

On January 25, 2007 the Company declared distributions of \$0.60 per share of common stock, payable with respect to the three months ended December 31, 2006, to stockholders of record at the close of business on February 5, 2007. These distributions were subsequently paid on February 20, 2007.

Note 13 — Management Agreement

The Company and ARLP have entered into a management agreement with ACM which has an initial term of two years with automatic one year extensions, subject to certain termination rights. After the initial two year term, the Company will be able to terminate the management agreement without cause for any reason upon six months' prior written notice to ACM. If the Company terminates the management agreement without cause, or gives ACM notice of non-renewal, in order to manage its operations internally, the Company will be required to pay ACM a termination fee equal to the base management fee and the incentive compensation earned by ACM during the 12-month period preceding the termination. If, without cause, the Company terminates the management agreement or elects not to renew it for any other reason, the Company will be required to pay ACM a termination fee equal to two times the base management fee and the incentive compensation earned by ACM during the 12-month period preceding the termination.

The Company's chief executive officer is also ACM's chief executive officer and controlling equity owner. ACM has agreed to provide the Company with structured finance investment opportunities and loan servicing as well as other services necessary to operate its business. The Company's chief executive officer and chief financial officer are not employees of the Company. The Company relies to a significant extent on the facilities and resources of ACM to conduct its operations. The management agreement requires ACM to manage the business affairs in conformity with the policies and the general investment guidelines that are approved and monitored by the

Company's board of directors. ACM's management of the Company is under the direction or supervision of the Company's board of directors.

For performing services under the management agreement, the Company pays ACM an annual base management fee payable monthly in cash as a percentage of ARLP's equity and equal to 0.75% per annum of the equity up to \$400 million, 0.625% per annum of the equity from \$400 million to \$800 million and 0.50% per annum of the equity in excess of \$800 million. For purposes of calculating the base management fee, equity equals the month end value computed in accordance with GAAP of (1) total partners' equity in ARLP, plus or minus (2) any unrealized gains, losses or other items that do not affect realized net income.

The Company also pays ACM incentive compensation each fiscal quarter, calculated as (1) 25% of the amount by which (a) ARLP's funds from operations per unit of partnership interest in ARLP, adjusted for certain gains and losses, exceeds (b) the product of (x) 9.5% per annum or the Ten Year U.S. Treasury Rate plus 3.5%, whichever is greater, and (y) the weighted average of book value of the net assets contributed by ACM to ARLP per ARLP partnership unit, the offering price per share of the Company's common equity in the private offering on July 1, 2003 and subsequent offerings and the issue price per ARLP partnership unit for subsequent contributions to ARLP, multiplied by (2) the weighted average of ARLP's outstanding partnership units. With respect to all loans and investments originated during the term of the management agreement, the Company has also agreed with ACM that the Company pays ACM an amount equal to 100% of the origination fees paid by the borrower up to 1% of the loan's principal amount.

The incentive compensation is measured annually in arrears; provided, however, ACM shall receive quarterly installments thereof in advance. The quarterly installments are calculated based on the results for the period of twelve months ending on the last day of the fiscal quarter with respect to which such installment is payable. Each quarterly installment payment is deemed to be an advance of a portion of the incentive fee payable for the year. At least 25% of this incentive compensation fee is paid to ACM in shares of the Company's common stock, subject to ownership limitations in the Company's charter. For purposes of determining the number of shares that are paid to ACM to satisfy the common stock portion of the incentive management fee from and after the date the Company's common shares are publicly traded, each common share shall have a value equal to the average closing price per common share based on the last twenty days of the fiscal quarter with respect to which the incentive fee is being paid. The incentive compensation fee is accrued as it is earned. In accordance with Issue 4(b) of EITF 96-18, "Accounting for Equity Instruments That Are Issued to Other Than Employees for Acquiring, or in Conjunction with Selling, Goods or Services," the expense incurred for incentive fee paid in common stock is determined using the amount of stock calculated as noted above and the quoted market price of the stock on the last day of each quarter. At December 31, the Company remeasures the incentive fee expense paid to ACM in shares of the company's common stock in accordance with the guidance provided by Issue 4(a) of EITF 96-18, which discusses how to measure at the measurement date when certain terms are not known prior to the measurement date. Accordingly, expense recorded related to common stock issued as a portion of incentive fee was adjusted to reflect the fair value of the stock on the measurement date when the final calculation of total incentive fee was determined. In the event the calculated incentive compensation for the full year is an amount less than the total of the installment payments made to ACM for the year, ACM will refund to the Company the amount of such overpayment in cash regardless of whether such installments were paid in cash or common stock. In such case, the Company would record a negative incentive fee expense in the quarter when such overpayment is determined. In 2006, 2005 and 2004, the full year incentive fee was greater than the sum of the quarterly installments.

ACM is responsible for all costs incident to the performance of its duties under the management agreement, including compensation of its employees, rent for facilities and other "overhead" expenses. The Company is required to pay or reimburse ACM for all expenses incurred on behalf of the Company in connection with the raising of capital or the incurrence of debt, interest expenses, taxes and license fees, litigation and extraordinary or non recurring expenses.

Under the terms of the management agreement, ACM is also required to provide the Company with a right of first refusal with respect to all structured finance transactions identified by ACM or its affiliates. The Company has agreed not to pursue, and to allow ACM to pursue, any real estate opportunities other than structured finance transactions. In addition, ACM's chief executive officer, Ivan Kaufman, has entered into a non-competition agreement with the Company pursuant to which he has agreed not to pursue structured finance investment opportunities, except as approved by the board of directors of the Company.

In 2006, ACM earned incentive compensation installments totaling \$10.2 million, of which \$8.5 million was elected by ACM to be paid in 306,764 shares of common stock. As of December 31, 2006, ACM's fourth quarter installment of \$3.6 million was included in due to related party. As provided for in the management agreement, ACM elected to receive this entire incentive compensation fee in common stock, which was subsequently paid in February 2007 in common shares totaling 121,005. In 2005, ACM earned incentive compensation installments totaling \$9.9 million, of which \$5.5 million was elected by ACM to be paid in 205,069 shares of common stock. As of December 31, 2005, ACM's fourth quarter installment of \$1.5 million was included in due to related party. As provided for in the management agreement, ACM elected to receive this entire incentive compensation fee in common stock, which was subsequently paid in February 2006 in common shares totaling 57,370. In 2004, ACM earned incentive compensation installments totaling \$1.6 million. ACM elected to receive the entire incentive management fee in 66,141 shares of common stock. As of December 31, 2004, ACM's fourth quarter installment of \$1.1 million was included in due to related party, which was subsequently paid in February 2005 in common shares totaling 43,643.

For the years ended December 31, 2006, 2005 and 2004 ACM earned \$2.6 million, \$2.5 million, and \$2.0 million, respectively in base management fees, of which approximately \$0.2 million in 2004, 2005 and 2006 was included in due to related party. These amounts were paid in the quarters subsequent to each year end.

Note 14 — Due to Borrowers

Due to borrowers represents borrowers' funds held by the Company to fund certain expenditures or to be released at the Company's discretion upon the occurrence of certain pre-specified events, and to serve as additional collateral for borrowers' loans. While retained, these balances earn interest in accordance with the specific loan terms they are associated with.

Note 15 — Fair Value of Financial Instruments

SFAS No. 107 requires disclosure of the estimated fair value of an entity's assets and liabilities considered to be financial instruments. The following table summarizes the carrying values and the estimated fair values of financial instruments as of December 31, 2006 and 2005. Fair value estimates are dependent upon subjective assumptions and involve significant uncertainties resulting in variability in estimates with changes in assumptions.

The following methods and assumptions were used by the Company in estimating the fair value of each class of financial instrument:

Loans and Investments, Net: Fair values of variable-rate loans and investments with no significant change in credit risk are based on carrying values. Fair values of other loans and investments are estimated using discounted cash flow methodology, using discount rates, which, in the opinion of management, best reflect current market interest rates that would be offered for loans with similar characteristics and credit quality.

Related Party Loans, Net: Fair values of variable-rate loans and investments with no significant change in credit risk are based on carrying values. Fair values of other loans and investments are estimated using discounted cash flow methodology, using discount rates, which, in the opinion of management, best reflect current market interest rates that would be offered for loans with similar characteristics and credit quality.

Available-for-Sale Securities: Fair values are approximated on current market quotes received from financial sources that trade such securities.

Derivative financial instruments: Fair values are approximated on current market quotes received from financial sources that trade such securities. These items are included in other assets and other liabilities on the balance sheet.

Financial Liabilities: Financial liabilities bear interest at rates that are similar to those available in the market currently. Therefore, fair values approximate the carrying values reported in the balance sheets.

Note 16 — Subsequent Events

In January 2007, the Company entered into three interest rate swap agreements with notional amounts of \$42.5 million, \$25.0 million and \$7.5 million that expire in February 2012, March 2010 and February 2012,

respectively. These interest rate swap agreements are to hedge the exposure to interest rate risk on its variable rate current and future forecasted LIBOR based debt.

In February 2007, the Company entered into an interest rate swap having a notional value of \$15.3 million that expires in February 2012. This interest rate swap agreement is to hedge the exposure to interest rate risk on its variable rate current and future forecasted LIBOR based debt.

In February 2007, the Company sold its Available-for-Sale Securities at a nominal gain and repaid the related outstanding debt on these securities.

Note 17 — Summary Quarterly Consolidated Financial Information -Unaudited

The following tables represent summarized quarterly financial data of the Company which, in the opinion of management, reflects all adjustments, consisting only of normal recurring adjustments, necessary for a fair presentation of the Company's results of operations:

Net income shown agrees with the Company's quarterly report(s) on Form 10-Q as filed with the Securities and Exchange Commission. However, in 2004, individual line items vary from such report(s) due to participation's interest recorded as an offset to interest income, during subsequent periods being retroactively reclassified to interest expense for the third and fourth quarters of 2004.

- pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with the authorization of management and directors of the Company; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting can provide only reasonable assurance with respect to financial statement preparation and presentation. Projections of any evaluation of effectiveness to future periods are subject to the risks that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2006. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO") in Internal Control-Integrated Framework.

Based on this assessment, management concluded that, as of December 31, 2006, the Company's internal control over financial reporting is effective.

The Company's independent registered public accounting firm has issued a report on management's assessment of the Company's internal control over financial reporting. This report appears on the following page of this annual report on Form 10-K.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Stockholders of
Arbor Realty Trust, Inc. and Subsidiaries

We have audited management's assessment, included in the accompanying Management's Report on Internal Control over Financial Reporting, that Arbor Realty Trust, Inc. and Subsidiaries (the "Company") maintained effective internal control over financial reporting as of December 31, 2006, based on criteria established in Internal Control — Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting. Our responsibility is to express an opinion on management's assessment and an opinion on the effectiveness of the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respect. Our audit included obtaining an understanding of internal control over financial reporting, evaluating management's assessment, testing and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, management's assessment that the Company maintained effective internal control over financial reporting as of December 31, 2006, is fairly stated, in all material respects, based on the COSO criteria. Also, in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2006, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of the Company as of December 31, 2006 and 2005, and the related consolidated statements of income, stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2006, and our report dated February 28, 2007 expressed an unqualified opinion thereon.

of such redemption or purchase date that the issuer or affiliate of the issuer of the Preferred Equity Security had the right to elect and did elect under the terms of the agreement setting forth the rights of the holder of that Preferred Equity Security), if the Collateral Manager, on behalf of the Issuer, (subject to the applicable provisions of the Servicing Agreement) consents to extend such redemption or purchase date; provided that such consent does not extend the redemption or purchase date by more than two (2) years after the redemption or purchase date required under such agreement (that is, the original redemption or purchase date under such agreement as extended by all extensions of such date that the issuer or affiliate of the issuer of the Preferred Equity Security had the right to elect and did elect under the terms of such agreement) and the amount required to be paid in connection with such redemption or purchase is paid on or before such extended redemption or purchase date, or (2) with respect to which there is known to the Issuer or the Collateral Manager a default (other than any payment default) which default entitles the holders thereof to accelerate the maturity of all or a portion of the principal amount of such obligation; provided, however, that, in each case, if such default is cured or waived then such asset shall no longer be a Defaulted Security or (3) with respect to which it is known to the Collateral Manager that (A) any bankruptcy, insolvency or receivership proceeding has been initiated in connection with the issuer of such Preferred Equity Security, or (B) there has been proposed or effected any distressed exchange or other debt restructuring where the issuer of such Preferred Equity Security has offered the debt holders a new security or package of securities that either (x) amounts to a diminished financial obligation or (y) has the purpose of helping the issuer to avoid default, or (4) that has been rated "CC," "D" or "SD" or below by S&P or "CC" or below by Fitch, or (5) there is known to the Collateral

Manager that the issuer of such Preferred Equity Security is in default (without giving effect to any applicable grace period or waiver) as to payment of principal and/or interest on another obligation (and such default has not been cured or waived) which is senior or pari passu in right of payment to such Preferred Equity Security, except that a Preferred Equity Security will not constitute a "Defaulted Security" under this clause (5) if each of the Rating Agencies has confirmed in writing that such event shall not result in the reduction, qualification or withdrawal of any rating of the Notes;

(ii) with respect to a Loan (other than a Single Asset Mortgage Security, a Single Borrower Mortgage Security or a Rake Bond), if a foreclosure or default (whether or not declared) with respect to the related commercial mortgage loan has occurred; provided, however, that notwithstanding the foregoing, a Loan shall not be deemed to be a Defaulted Security as a result of (1) the related borrower's failure to pay interest on such Loan or on the related commercial mortgage loan on the initial due date therefor, if the related lender or holder of such Loan or of the related commercial mortgage loan consents to extend the due date when such interest is due and payable, and such interest is paid on or before such extended due date (provided that such interest is paid not more than 60 days (or 30 days if such interest was previously paid 60 days after the initial date that it was due) as a result of the Collateral Manager, on behalf of

-32-

the Issuer, (subject to the applicable provisions of the Servicing Agreement) previously consenting to extend such due date after the initial date that it was due) after the initial date that it was due), or (2) the related borrower's failure to pay principal on such Loan or the related commercial mortgage loan on the original maturity date thereof (as defined below), if the related lender or holder of such Loan or of the related commercial mortgage loan consents to extend such maturity date (so long as the Maturity Extension Requirements are met) and such principal is paid on or before such extended maturity date, or (3) the occurrence of any default other than a payment default with respect to such Loan or the related commercial mortgage loan, unless and until the earlier of (A) the declaration of default and acceleration of the maturity of the Loan by the lender or holder thereof and (B) the continuance of such default uncured for 60 days after such default became known to the Collateral Manager or the Servicer or, subject to the satisfaction of the Rating Agency Condition and, so long as MBIA is deemed to be the Controlling Class hereunder, the consent of MBIA, such longer period as the Collateral Manager (subject to the applicable provisions of the Servicing Agreement) determines. As used above, the term "original maturity date" means the maturity date of a Loan or the related commercial mortgage loan as extended by all extensions thereof which the related borrower had the right to elect and did elect under the terms of the instruments and agreements relating to such Loan or to the related commercial mortgage loan, but before taking into account any additional extensions thereof that are consented to by the lender or holder of such Loan or of the related commercial mortgage loan; and

(iii) with respect to a CMBS Security, a CRE CDO Security, a REIT Debt Security, a Single Asset Mortgage Security, a Single Borrower Mortgage Security or a Rake Bond (1) as to which there has occurred and is continuing a principal payment default (without giving effect to any applicable grace period or waiver) or (2) as to which there is known to the Collateral Manager a default (other than any payment default) which default entitles the holders thereof to accelerate the maturity of all or a portion of the principal amount of such obligation; provided, however, that, in each case, if such

default is cured or waived then such asset shall no longer be a Defaulted Security, or (3) as to which it is known to the Collateral Manager that (A) any bankruptcy, insolvency or receivership proceeding has been initiated in connection with the issuer of such security, or (B) there has been proposed or effected any distressed exchange or other debt re-structuring where the issuer of such security has offered the debt holders a new security or package of securities that either (x) amounts to a diminished financial obligation or (y) has the purpose of helping the issuer to avoid default, or (4) that has been rated "CC," "D" or "SD" or below by S&P, "CC" or below by Fitch, or "Ca" or "C" by Moody's, or with respect to REIT Debt Securities, the issuer of which has a credit rating of "D" or "SD" or as to which S&P has withdrawn its rating, or (5) as to which it is known to the Collateral Manager that the issuer thereof is in default (without giving effect to any applicable grace period or waiver) as to payment of principal and/or interest on another obligation (and such default has not been cured or waived) which is senior or pari passu in right of payment to such security, except that any such

-33-

security will not constitute a "Defaulted Security" under this clause (5) if each of the Rating Agencies has confirmed in writing that such event shall not result in the reduction, qualification or withdrawal of any rating of the Notes, or (6) (A) as to which there has been a failure to pay interest in whole or in part for the lesser of (x) six months or (y) three payment periods (if such security is rated (or privately rated for purposes of the issuance of the Securities) below "Baa3" by Moody's or "BBB-" by S&P or Fitch); provided, however, that if the Rating Agency Condition for such security is satisfied with respect to S&P and Moody's and, so long as MBIA is deemed to be the Controlling Class hereunder, MBIA has consented, the Collateral Manager may choose not to treat such security as a Defaulted Security or (B) as to which there has been a failure to pay interest in whole or in part for the lesser of (x) one year or (y) six consecutive payment periods (if such security is rated (or privately rated for purposes of the issuance of the Securities) "BBB-" or higher by S&P or Fitch, or "Baa3" or higher by Moody's) even if by its terms it provides for the deferral and capitalization of interest thereon;

provided that any Collateral Debt Security which has sustained a write-down of Principal Balance in accordance with its terms will not necessarily be considered a Defaulted Security solely due to such writedown; provided, further, that, for purposes of calculating the Par Value Ratios, any Collateral Debt Security that has sustained an implied reduction of principal balance due to an appraisal reduction will not necessarily be considered a Defaulted Security solely due to such implied reduction.

For purposes of calculating the Par Value Ratios, an appraisal reduction of a Collateral Debt Security will be assumed to result in an implied reduction of principal balance for such Collateral Debt Security only if such appraisal reduction is intended to reduce the interest payable on such Collateral Debt Security and only in proportion to such interest reduction. The Collateral Manager shall notify the Trustee of any appraisal reductions of Collateral Debt Securities if the Collateral Manager has actual knowledge thereof.

For purposes of the definition of "Defaulted Security," the "Maturity Extension Requirements" will be satisfied with respect to any extension if the maturity date is extended (i) in the case of Loans other than ARD Loans, to a new maturity date that is (A) not more than two years after the original maturity date and (B) not less than ten years prior to the Stated Maturity and (ii) in the case of ARD Loans, such that (A) the anticipated repayment date will not be less than 20 years prior to the Stated Maturity and (B) the new maturity date is not less than three years prior to the Stated Maturity; provided, however, that notwithstanding the requirements in the foregoing clauses (i) and (ii),

"Maturity Extension Requirements" will be deemed satisfied with respect to any extensions as to which the Rating Agency Condition has been satisfied and, so long as MBIA is deemed to be the Controlling Class hereunder, MBIA has consented.

For the avoidance of doubt, the parties hereto understand and agree that any initial permissible 60 day extension period described in paragraphs (i) and (ii) of this definition shall in no event be combined with any subsequent permissible 30 day extension period described in paragraphs (i) and (ii) of this definition.

Section 1.2 Assumptions as to Pledged Obligations.

(a) In connection with all calculations required to be made pursuant to this Indenture with respect to Scheduled Distributions on any Pledged Obligation, or any payments on any other assets included in the Assets, and with respect to the income that can be earned on Scheduled Distributions on such Pledged Obligations and on any other amounts that may be received for deposit in the applicable Collection Account, the provisions set forth in this Section 1.2 shall be applied.

(b) All calculations with respect to Scheduled Distributions on the Pledged Obligations securing the Notes shall be made on the basis of information as to the terms of each such Pledged Obligation and upon report of payments, if any, received on such Pledged Obligation that are furnished by or on behalf of the issuer of such Pledged Obligation and, to the extent they are not manifestly in error, such information or report may be conclusively relied upon in making

such calculations.

(c) For each Due Period, the Scheduled Distribution on any Pledged Obligation (other than a Defaulted Security, which, except as otherwise provided herein, shall be assumed to have a Scheduled Distribution of zero) shall be the sum of (i) the total amount of payments and collections in respect of such Pledged Obligation (including all Sales Proceeds received during the Due Period and not reinvested in Substitute Collateral Debt Securities or retained in the Principal Collection Account for subsequent reinvestment) that, if paid as scheduled, will be available in the Collection Accounts at the end of such Due Period for payment on the Notes and of expenses of the Issuer and the Co-Issuer pursuant to the Priority of Payments and (ii) any such amounts received in prior Due Periods that were not disbursed on a previous Payment Date and do not constitute amounts which have been used as reimbursement with respect to a prior Interest Advance pursuant to the terms of this Indenture.

-91-

(d) With respect to any Collateral Debt Security as to which any interest or other payment thereon is subject to withholding tax of any relevant jurisdiction, each Scheduled Distribution thereon shall, for purposes of the Coverage Tests and the Collateral Quality Tests, be deemed to be payable net of such withholding tax unless the issuer thereof or obligor thereon is required to make additional payments to fully compensate the Issuer for such withholding taxes (including in respect of any such additional payments). Notwithstanding the foregoing, for the purposes of calculating any Interest Coverage Ratio, there shall be excluded all scheduled or deferred payments of interest on or principal of Collateral Debt Securities and any payment, including any amount payable to the Issuer by each Hedge Counterparty, which the Collateral Manager has determined in its reasonable judgment shall not be made in Cash or received when due.

(f) Each Scheduled Distribution receivable with respect to a Pledged Obligation shall be assumed to be received on the applicable Due Date, and each such Scheduled Distribution shall be assumed to be immediately deposited in the applicable Collection Account except to the extent the Collateral Manager has a reasonable expectation that such Scheduled Distribution will not be received on the applicable Due Date. All such funds shall be assumed to continue to earn interest until the date on which they are required to be available in the applicable Collection Account for transfer to the Payment Account for application, in accordance with the terms hereof, to payments of principal of or interest on the Notes and, in the case of the Class A-1AR Notes, the Class A-1AR Commitment Fee or other amounts payable pursuant to this Indenture.

(g) All calculations required to be made and all reports which are to be prepared pursuant to this Indenture with respect to the Pledged Obligations, shall be made on the basis of the date on which the Issuer makes a binding commitment to purchase or sell an asset (the "trade date"), not the settlement date.

(h) For purposes of calculating the Par Value Ratio, an appraisal reduction of a Collateral Debt Security will be assumed to result in an implied reduction of Principal Balance for such Collateral Debt Security only if such appraisal reduction is intended to reduce the interest payable on such

Collateral Debt Security and only in proportion to such interest reduction. For purposes of the Par Value Ratio, any Collateral Debt Security that has sustained an implied reduction of Principal Balance due to an appraisal reduction will not be considered a Defaulted Security solely due to such implied reduction. The Collateral Manager will notify the Trustee of any appraisal reductions of Collateral Debt Securities if the Collateral Manager has actual knowledge thereof.

Notwithstanding the foregoing, nothing herein shall prevent the Issuer, the Co-Issuer, the Trustee, or any agent of the Issuer, the Co-Issuer or the Trustee, from giving effect to any written certification, proxy or other authorization furnished by the Depository or impair, as between the Depository and its Agent Members, the operation of customary practices governing the exercise of the rights of a Holder of any Global Security.

No Note shall be entitled to any benefit under this Indenture or be valid or obligatory for any purpose, unless there appears on such Note a Certificate of Authentication, substantially in the form provided for herein, executed by the Trustee or by the Authenticating Agent by the manual signature of one of their Authorized Officers, and such certificate upon any Note shall be conclusive evidence, and the only evidence, that such Note has been duly authenticated and delivered hereunder.

Section 2.5 Registration, Registration of Transfer and Exchange.

(a) The Issuer and the Co-Issuer shall cause to be kept a register (the "Notes Register") in which, subject to such reasonable regulations as it may prescribe, the Issuer and the Co-Issuer shall provide for the registration of Notes and the registration of transfers and exchanges of Notes. The Trustee is hereby initially appointed "Notes Registrar" for the purpose of registering Notes and transfers and exchanges of such Notes with respect to the Notes Register kept in the United States as herein provided. Upon any resignation or removal of the Notes Registrar, the Issuer and the Co-Issuer shall promptly appoint a successor or, in the absence of such appointment, assume the duties of Notes Registrar.

If a Person other than the Trustee is appointed by the Issuer and the Co-Issuer as Notes Registrar, the Issuer and the Co-Issuer shall give the Trustee prompt written notice of the appointment of a successor Notes Registrar and of the location, and any change in the location,

-96-

of the Notes Register, and the Trustee shall have the right to inspect the Notes Register at all reasonable times and to obtain copies thereof and the Trustee shall have the right to rely upon a certificate executed on behalf of the Notes Registrar by an Officer thereof as to the names and addresses of the Holders of the Notes and the principal amounts and numbers of such Notes.

Subject to this Section 2.5, upon surrender for registration of transfer of any Notes at the office or agency of the Issuer to be maintained as provided in Section 7.2, the Issuer and the Co-Issuer shall execute, and the Trustee shall authenticate and deliver, in the name of the designated transferee or transferees, one or more new Notes of any authorized denomination and of a like aggregate principal amount.

At the option of the Holder, Notes may be exchanged for Notes of like terms, in any authorized denominations and of like aggregate principal amount, upon surrender of the Notes to be exchanged at the office or agency of the Issuer to be maintained as provided in Section 7.2. Whenever any Note is surrendered for exchange, the Issuer and the Co-Issuer shall execute, and the Trustee shall authenticate and deliver, the Notes that the Noteholder making the exchange is entitled to receive.

All Notes issued and authenticated upon any registration of transfer or exchange of Notes shall be the valid obligations of the Issuer and the Co-Issuer, evidencing the same debt, and entitled to the same benefits under this Indenture, as the Notes surrendered upon such registration of transfer or exchange.

Every Note presented or surrendered for registration of transfer or exchange shall be duly endorsed, or be accompanied by a written instrument of transfer in form satisfactory to the Issuer and the Notes Registrar duly executed by the Holder thereof or his attorney duly authorized in writing.

No service charge shall be made to a Holder for any registration of transfer or exchange of Notes, but the Trustee may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

None of the Notes Registrar, the Issuer or the Co-Issuer shall be required (i) to issue, register the transfer of or exchange any Note during a period beginning at the opening of business 15 days before any selection of Notes to be redeemed and ending at the close of business on the day of the mailing of the relevant notice of redemption, or (ii) to register the transfer of or exchange any Note so selected for redemption.

(b) No Note may be sold or transferred (including, without limitation, by pledge or hypothecation) unless such sale or transfer is exempt from the registration requirements of the Securities Act and is exempt from the registration requirements under applicable state securities laws.

(c) No Note may be offered, sold, resold or delivered, within the United States or to, or for the benefit of, U.S. Persons except in accordance with Section 2.5(e) below and in accordance with Rule 144A to QIBs who are Qualified Purchasers purchasing for their own account or for the accounts of one or more QIBs who are Qualified Purchasers, for which the purchaser is acting as fiduciary or agent. The Notes may be offered, sold, resold or

-97-

delivered, as the case may be, in offshore transactions to non-U.S. Persons in reliance on Regulation S. None of the Issuer, the Co-Issuer, the Trustee or any other Person may register the Notes under the Securities Act or any state securities laws.

(d) Upon final payment due on the Stated Maturity of a Note, the Holder thereof shall present and surrender such Note at the Corporate Trust Office of the Trustee or at the office of the Paying Agent (outside the United States if then required by applicable law in the case of a Note in definitive form issued in exchange for a beneficial interest in a Regulation S Global Security pursuant to Section 2.10).

(e) Transfers of Global Securities. Notwithstanding any provision to the contrary herein, so long as a Global Security remains outstanding and is held by or on behalf of the Depository, transfers of a Global Security, in whole or in part, shall be made only in accordance with Section 2.2(c) and this Section 2.5(e).

(i) Subject to clauses (ii) through (iv) of this Section 2.5(e), transfers of a Global Security shall be limited to transfers of such Global Security in whole, but not in part, to nominees of the Depository or to a successor of the Depository or such successor's nominee.

(ii) Regulation S Global Security to Rule 144A Global Security. If a holder of a beneficial interest in a Regulation S Global Security wishes to transfer all or a part of its interest in such Regulation S Global Security to a Person who wishes to take delivery thereof in the form of a Rule 144A Global Security, such holder may, subject to the terms hereof and the rules and procedures of Euroclear, Clearstream, Luxembourg or the Depository, as the case may be, exchange or cause the exchange of such interest for an equivalent beneficial interest in a Rule 144A Global Security of the same Class. Upon receipt by the Trustee, as Notes Registrar, of (A) instructions from Euroclear, Clearstream, Luxembourg or the Depository, as the case may be, directing the Trustee, as Notes Registrar, to cause such Rule 144A

Global Security to be increased by an amount equal to such beneficial interest in such Regulation S Global Security but not less than the minimum denomination applicable to the related Class of Notes, and (B) a certificate substantially in the form of Exhibit J hereto given by the prospective transferee of such beneficial interest and stating, among other things, that such transferee acquiring such interest in a Rule 144A Global Security is a QIB and a Qualified Purchaser, is obtaining such beneficial interest in a transaction pursuant to Rule 144A and in accordance with any applicable securities laws of any state of the United States or any other applicable jurisdiction, then Euroclear, Clearstream, Luxembourg or the Trustee, as Notes Registrar, as the case may be, shall approve the instruction at the Depository to reduce such Regulation S Global Security by the aggregate principal amount of the interest in such Regulation S Global Security to be transferred and increase the Rule 144A Global Security specified in such instructions by an Aggregate Outstanding Amount equal to such reduction in such principal amount of the Regulation S Global Security.

(iii) Rule 144A Global Security to Regulation S Global Security. If a holder of a beneficial interest in a Rule 144A Global Security wishes to transfer all or a part of its interest in such Rule 144A Global Security to a Person who wishes to take delivery

-98-

thereof in the form of a Regulation S Global Security, such holder may, subject to the terms hereof and the rules and procedures of Euroclear, Clearstream, Luxembourg or the Depository, as the case may be, exchange or cause the exchange of such interest for an equivalent beneficial interest in a Regulation S Global Security of the same Class. Upon receipt by the Trustee, as Notes Registrar, of (A) instructions from Euroclear, Clearstream, Luxembourg or the Depository, as the case may be, directing the Trustee, as Notes Registrar, to cause such Regulation S Global Security to be increased by an amount equal to the beneficial interest in such Rule 144A Global Security but not less than the minimum denomination applicable to the related Class of Notes to be exchanged, and (B) a certificate substantially in the form of Exhibit I hereto given by the prospective transferee of such beneficial interest and stating, among other things, that such transferee acquiring such interest in a Regulation S Global Security is a not a U.S. Person and that such transfer is being made pursuant to Rule 903 or 904 under Regulation S, then Euroclear, Clearstream, Luxembourg or the Trustee, as Notes Registrar, as the case may be, shall approve the instruction at the Depository to reduce such Rule 144A Global Security by the aggregate principal amount of the interest in such Rule 144A Global Security to be transferred and increase the Regulation S Global Security specified in such instructions by an Aggregate Outstanding Amount equal to such reduction in the principal amount of the Rule 144A Global Security.

(iv) Other Exchanges. In the event that, pursuant to Section 2.10 hereof, a Global Security is exchanged for Certificated Notes, such Notes may be exchanged for one another only in accordance with such procedures as are substantially consistent with the provisions above (including certification requirements intended to ensure that such transfers are to a QIB who is also a Qualified Purchaser or are to a non-U.S. Person, or otherwise comply with Rule 144A or Regulation S, as the case may be) and as may be from time to time adopted by the Issuer, the Co-Issuer and the Trustee.

(f) Transfers of Definitive Class A-1AR Notes. Each Person who becomes an owner of the Definitive Class A-1AR Notes will be required to make the representations set forth in Section 2.5(h)(ii) through (xx) and to further represent and agree as follows:

(i) the owner is one of the following:

(1) (A) a Qualified Purchaser, (B) a QIB, (C) is aware that the sale of the Definitive Class A-1AR Notes to it is being made in reliance on the exemption from registration provided by Rule 144A, (D) is acquiring the Definitive Class A-1AR Notes for its own account or for one or more accounts, each of which is a QIB who is a Qualified Purchaser, and as to each of which the owner exercises sole investment discretion, and (E) is acquiring the Definitive Class A-1AR Notes in a minimum principal amount of not less than \$500,000 for each such account; or

(2) (A) is not a U.S. Person, (B) is aware that the sale of the Definitive Class A-1AR Notes to it is being made in reliance on the exemption from registration provided by Regulation S and (C) understands that the Definitive

-99-

Class A-1AR Notes offered in reliance on Regulation S will bear the legend set forth in Exhibit A-3;

and in each case the owner has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of its investment in the Definitive Class A-1AR Notes and the owner and any accounts for which it is acting are each able to bear the economic risk of the investment; and

(ii) before any interest in a Definitive Class A-1AR Note may be offered, resold, pledged or otherwise transferred, the transferee and transferor shall be required to provide the Trustee, with a written certification substantially in the forms of Exhibit K and L hereto as to compliance with the transfer restrictions and the owner must inform a prospective transferee of the transfer restrictions.

(g) Removal of Legend. If Notes are issued upon the transfer, exchange or replacement of Notes bearing the applicable legends set forth in Exhibits A-1, A-2, A-3, B, C, D, E, F, G and H hereto, and if a request is made to remove such applicable legend on such Notes, the Notes so issued shall bear such applicable legend, or such applicable legend shall not be removed, as the case may be, unless there is delivered to the Issuer and the Co-Issuer such satisfactory evidence, which may include an Opinion of Counsel of an attorney at law licensed to practice law in the State of New York (and addressed to the Issuer and the Trustee), as may be reasonably required by the Issuer and the Co-Issuer, if applicable, to the effect that neither such applicable legend nor the restrictions on transfer set forth therein are required to ensure that transfers thereof comply with the provisions of Rule 144A or Regulation S, as applicable, the Investment Company Act or ERISA. So long as the Issuer or the Co-Issuer is relying on an exemption under or promulgated pursuant to the Investment Company Act, the Issuer or the Co-Issuer shall not remove that portion of the legend required to maintain an exemption under or promulgated pursuant to the Investment Company Act. Upon provision of such satisfactory evidence, as confirmed in writing by the Issuer and the Co-Issuer, if applicable, to the Trustee, the Trustee, at the direction of the Issuer and the Co-Issuer, if applicable, shall authenticate and deliver Notes that do not bear such applicable legend.

(h) Each beneficial owner of Rule 144A Global Securities shall be deemed to represent and agree as follows (terms used in this paragraph that are defined in Rule 144A are used herein as defined therein):

(i) In the case of a Rule 144A Global Security, the owner is (A) a QIB and a Qualified Purchaser, (B) is aware that the sale of the Notes to it (other than the initial sale by the Issuer and the Co-Issuer, as applicable,) is being made in reliance on the exemption from registration provided by Rule 144A, (C) is acquiring the Notes for its own account or

for one or more accounts, each of which is a QIB and a Qualified Purchaser, and as to each of which the owner exercises sole investment discretion, and (D) is acquiring the Notes in a principal amount of not less than \$100,000, for each such account.

-100-

(ii) The owner understands that the Notes are being offered only in a transaction not involving any public offering in the United States within the meaning of the Securities Act, the Notes have not been and shall not be registered under the Securities Act, and, if in the future the owner decides to offer, resell, pledge or otherwise transfer the Notes, such Notes may only be offered, resold, pledged or otherwise transferred only in accordance with this Indenture and the applicable legend on such Notes set forth in Exhibits A-1, A-2, A-3, B, C, D, E, F, G and H. The owner acknowledges that no representation is made by the Issuer, the Co-Issuer or the Dealers, as the case may be, as to the availability of any exemption under the Securities Act or any state securities laws for resale of the Notes.

(iii) The owner is not purchasing the Notes with a view to the resale, distribution or other disposition thereof in violation of the Securities Act. The owner understands that an investment in the Notes involves certain risks, including the risk of loss of all or a substantial part of its investment under certain circumstances. The owner has had access to such financial and other information concerning the Issuer, the Co-Issuer and the Notes as it deemed necessary or appropriate in order to make an informed investment decision with respect to its purchase of the Notes, including, without limitation, an opportunity to ask questions of and request information from the Collateral Manager, the Initial Purchaser, the Issuer and the Co-Issuer and access to such legal and tax representation or counsel as the owner deemed necessary or appropriate.

(iv) In connection with the purchase of the Notes (A) none of the Issuer, the Co-Issuer, the Dealers, the Collateral Manager or the Trustee is acting as a fiduciary or financial or investment adviser for the owner; (B) the owner is not relying (for purposes of making any investment decision or otherwise) upon any advice, counsel or representations (whether written or oral) of the Issuer, the Co-Issuer, the Dealers, the Collateral Manager or the Trustee other than in a current final offering memorandum for such Notes and any representations expressly set forth in a written agreement with such party; (C) none of the Issuer, the Co-Issuer, the Dealers, the Collateral Manager or the Trustee has given to the owner (directly or indirectly through any other person) any assurance, guarantee, or representation whatsoever as to the expected or projected success, profitability, return, performance, result, effect, consequence, or benefit (including legal, regulatory, tax, financial, accounting, or otherwise) of its purchase; (D) the owner has consulted with its own legal, regulatory, tax, business, investment, financial, and accounting advisers to the extent it has deemed necessary, and it has made its own investment decisions (including decisions regarding the suitability of any transaction pursuant to this Indenture) based upon its own judgment and upon any advice from such advisers as it has deemed necessary and not upon any view expressed by the Issuer, the Co-Issuer, the Dealers, the Collateral Manager or the Trustee; and (E) the owner is purchasing the Notes with a full understanding of all of the terms, conditions and risks thereof (economic and otherwise), and is capable of assuming and willing to assume (financially and otherwise) these risks.

(v) The owner understands that the Notes shall bear the applicable legend set forth in Exhibits A-1, A-2, A-3, B, C, D, E, F, G and H. The Rule 144A Global Securities may not at any time be held by or on behalf of any U.S. Person that is not a

QIB who is a Qualified Purchaser. The owner must inform a prospective transferee of the transfer restrictions.

(vi) The Notes will bear the applicable legend set forth in Exhibits A-1, A-2, A-3, B, C, D, E, F, G and H unless the Issuer and the Co-Issuer determine otherwise in compliance with applicable law.

(vii) Unless a prospective Holder of a Note otherwise provides another representation acceptable to the Trustee, the Collateral Manager, the Issuer and the Co-Issuer, each Holder of a Global Security, by its acquisition thereof, shall be deemed to have represented to the Issuer, the Co-Issuer, the Collateral Manager and the Trustee that either (A) no part of the funds being used to pay the purchase price for such Notes constitutes an asset of any "employee benefit plan" (as defined in Section 3(3) of ERISA) or "plan" (as defined in Section 4975(e)(1) of the Code) that is subject to Title I of ERISA or Section 4975 of the Code or any other employee benefit plan or plan which is subject to any federal, state or local law ("Similar Law") that is substantially similar to Section 406 of ERISA or Section 4975 of the Code (each a "Benefit Plan", or an entity whose underlying assets include plan assets of any such Benefit Plan, or (B) if the funds being used to pay the purchase price for such Notes include plan assets of any Benefit Plan, its purchase and holding will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, or in the case of any Benefit Plan subject to Similar Law, do not result in a non-exempt violation of Similar Law.

(viii) The owner shall not, at any time, offer to buy or offer to sell the Notes by any form of general solicitation or advertising, including, but not limited to, any advertisement, article, notice or other communication published in any newspaper, magazine or similar medium or broadcast over television or radio or at a seminar or meeting whose attendees have been invited by general solicitations or advertising.

(ix) The owner is not a member of the public in the Cayman Islands, within the meaning of Section 194 of the Cayman Islands Companies Law (2004 Revision).

(x) The owner understands that the Issuer, the Co-Issuer, the Trustee or the Paying Agent shall require certification acceptable to it (A) as a condition to the payment of principal of and interest on (and commitment fees in respect of) any Notes without, or at a reduced rate of, U.S. withholding or backup withholding tax, and (B) to enable the Issuer, the Co-Issuer, the Trustee and the Paying Agent to determine their duties and liabilities with respect to any taxes or other charges that they may be required to pay, deduct or withhold from payments in respect of such Notes or the Holder of such Notes under any present or future law or regulation of the Cayman Islands or the United States or any present or future law or regulation of any political subdivision thereof or taxing authority therein or to comply with any reporting or other requirements under any such law or regulation. Such certification may include U.S. federal income tax forms (such as IRS Form W-8BEN (Certification of Foreign Status of Beneficial Owner), IRS Form W-8IMY (Certification of Foreign Intermediary Status), IRS Form W-9 (Request for Taxpayer Identification Number and Certification), or IRS Form W-8ECI (Certification

of Foreign Person's Claim for Exemption from Withholding on Income Effectively Connected with Conduct of a U.S. Trade or Business) or any successors to such IRS forms). In addition, the Issuer, the Co-Issuer, the

Trustee or the Paying Agent may require certification acceptable to it to enable the Issuer to qualify for a reduced rate of withholding in any jurisdiction from or through which the Issuer receives payments on its assets. Each owner agrees to provide any certification requested pursuant to this paragraph and to update or replace such form or certification in accordance with its terms or its subsequent amendments.

(xi) The owner hereby acknowledges that it is its intent and that it understands it is the intent of the Issuer that, for purposes of U.S. federal, state and local income and franchise tax and any other income taxes, for so long as a direct or indirect wholly-owned subsidiary of the Arbor Parent owns 100% of the Preferred Shares and the ordinary shares of the Issuer, the Issuer will be treated as a Qualified REIT Subsidiary and the Notes will be treated as indebtedness solely of the Arbor Parent, and (B) the Preferred Shares will be treated as equity; the owner agrees to such treatment and agrees to take no action inconsistent with such treatment.

(xii) The owner, if not a "United States person" (as defined in Section 7701(a)(30) of the Code), either: (A) is not a bank (within the meaning of Section 881(c)(3)(A) of the Code) (and see (C) below); (B) is a bank that has provided an IRS Form W-8ECI representing that all payments received or to be received by it from the Issuer are effectively connected with the conduct of a trade or business in the United States; or (C) is a bank and is, or is not a bank (within the meaning of Section 881(c)(3)(A) of the Code) but with respect to commitment fees is, eligible for benefits under an income tax treaty with the United States that eliminates U.S. federal income taxation of U.S. source interest and commitment fees not attributable to a permanent establishment in the United States and the Issuer is treated as a fiscally transparent entity (as defined in Treasury Regulations section 1.894-1(d)(3)(iii)) under the laws of owner's jurisdiction with respect to payments made on the Collateral Debt Securities held by the Issuer.

(xiii) The owner understands that the Notes have not been approved or disapproved by the SEC or any other governmental authority or agency or any jurisdiction and that neither the SEC nor any other governmental authority or agency has passed upon the accuracy of the final offering memorandum relating to the Notes. The owner further understands that any representation to the contrary is a criminal offense.

(xiv) The owner will, prior to any sale, pledge or other transfer by such owner of any Note (or interest therein), obtain from the prospective transferee, and deliver to the Trustee, a duly executed transferee certificate addressed to each of the Trustee, the Issuer, the Co-Issuer and the Collateral Manager in the form of the relevant exhibit attached hereto, and such other certificates and other information as the Issuer, the Co-Issuer, the Collateral Manager or the Trustee may reasonably require to confirm that the proposed transfer complies with the transfer restrictions contained herein.

-103-

(xv) The owner agrees that no Note may be purchased, sold, pledged or otherwise transferred in an amount less than the minimum denomination set forth in this Indenture. In addition, the owner understands that the Notes will be transferable only upon registration of the transferee in the Note Register of the Issuer following delivery to the Note Registrar of a duly executed transfer certificate (and with respect to the Class A-1AR Notes, the Definitive Class A-1AR Notes to be transferred), and any other certificates and other information required by this Indenture.

(xvi) The owner is aware and agrees that no Note (or beneficial interest therein) may be offered or sold, pledged or otherwise transferred (i) to a transferee taking delivery of such Note represented by a Rule 144A

Global Security except (A) to a transferee that the owner reasonably believes is a QIB, purchasing for its account, to which notice is given that the resale, pledge or other transfer is being made in reliance on the exemption from the registration requirements of the Securities Act provided by Rule 144A or another Person the sale to which is exempt under the Securities Act, (B) to a transferee that is a Qualified Purchaser, and (C) if such transfer is made in accordance with any applicable securities laws of any state of the United States and any other relevant jurisdiction, (ii) to a transferee taking delivery of such Note represented by a Regulation S Global Security except (A) to a transferee that is acquiring such interest in an offshore transaction in accordance with Rule 904 of Regulation S, (B) to a transferee that is not a U.S. resident (within the meaning of the Investment Company Act) unless such transferee is a Qualified Purchaser, (C) such transfer is made in compliance with the other requirements set forth in this Indenture and (D) if such transfer is made in accordance with any applicable securities laws of any state of the United States and any other jurisdiction or (iii) if such transfer would have the effect of requiring the Issuer or the Collateral to register as an "investment company" under the Investment Company Act.

(xvii) The owner understands that there is no market for the Notes and that no assurances can be given as to the liquidity of any trading market for the Notes and that it is unlikely that a trading market for the Notes will develop. The owner further understands that, although the Dealers may from time to time make a market in the Notes, the Dealers are not under any obligation to do so and, following the commencement of any market-making, may discontinue the same at any time. Accordingly, the owner must be prepared to hold the Notes until the Stated Maturity.

(xviii) The owner agrees that (i) any sale, pledge or other transfer of a Note (or any beneficial interest therein) made in violation of the transfer restrictions contained in this Indenture, or made based upon any false or inaccurate representation made by the owner or a transferee to the Issuer, the Trustee or the Note Registrar, will be void and of no force or effect and (ii) none of the Issuer, the Trustee and the Note Registrar has any obligation to recognize any sale, pledge or other transfer of a Note (or any beneficial interest therein) made in violation of any such transfer restriction or made based upon any such false or inaccurate representation.

(xix) The owner approves and consents to any direct trades between the Issuer and the Collateral Manager and/or its affiliates that is permitted under the terms of this Indenture and the Collateral Management Agreement.

-104-

(xx) The owner acknowledges that the Issuer, the Co-Issuer, the Trustee, the Note Registrar, the Collateral Manager, the Dealers and others will rely upon the truth and accuracy of the foregoing acknowledgments, representations and agreements and agrees that, if any of the acknowledgments, representations or warranties made or deemed to have been made by it in connection with its purchase of the Notes are no longer accurate, the owner will promptly notify the Issuer, the Co-Issuer, the Trustee, Note Registrar, the Collateral Manager and the Dealers.

(i) Each beneficial owner of Regulation S Global Securities shall be deemed to have made the representations set forth in clauses (ii) through (iv) and (vi) through (xx) of Section 2.5(h) and shall be deemed to have further represented and agreed as follows:

The owner is aware that the sale of such Notes to it is being made in reliance on the exemption from registration provided by Regulation S and understands that the Notes offered in reliance on Regulation S will bear the appropriate legend set forth in Exhibits A-1, A-2, B, C, D, E, F, G and H hereto, and be represented by one or more Regulation S Global Securities. The Notes so represented may not at any time be held by or on behalf of U.S. Persons. Each of the owner and the related Holder is not, and shall not be, a

U.S. Person. Before any interest in a Regulation S Global Security may be offered, resold, pledged or otherwise transferred to a person who takes delivery in the form of a Rule 144A Global Security, the transferee shall be required to provide the Trustee with a written certification substantially in the form of Exhibits K and L (as applicable) hereto as to compliance with the transfer restrictions. The owner must inform a prospective transferee of the transfer restrictions.

(j) Any purported transfer of a Note not in accordance with this Section 2.5 shall be null and void and shall not be given effect for any purpose hereunder.

(k) Notwithstanding anything contained in this Indenture to the contrary, neither the Trustee nor the Notes Registrar (nor any other Transfer Agent) shall be responsible or liable for compliance with applicable federal or state securities laws (including, without limitation, the Securities Act or Rule 144A or Regulation S promulgated thereunder), the Investment Company Act, ERISA or the Code (or any applicable regulations thereunder); provided, however, that if a specified transfer certificate or Opinion of Counsel is required by the express terms of this Section 2.5 to be delivered to the Trustee or Notes Registrar prior to registration of transfer of a Note, the Trustee and/or Notes Registrar, as applicable, is required to request, as a condition for registering the transfer of the Note, such certificate or Opinion of Counsel and to examine the same to determine whether it conforms on its face to the requirements hereof (and the Trustee or Notes Registrar, as the case may be, shall promptly notify the party delivering the same if it determines that such certificate or Opinion of Counsel does not so conform).

(l) If the Trustee determines or is notified by the Issuer, the Co-Issuer or the Collateral Manager that (i) a transfer or attempted or purported transfer of any interest in any Note was consummated in compliance with the provisions of this Section 2.5 on the basis of a materially incorrect certification from the transferee or purported transferee, (ii) a transferee failed to deliver to the Trustee any certification required to be delivered hereunder or (iii) the holder of any interest in a Note is in breach of any representation or agreement set forth in any

-105-

certification or any deemed representation or agreement of such holder, the Trustee shall not register such attempted or purported transfer and if a transfer has been registered, such transfer shall be absolutely null and void ab initio and shall vest no rights in the purported transferee (such purported transferee, a "Disqualified Transferee") and the last preceding holder of such interest in such Note that was not a Disqualified Transferee shall be restored to all rights as a Holder thereof retroactively to the date of transfer of such Note by such Holder.

In addition, the Trustee may require that the interest in the Note referred to in (i), (ii) or (iii) in the preceding paragraph be transferred to any person designated by the Issuer or the Collateral Manager at a price determined by the Issuer or the Collateral Manager, as applicable, based upon its estimation of the prevailing price of such interest and each Holder, by acceptance of an interest in a Note, authorizes the Trustee to take such action. In any case, the Trustee shall not be held responsible for any losses that may be incurred as a result of any required transfer under this Section 2.5(l).

(m) Each Holder of Notes approves and consents to (i) the initial purchase of the Collateral Debt Securities by the Issuer from Affiliates of the Collateral Manager on or prior to the Closing Date and (ii) any other transaction between the Issuer and the Collateral Manager or its Affiliates that are permitted under the terms of this Indenture or the Collateral Management Agreement.

Section 2.6 Mutilated, Defaced, Destroyed, Lost or Stolen Note.

If (a) any mutilated or defaced Note is surrendered to a Transfer Agent, or if there shall be delivered to the Issuer, the Co-Issuer, the Trustee and the relevant Transfer Agent (each a "Specified Person") evidence to their reasonable satisfaction of the destruction, loss or theft of any Note, and (b) there is delivered to the Specified Person such security or indemnity as may be required by each Specified Person to save each of them and any agent of any of them harmless (an unsecured indemnity agreement delivered to the Trustee by an institutional investor with a net worth of at least \$200,000,000 being deemed sufficient to satisfy such security or indemnity requirement), then, in the absence of notice to the Specified Persons that such Note has been acquired by a bona fide purchaser, the Issuer and the Co-Issuer shall execute and, upon Issuer Request, the Trustee shall authenticate and deliver, in lieu of any such mutilated, defaced, destroyed, lost or stolen Note, a new Note, of like tenor (including the same date of issuance) and equal principal amount, registered in the same manner, dated the date of its authentication, bearing interest from the date to which interest has been paid on the mutilated, defaced, destroyed, lost or stolen Note and bearing a number not contemporaneously outstanding.

If, after delivery of such new Note, a bona fide purchaser of the predecessor Note presents for payment, transfer or exchange such predecessor Note, any Specified Person shall be entitled to recover such new Note from the Person to whom it was delivered or any Person taking therefrom, and each Specified Person shall be entitled to recover upon the security or indemnity provided therefor to the extent of any loss, damage, cost or expense incurred by such Specified Person in connection therewith.

In case any such mutilated, defaced, destroyed, lost or stolen Note has become due and payable, the Issuer and the Co-Issuer, if applicable, in their discretion may, instead of

-106-

issuing a new Note, pay such Note without requiring surrender thereof except that any mutilated or defaced Note shall be surrendered.

Upon the issuance of any new Note under this Section 2.6, the Issuer and the Co-Issuer, if applicable, may require the payment by the registered Holder thereof of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) connected therewith.

Every new Note issued pursuant to this Section 2.6 in lieu of any mutilated, defaced, destroyed, lost or stolen Note shall constitute an original additional contractual obligation of the Issuer and the Co-Issuer, if applicable, and such new Note shall be entitled, subject to the second paragraph of this Section 2.6, to all the benefits of this Indenture equally and proportionately with any and all other Notes duly issued hereunder.

The provisions of this Section 2.6 are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, defaced, destroyed, lost or stolen Notes.

Section 2.7 Payment of Principal and Interest and Class A-1AR Commitment Fee and Other Amounts; Principal and Interest Rights Preserved.

(a) The Class A-1A Notes shall accrue interest during each Interest Accrual Period at the Class A-1A Rate. In addition, the Class A-1AR Notes shall accrue the Class A-1AR Commitment Fee in accordance with the definition of such term. On or after such Payment Date, only such portion of any payment of Class C Capitalized Interest for which funds are available in accordance with the Priority of Payments shall be considered "due and payable" and the failure to pay such portion of Class C Capitalized Interest shall be an Event of Default. Class C Capitalized Interest shall be added to the principal amount of the Class C Notes, shall bear interest thereafter at the

any present or future law or regulation of the United States or any present or future law or regulation of any political subdivision thereof or taxing authority therein or to comply with any reporting or other requirements under any such law or regulation. Such certification may include U.S. federal income tax forms (such as IRS Form W-8BEN (Certification of Foreign Status of Beneficial Owner), Form W-8IMY (Certification of Foreign Intermediary Status), IRS Form W-9 (Request for Taxpayer Identification Number and Certification), or IRS Form W-8ECI (Certification of Foreign Person's Claim for Exemption from Withholding on Income Effectively Connected with Conduct of a U.S. Trade or Business) or any successors to such IRS forms). The Issuer expects that the Depository or its nominee, upon receipt of any payment of principal or interest in respect of a Global Security held by the Depository or its nominee, shall immediately credit the applicable Agent Members' accounts with payments in amounts proportionate to the respective beneficial interests in such Global Security as shown on the records of the Depository or its nominee. The Issuer also expects that payments by Agent Members to owners of beneficial interests in such Global Security held through Agent Members will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the responsibility of the Agent Members. Upon final payment due on the Maturity of a Note, the Holder thereof shall present and surrender such Note at the Corporate Trust Office of the Trustee or at the office of the Paying Agent (outside of the United States if then required by applicable law in the case of a Certificated Note issued in exchange for a beneficial interest in the Regulation S Global Security) on or prior to such Maturity. None of the Issuer, the Co-Issuer, the Trustee or the Paying Agent will have any responsibility or liability with respect to any records maintained by the Holder of any Note with respect to the beneficial holders thereof or payments made thereby on account of beneficial interests held therein. In the case where any final payment of principal and interest is to be made on any Note (other than on the Stated Maturity thereof) the Issuer or, upon Issuer Request, the Trustee, in the name and at the expense of the Issuer, shall not more than 30 nor fewer than five Business Days prior to the date on which such payment is to be made, mail to the Persons entitled thereto at their addresses appearing on the Notes Register, a notice which shall state the date on which such payment will be made and the amount of such payment per \$500,000 initial principal amount of Notes and shall specify the place where such Notes may be presented and surrendered for such payment.

(p) Subject to the provisions of Sections 2.7(a) through (m) and Section 2.7(u) hereof, Holders of Notes as of the Record Date in respect of a Payment Date shall be entitled to

-115-

the interest accrued and payable in accordance with the Priority of Payments and principal payable in accordance with the Priority of Payments on such Payment Date. All such payments that are mailed or wired and returned to the Paying Agent shall be held for payment as herein provided at the office or agency of the Issuer and the Co-Issuer to be maintained as provided in Section 7.2 (or returned to the Trustee).

(q) Interest on any Note which is payable, and is punctually paid or duly provided for, on any Payment Date shall be paid to the Person in whose name that Note (or one or more predecessor Notes) is registered at the close of business on the Record Date for such interest.

(r) Payments of principal to Holders of the Notes of each Class shall be made in the proportion that the Aggregate Outstanding Amount of the Notes of such Class registered in the name of each such Holder on such Record Date bears to the Aggregate Outstanding Amount of all Notes of such Class on such Record Date.

(s) Interest accrued with respect to the Notes shall be calculated as described in the applicable form of Note attached hereto.

(t) All reductions in the principal amount of a Note (or one or more predecessor Notes) effected by payments of installments of principal made on any Payment Date, Redemption Date or upon Maturity shall be binding upon all future Holders of such Note and of any Note issued upon the registration of transfer thereof or in exchange therefor or in lieu thereof, whether or not such payment is noted on such Note.

(u) Notwithstanding anything contained in this Indenture to the contrary, the obligations of the Issuer and the Co-Issuer under the Notes, this Indenture and the other Transaction Documents are non-recourse obligations of the Issuer and the Co-Issuer payable solely from the Assets and following realization of the Assets, all obligations of the Co-Issuers and any claims of the Noteholders, the Trustee or any other parties to any Transaction Documents shall be extinguished and shall not thereafter revive. No recourse shall be had for the payment of any amount owing in respect of the Notes against any Officer, director, employee, shareholder, limited partner or incorporator of the Issuer, the Co-Issuer or any of their respective successors or assigns for any amounts payable under the Notes or this Indenture. It is understood that the foregoing provisions of this paragraph shall not (i) prevent recourse to the Assets for the sums due or to become due under any security, instrument or agreement which is part of the Assets or (ii) constitute a waiver, release or discharge of any indebtedness or obligation evidenced by the Notes or secured by this Indenture (to the extent it relates to the obligation to make payments on the Notes) until such Assets have been realized, whereupon any outstanding indebtedness or obligation in respect of the Notes, this Indenture and the other Transaction Documents shall be extinguished and shall not thereafter revive. It is further understood that the foregoing provisions of this paragraph shall not limit the right of any Person to name the Issuer or the Co-Issuer as a party defendant in any Proceeding or in the exercise of any other remedy under the Notes or this Indenture, so long as no judgment in the nature of a deficiency judgment or seeking personal liability shall be asked for or (if obtained) enforced against any such Person or entity.

-116-

(v) Subject to the foregoing provisions of this Section 2.7, each Note delivered under this Indenture and upon registration of transfer of or in exchange for or in lieu of any other Note shall carry the rights of unpaid interest and principal that were carried by such other Note.

(w) Notwithstanding any of the foregoing provisions with respect to payments of principal of and interest on the Notes (but subject to Sections 2.7(m) and (u)), if the Notes have become or been declared due and payable following an Event of Default and such acceleration of Maturity and its consequences have not been rescinded and annulled and the provisions of Section 5.5 are not applicable, then payments of principal of and interest on such Notes shall be made in accordance with Section 5.7 hereof.

(x) Payments in respect of the Preferred Shares as contemplated by Sections 11.1(a)(i)(29) and 11.1(a)(ii)(15) shall be made by the Trustee to the Preferred Shares Paying Agent.

The Issuer, the Co-Issuer, the Trustee, and any agent of the Issuer, the Co-Issuer or the Trustee may treat as the owner of a Note the Person in whose name such Note is registered on the Notes Register on the applicable Record Date for the purpose of receiving payments of principal of and interest and other amounts on such Note and on any other date for all other purposes whatsoever (whether or not such Note is overdue), and none of the Issuer, the Co-Issuer or the Trustee nor any agent of the Issuer, the Co-Issuer or the Trustee shall be affected by notice to the contrary; provided, however, that the Depository, or its nominee, shall be deemed the owner of the Global Securities, and owners of beneficial interests in Global Securities will not be considered

the owners of any Notes for the purpose of receiving notices. With respect to the Preferred Shares, on any Payment Date, the Trustee shall deliver to the Preferred Shares Paying Agent the distributions thereon for distribution to the Preferred Shareholders.

Section 2.9 Cancellation.

All Notes surrendered for payment, registration of transfer, exchange or redemption, or deemed lost or stolen, shall, if surrendered to any Person other than the Trustee, be delivered to the Trustee, and shall be promptly canceled by the Trustee and may not be reissued or resold. No Notes shall be authenticated in lieu of or in exchange for any Notes canceled as provided in this Section 2.9, except as expressly permitted by this Indenture. All canceled Notes held by the Trustee shall be destroyed or held by the Trustee in accordance with its standard retention policy unless the Issuer and the Co-Issuer shall direct by an Issuer Order that they be returned to them.

Section 2.10 Global Securities; Temporary Notes.

(a) In the event that the Depository notifies the Issuer and the Co-Issuer that it is unwilling or unable to continue as Depository for a Global Security or if at any time such Depository ceases to be a "Clearing Agency" registered under the Exchange Act and a successor depository is not appointed by the Issuer within 90 days of such notice, the Global Securities

-117-

deposited with the Depository pursuant to Section 2.2 hereof shall be transferred to the beneficial owners thereof subject to the procedures and conditions set forth in this Section 2.10.

(b) Any Global Security that is transferable to the beneficial owners thereof pursuant to Section 2.10(a) above shall be surrendered by the Depository to the Trustee's Corporate Trust Office together with necessary instruction for the registration and delivery of Class A-1A Notes, the Class A-2 Notes, Class B Notes, Class C Notes, Class D Notes, Class E Notes, Class F Notes, Class G Notes and Class H Notes in definitive registered form without interest coupons (each, a "Certificated Note") to the beneficial owners (or such owner's nominee) holding the ownership interests in such Global Security. Any such transfer shall be made, without charge, and the Trustee shall authenticate and deliver, upon such transfer of each portion of such Global Security, an equal aggregate principal amount of Certificated Notes of the same Class and authorized denominations. Any Certificated Notes delivered in exchange for an interest in a Global Security shall, except as otherwise provided by Section 2.5(g), bear the applicable legend set forth in Exhibits A-1, A-2, B, C, D, E, F, G and H, and shall be subject to the transfer restrictions referred to in such applicable legend. The Holder of each such registered individual Global Security may transfer such Global Security by surrendering it at the Corporate Trust Office of the Trustee, or at the office of the Paying Agent or Irish Paying Agent.

(c) Subject to the provisions of Section 2.10(b) above, the registered Holder of a Global Security may grant proxies and otherwise authorize any Person, including Agent Members and Persons that may hold interests through Agent Members, to take any action which a Holder is entitled to take under this Indenture or the Notes.

(d) In the event of the occurrence of either of the events specified in Section 2.10(a) above, the Issuer and the Co-Issuer shall promptly make available to the Trustee a reasonable supply of Certificated Notes.

Pending the preparation of Certificated Notes pursuant to this Section 2.10, the Issuer and the Co-Issuer may execute and, upon Issuer Order, the Trustee shall authenticate and deliver, temporary Class A-1A Notes, Class A-2 Notes, Class B Notes, Class C Notes, Class D Notes, Class E Notes, Class F Notes, Class G Notes or Class H Notes that are printed, lithographed,

typewritten, mimeographed or otherwise reproduced, in any authorized denomination, substantially of the tenor of the Certificated Notes in lieu of which they are issued and with such appropriate insertions, omissions, substitutions and other variations as the Officers executing such Certificated Notes may determine, as conclusively evidenced by their execution of such Certificated Notes.

If temporary Certificated Notes are issued, the Issuer and the Co-Issuer shall cause permanent Certificated Notes to be prepared without unreasonable delay. The Certificated Notes shall be printed, lithographed, typewritten or otherwise reproduced, or provided by any combination thereof, or in any other manner permitted by the rules and regulations of any applicable notes exchange, all as determined by the Officers executing such Certificated Notes. After the preparation of Certificated Notes, the temporary Notes shall be exchangeable for Certificated Notes upon surrender of the applicable temporary Class A-1 Notes, Class A-2 Notes, Class B Notes, Class C Notes, Class D Notes, Class E Notes, Class F Notes, Class G Notes or Class H Notes at the office or agency maintained by the Issuer and the Co-Issuer for such

-118-

purpose, without charge to the Holder. Upon surrender for cancellation of any one or more temporary Class A-1A Notes, Class A-2 Notes, Class B Notes, Class C Notes, Class D Notes, Class E Notes, Class F Notes, Class G Notes or Class H Notes, the Issuer and the Co-Issuer shall execute, and the Trustee shall authenticate and deliver, in exchange therefor the same aggregate principal amount of Certificated Notes of authorized denominations. Until so exchanged, the temporary Class A-1A Notes, Class A-2 Notes, Class B Notes, Class C Notes, Class D Notes, Class E Notes, Class F Notes, Class G Notes or Class H Notes shall in all respects be entitled to the same benefits under this Indenture as Certificated Notes.

Section 2.11 U.S. Tax Treatment of Notes and the Issuer.

(a) Each of the Issuer and the Co-Issuer intends that, for U.S. federal income tax purposes, the Notes be treated as debt and that the Issuer be treated as a Qualified REIT Subsidiary. Each prospective purchaser and any subsequent transferee of a Note or any interest therein shall, by virtue of its purchase or other acquisition of such Note or interest therein, be deemed to have agreed to treat such Note in a manner consistent with the preceding sentence for U.S. federal income tax purposes.

(b) The Issuer and the Co-Issuer shall account for the Notes and prepare any reports to Noteholders and tax authorities consistent with the intentions expressed in Section 2.11(a) above.

(c) Each Holder of Notes shall timely furnish to the Issuer, the Co-Issuer or its agents any U.S. federal income tax form or certification (such as IRS Form W-8BEN (Certification of Foreign Status of Beneficial Owner) (with Part III marked), IRS Form W-8IMY (Certification of Foreign Intermediary Status), IRS Form W-9 (Request for Taxpayer Identification Number and Certification), or IRS Form W-8ECI (Certification of Foreign Person's Claim for Exemption from Withholding on Income Effectively Connected with Conduct of a U.S. Trade or Business) or any successors to such IRS forms that the Issuer, the Co-Issuer or its agents may reasonably request and shall update or replace such forms or certification in accordance with its terms or its subsequent amendments.

Section 2.12 Authenticating Agents.

Upon the request of the Issuer and the Co-Issuer, the Trustee shall, and if the Trustee so chooses the Trustee may, pursuant to this Indenture, appoint one or more Authenticating Agents with power to act on its behalf and subject to its direction in the authentication of Notes in connection with issuance, transfers and exchanges under Sections 2.4, 2.5, 2.6 and 8.5 hereof,

as fully to all intents and purposes as though each such Authenticating Agent had been expressly authorized by such Sections to authenticate such Notes. For all purposes of this Indenture, the authentication of Notes by an Authenticating Agent pursuant to this Section 2.12 shall be deemed to be the authentication of Notes by the Trustee.

Any corporation or banking association into which any Authenticating Agent may be merged or converted or with which it may be consolidated, or any corporation or banking association resulting from any merger, consolidation or conversion to which any Authenticating Agent shall be a party, or any corporation succeeding to the corporate trust business of any

-119-

Authenticating Agent, shall be the successor of such Authenticating Agent hereunder, without the execution or filing of any further act on the part of the parties hereto or such Authenticating Agent or such successor corporation. Any Authenticating Agent may at any time resign by giving written notice of resignation to the Trustee, the Issuer and the Co-Issuer. The Trustee may at any time terminate the agency of any Authenticating Agent by giving written notice of termination to such Authenticating Agent, the Issuer and the Co-Issuer. Upon receiving such notice of resignation or upon such a termination, the Trustee shall promptly appoint a successor Authenticating Agent and shall give written notice of such appointment to the Issuer.

The Trustee agrees to pay to each Authenticating Agent appointed by it from time to time reasonable compensation for its services, and reimbursement for its reasonable expenses relating thereto and the Trustee shall be entitled to be reimbursed for such payments, subject to Section 6.7 hereof. The provisions of Sections 2.9, 6.4 and 6.5 hereof shall be applicable to any Authenticating Agent.

Section 2.13 Forced Sale on Failure to Comply with Restrictions.

(a) Notwithstanding anything to the contrary elsewhere in this Indenture, any transfer of a Note or interest therein to a U.S. Person who is determined not to have been both a QIB and a Qualified Purchaser at the time of acquisition of the Note or interest therein shall be null and void and any such proposed transfer of which the Issuer, the Co-Issuer or the Trustee shall have notice may be disregarded by the Issuer, the Co-Issuer and the Trustee for all purposes.

(b) If the Issuer determines that any Holder of a Note has not satisfied the applicable requirement described in Section 2.13(a) above (any such person a "Non-Permitted Holder"), then the Issuer shall promptly after discovery that such Person is a Non-Permitted Holder by the Issuer, the Co-Issuer or the Trustee (and notice by the Trustee or the Co-Issuer to the Issuer, if either of them makes the discovery), send notice (or procure that notice is sent) to such Non-Permitted Holder demanding that such Non-Permitted Holder transfer its interest to a Person that is not a Non-Permitted Holder within 30 days of the date of such notice. If such Non-Permitted Holder fails to so transfer its Note or interest therein, the Issuer shall have the right, without further notice to the Non-Permitted Holder, to sell such Note or interest therein to a purchaser selected by the Issuer that is not a Non-Permitted Holder on such terms as the Issuer may choose. The Issuer, or the Trustee acting on behalf of the Issuer, may select the purchaser by soliciting one or more bids from one or more brokers or other market professionals that regularly deal in securities similar to the Note, and selling such Note to the highest such bidder. However, the Issuer or the Trustee may select a purchaser by any other means determined by it in its sole discretion. The Holder of such Note, the Non-Permitted Holder and each other Person in the chain of title from the Holder to the Non-Permitted Holder, by its acceptance of an interest in the Note, agrees to cooperate with the Issuer and the Trustee to effect such transfers. The proceeds of such sale, net of any commissions, expenses and taxes due in connection with such sale shall be remitted to the Non-Permitted Holder.

The terms and conditions of any sale under this Section 2.13(b) shall be determined in the sole discretion of the Issuer, and the Issuer shall not be liable to any Person having an interest in the Note sold as a result of any such sale of exercise of such discretion.

-120-

Section 2.14 No Gross Up.

The Issuer shall not be obligated to pay any additional amounts to the Holders or beneficial owners of the Notes as a result of any withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges.

(c) Without limiting the foregoing, the Issuer and the Trustee on behalf of the Bank agree, and the Bank shall cause the Custodial Securities Intermediary, to take such different or additional action as the Trustee may reasonably request in order to maintain the perfection and priority of the security interest of the Trustee in the event of any change in applicable law or regulation, including Articles 8 and 9 of the UCC and Treasury Regulations governing transfers of interests in Government Items (it being understood that the Trustee shall be entitled to rely upon an Opinion of Counsel, including an Opinion of Counsel delivered in accordance with Section 3.1(d), as to the need to file any financing statements or continuation statements, the dates by which such filings are required to be made and the jurisdictions in which such filings are required to be made).

(d) Without limiting any of the foregoing,

(i) in connection with each Grant of a Collateral Debt Security hereunder, the Issuer shall deliver (or cause to be delivered by the applicable Seller) to the Custodial Securities Intermediary (A) the original of any note (or a copy of such note together with a lost note affidavit and indemnity), certificate or other instrument constituting or evidencing such Collateral Debt Security and any other Underlying Instrument related to such Collateral Debt Security, the delivery of which is necessary in order to perfect the security interest of the Trustee in such Collateral Debt Security granted pursuant to this Indenture, (B) copies of the other Underlying Instruments then in possession of the Issuer and (C) any other agreements, documents, certificates or instruments not specifically covered in the foregoing subclauses (A) and (B) of this clause (i) to the extent such other agreements, documents, certificates or instruments are required to be delivered to the Issuer pursuant to the related Collateral Debt Securities Purchase Agreement;

(ii) from time to time upon the request of the Trustee, Collateral Manager or Servicer, the Issuer shall deliver (or cause to be delivered) to the Custodial Securities Intermediary any Underlying Instrument in the possession of the Issuer and not previously delivered hereunder (including originals of Underlying Instruments not previously required to be delivered as originals) and as to which the Trustee, Collateral Manager or Servicer, as applicable, shall have reasonably determined to be necessary or appropriate for the administration of such Collateral Debt Security hereunder or under the Collateral Management Agreement or under the Servicing Agreement or for the protection of the security interest of the Trustee under this Indenture;

(iii) in connection with any delivery of documents to the Custodial Securities Intermediary pursuant to clauses (i) and (ii) above, the Trustee shall deliver to the Collateral Manager and the Servicer, on behalf of the

By submission of any such Request for Release, the Collateral Manager or the Servicer, as applicable, shall be deemed to have represented and warranted that it has determined in accordance with the Collateral Manager Servicing Standard or the Servicing Standard set forth in the Servicing Agreement, as the case may be, that the requested release is necessary for the administration of such Collateral Debt Security hereunder or under the Collateral Management Agreement or under the Servicing Agreement or for the protection of the security interest of the Trustee under this Indenture. The Collateral Manager or the Servicer shall return to the Custodial Securities Intermediary each Underlying Instrument released from custody pursuant to this clause (iv) within 20 Business Days of receipt thereof (except such Underlying Instruments as are released in connection with a sale, exchange or other disposition, in each case only as permitted under this Indenture, of the related Collateral Debt Security that is consummated within such 20-day period). Notwithstanding the foregoing provisions of this clause (iv), (A) any note, certificate or other instrument evidencing a Pledged Collateral Debt Security shall be released only for the purpose of (1) a sale, exchange or other disposition of such Pledged Collateral Debt Security that is permitted in accordance with the terms of this Indenture, (2) presentation, collection, renewal or registration of transfer of such Collateral Debt Security or (3) in the case of any note, in connection with a payment in full of all amounts owing under such note, and (B) the Custodial Securities Intermediary may refuse to honor any Request for Release following the occurrence of an Event of Default under this Indenture; and

(v) to the extent the Collateral Manager deems necessary or advisable in accordance with the Collateral Manager Servicing Standard, the Issuer may, at the direction of the Collateral Manager (but only upon disclosure to, and with the prior consent of, the Advisory Committee), assign its right to purchase under a "buy/sell" arrangement in respect of a Collateral Debt Security to the Holder of the Preferred Shares or any Affiliate thereof.

(e) As of the Closing Date (with respect to the Assets owned or existing as of the Closing Date) and each date on which an Asset is acquired (only with respect to each Asset so acquired or arising after the Closing Date), the Issuer represents and warrants as follows:

(i) this Indenture creates a valid and continuing security interest (as defined in the UCC) in the Assets in favor of the Trustee for the benefit of the Secured Parties, which security interest is prior to all other liens, and is enforceable as such against creditors of and purchasers from the Issuer;

(ii) the Issuer owns and has good and marketable title to such Assets free and clear of any lien, claim or encumbrance of any Person;

-129-

(iii) in the case of each Asset, the Issuer has acquired its ownership in such Asset in good faith without notice of any adverse claim as defined in Section 8-102(a)(1) of the UCC as in effect on the date hereof;

(iv) other than the security interest granted to the Trustee for the benefit of the Secured Parties pursuant to this Indenture, the Issuer has not pledged, assigned, sold, granted a security interest in, or otherwise conveyed any of the Assets;

(v) the Issuer has not authorized the filing of, and is not aware of, any financing statements against the Issuer that include a description of collateral covering the Assets other than any financing statement (x) relating to the security interest granted to the Trustee for the benefit of the Secured Parties hereunder or (y) that has been terminated; the Issuer is not aware of any judgment lien, Pension Benefit Guarantee Corporation lien or tax lien filings against the Issuer;

(vi) the Issuer has received all consents and approvals required by the terms of each Asset and the Underlying Instruments to grant to the Trustee its interest and rights in such Asset hereunder;

(vii) the Issuer has caused or will have caused, within ten days, the filing of all appropriate financing statements in the proper filing office in the appropriate jurisdictions under applicable law in order to perfect the security interest in the Assets granted to the Trustee for the benefit of the Secured Parties hereunder;

(viii) each Asset is an Instrument, a General Intangible, a Certificated Security or an Uncertificated Security, or has been or will have been credited to a Securities Account;

(ix) the Custodial Securities Intermediary has agreed to treat all assets credited to the Securities Account as Financial Assets;

(x) the Issuer has delivered a fully executed Securities Account Control Agreement pursuant to which the Custodial Securities Intermediary has agreed to comply with all instructions originated by the Trustee relating to the Custodial Account without further consent of the Issuer; the Custodial Account is not in the name of any person other than the Issuer or the Trustee; the Issuer has not consented to the Securities Intermediary of the Custodial Account to comply with Entitlement Orders of any person other than the Trustee;

-130-

The Issuer has not consented to the bank maintaining the Deposit Accounts to comply with the instructions of any person other than the Trustee; and

(xiii) the Issuer has established procedures such that any Eligible Investments purchased with funds withdrawn from the Deposit Accounts will be (i) credited to a Securities Account over which the Trustee will have a first priority perfected security interest, (ii) purchased in the name of the Trustee, or (iii) held in another manner sufficient to establish the Trustee's first priority perfected security interest over such Eligible Investments.

(f) The Trustee shall only invest in Eligible Investments which the applicable Custodial Securities Intermediary agrees to credit to the applicable account. To the extent any Eligible Investment shall not be delivered to the Trustee by causing the Custodial Securities Intermediary to create a Security Entitlement in the Securities Account in favor of the Trustee, the Issuer shall deliver an Opinion of Counsel to the Trustee to the effect that any other delivery will effect a first priority security interest in favor of the Trustee in such Eligible Instrument.

Section 5.2 Acceleration of Maturity; Rescission and Annulment.

(a) If an Event of Default shall occur and be continuing (other than the Events of Default specified in Section 5.1(f) or 5.1(g)), the Trustee may (and shall at the direction of (x) in the case of an Event of Default specified in Section 5.1(a), 5.1(b) or 5.1(j), so long as MBIA is deemed to be the Controlling Class hereunder, MBIA or (y) in any other case, a Majority, by outstanding principal amount, of each Class of Notes voting as a separate Class (excluding any Notes owned by the Collateral Manager or any of its Affiliates or by any accounts managed by them), declare the principal of and accrued and unpaid interest on all the Notes to be immediately due and payable (and any such acceleration shall automatically terminate the Reinvestment Period). If an Event of Default described in Section 5.1(f) or 5.1(g) above occurs, such an acceleration shall occur automatically and without any further action and any such acceleration shall automatically terminate the Reinvestment Period. If the Notes are accelerated, payments shall be made in the order and priority set forth in Section 11.1(a) hereof. If an Event of Default shall occur and be

continuing, no Class A-1AR Draw may be made except with respect to Class A-1AR Draws to be applied to fund Delayed Funding Amounts related to Delayed Draw Term Loans; provided, however, that if an Event of Default specified in Section 5.1(f) or 5.1(g) occurs, the undrawn Class A-1AR Commitments shall terminate automatically without need for further action. The Trustee will provide notice of any such default to the Class A-1AR Note Agent. If the Notes are accelerated (whether such acceleration is automatic or otherwise), the Issuer (or the Collateral Manager on its behalf) shall take the actions described in Section 18.1(c) herein. Immediately following such draw, the Class A-1AR Commitments shall terminate.

(b) At any time after such a declaration of acceleration of Maturity of the Notes has been made, and before a judgment or decree for payment of the Money due has been obtained by the Trustee as hereinafter provided in this Article 5, a Majority of each Class of Notes (voting as a separate Class), other than with respect to an Event of Default specified in Section 5.1(d), 5.1(e), 5.1(h), 5.1(i) or 5.1(j), which may be rescinded only by MBIA so long as MBIA is deemed to be the Controlling Class hereunder, by written notice to the Issuer, the Co-Issuer, the Trustee and each Hedge Counterparty, may rescind and annul such declaration and its consequences if:

(i) the Issuer or the Co-Issuer has paid or deposited with the Trustee a sum sufficient to pay:

(A) all unpaid installments of interest on and principal of the Notes, and in the case of the Class A-1AR Notes, the Class A-1AR Commitment Fee, that would be due and payable hereunder if the Event of Default giving rise to such acceleration had not occurred;

(B) to the extent that payment of such interest is lawful, interest on the Class C Capitalized Interest at the Class C Rate, interest on the Class D Capitalized Interest at the Class D Rate, interest on the Class E

-137-

Capitalized Interest at the Class E Rate, interest on the Class F Capitalized Interest at the Class F Rate, interest on the Class G Capitalized Interest at the Class G Rate and interest on the Class H Capitalized Interest at the Class H Rate;

(C) all unpaid taxes of the Issuer and the Co-Issuer, Company Administrative Expenses and other sums paid or advanced by or otherwise due and payable to the Trustee hereunder;

(D) with respect to each Hedge Agreement, any amount then due and payable thereunder;

(E) with respect to the Advancing Agent and the Backup Advancing Agent, any amount due and payable for unreimbursed Interest Advances and Reimbursement Interest;

(F) with respect to the Collateral Manager, any amount due and payable for unreimbursed Cure Advances; and

(G) with respect to the Collateral Management Agreement, any Senior Collateral Management Fee then due and any Company Administrative Expense due and payable to the Collateral Manager thereunder;

(ii) the Hedge Agreements in effect immediately prior to the declaration of such acceleration shall remain in effect or, if such Hedge Agreements shall have become subject to early termination after the declaration of such acceleration, the Issuer shall have entered into a

replacement Hedge Agreement for the terminated Hedge Agreement in accordance with Section 16.1; and

(iii) the Trustee has determined that all Events of Default of which it has actual knowledge, other than the non-payment of the interest and principal on the Notes that have become due solely by such acceleration, have been cured and a Majority of the Controlling Class, by written notice to the Trustee and each Hedge Counterparty has agreed with such determination (which agreement shall not be unreasonably withheld or delayed) or waived as provided in Section 5.14.

At any such time that the Trustee, subject to Section 5.2(b), shall rescind and annul such declaration and its consequences as permitted hereinabove, the Trustee shall preserve the Assets in accordance with the provisions of Section 5.5 with respect to the Event of Default that gave rise to such declaration; provided, however, that if such preservation of the Assets is rescinded pursuant to Section 5.5, the Notes may be accelerated pursuant to the first paragraph of this Section 5.2, notwithstanding any previous rescission and annulment of a declaration of acceleration pursuant to this paragraph.

No such rescission shall affect any subsequent Default or impair any right consequent thereon. In addition, no such rescission shall affect any Hedge Agreement if it has been terminated in accordance with its terms.

-138-

(c) Subject to Sections 5.4 and 5.5, a Majority of the Controlling Class shall have the right to direct the Trustee in the conduct of any Proceedings for any remedy available to the Trustee or in the sale of any or all of the Assets; provided that (i) such direction will not conflict with any rule of law or this Indenture; (ii) the Trustee may take any other action not inconsistent with such direction; (iii) the Trustee determines that such action will not involve it in liability (unless the Trustee has received satisfactory indemnity or reasonable security against any such liability); and (iv) any direction to undertake a sale of the Assets may be made only as described in Section 5.17. Notwithstanding the foregoing, so long as MBIA is deemed to be the Controlling Class hereunder, MBIA in all cases shall have the right to direct the Trustee in the conduct of any proceedings or in the sale of any or all of the Assets following an Event of Default specified in Section 5.1(j) or a default with respect to the payment of principal of or interest on the Class A Notes, which default also constitutes an Event of Default specified in Section 5.1(a) or 5.1(b), and a subsequent acceleration of the Notes but only if (i) such direction will not conflict with any rule of law or this Indenture (including the limitations described in Section 5.5 but excluding any requirement requiring sufficient proceeds to pay in full the amounts then due and unpaid on any of the Notes) and (ii) the Trustee determines that such action will not involve it in liability (unless the Trustee has received satisfactory indemnity or reasonable security against any such liability or expense). The Trustee shall provide written notice of the receipt of such direction to each Hedge Counterparty promptly after receipt thereof.

(d) As security for the payment by the Issuer of the compensation and expenses of the Trustee and any sums the Trustee may be entitled to receive as indemnification by the Issuer, the Issuer hereby grants the Trustee a lien on the Assets, which lien is senior to the lien of the Noteholders. The Trustee's lien shall be subject to the Priority of Payments and exercisable by the Trustee only if the Notes have been declared due and payable following an Event of Default and such acceleration has not been rescinded or annulled.

(e) A Majority of the Controlling Class, may, prior to the time a judgment or decree for the payment of money due has been obtained by the Trustee, waive any past Default on behalf of the holders of all the Notes and its consequences in accordance with Section 5.14.

(f) In determining whether the holders of the requisite percentage of

Notes have given any direction, notice or consent hereunder, (i) Notes owned by the Issuer, the Co-Issuer or any Affiliate thereof shall be disregarded and deemed not to be Outstanding and (ii) in relation to (x) any amendment or other modification of, or assignment or termination of, any of the express rights or obligations of the Collateral Manager under the Collateral Management Agreement or this Indenture (including the exercise of any rights to remove the Collateral Manager or terminate the Collateral Management Agreement or approve or object to a replacement for the Collateral Manager except as specifically provided in the Collateral Management Agreement with respect to the termination of the Collateral Manager without cause and with respect to the replacement of the Collateral Manager in instances where the Collateral Manager has not been terminated for cause or where such replacement is not an Affiliate of the Collateral Manager) and (y) the exercise by the Noteholders of their right, in connection with certain Events of Default, to accelerate amounts due under the Notes, Notes owned by the Collateral Manager or any of its Affiliates, or by any accounts managed by them, shall be disregarded and deemed not to be Outstanding. The Collateral Manager and its Affiliates shall

be entitled to vote Notes held by them, and by accounts managed by them, with respect to all other matters other than those described in clause (ii).

If the Issuer or the Co-Issuer fails to pay such amounts forthwith upon such demand, the Trustee, in its own name and as Trustee of an express trust, may institute a Proceeding for the collection of the sums so due and unpaid, and may prosecute such Proceeding to judgment or final decree, and may enforce the same against the Issuer and the Co-Issuer or any other obligor upon the Notes and collect the Monies adjudged or decreed to be payable in the manner provided by law out of the Assets.

If an Event of Default occurs and is continuing, the Trustee shall proceed to protect and enforce its rights and the rights of the Noteholders by such Proceedings (x) as directed by a Majority of the Controlling Class or (y) in the absence of direction by a Majority of the Controlling Class, as deemed most effectual by the Trustee. Such Proceedings shall be used for the specific enforcement of any covenant or agreement in this Indenture or in aid of the exercise of any power granted herein, or to enforce any other proper remedy or legal or equitable right vested in the Trustee by this Indenture or by law.

In the case where (x) there shall be pending Proceedings relative to the Issuer or the Co-Issuer under the Bankruptcy Code, any bankruptcy, insolvency, reorganization or similar law enacted under the laws of the Cayman Islands, or any other applicable bankruptcy, insolvency or other similar law, (y) a receiver, assignee or trustee in bankruptcy or reorganization, liquidator, sequestrator or similar official shall have been appointed for or taken possession of the Issuer or the Co-Issuer, or their respective property, or (z) there shall be any other comparable Proceedings relative to the Issuer or the Co-Issuer, or the creditors or property of the Issuer or the Co-Issuer, regardless of whether the principal of any Notes shall then be due and payable

as therein expressed or by declaration, or otherwise and regardless of whether the Trustee shall have made any demand pursuant to the provisions of this Section 5.3, the Trustee shall be entitled and empowered, by intervention in such Proceedings or otherwise:

-141-

(a) to file and prove a claim or claims for the whole amount of principal and interest and the Class A-1AR Commitment Fee owing and unpaid in respect of the Notes and to file such other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for reasonable compensation to the Trustee and each predecessor Trustee, and their respective agents, attorneys and counsel, and for reimbursement of all expenses and liabilities incurred, and all advances made, by the Trustee and each predecessor Trustee, except as a result of negligence or bad faith) and of the Noteholders allowed in any Proceedings relative to the Issuer, the Co-Issuer or other obligor upon the Notes or to the creditors or property of the Issuer, the Co-Issuer or such other obligor;

(b) unless prohibited by applicable law and regulations, to vote on behalf of the Noteholders in any election of a trustee or a standby trustee in arrangement, reorganization, liquidation or other bankruptcy or insolvency proceedings or of a Person performing similar functions in comparable Proceedings; and

(c) to collect and receive any Monies or other property payable to or deliverable on any such claims, and to distribute all amounts received with respect to the claims of the Noteholders and of the Trustee on their behalf; and any trustee, receiver or liquidator, custodian or other similar official is hereby authorized by each of the Noteholders to make payments to the Trustee, and, in the event that the Trustee shall consent to the making of payments directly to the Noteholders, to pay to the Trustee such amounts as shall be sufficient to cover reasonable compensation to the Trustee, each predecessor Trustee and their respective agents, attorneys and counsel, and all other reasonable expenses and liabilities incurred, and all advances made, by the Trustee and each predecessor Trustee except as a result of its own negligence, willful misconduct or bad faith.

Nothing herein contained shall be deemed to authorize the Trustee to authorize, consent to, vote for, accept or adopt, on behalf of any Noteholder, any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Noteholder in any such Proceeding except, as aforesaid, to vote for the election of a trustee in bankruptcy or similar Person.

All rights of action and of asserting claims under this Indenture, or under any of the Notes, may be enforced by the Trustee without the possession of any of the Notes or the production thereof in any trial or other Proceedings relative thereto, and any action or Proceedings instituted by the Trustee shall be brought in its own name as trustee of an express trust, and any recovery of judgment, shall be applied as set forth in Section 5.7.

In any Proceedings brought by the Trustee on behalf of the Noteholders, the Trustee shall be held to represent all the Holders of the Notes.

Notwithstanding anything in this Section 5.3 to the contrary, the Trustee may not sell or liquidate the Assets or institute Proceedings in furtherance thereof pursuant to this Section 5.3 unless the conditions specified in Section 5.5(a) are met.

-142-

Section 5.4 Remedies.

(a) If an Event of Default has occurred and is continuing, and the Notes have been declared due and payable and such declaration and its consequences have not been rescinded and annulled, the Issuer and the Co-Issuer agree that the Trustee may, after notice to the Noteholders and each Hedge Counterparty, and shall, upon direction by a Majority of the Controlling Class, to the extent permitted by applicable law, exercise one or more of the following rights, privileges and remedies:

(i) institute Proceedings for the collection of all amounts then payable on the Notes or otherwise payable under this Indenture (whether by declaration or otherwise), enforce any judgment obtained and collect from the Assets any Monies adjudged due;

(ii) sell all or a portion of the Assets or rights of interest therein, at one or more public or private sales called and conducted in any manner permitted by law and in accordance with Section 5.17 hereof;

(iii) institute Proceedings from time to time for the complete or partial foreclosure of this Indenture with respect to the Assets;

(iv) exercise any remedies of a secured party under the UCC and take any other appropriate action to protect and enforce the rights and remedies of the Secured Parties hereunder; and

(v) exercise any other rights and remedies that may be available at law or in equity;

provided, however, that the Trustee may not sell or liquidate the Assets or institute Proceedings in furtherance thereof pursuant to this Section 5.4 unless either of the conditions specified in Section 5.5(a) is met.

The Trustee may, but need not, obtain and rely upon an opinion of an Independent investment banking firm of national reputation with demonstrated capabilities in structuring and distributing notes or certificates similar to the Notes as to the feasibility of any action proposed to be taken in accordance with this Section 5.4 and as to the sufficiency of the proceeds and other amounts receivable with respect to the Assets to make the required payments of principal of and interest on the Notes and other amounts payable hereunder, which opinion shall be conclusive evidence as to such feasibility or sufficiency.

(b) If an Event of Default as described in Section 5.1(e) hereof shall have occurred and be continuing, the Trustee may, and at the request of the Holders of not less than 25% of the Aggregate Outstanding Amount of the Controlling Class (which shall be deemed to be MBIA so long as it is the Controlling Class hereunder) shall, institute a Proceeding solely to compel performance of the covenant or agreement or to cure the representation or warranty, the breach of which gave rise to the Event of Default under such Section, and enforce any equitable decree or order arising from such Proceeding.

-143-

(c) Upon any Sale, whether made under the power of sale hereby given or by virtue of judicial proceedings, any Noteholder, Preferred Shareholder or the Collateral Manager or any of its Affiliates may bid for and purchase the Assets or any part thereof and, upon compliance with the terms of Sale, may hold, retain, possess or dispose of such property in its or their own absolute right without accountability; and any purchaser at any such Sale may, in paying the purchase Money, turn in any of the Notes in lieu of Cash equal to the amount which shall, upon distribution of the net proceeds of such sale, be payable on the Notes so turned in by such Holder (taking into account the Class of such Notes). Such Notes, in case the amounts so payable thereon shall be less than

the amount due thereon, shall be returned to the Holders thereof after proper notation has been made thereon to show partial payment.

Upon any Sale, whether made under the power of sale hereby given or by virtue of judicial proceedings, the receipt of the Trustee or of the Officer making a sale under judicial proceedings shall be a sufficient discharge to the purchaser or purchasers at any sale for its or their purchase Money and such purchaser or purchasers shall not be obliged to see to the application thereof.

Any such Sale, whether under any power of sale hereby given or by virtue of judicial proceedings, shall (x) bind the Issuer, the Co-Issuer, the Trustee, the Noteholders and the Preferred Shareholders, shall operate to divest all right, title and interest whatsoever, either at law or in equity, of each of them in and to the property sold and (y) be a perpetual bar, both at law and in equity, against each of them and their successors and assigns, and against any and all Persons claiming through or under them.

(d) Notwithstanding any other provision of this Indenture or any other Transaction Document, none of the Advancing Agent, the Trustee or any other Secured Party, any other party to any Transaction Document or third party beneficiary of this Indenture may, prior to the date which is one year and one day, or, if longer, the applicable preference period then in effect (including any period established pursuant to the laws of the Cayman Islands) after the payment in full of all Notes, institute against, or join any other Person in instituting against, the Issuer or the Co-Issuer any bankruptcy, reorganization, arrangement, insolvency, moratorium or liquidation proceedings, or other proceedings under federal or State bankruptcy or similar laws of any jurisdiction. Nothing in this Section 5.4 shall preclude, or be deemed to stop, the Advancing Agent, the Trustee or any other Secured Party or any other party to any Transaction Document (i) from taking any action prior to the expiration of the aforementioned one year and one day period, or, if longer, the applicable preference period then in effect (including any period established pursuant to the laws of the Cayman Islands) period in (A) any case or proceeding voluntarily filed or commenced by the Issuer or the Co-Issuer or (B) any involuntary insolvency proceeding filed or commenced by a Person other than the Trustee or any other Secured Party or any other party to any Transaction Document, or (ii) from commencing against the Issuer or the Co-Issuer or any of their respective properties any legal action which is not a bankruptcy, reorganization, arrangement, insolvency, moratorium or liquidation proceeding.

Section 5.5 Preservation of Assets.

(a) Notwithstanding anything to the contrary herein, if an Event of Default shall have occurred and be continuing when any of the Notes are Outstanding, the Trustee shall

-144-

retain the Assets securing the Notes, collect and cause the collection of the proceeds thereof and make and apply all payments and deposits and maintain all accounts in respect of the Assets and the Notes in accordance with the Priority of Payments and the provisions of Articles 10, 12 and 13 unless either:

(i) in the case of an Event of Default specified in Section 5.1(j) or a default with respect to the payment of principal of or interest on the Class A Notes, which default also constitutes an Event of Default specified in Section 5.1(a) or 5.1(b), so long as MBIA is the Controlling Class under this Indenture, MBIA directs the Trustee to sell or otherwise liquidate the Assets;

(ii) the Trustee, pursuant to Section 5.5(c), determines that the anticipated proceeds of a sale or liquidation of the Assets (after deducting the reasonable expenses of such sale or liquidation) would be sufficient to discharge in full the amounts then due and unpaid on the Notes (including the Class A-1AR Commitment Fee), Company Administrative

Expenses due and payable pursuant to clauses (3) and (26) of Section 11.1(a)(i) and clauses (1) and (10) of Section 11.1(a)(ii), the Senior Collateral Management Fees due and payable pursuant to clause (4) of Section 11.1(a)(i), the Subordinate Collateral Management Fees due and payable pursuant to clause (27) of Section 11.1(a)(i), any amounts due and unpaid to each Hedge Counterparty, including without limitation, any payments (however described) due and payable by the Issuer under each Hedge Agreement upon a termination of such Hedge Agreement (including any interest that may accrue thereon) and amounts due and payable to the Advancing Agent and the Backup Advancing Agent, in respect of unreimbursed Interest Advances and Reimbursement Interest, and the holders of a Majority of the Controlling Class (which shall be deemed to be MBIA so long as it is the Controlling Class hereunder) agrees with such determination; or

(iii) the Holders of at least 66- 2/3% of the Aggregate Outstanding Amount of each Class of Notes (each voting as a separate Class) (and each Hedge Counterparty, unless each shall be paid in full the amounts due and unpaid, including, without limitation, any payments (however described) due and payable by the Issuer under each Hedge Agreement upon a termination of such Hedge Agreement (including any interest that may accrue thereon)), direct, subject to the provisions of this Indenture, the sale and liquidation of the Assets.

The Trustee shall give written notice of the retention of the Assets to the Issuer, the Co-Issuer, the Collateral Manager, each Hedge Counterparty and the Rating Agencies. So long as such Event of Default is continuing, any such retention pursuant to this Section 5.5(a) may be rescinded at any time when the conditions specified in clause (i) or (ii) above exist.

(b) Nothing contained in Section 5.5(a) shall be construed to require the Trustee to sell the Assets securing the Notes if the conditions set forth in Section 5.5(a) are not satisfied. Nothing contained in Section 5.5(a) shall be construed to require the Trustee to preserve the Assets securing the Notes if prohibited by applicable law.

-145-

(c) To assist the Trustee in determining whether the condition specified in Section 5.5(a)(i) exists, the Collateral Manager shall obtain bid prices with respect to each Pledged Collateral Debt Security from two dealers (Independent of the Collateral Manager and any of its Affiliates) at the time making a market in such Pledged Collateral Debt Securities (or, if there is only one market maker, then the Collateral Manager shall obtain a bid price from that market maker or, if no market maker, from a pricing service). The Collateral Manager shall compute the anticipated proceeds of sale or liquidation on the basis of the lowest of such bid prices for each such Pledged Collateral Debt Security and provide the Trustee with the results thereof. For the purposes of determining issues relating to the Market Value of any Pledged Collateral Debt Security and the execution of a sale or other liquidation thereof, the Trustee may, but need not, retain at the expense of the Issuer and rely on an opinion of an Independent investment banking firm of national reputation in connection with a determination (notwithstanding that such opinion will not be the basis for such determination) as to whether the condition specified in Section 5.5(a)(i) exists.

The Trustee shall promptly deliver to the Noteholders and each Hedge Counterparty a report stating the results of any determination required to be made pursuant to Section 5.5(a)(i). If requested by a Majority of the Controlling Class, the Trustee shall make the determinations required by Section 5.5(a)(i) within 30 days of such request.

Section 5.6 Trustee May Enforce Claims Without Possession of Notes.

All rights of action and claims under this Indenture or under any of the Notes may be prosecuted and enforced by the Trustee without the possession of any of the Notes or the production thereof in any trial or other Proceeding

relating thereto, and any such action or Proceeding instituted by the Trustee shall be brought in its own name as trustee of an express trust. Any recovery of judgment in respect of the Notes shall be applied as set forth in Section 5.7 hereof.

In any Proceedings brought by the Trustee (and in any Proceedings involving the interpretation of any provision of this Indenture to which the Trustee shall be a party) in respect of the Notes, the Trustee shall be held to represent all the Holders of the Notes.

Section 5.7 Application of Money Collected.

Any Money collected by the Trustee with respect to the Notes pursuant to this Article 5 and any Money that may then be held or thereafter received by the Trustee with respect to the Notes hereunder shall be applied subject to Section 13.1 hereof and in accordance with the Priority of Payments set forth in Section 11.1 hereof, at the date or dates fixed by the Trustee.

Section 5.8 Limitation on Suits.

No Holder of any Notes shall have any right to institute any Proceedings, judicial or otherwise, with respect to this Indenture, or for the appointment of a receiver or trustee, or for any other remedy hereunder, unless:

(a) such Holder has previously given to the Trustee written notice of an Event of Default;

-146-

(b) except as otherwise provided in Section 5.9 hereof, the Holders of at least 25% of the then Aggregate Outstanding Amount of the Controlling Class shall have made written request to the Trustee to institute Proceedings in respect of such Event of Default in its own name as Trustee hereunder and such Holders have offered to the Trustee reasonable indemnity against the costs, expenses and liabilities to be incurred in compliance with such request;

(c) the Trustee for 30 days after its receipt of such notice, request and offer of indemnity has failed to institute any such Proceeding; and

(d) no direction inconsistent with such written request has been given to the Trustee during such 30-day period by a Majority of the Controlling Class; it being understood and intended that no one or more Holders of Notes shall have any right in any manner whatsoever by virtue of, or by availing of, any provision of this Indenture to affect, disturb or prejudice the rights of any other Holders of Notes of the same Class or to obtain or to seek to obtain priority or preference over any other Holders of the Notes of the same Class or to enforce any right under this Indenture, except in the manner herein provided and for the equal and ratable benefit of all the Holders of Notes of the same Class subject to and in accordance with Section 13.1 hereof and the Priority of Payments.

In the event the Trustee shall receive conflicting or inconsistent requests and indemnity from two or more groups of Holders of the Controlling Class, each representing less than a Majority of the Controlling Class, the Trustee in its sole discretion may determine what action, if any, shall be taken, notwithstanding any other provisions of this Indenture.

Section 5.9 Unconditional Rights of Noteholders to Receive Principal, Interest and the Class A-1AR Commitment Fee.

Notwithstanding any other provision in this Indenture (except for Section 2.7(l) and 2.7(u)), the Holder of any Class of Note shall have the right, which is absolute and unconditional, to receive payment of the principal of and interest (and the Class A-1AR Commitment Fee, as applicable) on such Class of Note as such principal, interest (and the Class A-1AR Commitment Fee,

as applicable) and other amounts become due and payable in accordance with the Priority of Payments and Section 13.1, and, subject to the provisions of Sections 5.4 and 5.8 to institute Proceedings for the enforcement of any such payment, and such right shall not be impaired without the consent of such Holder; provided, however, that the right of such Holder to institute proceedings for the enforcement of any such payment shall not be subject to the 25% threshold requirement set forth in Section 5.8(b).

Section 5.10 Restoration of Rights and Remedies.

If the Trustee or any Noteholder has instituted any Proceeding to enforce any right or remedy under this Indenture and such Proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or to such Noteholder, then (and in every such case) the Issuer, the Co-Issuer, the Trustee, and the Noteholder shall, subject to any determination in such Proceeding, be restored severally and respectively to their former positions

-147-

hereunder, and thereafter all rights and remedies of the Trustee and the Noteholders shall continue as though no such Proceeding had been instituted.

Section 5.11 Rights and Remedies Cumulative.

No right or remedy herein conferred upon or reserved to the Trustee or to the Noteholders is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 5.12 Delay or Omission Not Waiver.

No delay or omission of the Trustee or of any Noteholder to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein or a waiver of a subsequent Event of Default. Every right and remedy given by this Article 5 or by law to the Trustee, or to the Noteholders may be exercised from time to time, and as often as may be deemed expedient, by the Trustee, or by the Noteholders, as the case may be.

Section 5.13 Control by the Controlling Class.

Notwithstanding any other provision of this Indenture, if an Event of Default shall have occurred and be continuing when any of the Notes are Outstanding, a Majority of the Controlling Class (which shall be deemed to be MBIA so long as it is the Controlling Class hereunder) shall have the right to cause the institution of and direct the time, method and place of conducting any Proceeding for any remedy available to the Trustee for exercising any trust, right, remedy or power conferred on the Trustee in respect of the Notes; provided that:

(a) such direction shall not conflict with any rule of law or with this Indenture;

(b) the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction; provided, however, that, subject to Section 6.1, the Trustee need not take any action that it determines might involve it in liability (unless the Trustee has received satisfactory indemnity against such liability as set forth below);

(c) the Trustee shall have been provided with indemnity satisfactory to it; and

(d) any direction to the Trustee to undertake a Sale of the Assets shall be by the Holders of Notes secured thereby representing at least 66 2/3% of the Aggregate Outstanding Amount of each Class of Notes or to the extent required pursuant to Section 5.5, MBIA, so long as it is deemed to be the Controlling Class hereunder.

-148-

Section 5.14 Waiver of Past Defaults.

Prior to the time a judgment or decree for payment of the Money due has been obtained by the Trustee, as provided in this Article 5, so long as MBIA is deemed to be the Controlling Class hereunder, MBIA may (with the consent of the Hedge Counterparty if such Hedge Counterparty is materially and adversely affected by the default with respect to the Notes), waive any Event of Default specified in Section 5.1(d), 5.1(e), 5.1(h), 5.1(i), or 5.1(j) with respect to the Notes and its consequences; thereafter, a Majority of each and every Class of Notes (voting as a separate Class) may, on behalf of the Holders of all the Notes, waive any past Default in respect of the Notes and its consequences, except a Default:

(a) in the payment of principal of any Note;

(b) in the payment of interest in respect of the Controlling Class;

(c) in the payment of the Class A-1AR Commitment Fee in respect of the Class A-1AR Notes;

(d) in respect of a covenant or provision hereof that, under Section 8.2, cannot be modified or amended without the waiver or consent of the Holder of each Outstanding Note and each Hedge Counterparty adversely affected thereby;

(e) in respect of any covenant or provision hereof for the individual protection or benefit of the Trustee, without the Trustee's express written consent thereto; or

(f) a default that also materially adversely affects a Hedge Counterparty unless such Hedge Counterparty also agrees to such default.

In the case of any such waiver, the Issuer, the Co-Issuer, the Trustee, and the Holders of the Notes shall be restored to their respective former positions and rights hereunder, but no such waiver shall extend to any subsequent or other Default or impair any right consequent thereto. The Trustee shall promptly give written notice of any such waiver to the Collateral Manager, each Noteholder and each Hedge Counterparty.

Upon any such waiver, such Default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose of this Indenture, but no such waiver shall extend to any subsequent or other Default or impair any right consequent thereto.

Section 5.15 Undertaking for Costs.

All parties to this Indenture agree, and each Holder of any Note by its acceptance thereof shall be deemed to have agreed, that any court may in its discretion require, in any suit for the enforcement of any right or remedy under this Indenture, or in any suit against the Trustee for any action taken or omitted by it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable attorneys' fees, against any party litigant in such suit, having due regard to the merits and good faith of the claims or defenses made by such party

litigant; but the provisions of this Section 5.15 shall not apply to any suit instituted by (x) the Trustee, (y) any Noteholder, or group of Noteholders, holding in the aggregate more than 10% of the Aggregate Outstanding Amount of the Controlling Class or (z) any Noteholder for the enforcement of the payment of the principal of or interest, or the Class A-1AR Commitment Fee, as applicable, on any Note or any other amount payable hereunder on or after the Stated Maturity (or, in the case of redemption, on or after the applicable Redemption Date).

Section 5.16 Waiver of Stay or Extension Laws.

Each of the Issuer and the Co-Issuer covenants (to the extent that it may lawfully do so) that it will not at any time insist upon, plead or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law wherever enacted, now or at any time hereafter in force (including but not limited to filing a voluntary petition under Chapter 11 of the Bankruptcy Code and by the voluntary commencement of a proceeding or the filing of a petition seeking winding up, liquidation, reorganization or other relief under any bankruptcy, insolvency, reorganization, moratorium, receivership, conservatorship or other similar laws now or hereafter in effect), which may affect the covenants, the performance of or any remedies under this Indenture; and each of the Issuer and the Co-Issuer (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law, and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

Section 5.17 Sale of Assets.

(a) The power to effect any sale (a "Sale") of any portion of the Assets pursuant to Sections 5.4 and 5.5 hereof shall not be exhausted by any one or more Sales as to any portion of such Assets remaining unsold, but shall continue unimpaired until all amounts secured by the Assets shall have been paid or if there are insufficient proceeds to pay such amount until the entire Assets shall have been sold. The Trustee may, upon notice to the Securityholders and each Hedge Counterparty, and shall, upon direction of a Majority of the Controlling Class, from time to time postpone any Sale by public announcement made at the time and place of such Sale; provided, however, that if the Sale is rescheduled for a date more than three Business Days after the date of the determination by the Trustee pursuant to Section 5.5(a)(i) hereof, such Sale shall not occur unless and until the Trustee has again made the determination required by Section 5.5(a)(i) hereof. The Trustee hereby expressly waives its rights to any amount fixed by law as compensation for any Sale; provided that the Trustee shall be authorized to deduct the reasonable costs, charges and expenses incurred by it in connection with such Sale from the proceeds thereof notwithstanding the provisions of Section 6.7 hereof.

(b) The Trustee may bid for and acquire any portion of the Assets in connection with a public Sale thereof, and may pay all or part of the purchase price by crediting against amounts owing on the Notes or other amounts secured by the Assets, all or part of the net proceeds of such Sale after deducting the reasonable costs, charges and expenses incurred by the Trustee in connection with such Sale notwithstanding the provisions of Section 6.7 hereof. The Notes need not be produced in order to complete any such Sale, or in order for the net proceeds of such Sale to be credited against amounts owing on the Notes. The Trustee may hold, lease,

operate, manage or otherwise deal with any property so acquired in any manner permitted by law in accordance with this Indenture.

(c) If any portion of the Assets consists of securities issued without registration under the Securities Act ("Unregistered Securities"), the Trustee may seek an Opinion of Counsel, or, if no such Opinion of Counsel can be obtained and with the consent of a Majority of the Controlling Class, seek a no action position from the SEC or any other relevant federal or State regulatory authorities, regarding the legality of a public or private Sale of such Unregistered Securities. In no event shall the Trustee be required to register Unregistered Securities under the Securities Act.

(d) The Trustee shall execute and deliver an appropriate instrument of conveyance transferring its interest in any portion of the Assets in connection with a Sale thereof. In addition, the Trustee is hereby irrevocably appointed the agent and attorney in fact of the Issuer to transfer and convey its interest in any portion of the Assets in connection with a Sale thereof, and to take all action necessary to effect such Sale. No purchaser or transferee at such a Sale shall be bound to ascertain the Trustee's authority, to inquire into the satisfaction of any conditions precedent or to see to the application of any Monies.

(e) In the event of any Sale of the Assets pursuant to Section 5.4 or Section 5.5, payments shall be made in the order and priority set forth in Section 11.1(a) in the same manner as if the Notes had been accelerated.

Section 5.18 Action on the Notes.

The Trustee's right to seek and recover judgment on the Notes or under this Indenture shall not be affected by the application for or obtaining of any other relief under or with respect to this Indenture. Neither the lien of this Indenture nor any rights or remedies of the Trustee or the Noteholders shall be impaired by the recovery of any judgment by the Trustee against the Issuer or the Co-Issuer or by the levy of any execution under such judgment upon any portion of the Assets or upon any of the assets of the Issuer or the Co-Issuer.

ARTICLE 6

THE TRUSTEE

Section 6.1 Certain Duties and Responsibilities.

(a) Except during the continuance of an Event of Default:

(i) the Trustee undertakes to perform such duties and only such duties as are set forth in this Indenture, and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(ii) in the absence of manifest error, or bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming

-151-

to the requirements of this Indenture; provided, however, that in the case of any such certificates or opinions which by any provision hereof are specifically required to be furnished to the Trustee, the Trustee shall be under a duty to examine the same to determine whether or not they substantially conform to the requirements of this Indenture and shall promptly, but in any event within three Business Days in the case of an Officer's Certificate furnished by the Collateral Manager, notify the party delivering the same if such certificate or opinion does not conform. If a corrected form shall not have been delivered to the Trustee within 15 days after such notice from the Trustee, the Trustee shall so notify the Noteholders.

(b) In case an Event of Default known to the Trustee has occurred and is continuing, the Trustee shall, prior to the receipt of directions, if any, from a Majority of the Controlling Class (or other Noteholders to the extent provided in Article 5 hereof)), exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in its exercise as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs.

(c) If, in performing its duties under this Indenture, the Trustee is required to decide between alternative courses of action, the Trustee may request written instructions from the Collateral Manager as to courses of action desired by it. If the Trustee does not receive such instructions within two Business Days after it has requested them, it may, but shall be under no duty to, take or refrain from taking such action. The Trustee shall act in accordance with instructions received after such two-Business Day period except to the extent it has already taken, or committed itself to take, action inconsistent with such instructions. The Trustee shall be entitled to rely on the advice of legal counsel and Independent accountants in performing its duties hereunder and be deemed to have acted in good faith if it acts in accordance with such advice.

(d) No provision of this Indenture shall be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that:

(i) this subsection shall not be construed to limit the effect of Section 6.1(a);

(ii) the Trustee shall not be liable for any error of judgment made in good faith by a Trust Officer, unless it shall be proven that the Trustee was negligent in ascertaining the pertinent facts;

(iii) the Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the Issuer in accordance with this Indenture and/or the Controlling Class relating to the time, method and place of conducting any Proceeding for any remedy available to the Trustee in respect of any Note or exercising any trust or power conferred upon the Trustee under this Indenture;

(iv) no provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers contemplated hereunder,

-152-

if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it (if the amount of such funds or risk or liability does not exceed the amount payable to the Trustee pursuant to Section 11.1(a)(i)(3) and Section 11.1(a)(ii)(1) net of the amounts specified in Section 6.7(a)(i), the Trustee shall be deemed to be reasonably assured of such repayment) unless such risk or liability relates to its ordinary services under this Indenture, except where this Indenture provides otherwise; and

(v) the Trustee shall not be liable to the Noteholders for any action taken or omitted by it at the direction of the Issuer, the Co-Issuer, the Collateral Manager, the Controlling Class and/or a Noteholder under circumstances in which such direction is required or permitted by the terms of this Indenture.

(e) For all purposes under this Indenture, the Trustee shall not be deemed to have notice or knowledge of any Event of Default described in Section 5.1(d), 5.1(f), 5.1(g), 5.1(h) or 5.1(i) or any Default described in Section

5.1(e) unless a Trust Officer assigned to and working in the Corporate Trust Office has actual knowledge thereof or unless written notice of any event which is in fact such an Event of Default or Default is received by the Trustee at the Corporate Trust Office, and such notice references, as applicable, the Notes generally, the Issuer, the Assets or this Indenture. For purposes of determining the Trustee's responsibility and liability hereunder, whenever reference is made in this Indenture to such an Event of Default or a Default, such reference shall be construed to refer only to such an Event of Default or Default of which the Trustee is deemed to have notice as described in this Section 6.1.

(f) Whether or not therein expressly so provided, every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of Sections 6.1(a), (b), (c), (d) and (e).

(g) The Trustee shall, upon reasonable prior written notice to the Trustee, permit the Issuer, the Co-Issuer, the Collateral Manager or the Rating Agencies, during the Trustee's normal business hours, to examine all books of account, records, reports and other papers of the Trustee relating to the Notes, to make copies and extracts therefrom (the reasonable out-of-pocket expenses incurred in making any such copies or extracts to be reimbursed to the Trustee by such Person) and to discuss the Trustee's actions, as such actions relate to the Trustee's duties with respect to the Notes, with the Trustee's officers and employees responsible for carrying out the Trustee's duties with respect to the Notes.

Section 6.2 Notice of Default.

Promptly (and in no event later than three Business Days) after the occurrence of any Default known to the Trustee or after any declaration of acceleration has been made or delivered to the Trustee pursuant to Section 5.2, the Trustee shall transmit by mail to the Collateral Manager, the Class A-1AR Note Agent, the Irish Paying Agent (for so long as any Notes are listed on the Irish Stock Exchange), each Hedge Counterparty, each Rating Agency (for so long as any Class of Notes is Outstanding and rated by such Rating Agency), so long as MBIA is deemed to be the Controlling Class hereunder, MBIA, and to all Holders of Notes as

-153-

their names and addresses appear on the Notes Register, notice of all Defaults hereunder known to the Trustee, unless such Default shall have been cured or waived.

Section 6.3 Certain Rights of Trustee.

Except as otherwise provided in Section 6.1:

(a) the Trustee may rely and shall be protected in acting or refraining from acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, note or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties;

(b) any request or direction of the Issuer or the Co-Issuer mentioned herein shall be sufficiently evidenced by an Issuer Request or Issuer Order, as the case may be;

(c) whenever in the administration of this Indenture the Trustee shall (i) deem it desirable that a matter be proved or established prior to taking, suffering or omitting any action hereunder, the Trustee (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, rely upon an Officer's Certificate or (ii) be required to determine the value of any Assets or funds hereunder or the cash flows projected to be received therefrom, the Trustee may, in the absence of bad faith on its part, rely on

reports of nationally recognized accountants, investment bankers or other persons qualified to provide the information required to make such determination, including nationally recognized dealers in securities of the type being valued and securities quotation services;

(d) as a condition to the taking or omitting of any action by it hereunder, the Trustee may consult with counsel and the advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection in respect of any action taken or omitted by it hereunder in good faith and in reliance thereon;

(e) the Trustee shall be under no obligation to exercise or to honor any of the rights or powers vested in it by this Indenture at the request or direction of any of the Noteholders pursuant to this Indenture, unless such Noteholders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities which might reasonably be incurred by it in compliance with such request or direction;

(f) the Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, note or other paper documents, but the Trustee, in its discretion, may and, upon the written direction of a Majority of the Controlling Class or of a Rating Agency, shall make such further inquiry or investigation into such facts or matters as it may see fit or as it shall be directed and shall have received indemnification reasonably acceptable to the Trustee, and, the Trustee shall be entitled, on reasonable prior notice to the Issuer, the Co-Issuer, the Collateral Manager and the Servicer, to examine the books and records relating to the Notes and the Assets, as applicable, at the premises of the Issuer, the Co-Issuer and the Collateral Manager, personally or by agent or attorney during the Issuer's, the Co-Issuer's or the Collateral Manager's normal business hours upon not less than three Business Days' prior written notice; provided that the Trustee shall, and shall cause its agents to, hold in

-154-

confidence all such information, except (i) to the extent disclosure may be required by law by any regulatory authority and (ii) to the extent that the Trustee, in its sole judgment, may determine that such disclosure is consistent with its obligations hereunder;

(g) the Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder (except with respect to its duty to make any Interest Advance under the circumstances specified in Section 10.9) either directly or by or through agents or attorneys; provided that the Trustee shall not be responsible for any willful misconduct or negligence on the part of any agent appointed and supervised, or attorney appointed, with due care by it hereunder;

(h) the Trustee shall not be liable for any action it takes or omits to take in good faith that it reasonably and prudently believes to be authorized or within its rights or powers hereunder;

(i) the Trustee shall not be responsible for the accuracy of the books or records of, or for any acts or omissions of, the Depository, any Transfer Agent (other than the Trustee itself acting in that capacity), Clearstream, Luxembourg, Euroclear, any Calculation Agent (other than the Trustee itself acting in that capacity) or any Paying Agent (other than the Trustee itself acting in that capacity);

(j) the Trustee shall not be liable for the actions or omissions of the Collateral Manager; and without limiting the foregoing, the Trustee shall not (except to the extent, if at all, otherwise expressly stated in this Indenture) be under any obligation to monitor, evaluate or verify compliance by the Collateral Manager with the terms hereof or the Collateral Management

Agreement, or to verify or independently determine the accuracy of information received by it from the Collateral Manager (or from any selling institution, agent bank, trustee or similar source) with respect to the Collateral Debt Securities; and

(k) to the extent any defined term hereunder, or any calculation required to be made or determined by the Trustee hereunder, is dependent upon or defined by reference to generally accepted accounting principles in the United States in effect from time to time ("GAAP"), the Trustee shall be entitled to request and receive (and rely upon) instruction from the Issuer or the accountants appointed pursuant to Section 10.12 as to the application of GAAP in such connection, in any instance.

Section 6.4 Not Responsible for Recitals or Issuance of Notes.

The recitals contained herein and in the Notes, other than the Certificate of Authentication thereon, shall be taken as the statements of the Issuer and the Co-Issuer, and the Trustee assumes no responsibility for their correctness. The Trustee makes no representation as to the validity or sufficiency of this Indenture (except as may be made with respect to the validity of the Trustee's obligations hereunder), the Assets or the Notes. The Trustee shall not be accountable for the use or application by the Issuer or the Co-Issuer of the Notes or the proceeds thereof or any Money paid to the Issuer or the Co-Issuer pursuant to the provisions hereof.

-155-

Section 6.5 May Hold Notes.

The Trustee, the Paying Agent, the Notes Registrar or any other agent of the Issuer or the Co-Issuer, in its individual or any other capacity, may become the owner or pledgee of Notes and may otherwise deal with the Issuer and the Co-Issuer with the same rights it would have if it were not Trustee, Paying Agent, Notes Registrar or such other agent.

Section 6.6 Money Held in Trust.

Money held by the Trustee hereunder shall be held in trust to the extent required herein. The Trustee shall be under no liability for interest on any Money received by it hereunder except as otherwise agreed upon with the Issuer and except to the extent of income or other gain on investments which are deposits in or certificates of deposit of the Trustee in its commercial capacity and income or other gain actually received by the Trustee on Eligible Investments.

Section 6.7 Compensation and Reimbursement.

(a) The Issuer agrees:

(i) to pay the Trustee on each Payment Date in accordance with the Priority of Payments reasonable compensation for all services rendered by it hereunder (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust);

(ii) except as otherwise expressly provided herein, to reimburse the Trustee (subject to any written agreement between the Issuer and the Trustee) in a timely manner upon its request for all reasonable expenses, disbursements and advances (except as otherwise provided herein with respect to Interest Advances) incurred or made by the Trustee in accordance with any provision of this Indenture (including securities transaction charges to the extent not waived due to the Trustee's receipt of payments from a financial institution with respect to certain Eligible Investments, as specified by the Collateral Manager and the reasonable compensation and expenses and disbursements of its agents and legal counsel and of any accounting firm or investment banking firm employed by the Trustee pursuant

to Section 5.4, 5.5, 10.11 or 10.13 hereof, except any such expense, disbursement or advance as may be attributable to its negligence, willful misconduct or bad faith);

(iii) to indemnify the Trustee and its Officers, directors, employees and agents for, and to hold them harmless against, any loss, liability or expense incurred without negligence, willful misconduct or bad faith on their part, arising out of or in connection with the acceptance or administration of this trust, including the costs and expenses of defending themselves against any claim or liability in connection with the exercise or performance of any of their powers or duties hereunder; and

(iv) to pay the Trustee reasonable additional compensation together with its expenses (including reasonable counsel fees) for any collection action taken pursuant to Section 6.13 hereof.

-156-

(b) The Issuer may remit payment for such fees and expenses to the Trustee or, in the absence thereof, the Trustee may from time to time deduct payment of its fees and expenses hereunder from Monies on deposit in the Payment Account in accordance with the Priority of Payments.

(c) The Trustee, in its capacity as Trustee, Paying Agent, Calculation Agent, Transfer Agent, Custodial Securities Intermediary, Backup Advancing Agent and Notes Registrar, hereby agrees not to cause the filing of a petition in bankruptcy against the Issuer or the Co-Issuer until at least one year and one day (or, if longer, the applicable preference period then in effect) after the payment in full of all Notes issued under this Indenture. This provision shall survive termination of this Indenture.

(d) The Trustee agrees that the payment of all amounts to which it is entitled pursuant to Sections 6.7(a)(i), (a)(ii), (a)(iii) and (a)(iv) shall be subject to the Priority of Payments, shall be payable only to the extent funds are available in accordance with such Priority of Payments, shall be payable solely from the Assets and following realization of the Assets, any such claims of the Trustee against the Issuer, and all obligations of the Issuer, shall be extinguished. The Trustee will have a lien upon the Assets to secure the payment of such payments to it in accordance with the Priority of Payments; provided that the Trustee shall not institute any proceeding for enforcement of such lien except in connection with an action taken pursuant to Section 5.3 hereof for enforcement of the lien of this Indenture for the benefit of the Noteholders.

Fees shall be accrued on the actual number of days in the related Interest Accrual Period. The Trustee shall receive amounts pursuant to this Section 6.7 and Section 11.1(a) only to the extent that such payment is made in accordance with the Priority of Payments and the failure to pay such amounts to the Trustee will not, by itself, constitute an Event of Default. Subject to Section 6.9, the Trustee shall continue to serve as Trustee under this Indenture notwithstanding the fact that the Trustee shall not have received amounts due to it hereunder. No direction by a Majority of the Controlling Class shall affect the right of the Trustee to collect amounts owed to it under this Indenture.

If on any Payment Date when any amount shall be payable to the Trustee pursuant to this Indenture is not paid because there are insufficient funds available for the payment thereof, all or any portion of such amount not so paid shall be deferred and payable on any later Payment Date on which a fee shall be payable and sufficient funds are available therefor in accordance with the Priority of Payments.

Section 6.8 Corporate Trustee Required; Eligibility.

There shall at all times be a Trustee hereunder which shall be a corporation organized and doing business under the laws of the United States of America or of any State thereof, authorized under such laws to exercise

corporate trust powers, having a combined capital and surplus of at least \$200,000,000, subject to supervision or examination by federal or State authority, having a rating of at least "A2" by Moody's, a rating of at least "BBB" by Fitch and a long-term senior unsecured debt rating of at least "A+" and a short-term debt rating of at least "A-1" by S&P and having an office within the United States. If such corporation publishes

-157-

reports of condition at least annually, pursuant to law or to the requirements of the aforesaid supervising or examining authority, then for the purposes of this Section 6.8, the combined capital and surplus of such corporation shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. If at any time the Trustee shall cease to be eligible in accordance with the provisions of this Section 6.8, it shall resign immediately in the manner and with the effect hereinafter specified in this Article 6.

Section 6.9 Resignation and Removal; Appointment of Successor.

(a) No resignation or removal of the Trustee and no appointment of a successor Trustee pursuant to this Article 6 shall become effective until the acceptance of appointment by the successor Trustee under Section 6.10.

(b) The Trustee may resign at any time by giving written notice thereof to the Issuer, the Co-Issuer, the Collateral Manager, the Class A-1AR Note Agent, each Hedge Counterparty, the Noteholders, each Rating Agency and so long as MBIA is deemed to be the Controlling Class hereunder, MBIA. Upon receiving such notice of resignation, the Issuer and the Co-Issuer shall promptly appoint a successor trustee or trustees by written instrument, in duplicate, executed by an Authorized Officer of the Issuer and an Authorized Officer of the Co-Issuer, one copy of which shall be delivered to the Trustee so resigning and one copy to the successor Trustee or Trustees, together with a copy to each Noteholder, the Class A-1AR Note Agent, each Hedge Counterparty and the Collateral Manager; provided that such successor Trustee shall be appointed only upon the written consent of a Majority of the Notes (or if there are no Notes Outstanding, a Majority of the Preferred Shares) or, at any time when an Event of Default shall have occurred and be continuing or when a successor Trustee has been appointed pursuant to Section 6.10, by Act of a Majority of the Controlling Class. If no successor Trustee shall have been appointed and an instrument of acceptance by a successor Trustee shall not have been delivered to the Trustee within 30 days after the giving of such notice of resignation, the resigning Trustee, the Controlling Class of Notes or any Holder of a Note, on behalf of himself and all others similarly situated, may petition any court of competent jurisdiction for the appointment of a successor Trustee.

(c) The Trustee may be removed (i) at any time by Act of at least 66-2/3% of the Notes (or if there are no Notes Outstanding, a Majority of the Preferred Shares); provided that, so long as MBIA is deemed to be the Controlling Class hereunder, MBIA consents to such removal or (ii) at any time when an Event of Default shall have occurred and be continuing or when a successor Trustee has been appointed pursuant to Section 6.10, by Act of a Majority of the Controlling Class, in each case, upon written notice delivered to the Trustee and to the Issuer and the Co-Issuer.

(d) If at any time:

(i) the Trustee shall cease to be eligible under Section 6.8 and shall fail to resign after written request therefor by the Issuer, the Co-Issuer, or by any Holder; or

(ii) the Trustee shall become incapable of acting or there shall be instituted any proceeding pursuant to which it could be adjudged as bankrupt or insolvent or a

receiver or liquidator of the Trustee or of its property shall be appointed or any public officer shall take charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation;

then, in any such case (subject to Section 6.9(a)), (a) the Issuer or the Co-Issuer, by Issuer Order, subject to the written consent of each Hedge Counterparty, may remove the Trustee or (b) subject to Section 5.15, a Majority of the Controlling Class or any Holder may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(e) If the Trustee shall resign, be removed or become incapable of acting, or if a vacancy shall occur in the office of the Trustee for any reason, the Issuer and the Co-Issuer, by Issuer Order, subject to the written consent of each Hedge Counterparty and the Collateral Manager, shall promptly appoint a successor Trustee. If the Issuer and the Co-Issuer shall fail to appoint a successor Trustee within 60 days after such resignation, removal or incapability or the occurrence of such vacancy, a successor Trustee may be appointed by Act of a Majority of the Controlling Class delivered to the Issuer, the Co-Issuer, the Collateral Manager and the retiring Trustee. The successor Trustee so appointed shall, forthwith upon its acceptance of such appointment, become the successor Trustee and supersede any successor Trustee proposed by the Issuer and the Co-Issuer. If no successor Trustee shall have been so appointed by the Issuer and the Co-Issuer or a Majority of the Controlling Class and shall have accepted appointment in the manner hereinafter provided, subject to Section 5.15, each Hedge Counterparty, the Controlling Class or any Holder may, on behalf of itself or himself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Trustee.

(f) The Issuer and the Co-Issuer shall give prompt notice of each resignation and each removal of the Trustee and each appointment of a successor Trustee by mailing written notice of such event by first class mail, postage prepaid, to each Rating Agency, each Hedge Counterparty, the Preferred Shares Paying Agent, the Collateral Manager and to the Holders of the Notes as their names and addresses appear in the Notes Register. Each notice shall include the name of the successor Trustee and the address of its Corporate Trust Office. If the Issuer or the Co-Issuer fail to mail such notice within ten days after acceptance of appointment by the successor Trustee, the successor Trustee shall cause such notice to be given at the expense of the Issuer or the Co-Issuer, as the case may be.

Section 6.10 Acceptance of Appointment by Successor.

Every successor Trustee appointed hereunder shall execute, acknowledge and deliver to the Issuer, the Co-Issuer, the Class A-1AR Note Agent, each Hedge Counterparty, the Collateral Manager, the Servicer, so long as MBIA is deemed to be the Controlling Class hereunder, MBIA, and the retiring Trustee an instrument accepting such appointment. Upon delivery of the required instruments, the resignation or removal of the retiring Trustee shall become effective and such successor Trustee, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts, duties and obligations of the retiring Trustee; but, on request of the Issuer and the Co-Issuer or a Majority of the Controlling Class or the Collateral Manager or the successor Trustee, such retiring Trustee shall, upon payment of its charges then unpaid, execute and deliver an instrument transferring to such successor Trustee all

the rights, powers and trusts of the retiring Trustee, and shall duly assign,

transfer and deliver to such successor Trustee all property and Money held by such retiring Trustee hereunder, subject nevertheless to its lien, if any, provided for in Section 6.7(d). Upon request of any such successor Trustee, the Issuer and the Co-Issuer shall execute any and all instruments for more fully and certainly vesting in and confirming to such successor Trustee all such rights, powers and trusts.

No successor Trustee shall accept its appointment unless (a) at the time of such acceptance such successor shall be qualified and eligible under this Article 6, (b) such successor shall have long term debt rated within the four highest rating categories by each Rating Agency, and (c) the Rating Agency Condition is satisfied and, so long as MBIA is deemed to be the Controlling Class hereunder, MBIA consents with respect thereto.

Section 6.11 Merger, Conversion, Consolidation or Succession to Business of Trustee.

Any corporation or banking association into which the Trustee may be merged or converted or with which it may be consolidated, or any corporation or banking association resulting from any merger, conversion or consolidation to which the Trustee shall be a party, or any corporation succeeding to all or substantially all of the corporate trust business of the Trustee, shall be the successor of the Trustee hereunder; provided such corporation shall be otherwise qualified and eligible under this Article 6, without the execution or filing of any paper or any further act on the part of any of the parties hereto. In case any of the Notes have been authenticated, but not delivered, by the Trustee then in office, any successor by merger, conversion or consolidation to such authenticating Trustee may adopt such authentication and deliver the Notes so authenticated with the same effect as if such successor Trustee had itself authenticated such Notes.

Section 6.12 Co-Trustees and Separate Trustee.

At any time or times, including for the purpose of meeting the legal requirements of any jurisdiction in which any part of the Assets may at the time be located, the Issuer, the Co-Issuer and the Trustee shall have power to appoint, one or more Persons to act as co-trustee jointly with the Trustee of all or any part of the Assets, with the power to file such proofs of claim and take such other actions pursuant to Section 5.6 herein and to make such claims and enforce such rights of action on behalf of the Holders of the Notes as such Holders themselves may have the right to do, subject to the other provisions of this Section 6.12.

Each of the Issuer and the Co-Issuer shall join with the Trustee in the execution, delivery and performance of all instruments and agreements necessary or proper to appoint a co-trustee. If the Issuer and the Co-Issuer do not both join in such appointment within 15 days after the receipt by them of a request to do so, the Trustee shall have power to make such appointment.

Should any written instrument from the Issuer or the Co-Issuer be required by any co-trustee, so appointed, more fully confirming to such co-trustee such property, title, right or power, any and all such instruments shall, on request, be executed, acknowledged and delivered

-160-

by the Issuer or the Co-Issuer, as the case may be. The Issuer agrees to pay (but only from and to the extent of the Assets) to the extent funds are available therefor under clauses (3) and (26) of Section 11.1(a)(i), for any reasonable fees and expenses in connection with such appointment.

Every co-trustee, shall, to the extent permitted by law, but to such extent only, be appointed subject to the following terms:

(a) the Notes shall be authenticated and delivered and all rights,

powers, duties and obligations hereunder in respect of the custody of securities, Cash and other personal property held by, or required to be deposited or pledged with, the Trustee hereunder, shall be exercised solely by the Trustee;

(b) the rights, powers, duties and obligations hereby conferred or imposed upon the Trustee in respect of any property covered by the appointment of a co-trustee shall be conferred or imposed upon and exercised or performed by the Trustee or by the Trustee and such co-trustee jointly in the case of the appointment of a co-trustee as shall be provided in the instrument appointing such co-trustee, except to the extent that under any law of any jurisdiction in which any particular act is to be performed, the Trustee shall be incompetent or unqualified to perform such act, in which event such rights, powers, duties and obligations shall be exercised and performed by a co-trustee;

(c) the Trustee at any time, by an instrument in writing executed by it, with the concurrence of the Issuer and the Co-Issuer evidenced by an Issuer Order, may accept the resignation of, or remove, any co-trustee appointed under this Section 6.12, and in case an Event of Default has occurred and is continuing, the Trustee shall have the power to accept the resignation of, or remove, any such co-trustee without the concurrence of the Issuer or the Co-Issuer. A successor to any co-trustee so resigned or removed may be appointed in the manner provided in this Section 6.12;

(d) no co-trustee hereunder shall be personally liable by reason of any act or omission of the Trustee hereunder;

(e) the Trustee shall not be liable by reason of any act or omission of a co-trustee; and

(f) any Act of Securityholders delivered to the Trustee shall be deemed to have been delivered to each co-trustee.

Section 6.13 Certain Duties of Trustee Related to Delayed Payment of Proceeds.

In the event that in any month the Trustee shall not have received a Scheduled Distribution, (a) the Trustee shall promptly notify the Issuer and the Collateral Manager in writing and (b) unless within three Business Days (or the end of the applicable grace period for such payment, if longer) after such notice such payment shall have been received by the Trustee, or the Issuer, in its absolute discretion (but only to the extent permitted by Section 10.2(a)), shall have made provision for such payment satisfactory to the Trustee in accordance with Section 10.2(a), the Trustee shall request the obligor of such Pledged Obligation, the trustee under the related Underlying Instrument or paying agent designated by either of them, as the case may be,

-161-

to make such payment as soon as practicable after such request but in no event later than three Business Days after the date of such request. In the event that such payment is not made within such time period, the Trustee, subject to the provisions of Section 6.1(d)(iv), shall take such action as the Collateral Manager reasonably shall direct in writing. Any such action shall be without prejudice to any right to claim a Default or Event of Default under this Indenture. In the event that the Issuer or the Collateral Manager requests a release of a Pledged Obligation in connection with any such action under the Collateral Management Agreement, such release shall be subject to Section 10.12 and Article 12 of this Indenture, as the case may be. Notwithstanding any other provision hereof, the Trustee shall deliver to the Issuer or its designee any payment with respect to any Pledged Obligation received after the Due Date thereof to the extent the Issuer previously made provisions for such payment satisfactory to the Trustee in accordance with this Section 6.13 and such payment shall not be deemed part of the Assets.

Section 6.14 Representations and Warranties of the Trustee.

The Trustee represents and warrants that:

(a) the Trustee is a national banking association with trust powers, duly and validly existing under the laws of the United States of America, with corporate power and authority to execute, deliver and perform its obligations under this Indenture, and is duly eligible and qualified to act as trustee under this Indenture;

(b) this Indenture has been duly authorized, executed and delivered by the Trustee and constitutes the valid and binding obligation of the Trustee, enforceable against it in accordance with its terms except (i) as limited by bankruptcy, fraudulent conveyance, fraudulent transfer, insolvency, reorganization, liquidation, receivership, moratorium or other similar laws now or hereafter in effect relating to creditors' rights generally and by general equitable principles, regardless of whether considered in a proceeding in equity or at law, and (ii) that the remedy of specific performance and injunctive and other forms of equitable relief may be subject to equitable defenses and to the discretion of the court before which any proceeding therefor may be brought;

(c) neither the execution or delivery by the Trustee of this Indenture nor the performance by the Trustee of its obligations under this Indenture requires the consent or approval of, the giving of notice to or the registration or filing with, any governmental authority or agency under any existing law of the United States of America governing the banking or trust powers of the Trustee;

(d) neither the execution, delivery and performance of this Indenture, nor the consummation of the transactions contemplated by this Indenture, (i) is prohibited by, or requires the Trustee to obtain any consent, authorization, approval or registration under, any law, statute, rule, regulation, or any judgment, order, writ, injunction or decree that is binding upon the Trustee or any of its properties or assets, (ii) will violate the provisions of the Governing Documents of the Trustee or (iii) will violate any provision of, result in any default or acceleration of any obligations under, result in the creation or imposition of any lien pursuant to, or require any consent under, any material agreement to which the Trustee is a party or by which

-162-

it or any of its property is bound, the violation of which would have a material adverse effect on the Trustee or its property; and

(e) there are no proceedings pending or, to the best knowledge of the Trustee, threatened against the Trustee before any Federal, state or other governmental agency, authority, administrator or regulatory body, arbitrator, court or other tribunal, foreign or domestic, which could have a material adverse effect on the Pledged Obligations or the performance by the Trustee of its obligations under this Indenture.

Section 6.15 Requests for Consents.

In the event that the Trustee receives written notice of any proposed amendment, consent or waiver under the Underlying Instruments of any Collateral Debt Security (before or after any default) or in the event any action is required to be taken in respect to an Underlying Instrument, the Trustee shall promptly contact the Issuer and the Collateral Manager. The Collateral Manager may, on behalf of the Issuer, instruct the Trustee pursuant to an Issuer Order to, and the Trustee shall, with respect to which a Collateral Debt Security as to which a consent or waiver under the Underlying Instruments of such Collateral Debt Security (before or after any default) has been proposed or with respect to action required to be taken in respect of an Underlying Instrument, give consent, grant a waiver, vote or exercise any or all other rights or remedies with respect to any such Collateral Debt Security in accordance with such Issuer

Order. In the absence of any instruction from the Collateral Manager, the Trustee shall not engage in any vote or take any action with respect to such a Collateral Debt Security.

Section 6.16 Withholding.

If any amount is required to be deducted or withheld from any payment to any Noteholder, such amount shall reduce the amount otherwise distributable to such Noteholder. The Trustee is hereby authorized to withhold or deduct from amounts otherwise distributable to any Noteholder sufficient funds for the payment of any tax that is legally required to be withheld or deducted (but such authorization shall not prevent the Trustee from contesting any such tax in appropriate proceedings and legally withholding payment of such tax, pending the outcome of such proceedings). The amount of any withholding tax imposed with respect to any Noteholder shall be treated as Cash distributed to such Noteholder at the time it is deducted or withheld by the Issuer or the Trustee, as applicable, and remitted to the appropriate taxing authority. If there is a possibility that withholding tax is payable with respect to a distribution, the Trustee may in its sole discretion withhold such amounts in accordance with this Section 6.16. If any Noteholder wishes to apply for a refund of any such withholding tax, the Trustee shall reasonably cooperate with such Noteholder in making such claim so long as such Noteholder agrees to reimburse the Trustee for any out-of-pocket expenses incurred. Nothing herein shall impose an obligation on the part of the Trustee to determine the amount of any tax or withholding obligation on the part of the Issuer or in respect of the Notes.

ARTICLE 7

COVENANTS

-163-

Section 7.1 Payment of Principal and Interest and Class A-1AR Commitment Fee.

The Issuer and the Co-Issuer shall duly and punctually pay the principal of and interest on each Class of Notes, and in the case of the Class A-1AR Notes, the Class A-1AR Commitment Fee and any Class A-1AR Breakage Costs, in accordance with the terms of such Notes and this Indenture. Amounts properly withheld under the Code or other applicable law by any Person from a payment to any Noteholder of interest and/or principal shall be considered as having been paid by the Issuer and the Co-Issuer, and, with respect to the Preferred Shares, by the Issuer, to such Preferred Shareholder for all purposes of this Indenture.

The Trustee shall, unless prevented from doing so for reasons beyond its reasonable control, give notice to each Securityholder of any such withholding requirement no later than ten days prior to the related Payment Date from which amounts are required (as directed by the Issuer (or the Collateral Manager on behalf of the Issuer)) to be withheld, provided that, despite the failure of the Trustee to give such notice, amounts withheld pursuant to applicable tax laws shall be considered as having been paid by the Issuer and the Co-Issuer, as provided above.

Section 7.2 Maintenance of Office or Agency.

The Issuer and the Co-Issuer hereby appoint the Trustee as a Paying Agent for the payment of principal of and interest on the Notes and where Notes may be surrendered for registration of transfer or exchange and the Issuer and the Co-Issuer hereby appoint CT Corporation System, 111 Eighth Avenue, 13th Floor, New York, New York 10011, as their agent where notices and demands to or upon the Co-Issuer in respect of the Notes or this Indenture, or the Issuer in respect of the Notes or this Indenture, may be served.

The Issuer and the Co-Issuer hereby appoint the Irish Paying Agent as a Paying Agent for the payment of principal of and interest on the Notes and to

act as their agent where notices and demands to or upon the Issuer or the Co-Issuer in respect of the Notes or this Indenture may be served and where Notes may be surrendered for registration of transfer or exchange.

The Issuer or the Co-Issuer may at any time and from time to time vary or terminate the appointment of any such agent or appoint any additional agents for any or all of such purposes; provided, however, that the Issuer and the Co-Issuer, if applicable, will maintain in the Borough of Manhattan, The City of New York, an office or agency where notices and demands to or upon the Issuer and the Co-Issuer in respect of the Notes and this Indenture may be served, and, subject to any laws or regulations applicable thereto, an office or agency outside of the United States where Notes may be presented and surrendered for payment; provided, further, that no paying agent shall be appointed in a jurisdiction which subjects payments on the Notes to withholding tax. The Issuer or the Co-Issuer, as the case may be, shall give prompt written notice to the Trustee, the Class A-1AR Note Agent, each Rating Agency and the Noteholders of the appointment or termination of any such agent and of the location and any change in the location of any such office or agency.

-164-

If at any time the Issuer and the Co-Issuer, if applicable, shall fail to maintain any such required office or agency in the Borough of Manhattan, The City of New York, or outside the United States, or shall fail to furnish the Trustee with the address thereof, presentations and surrenders may be made (subject to the limitations described in the preceding paragraph) at and notices and demands may be served on the Issuer and the Co-Issuer, and Notes may be presented and surrendered for payment to the appropriate Paying Agent at its main office and the Issuer and the Co-Issuer hereby appoint the same as their agent to receive such respective presentations, surrenders, notices and demands.

Section 7.3 Money for Note Payments to be Held in Trust.

All payments of amounts due and payable with respect to any Notes that are to be made from amounts withdrawn from the Payment Account shall be made on behalf of the Issuer and the Co-Issuer by the Trustee or a Paying Agent (in each case, from and to the extent of available funds in the Payment Account and subject to the Priority of Payments) with respect to payments on the Notes.

When the Paying Agent is not also the Notes Registrar, the Issuer and the Co-Issuer shall furnish, or cause the Notes Registrar to furnish, no later than the fifth calendar day after each Record Date a list, if necessary, in such form as such Paying Agent may reasonably request, of the names and addresses of the Holders of Notes and of the certificate numbers of individual Notes held by each such Holder.

Whenever the Paying Agent is not also the Trustee, the Issuer, the Co-Issuer, and such Paying Agent shall, on or before the Business Day next preceding each Payment Date or Redemption Date, as the case may be, direct the Trustee to deposit on such Payment Date with such Paying Agent, if necessary, an aggregate sum sufficient to pay the amounts then becoming due pursuant to the terms of this Indenture (to the extent funds are then available for such purpose in the Payment Account, and subject to the Priority of Payments), such sum to be held for the benefit of the Persons entitled thereto and (unless such Paying Agent is the Trustee) the Issuer and the Co-Issuer shall promptly notify the Trustee of its action or failure so to act. Any Monies deposited with a Paying Agent (other than the Trustee) in excess of an amount sufficient to pay the amounts then becoming due on the Notes with respect to which such deposit was made shall be paid over by such Paying Agent to the Trustee for application in accordance with Article 11. Any such Paying Agent shall be deemed to agree by assuming such role not to cause the filing of a petition in bankruptcy against the Issuer or the Co-Issuer for the non-payment to the Paying Agent of any amounts payable thereto until at least one year and one day (or, if longer, the applicable preference period then in effect) after the payment in full of all Notes issued under this Indenture.

The initial Paying Agent shall be as set forth in Section 7.2. Any additional or successor Paying Agents shall be appointed by Issuer Order of the Issuer and Issuer Order of the Co-Issuer with written notice thereof to the Trustee; provided, however, that so long as any Class of the Notes are rated by a Rating Agency and with respect to any additional or successor Paying Agent for the Notes, either (i) such Paying Agent has a long-term debt rating of "Aa3" or higher by Moody's, "AA-" or higher by Fitch and "AA-" or higher by S&P or a short-term debt rating of "P-1" by Moody's, "F1+" by Fitch and "A-1+" by S&P or (ii) each Rating Agency confirms that

-165-

employing such Paying Agent shall not adversely affect the then-current ratings of the Notes. In the event that such successor Paying Agent ceases to have a long-term debt rating of "Aa3" or higher by Moody's, "AA-" or higher by Fitch or "AA-" or higher by S&P or a short-term debt rating of at least "P-1" by Moody's, "F1+" by Fitch and "A-1+" by S&P, the Issuer and the Co-Issuer shall promptly remove such Paying Agent and appoint a successor Paying Agent. The Issuer and the Co-Issuer shall not appoint any Paying Agent that is not, at the time of such appointment, a depository institution or trust company subject to supervision and examination by federal and/or state and/or national banking authorities. The Issuer and the Co-Issuer shall cause the Paying Agent other than the Trustee to execute and deliver to the Trustee an instrument in which such Paying Agent shall agree with the Trustee (and if the Trustee acts as Paying Agent, it hereby so agrees), subject to the provisions of this Section 7.3, that such Paying Agent will:

(a) allocate all sums received for payment to the Holders of Notes for which it acts as Paying Agent on each Payment Date and Redemption Date among such Holders in the proportion specified in the applicable report or Redemption Date Statement, as the case may be, in each case to the extent permitted by applicable law;

(b) hold all sums held by it for the payment of amounts due with respect to the Notes for the benefit of the Persons entitled thereto until such sums shall be paid to such Persons or otherwise disposed of as herein provided and pay such sums to such Persons as herein provided;

(c) if such Paying Agent is not the Trustee, immediately resign as a Paying Agent and forthwith pay to the Trustee all sums held by it for the payment of Notes if at any time it ceases to meet the standards set forth above required to be met by a Paying Agent at the time of its appointment;

(d) if such Paying Agent is not the Trustee, immediately give the Trustee notice of any Default by the Issuer or the Co-Issuer (or any other obligor upon the Notes) in the making of any payment required to be made; and

(e) if such Paying Agent is not the Trustee at any time during the continuance of any such Default, upon the written request of the Trustee, forthwith pay to the Trustee all sums so held by such Paying Agent.

The Issuer or the Co-Issuer may at any time, for the purpose of obtaining the satisfaction and discharge of this Indenture or for any other purpose, pay, or by Issuer Order direct the Paying Agent to pay, to the Trustee all sums held by the Issuer or the Co-Issuer or held by the Paying Agent for payment of the Notes, such sums to be held by the Trustee in trust for the same Noteholders as those upon which such sums were held by the Issuer, the Co-Issuer or the Paying Agent; and, upon such payment by the Paying Agent to the Trustee, the Paying Agent shall be released from all further liability with respect to such Money.

Except as otherwise required by applicable law, any Money deposited with the Trustee in trust or deposited with the Paying Agent for the payment of the principal of or interest on any Note and remaining unclaimed for two years after such principal or interest has become due and payable shall be paid to the

Issuer; and the Holder of such Note shall thereafter, as an

-166-

unsecured general creditor, look only to the Issuer for payment of such amounts and all liability of the Trustee or the Paying Agent with respect to such Money (but only to the extent of the amounts so paid to the Issuer or the Co-Issuer, as applicable) shall thereupon cease; provided, however, that the Irish Paying Agent, before being required to make any such payment, shall at the expense of the Issuer cause to be published once, in a newspaper published in the English language, customarily published on each Business Day and of general circulation in Dublin, Ireland, notice that such money remains unclaimed and that, after a date specified therein, which shall not be less than 30 days from the date of such publication, any unclaimed balance of such money then remaining shall be repaid to the Issuer. The Trustee or the Paying Agent, before being required to make any such release of payment, may, but shall not be required to, adopt and employ, at the expense of the Issuer or the Co-Issuer, as the case may be, any reasonable means of notification of such release of payment, including, but not limited to, mailing notice of such release to Holders whose Notes have been called but have not been surrendered for redemption or whose right to or interest in Monies due and payable but not claimed is determinable from the records of the Paying Agent, at the last address of record of each such Holder.

Section 7.4 Existence of the Issuer and Co-Issuer.

(a) So long as any Note is Outstanding, the Issuer shall, to the maximum extent permitted by applicable law, maintain in full force and effect its existence and rights as an exempted company incorporated with limited liability under the laws of the Cayman Islands and shall obtain and preserve its qualification to do business as a foreign limited liability company in each jurisdiction in which such qualifications are or shall be necessary to protect the validity and enforceability of this Indenture, the Notes or any of the Assets; provided that the Issuer shall be entitled to change its jurisdiction of registration from the Cayman Islands to any other jurisdiction reasonably selected by the Issuer so long as (i) such change is not disadvantageous in any material respect to the Holders of the Notes or the Preferred Shares or any Hedge Counterparty, (ii) written notice of such change shall have been given by the Trustee to the Holders of the Notes or Preferred Shares, the Preferred Shares Paying Agent, each Hedge Counterparty and each Rating Agency 15 Business Days prior to such change and (iii) on or prior to the 15th Business Day following such notice the Trustee shall not have received written notice from a Majority of the Controlling Class or a Majority of the Preferred Shares or any Hedge Counterparty objecting to such change. So long as any Note is Outstanding, the Issuer will maintain at all times at least one director who is Independent of the Collateral Manager and its Affiliates.

(b) So long as any Note is Outstanding, the Co-Issuer shall maintain in full force and effect its existence and rights as a limited liability company organized under the laws of Delaware and shall obtain and preserve its qualification to do business as a foreign limited liability company in each jurisdiction in which such qualifications are or shall be necessary to protect the validity and enforceability of this Indenture or the Notes; provided, however, that the Co-Issuer shall be entitled to change its jurisdiction of formation from Delaware to any other jurisdiction reasonably selected by the Co-Issuer so long as (i) such change is not disadvantageous in any material respect to the Holders of the Notes or any Hedge Counterparty, (ii) written notice of such change shall have been given by the Trustee to the Holders of the Notes, each Hedge Counterparty and each Rating Agency 15 Business Days prior to such change and (iii) on or prior to the 15th Business Day following such notice the Trustee shall not have

-167-

received written notice from a Majority of the Controlling Class or any Hedge Counterparty objecting to such change. So long as any Note is Outstanding, the Co-Issuer shall maintain at all times at least one manager who is Independent of the Collateral Manager and its Affiliates.

(c) So long as any Note is Outstanding, the Issuer shall ensure that all corporate or other formalities regarding its existence are followed (including correcting any known misunderstanding regarding its separate existence). So long as any Note is Outstanding, the Issuer shall not take any action or conduct its affairs in a manner that is likely to result in its separate existence being ignored or its assets and liabilities being substantively consolidated with any other Person in a bankruptcy, reorganization or other insolvency proceeding. So long as any Note is Outstanding, the Issuer shall maintain and implement administrative and operating procedures reasonably necessary in the performance of the Issuer's obligations hereunder, and the Issuer shall at all times keep and maintain, or cause to be kept and maintained, separate books, records, accounts and other information customarily maintained for the performance of the Issuer's obligations hereunder. Without limiting the foregoing, so long as any Note is Outstanding, (i) the Issuer shall (A) pay its own liabilities only out of its own funds and (B) use separate stationery, invoices and checks, (C) hold itself out and identify itself as a separate and distinct entity under its own name and (ii) the Issuer shall not (A) have any subsidiaries, (B) have any employees (other than its directors), (C) engage in any transaction with any shareholder that is not permitted under the terms of the Collateral Management Agreement, (D) pay dividends other than in accordance with the terms of this Indenture, its governing documents and the Preferred Shares Paying Agency Agreement, (E) conduct business under an assumed name (i.e., no "DBAs"), (F) commingle its funds or assets with those of any other Person, or (G) enter into any contract or agreement with any of its Affiliates, except upon terms and conditions that are commercially reasonable and substantially similar to those available in arm's-length transactions with an unrelated party.; provided that the foregoing shall not prohibit the Issuer from entering into the transactions contemplated by the Administration Agreement with the Company Administrator, the Preferred Shares Paying Agency Agreement with the Share Registrar and any other agreement contemplated or permitted by the Collateral Management Agreement or this Indenture.

(d) So long as any Note is Outstanding, the Co-Issuer shall ensure that all limited liability company or other formalities regarding its existence are followed, as well as correcting any known misunderstanding regarding its separate existence. The Co-Issuer shall not take any action or conduct its affairs in a manner, that is likely to result in its separate existence being ignored or its assets and liabilities being substantively consolidated with any other Person in a bankruptcy, reorganization or other insolvency proceeding. The Co-Issuer shall maintain and implement administrative and operating procedures reasonably necessary in the performance of the Co-Issuer's obligations hereunder, and the Co-Issuer shall at all times keep and maintain, or cause to be kept and maintained, books, records, accounts and other information customarily maintained for the performance of the Co-Issuer's obligations hereunder. Without limiting the foregoing, the Co-Issuer shall not (A) have any subsidiaries, (B) have any employees (other than its managers), (C) join in any transaction with any member that is not permitted under the terms of the Collateral Management Agreement, (D) pay dividends other than in accordance with the terms of this Indenture, (E) commingle its funds or assets with those of any other Person, or (F) enter into any contract or agreement with any of its Affiliates, except upon terms and conditions

-168-

that are commercially reasonable and substantially similar to those available in arm's-length transactions with an unrelated party.

Section 7.5 Protection of Assets.

(a) The Trustee, on behalf of the Issuer, pursuant to any Opinion of Counsel received pursuant to Section 7.5(d) shall execute and deliver all such Financing Statements, continuation statements, instruments of further assurance and other instruments, and shall take such other action as may be necessary or advisable or desirable to secure the rights and remedies of the Holders and each Hedge Counterparty hereunder and to:

(i) Grant more effectively all or any portion of the Assets;

(ii) maintain or preserve the lien (and the priority thereof) of this Indenture or to carry out more effectively the purposes hereof;

(iii) perfect, publish notice of or protect the validity of any Grant made or to be made by this Indenture (including, without limitation, any and all actions necessary or desirable as a result of changes in law or regulations);

(iv) enforce any of the Pledged Obligations or other instruments or property included in the Assets;

(v) preserve and defend title to the Assets and the rights of the Trustee, the Holders of the Notes and each Hedge Counterparty in the Assets against the claims of all persons and parties; and

(vi) pursuant to Sections 11.1(a)(i)(1) and 11.1(a)(ii)(1), pay or cause to be paid any and all taxes levied or assessed upon all or any part of the Assets.

The Issuer hereby designates the Trustee as its agent and attorney-in-fact to execute any Financing Statement, continuation statement or other instrument required pursuant to this Section 7.5. The Trustee agrees that it will from time to time execute and cause to be filed Financing Statements and continuation statements (it being understood that the Trustee shall be entitled to rely upon an Opinion of Counsel described in Section 7.5(d), at the expense of the Issuer, as to the need to file such Financing Statements and continuation statements, the dates by which such filings are required to be made and the jurisdictions in which such filings are required to be made).

(b) The Trustee shall not (except in accordance with Section 10.12(a), (b) or (c) and except for payments, deliveries and distributions otherwise expressly permitted under this Indenture) (i) remove any portion of the Assets that consists of Cash or is evidenced by an instrument, certificate or other writing (A) from the jurisdiction in which it was held at the date as described in the Opinion of Counsel delivered at the Closing Date pursuant to Section 3.1(d) or (B) from the possession of the Person who held it on such date or (ii) cause or permit the Custodial Account or the Custodial Securities Intermediary to be located in a different jurisdiction from the jurisdiction in which such securities accounts and Custodial Securities Intermediary were located on the Closing Date, unless the Trustee shall have first received an

-169-

Opinion of Counsel to the effect that the lien and security interest created by this Indenture with respect to such property will continue to be maintained after giving effect to such action or actions.

(c) The Issuer shall (i) pay or cause to be paid taxes, if any, levied on account of the beneficial ownership by the Issuer of any Pledged Obligations that secure the Notes and timely file all tax returns and information statements as required, and (ii) if required to prevent the withholding or imposition of United States income tax, deliver or cause to be delivered a United States Internal Revenue Service Form W-9 or successor applicable form, to each issuer, counterparty or paying agent with respect to (as applicable) an item included in the Assets at the time such item is purchased or entered into and thereafter prior to the expiration or obsolescence of such form.

(d) For so long as the Notes are Outstanding, (i) on December 31, 2011 and (ii) every 60 months after such date, the Issuer (or the Collateral Manager on behalf of the Issuer) shall deliver to the Trustee for the benefit of the Trustee, the Collateral Manager, each Hedge Counterparty and each Rating Agency, at the expense of the Issuer, an Opinion of Counsel stating what is required, in the opinion of such counsel, as of the date of such opinion, to maintain the lien and security interest created by this Indenture with respect to the Assets, and confirming the matters set forth in the Opinion of Counsel, furnished pursuant to Section 3.1(d), with regard to the perfection and priority of such security interest (and such Opinion may likewise be subject to qualifications and assumptions similar to those set forth in the Opinion delivered pursuant to Section 3.1(d)).

Section 7.6 Notice of Any Amendments.

Each of the Issuer and the Co-Issuer shall give notice to the Rating Agencies of, and satisfy the Rating Agency Condition and, so long as MBIA is deemed to be the Controlling Class hereunder, obtain the consent of MBIA with respect to, any amendments to its Governing Documents.

Section 7.7 Performance of Obligations.

(a) Each of the Issuer and the Co-Issuer shall not take any action, and will use commercially reasonable efforts not to permit any action to be taken by others, that would release any Person from any of such Person's covenants or obligations under any instrument included in the Assets, except in the case of enforcement action taken with respect to any Defaulted Security in accordance with the provisions hereof and as otherwise required hereby.

(b) The Issuer or the Co-Issuer may, with the prior written consent of the Majority of the Notes (or if there are no Notes Outstanding, a Majority of the Preferred Shares), contract with other Persons, including the Collateral Manager, the Class A-1AR Note Agent or the Trustee, for the performance of actions and obligations to be performed by the Issuer or the Co-Issuer, as the case may be, hereunder by such Persons and the performance of the actions and other obligations with respect to the Assets of the nature set forth in the Collateral Management Agreement by the Collateral Manager. Notwithstanding any such arrangement, the Issuer or the Co-Issuer, as the case may be, shall remain primarily liable with respect thereto. In the event of

-170-

such contract, the performance of such actions and obligations by such Persons shall be deemed to be performance of such actions and obligations by the Issuer or the Co-Issuer; and the Issuer or the Co-Issuer shall punctually perform, and use commercially reasonable efforts to cause the Collateral Manager or such other Person to perform, all of their obligations and agreements contained in the Collateral Management Agreement or such other agreement.

(c) Unless the Rating Agency Condition with respect to S&P and Moody's is satisfied with respect thereto, the Issuer shall maintain the Servicing Agreement in full force and effect so long as any Notes remain Outstanding and shall not terminate the Servicing Agreement with respect to any Collateral Debt Security except upon the sale or other liquidation of such Collateral Debt Security in accordance with the terms and conditions of this Indenture.

Section 7.8 Negative Covenants.

(a) The Issuer and the Co-Issuer shall not:

(i) sell, assign, participate, transfer, exchange or otherwise dispose of, or pledge, mortgage, hypothecate or otherwise encumber (or permit such to occur or suffer such to exist), any part of the Assets, except as otherwise expressly permitted by this Indenture or the Collateral

Management Agreement;

(ii) claim any credit on, make any deduction from, or dispute the enforceability of, the payment of the principal or interest payable in respect of the Notes (other than amounts required to be paid, deducted or withheld in accordance with any applicable law or regulation of any governmental authority) or, in the case of the Class A-1AR Notes, the Class A-1AR Commitment Fee or Class A-1AR Breakage Costs, or assert any claim against any present or future Noteholder by reason of the payment of any taxes levied or assessed upon any part of the Assets;

(iii) (A) incur or assume or guarantee any indebtedness, other than the Notes and this Indenture and the transactions contemplated hereby; (B) issue any additional class of securities, other than the Notes, the Preferred Shares, the ordinary shares of the Issuer and the limited liability company membership interests of the Co-Issuer; or (C) issue any additional shares of stock, other than the ordinary shares of the Issuer and the Preferred Shares;

(iv) (A) permit the validity or effectiveness of this Indenture or any Grant hereunder to be impaired, or permit the lien of this Indenture to be amended, hypothecated, subordinated, terminated or discharged, or permit any Person to be released from any covenants or obligations with respect to this Indenture or the Notes, except as may be expressly permitted hereby; (B) permit any lien, charge, adverse claim, security interest, mortgage or other encumbrance (other than the lien of this Indenture) to be created on or extend to or otherwise arise upon or burden the Assets or any part thereof, any interest therein or the proceeds thereof, except as may be expressly permitted hereby; or (C) take any action that would permit the lien of this Indenture not to constitute a valid first priority security interest in the Assets, except as may be expressly permitted hereby;

-171-

(v) amend the Collateral Management Agreement, except pursuant to the terms thereof;

(vi) amend the Preferred Shares Paying Agency Agreement, except pursuant to the terms thereof;

(vii) to the maximum extent permitted by applicable law, dissolve or liquidate in whole or in part, except as permitted hereunder;

(x) maintain any bank accounts other than the Accounts and the bank account in the Cayman Islands in which (inter alia) the proceeds of the Issuer's issued share capital and the transaction fees paid to the Issuer for agreeing to issue the Securities will be kept;

(xi) conduct business under an assumed name, or change its name without first delivering at least 30 days' prior written notice to the Trustee, the Class A-1AR Note Agent, the Noteholders and the Rating Agencies, each Hedge Counterparty and an Opinion of Counsel to the effect that such name change will not adversely affect the security interest hereunder of the Trustee or the Secured Parties;

(xii) take any action that would result in it failing to qualify as a Qualified REIT Subsidiary of the Arbor Parent for federal income tax purposes (including, but not limited to, an election to treat the Issuer as a "taxable REIT subsidiary," as defined in Section 856(l) of the Code), unless (A) based on an Opinion of Counsel, the Issuer will be treated as a Qualified REIT Subsidiary of a REIT other than Arbor Parent, or (B) based on an Opinion of Counsel, the Issuer will be treated as a foreign corporation that is not engaged in a trade or business in the United States for U.S. federal income tax purposes;

(xiii) except for any agreements involving the purchase and sale of Collateral Debt Securities having customary purchase or sale terms and documented with customary loan trading documentation, enter into any agreements unless such agreements contain "non-petition" and "limited recourse" provisions; or

(xiv) amend their respective organizational documents without satisfaction of the Rating Agency Condition with respect to S&P and Moody's in connection therewith.

(b) Neither the Issuer nor the Trustee shall sell, transfer, exchange or otherwise dispose of Assets, or enter into or engage in any business with respect to any part of

-172-

the Assets, except as expressly permitted or required by this Indenture or the Collateral Management Agreement.

(c) The Co-Issuer shall not invest any of its assets in "securities" (as such term is defined in the Investment Company Act) and shall keep all of the Co-Issuer's assets in Cash.

(d) For so long as any of the Notes are Outstanding, the Co-Issuer shall not issue any limited liability company membership interests of the Co-Issuer to any Person other than the Arbor Parent or a wholly-owned subsidiary of the Arbor Parent.

(e) The Issuer shall not enter into any material new agreements (other than any Hedge Agreement, Hedge Counterparty Credit Support, Collateral Debt Security, Collateral Debt Security Purchase Agreement or other agreement (including, without limitation, in connection with the sale of Assets by the Issuer) contemplated by this Indenture) without the prior written consent of the Holders of a Majority of the Notes (or if there are no Notes Outstanding, a Majority of the Preferred Shares) and shall provide notice of all new agreements (other than any Hedge Agreement, Collateral Debt Security or other agreement specifically contemplated by this Indenture) to the Holders of the Notes and each Hedge Counterparty. The foregoing notwithstanding, the Issuer may agree to any material new agreements; provided that (i) the Issuer (or the Collateral Manager on behalf of the Issuer) determines that such new agreements would not, upon or after becoming effective, adversely affect the rights or interests of any Class or Classes of Noteholders and (ii) subject to satisfaction of the Rating Agency Condition and, so long as MBIA is the Controlling Class hereunder, the consent of MBIA.

(f) As long as any Note is Outstanding, ARMS Equity may not transfer the Preferred Shares or ordinary shares of the Issuer to any other Person.

Section 7.9 Statement as to Compliance.

Certificate given on behalf of the Issuer and without personal liability stating, as to each signer thereof, that, since the date of the last certificate or, in the case of the first certificate, the Closing Date, to the best of the knowledge, information and belief of such Officer, the Issuer has fulfilled all of its obligations under this Indenture or, if there has been a Default in the fulfillment of any such obligation, specifying each such Default known to them and the nature and status thereof.

(viii) the Issuer has received advice from Cadwalader, Wickersham & Taft LLP or an opinion of other nationally recognized U.S. tax counsel experienced in such matters that such action will not adversely affect the tax treatment of the Noteholders as described in the Offering Memorandum under the heading "Certain U.S. Federal Income Tax Considerations" to any material extent; and

(ix) after giving effect to such transaction, the Issuer shall not be required to register as an investment company under the Investment Company Act.

(b) The Co-Issuer shall not consolidate or merge with or into any other Person or transfer or convey all or substantially all of its assets to any Person, unless no Notes remain Outstanding or:

(ii) (A) each Rating Agency shall have been notified in writing of each proposed consolidation or merger of the Co-Issuer and the Trustee shall have received written confirmation from each Rating Agency that the ratings issued with respect to each Class of Notes shall not be reduced or withdrawn as a result of the consummation of such transaction and (B) so long as MBIA is deemed to be the Controlling Class hereunder, MBIA has consented to the consummation of such transaction;

(iii) if the Co-Issuer is not the surviving entity, the Person formed by such consolidation or into which the Co-Issuer is merged or to which all or substantially all of the assets of the Co-Issuer are transferred shall have agreed with the Trustee (A) to observe the same legal requirements for the recognition of such formed or surviving entity as a legal entity separate and apart from any of its Affiliates as are applicable to the Co-Issuer with respect to its Affiliates and (B) not to consolidate or merge with or into any other Person or transfer or convey all or substantially all of its assets to any other Person except in accordance with the provisions of this Section 7.10;

(v) immediately after giving effect to such transaction, no Default or Event of Default shall have occurred and be continuing;

-176-

(vi) the Co-Issuer shall have delivered to the Trustee, the Preferred

Shares Paying Agent, each Hedge Counterparty and each Noteholder an Officer's Certificate and an Opinion of Counsel each stating that such consolidation, merger, transfer or conveyance and such supplemental indenture comply with this Article 7 and that all conditions precedent in this Article 7 provided for relating to such transaction have been complied with and that no adverse tax consequences will result therefrom to the Holders of the Notes, each Hedge Counterparty or the Preferred Shareholders; and

(vii) after giving effect to such transaction, the Co-Issuer shall not be required to register as an investment company under the Investment Company Act.

Section 7.11 Successor Substituted.

Upon any consolidation or merger, or transfer or conveyance of all or substantially all of the assets of the Issuer or the Co-Issuer, in accordance with Section 7.10 hereof, the Person formed by or surviving such consolidation or merger (if other than the Issuer or the Co-Issuer), or the Person to which such consolidation, merger, transfer or conveyance is made, shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer or the Co-Issuer, as the case may be, under this Indenture with the same effect as if such Person had been named as the Issuer or the Co-Issuer, as the case may be, herein. In the event of any such consolidation, merger, transfer or conveyance, the Person named as the "Issuer" or the "Co-Issuer" in the first paragraph of this Indenture or any successor which shall theretofore have become such in the manner prescribed in this Article 7 may be dissolved, wound-up and liquidated at any time thereafter, and such Person thereafter shall be released from its liabilities as obligor and maker on all the Notes and from its obligations under this Indenture.

Section 7.12 No Other Business.

The Issuer shall not engage in any business or activity other than issuing and selling the Notes pursuant to this Indenture and any supplements thereto, issuing its ordinary shares and issuing and selling the Preferred Shares in accordance with its Governing Documents, entering into any Hedge Agreement, the Collateral Management Agreement, and acquiring, owning, holding, disposing of and pledging the Assets in connection with the Notes and such other activities which are necessary, suitable or convenient to accomplish the foregoing or are incidental thereto or connected therewith. The Co-Issuer shall not engage in any business or activity other than issuing and selling the Notes pursuant to this Indenture and any supplements thereto and such other activities which are necessary, suitable or convenient to accomplish the foregoing or are incidental thereto or connected therewith.

Section 7.13 Reporting.

At any time when the Issuer and/or the Co-Issuer is not subject to Section 13 or 15(d) of the Exchange Act and is not exempt from reporting pursuant to Rule 12g3-2(b) under the Exchange Act, upon the request of a Holder or beneficial owner of a Note, the Issuer and/or the Co-Issuer shall promptly furnish or cause to be furnished "Rule 144A Information" (as defined below) to such Holder or beneficial owner, to a prospective purchaser of such Note designated by such Holder or

beneficial owner or to the Trustee for delivery to such Holder or beneficial owner or a prospective purchaser designated by such Holder or beneficial owner, as the case may be, in order to permit compliance by such Holder or beneficial owner with Rule 144A under the Securities Act in connection with the resale of such Note by such Holder or beneficial owner. "Rule 144A Information" shall be such information as is specified pursuant to Rule 144A(d)(4) under the Securities Act (or any successor provision thereto). The Trustee shall

reasonably cooperate with the Issuer and/or the Co-Issuer in mailing or otherwise distributing (at the Issuer's expense) to such Noteholders or prospective purchasers, at and pursuant to the Issuer's and/or the Co-Issuer's written direction the foregoing materials prepared by or on behalf of the Issuer and/or the Co-Issuer; provided, however, that the Trustee shall be entitled to prepare and affix thereto or enclose therewith reasonable disclaimers to the effect that such Rule 144A Information was not assembled by the Trustee, that the Trustee has not reviewed or verified the accuracy thereof, and that it makes no representation as to such accuracy or as to the sufficiency of such information under the requirements of Rule 144A or for any other purpose.

Section 7.14 Calculation Agent.

(a) The Issuer and the Co-Issuer hereby agree that for so long as any Notes remain Outstanding there shall at all times be an agent appointed to calculate LIBOR in respect of each Interest Accrual Period in accordance with the terms of Schedule J attached hereto (the "Calculation Agent"). The Issuer and the Co-Issuer initially have appointed the Trustee as Calculation Agent for purposes of determining LIBOR for each Interest Accrual Period. The Calculation Agent may be removed by the Issuer at any time. The Calculation Agent may resign at any time by giving written notice thereof to the Issuer, the Co-Issuer, the Collateral Manager, each Hedge Counterparty, the Class A-1AR Note Agent, the Noteholders and each Rating Agency. If the Calculation Agent is unable or unwilling to act as such or is removed by the Issuer in respect of any Interest Accrual Period, the Issuer and the Co-Issuer shall, with the prior written consent of each Hedge Counterparty and the Class A-1AR Note Agent, promptly appoint as a replacement Calculation Agent a leading bank which is engaged in transactions in Eurodollar deposits in the international Eurodollar market and which does not control or is not controlled by or under common control with the Issuer or its Affiliates. The Calculation Agent may not resign its duties without a successor having been duly appointed, and shall promptly inform the Hedge Counterparty and the Class A-1AR Note Agent of any such appointment. If no successor Calculation Agent shall have been appointed within 30 days after giving of a notice of resignation, the resigning Calculation Agent, each Hedge Counterparty, the Class A-1AR Note Agent, a Majority of the Notes or any Holder of a Note, on behalf of himself and all others similarly situated, may petition a court of competent jurisdiction for the appointment of a successor Calculation Agent.

(b) The Calculation Agent shall be required to agree that, as soon as practicable after 11:00 a.m. (London time) on each LIBOR Determination Date (as defined in Schedule J attached hereto), but in no event later than 11:00 a.m. (New York time) on the London Banking Day immediately following each LIBOR Determination Date, the Calculation Agent shall calculate (x) LIBOR for the next Interest Accrual Period and (y) the amount of interest for such Interest Accrual Period payable in respect of each \$1,000 principal amount of each Class of Notes (rounded to the nearest cent, with half a cent being rounded upward) on the related Payment Date, and will communicate such rates and amounts to the Issuer, the Co-Issuer, the Trustee, the Collateral Manager, the Paying Agent, each Hedge Counterparty and, if any

-178-

Note is in the form of a Regulation S Global Security, to Euroclear and Clearstream, Luxembourg. The Calculation Agent shall also specify to the Issuer and the Co-Issuer the quotations upon which LIBOR is based, and in any event the Calculation Agent shall notify the Issuer and the Co-Issuer before 5:00 p.m. (New York time) on each LIBOR Determination Date if it has not determined and is not in the process of determining LIBOR and the Interest Distribution Amounts for each Class of Notes, together with the reasons therefor. The determination of the Class A-1A Rate, Class A-1AR Rate, Class A-2 Rate, Class B Rate, Class C Rate, Class D Rate, Class E Rate, Class F Rate, Class G Rate and Class H Rate and the related Class A-1A Interest Distribution Amount, Class A-1AR Interest Distribution Amount, Class A-2 Interest Distribution Amount, Class B Interest Distribution Amount, Class C Interest Distribution Amount, Class D Interest

Distribution Amount, Class E Interest Distribution Amount, Class F Interest Distribution Amount, Class G Interest Distribution Amount and Class H Interest Distribution Amount, respectively, by the Calculation Agent shall, absent manifest error, be final and binding on all parties.

Section 7.15 Maintenance of Listing.

(a) For so long as any of the Notes remain Outstanding, the Issuer and Co-Issuer shall use all reasonable efforts to arrange and maintain the listing of the Notes (other than the Class A-1AR Notes) on the Irish Stock Exchange.

(b) If the Notes (other than the Class A-1AR Notes) are listed on the Irish Stock Exchange, the Issuer shall:

(i) in each calendar year commencing in 2007, request from the Irish Stock Exchange a waiver of the Irish Stock Exchange's requirement to publish annual reports and accounts;

(ii) submit to the Irish Stock Exchange draft copies of any proposed amendments to the Governing Documents which would affect the rights of the Holders of the Notes listed on the Irish Stock Exchange;

(iii) pay the annual fee for listing the Notes (other than the Class A-1AR Notes) on the Irish Stock Exchange, if any; and

(iv) inform the Irish Stock Exchange if the rating assigned to any of the Notes is reduced or withdrawn.

(c) All notices, documents, reports and other announcements delivered to such Company Announcements Office shall be in the English language.

(d) Notwithstanding the foregoing, if the Collateral Manager on behalf of the Co-Issuers determines that the maintenance of the listing of any Class of Notes on the Irish Stock Exchange (or any alternative listing on another securities exchange) is unduly onerous or burdensome, the Co-Issuers will have the right to cause such Class of Notes to be delisted from the Irish Stock Exchange (or such other securities exchange). If any such delisting occurs with respect to such Class, the Issuer shall use reasonable efforts to apply for the alternative listing of such Class on such other securities exchange as the Collateral Manager on behalf of the Issuer

-179-

may choose, except to the extent that the Collateral Manager determines on behalf of the Issuer that obtaining or maintaining such alternative listing would itself be unduly onerous or burdensome. Without limiting the Collateral Manager's discretion with respect to any determination that maintaining or obtaining a listing is unduly onerous or burdensome, the Collateral Manager may take into account various factors, including any requirement, resulting from a listing, that either Co-Issuer prepare financial statements of any particular kind or provide additional disclosure of any particular kind, in each case including any such requirement arising out of disclosure or transparency directives of the European Union or any other law or governmental rule.

Section 7.16 Purchase of Assets.

The Issuer (or the Collateral Manager on behalf of the Issuer) shall use commercially reasonable efforts to invest Principal Proceeds, any remaining Deposit and any Reinvestment Income during the Ramp-Up Period in Collateral Debt Securities in accordance with the provisions hereof. Subject to the provisions of this Section 7.17, Principal Proceeds, all or any portion of any remaining Deposit and any Reinvestment Income thereon may be applied prior to the Effective Date to purchase Collateral Debt Securities (which shall be, and hereby are, Granted to the Trustee pursuant to the Granting Clause of this Indenture) for inclusion in the Assets upon receipt by the Trustee of an Issuer

Order executed by the Issuer (or the Collateral Manager on behalf of the Issuer) with respect thereto directing the Trustee to pay out the amount specified therein against delivery of the Collateral Debt Security specified therein and a certificate of an Authorized Officer of the Issuer (or the Collateral Manager), dated as of the trade date, and delivered to the Trustee on or prior to the date of such purchase and Grant, to the effect that the criteria set forth below in this Section 7.17 will be satisfied (such criteria to be applied as of the trade date) after giving effect to such purchase and Grant of the Collateral Debt Securities:

(a) the Eligibility Criteria are met with respect to the Collateral Debt Securities purchased;

(b) the Reinvestment Criteria are satisfied after giving effect to such investment; and

(c) the procedures relating to the perfection of the Trustee's security interest in the Collateral Debt Securities described in this Indenture have been satisfied.

Section 7.17 Effective Date Actions.

(a) The Issuer (or the Collateral Manager on behalf of the Issuer) shall cause to be delivered to the Trustee and each Rating Agency on the Effective Date an amended Schedule of Closing Date Collateral Debt Securities listing all Collateral Debt Securities Granted to the Trustee pursuant to Section 7.17 on or before the Effective Date and included in the Assets on the Effective Date, which schedule shall supersede any prior Schedule of Closing Date Collateral Debt Securities delivered to the Trustee.

(b) Within ten Business Days after the Effective Date, the Issuer (or the Collateral Manager on behalf of the Issuer) shall request each Rating Agency rating a Class of

-180-

Notes to confirm within 20 Business Days after the Effective Date, and to so notify in writing the Trustee and any Hedge Counterparty, that it has not reduced or withdrawn the ratings assigned by it on the Closing Date to such Class of Notes. If, within 20 Business Days after the Effective Date, any rating assigned as of the Closing Date to any Class of Notes has not been confirmed, or is reduced or withdrawn, the Collateral Manager may, on behalf of the Issuer, within ten Business Days, provide to such Rating Agency a proposal (a "Proposal") with respect to the Collateral Debt Securities. If such Rating Agency does not accept the Proposal, or the Collateral Manager, on behalf of the Issuer, elects not to submit a Proposal, a "Rating Confirmation Failure" shall have occurred. If such Rating Agency accepts the Proposal, a Rating Confirmation Failure shall not be deemed to have occurred unless and until the Collateral Manager fails to meet the conditions set forth in the Proposal in accordance with the time requirements set forth in such Proposal. Within ten Business Days after the conditions set forth in the Proposal have been satisfied, the Issuer shall be required to request a Rating Confirmation. If the relevant Rating Agency does not confirm its ratings, a Rating Confirmation Failure shall have occurred. If a Rating Confirmation Failure occurs, on the first Payment Date thereafter, (i) as provided in Section 10.4, all amounts remaining on deposit in the Unused Proceeds Account, (ii) as provided in Section 11.1(a)(i), all Interest Proceeds remaining after payment of the amounts referred to in clauses (1) through (23) of Section 11.1(a)(i) and (iii) as provided in Section 11.1(a)(ii), all Principal Proceeds remaining after payment of the amounts referred to in clauses (1) through (6) of Section 11.1(a)(ii), in each case will be used to pay principal of each such Class of Notes, in each case sequentially in accordance with the Priority of Payments, until each such rating is confirmed or reinstated or such Class of Notes has been paid in full (and, in the case of the Class A-1AR Notes, the Class A-1AR Commitments have been reduced to zero).

(c) The Collateral Manager on behalf of the Issuer shall cause to be delivered to the Trustee, each Hedge Counterparty and each Rating Agency, within six Business Days after the Effective Date, an Accountants' Report, dated as of the Effective Date, confirming that the Collateral Quality Tests and the Coverage Tests have been satisfied and that the Collateral Debt Securities (together with the Aggregate Class A-1AR Undrawn Amount) have an aggregate par amount (or, in the case of the Aggregate Class A-1AR Undrawn Amount, an aggregate dollar amount) equal to at least the Minimum Ramp-Up Amount and certifying the procedures applied and such accountants' associated findings with respect to the Eligibility Criteria and specifying the procedures undertaken by them to review data and computations relating to such information. The Collateral Manager may on any date, prior to the 270th day following the Closing Date or the purchase of Collateral Debt Securities (together with the Aggregate Class A-1AR Undrawn Amount) having an aggregate par amount equal to the Minimum Ramp-Up Amount, upon written notice to the Trustee, the Class A-1AR Note Agent, the Issuer and the Co-Issuer and each Rating Agency (with a copy to each Hedge Counterparty), declare that the Effective Date shall occur on the date specified in such notice; provided that each of the Collateral Quality Tests and the Coverage Tests will be satisfied as of such Effective Date, the Rating Agency Condition has been satisfied and, so long as MBIA is deemed to be the Controlling Class hereunder, MBIA has consented. The Issuer (or the Collateral Manager on behalf of the Issuer) shall cause to be delivered to S&P on the Effective Date a Microsoft Excel file that provides all of the inputs required to determine whether the S&P CDO Monitor Test has been satisfied.

Section 7.18 REIT Status.

-181-

The Arbor Parent shall not take any action that results in the Issuer failing to qualify as a Qualified REIT Subsidiary of the Arbor Parent for federal income tax purposes, unless (A) based on an Opinion of Counsel, the Issuer will be treated as a Qualified REIT Subsidiary of a REIT other than Arbor Parent, or (B) based on an Opinion of Counsel, the Issuer will be treated as a foreign corporation that is not engaged in a trade or business in the United States for U.S. federal income tax purposes.

ARTICLE 8

SUPPLEMENTAL INDENTURES

Section 8.1 Supplemental Indentures Without Consent of Securityholders.

Without the consent of the Holders of any Notes or any Preferred Shareholders, the Issuer, the Co-Issuer, when authorized by Board Resolutions, and the Trustee, with the written consent of each Hedge Counterparty delivered to the Issuer, the Co-Issuer and the Trustee, and, at any time and from time to time subject to the requirement provided below in this Section 8.1, may enter into one or more indentures supplemental hereto, in form satisfactory to the Trustee, for any of the following purposes:

(a) to evidence the succession of another Person to the Issuer or the Co-Issuer and the assumption by any such successor Person of the covenants of the Issuer or the Co-Issuer herein and in the Notes;

(b) to add to the covenants of the Issuer, the Co-Issuer or the Trustee for the benefit of the Holders of the Notes, Preferred Shareholders, each Hedge Counterparty or to surrender any right or power herein conferred upon the Issuer or the Co-Issuer, as applicable;

(c) to convey, transfer, assign, mortgage or pledge any property to or with the Trustee, or add to the conditions, limitations or restrictions on the authorized amount, terms and purposes of the issue, authentication and delivery of the Notes;

(d) to evidence and provide for the acceptance of appointment hereunder of a successor Trustee and to add to or change any of the provisions of this Indenture as shall be necessary to facilitate the administration of the trusts hereunder by more than one Trustee, pursuant to the requirements of Sections 6.9, 6.10 and 6.12 hereof;

(e) to correct or amplify the description of any property at any time subject to the lien of this Indenture, or to better assure, convey and confirm unto the Trustee any property subject or required to be subjected to the lien of this Indenture (including, without limitation, any and all actions necessary or desirable as a result of changes in law or regulations) or to subject to the lien of this Indenture any additional property;

(f) to modify the restrictions on and procedures for resales and other transfers of Notes to reflect any changes in applicable law or regulation (or the interpretation thereof) or to

-182-

enable the Issuer and the Co-Issuer to rely upon any exemption from registration under the Securities Act, the Exchange Act or the Investment Company Act or to remove restrictions on resale and transfer to the extent not required thereunder;

(g) to accommodate the issuance, if any, of Notes in global or book-entry form through the facilities of the Depository or otherwise;

(h) otherwise to correct any inconsistency or cure any ambiguity or mistake;

(i) to take any action commercially reasonably necessary or advisable to prevent the Issuer from failing to qualify as a Qualified REIT Subsidiary or to prevent the Issuer, the Holders of the Notes, the Holders of the Preferred Shares or the Trustee from being subject to withholding or other taxes, fees or assessments or otherwise subject to U.S. federal, state, local or foreign income or franchise tax on a net income tax basis; and

(j) to conform this Indenture to the provisions described in the Offering Memorandum (or any supplement thereto).

The Trustee is hereby authorized to join in the execution of any such supplemental indenture and to make any further appropriate agreements and stipulations which may be therein contained, but the Trustee shall not be obligated to enter into any such supplemental indenture which affects the Trustee's own rights, duties, liabilities or immunities under this Indenture or otherwise, except to the extent required by law.

If any Class of Notes is Outstanding and rated by a Rating Agency, the Trustee shall not enter into any such supplemental indenture unless the Rating Agency Condition has been satisfied, the notice of which may be in electronic form, and, so long as MBIA is deemed to be the Controlling Class hereunder, MBIA consents. At the cost of the Issuer, for so long as any Class of Notes shall remain Outstanding and is rated by a Rating Agency, the Trustee shall provide to such Rating Agency a copy of any proposed supplemental indenture at least 15 days prior to the execution thereof by the Trustee, and, for so long as such Notes are Outstanding and so rated, request written confirmation, which may be in electronic form, that such Rating Agency will not, as a result of such supplemental indenture, cause the rating of any such Class of Notes to be reduced or withdrawn, and, as soon as practicable after the execution by the Trustee, the Issuer and the Co-Issuer of any such supplemental indenture, provide to such Rating Agency a copy of the executed supplemental indenture.

The Trustee shall not enter into any such supplemental indenture if (i) as a result of such supplemental indenture, the interests of any Holder of Securities would be materially and adversely affected thereby, unless the

Majority of each and every Class of Notes or the Preferred Shares so affected have approved such supplemental indenture or (ii) such action would adversely affect the tax treatment of the Holders of the Notes as described in the Offering Memorandum under the heading "Certain U.S. Federal Income Tax Considerations" to any material extent or otherwise cause any of the statements described in the Offering Memorandum under the heading "Certain U.S. Federal Income Tax Considerations" to be inaccurate or incorrect to any material extent. The Trustee shall be entitled to rely upon (i) the receipt of notice, which may be in electronic form, that the Rating Agency Condition has been satisfied and

-183-

(ii) receipt of an Officer's Certificate of the Collateral Manager in determining whether or not the Holders of Securities would be adversely affected by such change (after giving notice of such change to the Holders of Securities). Such determination shall be conclusive and binding on all present and future Holders of Securities. The Trustee shall not be liable for any such determination made in good faith and in reliance upon such Officer's Certificate.

Furthermore, the Trustee shall not enter into any such supplemental indenture unless the Trustee has received an Opinion of Counsel from Cadwalader, Wickersham & Taft LLP or other nationally recognized U.S. tax counsel experienced in such matters that the proposed supplemental indenture will not cause the Issuer to (x) fail to be treated as a Qualified REIT Subsidiary or (y) otherwise be treated as a foreign corporation that is engaged in a trade or business in the United States for U.S. federal income tax purposes.

Section 8.2 Supplemental Indentures with Consent of Securityholders.

Except as set forth below, the Trustee and the Co-Issuers may enter into one or more indentures supplemental hereto to add any provisions to, or change in any manner or eliminate any of the provisions of, this Indenture or modify in any manner the rights of the Holders of any Class of Notes or the Preferred Shares under this Indenture only (x) with the written consent of (a) the Holders of a Majority in Aggregate Outstanding Amount of the Notes of each Class materially and adversely affected thereby (excluding any Notes owned by the Collateral Manager or any of its Affiliates, or by any accounts managed by them) and the Holder of Preferred Shares if materially and adversely affected thereby, by Act of said Securityholders delivered to the Trustee and the Co-Issuers, and (b) the consent of each Hedge Counterparty (to the extent required by the related Hedge Agreement), and (c) the Class A-1AR Note Agent if it is materially and adversely affected thereby, and (y) subject to satisfaction of the Rating Agency Condition, notice of which may be in electronic form, and, so long as MBIA is deemed to be the Controlling Class hereunder, the consent of MBIA. Unless the Trustee is notified (after giving 15 Business Days' notice of such change to the Holders of each Class of Notes, the Holder of the Preferred Shares, each Hedge Counterparty and the Class A-1AR Note Agent) by Holders of a Majority in Aggregate Outstanding Amount of the Notes of any Class (excluding any Notes owned by the Collateral Manager or any of its Affiliates, or by any accounts managed by them) that such Class of Notes will be materially and adversely affected by the proposed supplemental indenture (and upon receipt of an Officer's Certificate of the Collateral Manager), the interests of such Class and the interests of the Preferred Shares will be deemed not to be materially and adversely affected by such proposed supplemental indenture and the Trustee will be permitted to enter into such supplemental indenture. Such determinations shall be conclusive and binding on all present and future Noteholders. The consent of the Holders of the Preferred Shares shall be binding on all present and future Holders of the Preferred Shares. The Trustee shall not be liable for any such determination made in good faith and in reliance upon an Officer's Certificate of the Collateral Manager.

Without the consent of (w) each Hedge Counterparty (except to the extent required by the related Hedge Agreement), (x) all of the Holders of each Outstanding Class of Notes adversely affected, and in each such case subject to

satisfaction of the Rating Agency Condition, notice of which may be in electronic form, (y) all of the Holders of the Preferred

-184-

Shares adversely affected thereby and (z) MBIA, so long as MBIA is deemed to be the Controlling Class hereunder, no supplemental indenture may:

(a) change the Stated Maturity of the principal of or the due date of any installment of interest on any Note or the Class A-1AR Commitment Fee, reduce the principal amount thereof or the Note Interest Rate thereon or the Redemption Price with respect to any Note, change the date of any scheduled distribution on the Preferred Shares, or the Redemption Price with respect thereto, change the earliest date on which any Note may be redeemed at the option of the Issuer, change the provisions of this Indenture that apply the proceeds of any Assets to the payment of principal of or interest on Notes or of distributions to the Preferred Shares Paying Agent for the payment of distributions in respect of the Preferred Shares or change any place where, or the coin or currency in which, any Note or the principal thereof or interest thereon is payable, or impair the right to institute suit for the enforcement of any such payment on or after the Stated Maturity thereof (or, in the case of redemption, on or after the applicable Redemption Date);

(b) reduce the percentage of the Aggregate Outstanding Amount of Holders of Notes of each Class or the Notional Amount of Preferred Shares of the Holders thereof whose consent is required for the authorization of any such supplemental indenture or for any waiver of compliance with certain provisions of this Indenture or certain Defaults hereunder or their consequences provided for in this Indenture;

(c) impair or adversely affect the Assets except as otherwise permitted in this Indenture;

(d) permit the creation of any lien ranking prior to or on a parity with the lien of this Indenture with respect to any part of the Assets or terminate such lien on any property at any time subject hereto or deprive the Holder of any Note, or the Holder of any Preferred Share as an indirect beneficiary, of the security afforded to such Holder by the lien of this Indenture;

(e) reduce the percentage of the Aggregate Outstanding Amount of Holders of Notes of each Class whose consent is required to request the Trustee to preserve the Assets or rescind the Trustee's election to preserve the Assets pursuant to Section 5.5 or to sell or liquidate the Assets pursuant to Section 5.4 or 5.5 hereof;

(f) modify any of the provisions of this Section 8.2, except to increase any percentage of Outstanding Notes whose holders' consent is required for any such action or to provide that other provisions of this Indenture cannot be modified or waived without the consent of the Holder of each Outstanding Note affected thereby;

(g) modify the definition of the term "Outstanding" or the provisions of Section 11.1 or Section 13.1 hereof; or

(h) modify any of the provisions of this Indenture in such a manner as to affect the calculation of the amount of any payment of interest or principal on any Note or the payment of the Class A-1AR Commitment Fee on any Payment Date or of distributions to the Preferred Shares Paying Agent for the payment of distributions in respect of the Preferred Shares

-185-

on any Payment Date (or any other date) or to affect the rights of the Holders of Securities to the benefit of any provisions for the redemption of such Securities contained herein;

provided, however, that no supplemental indenture may reduce the permitted minimum denominations of the Notes or modify any provisions regarding limited recourse or non-petition covenants with respect to the Issuer and the Co-Issuer.

If any Class of Notes is Outstanding and rated by a Rating Agency, the Trustee shall not enter into any such supplemental indenture unless the Rating Agency Condition is satisfied with respect thereto, the notice of which may be in electronic form, and, so long as MBIA is deemed to be the Controlling Class hereunder, MBIA consents. At the cost of the Issuer, for so long as any Class of Notes shall remain Outstanding and is rated by a Rating Agency, the Trustee shall provide to such Rating Agency a copy of any proposed supplemental indenture at least 15 days prior to the execution thereof by the Trustee, and, for so long as such Notes are Outstanding and so rated, request written confirmation, which may be in electronic form, that such Rating Agency will not, as a result of such supplemental indenture, cause the rating of any such Class of Notes to be reduced or withdrawn.

The Trustee shall be entitled to rely upon an Opinion of Counsel provided by and at the expense of the party requesting such supplemental indenture in determining whether or not the Holders of Securities would be adversely affected by such change (after giving notice of such change to the Holders of Securities). Such determination shall be conclusive and binding on all present and future Holders of Securities. The Trustee shall not be liable for any such determination made in good faith and in reliance upon an Opinion of Counsel delivered to the Trustee as described in Section 8.3 hereof.

It shall not be necessary for any Act of Securityholders under this Section 8.2 to approve the particular form of any proposed supplemental indenture, but it shall be sufficient if such Act shall approve the substance thereof.

Promptly after the execution by the Issuer, the Co-Issuer and the Trustee of any supplemental indenture pursuant to this Section 8.2, the Trustee, at the expense of the Issuer, shall mail to the Securityholders, the Class A-1AR Note Agent, each Hedge Counterparty, the Preferred Shares Paying Agent, the Collateral Manager, and, so long as the Notes are Outstanding and so rated, each Rating Agency a copy thereof based on an outstanding rating. Any failure of the Trustee to publish or mail such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such supplemental indenture.

Section 8.3 Execution of Supplemental Indentures.

In executing or accepting the additional trusts created by any supplemental indenture permitted by this Article 8 or the modifications thereby of the trusts created by this Indenture, the Trustee shall be entitled to receive, and shall be fully protected in relying upon, an Opinion of Counsel stating that the execution of such supplemental indenture is authorized or permitted by this Indenture and that all conditions precedent thereto have been satisfied. The Trustee may, but shall not be obligated to, enter into any such supplemental indenture which affects the Trustee's own rights, duties or immunities under this Indenture or otherwise. The

Collateral Manager will be bound to follow any amendment or supplement to this Indenture of which it has received written notice at least ten Business Days prior to the execution and delivery of such amendment or supplement; provided, however, that with respect to any amendment or supplement to this Indenture which may, in the judgment of the Collateral Manager adversely affect the

Collateral Manager, the Collateral Manager shall not be bound (and the Issuer agrees that it will not permit any such amendment to become effective) unless the Collateral Manager gives written consent to the Trustee and the Issuer to such amendment. The Issuer and the Trustee shall give written notice to the Collateral Manager of any amendment made to this Indenture pursuant to its terms. In addition, the Collateral Manager's written consent shall be required prior to any amendment to this Indenture by which it is adversely affected.

Section 8.4 Effect of Supplemental Indentures.

Upon the execution of any supplemental indenture under this Article 8, this Indenture shall be modified in accordance therewith, such supplemental indenture shall form a part of this Indenture for all purposes and every Holder of Notes theretofore and thereafter authenticated and delivered hereunder, and every Holder of Preferred Shares, shall be bound thereby.

Section 8.5 Reference in Notes to Supplemental Indentures.

Notes authenticated and delivered after the execution of any supplemental indenture pursuant to this Article 8 may, and if required by the Trustee shall, bear a notice in form approved by the Trustee as to any matter provided for in such supplemental indenture. If the Issuer and the Co-Issuer shall so determine, new Notes, so modified as to conform in the opinion of the Trustee and the Issuer and the Co-Issuer to any such supplemental indenture, may be prepared and executed by the Issuer and the Co-Issuer and authenticated and delivered by the Trustee in exchange for Outstanding Notes.

Section 8.6 Certain Consents Required for all Supplemental Indentures.

Notwithstanding anything in this Article 8 to the contrary, so long as MBIA is deemed to be the Controlling Class hereunder, the Issuer, the Co-Issuer and the Trustee shall not enter into any supplemental indenture without obtaining the consent of MBIA (such consent not to be unreasonably withheld or delayed); provided that, if MBIA does not object to such supplemental indenture within 14 days after notice is given and all applicable conditions set forth in this Section 8 are satisfied, such Holders will be deemed to have consented to such supplemental indenture.

ARTICLE 9

REDEMPTION OF SECURITIES; REDEMPTION PROCEDURES

Section 9.1 Clean-up Call; Tax Redemption and Optional Redemption.

(a) The Notes may be redeemed by the Issuer at the option of and at the direction of the Collateral Manager (such redemption, a "Clean-up Call"), in whole but not in

-187-

part, at a price equal to the applicable Redemption Prices on any Payment Date (the "Clean-up Call Date") on or after the Payment Date on which the Aggregate Outstanding Amount of the Notes has been reduced to 10% of the Aggregate Outstanding Amount of the Notes on the Closing Date; provided that any payments due and payable upon a termination of each Hedge Agreement will be made on the Clean-up Call Date in accordance with the terms thereof and this Indenture; provided, further, that the funds available to be used for such Clean-up Call will be sufficient to pay the Total Redemption Price.

(b) The Notes and the Preferred Shares shall be redeemable, in whole but not in part, by Act of a Majority of the Preferred Shares delivered to the Trustee, on the Payment Date (the "Tax Redemption Date") following the occurrence of a Tax Event if the Tax Materiality Condition is satisfied at a price equal to the applicable Redemption Prices (such redemption, a "Tax Redemption"); provided that any payments due and payable upon a termination of

each Hedge Agreement will be made in accordance with the terms thereof and this Indenture; provided, further, that the funds available to be used for such Tax Redemption will be sufficient to pay the Total Redemption Price. Upon the occurrence of a Tax Event, the Issuer and the Co-Issuer, at the direction of the Collateral Manager shall provide written notice thereof to the Trustee, the Irish Paying Agent (for so long as any Notes (other than the Class A-1AR Notes) are listed on the Irish Stock Exchange), each Hedge Counterparty, the Class A-1AR Note Agent and each Rating Agency.

(c) The Notes and the Preferred Shares shall be redeemable, in whole but not in part, at a price equal to the applicable Redemption Prices, on any Payment Date after the end of the Non-call Period, at the direction of the Issuer (such redemption, an "Optional Redemption") by Act of a Majority of the Preferred Shares delivered to the Trustee; provided, however, that any payments due and payable upon a termination of each Hedge Agreement will be made in accordance with the terms thereof and this Indenture; provided, further, that the funds available to be used for such Optional Redemption will be sufficient to pay the Total Redemption Price. Notwithstanding anything herein to the contrary, the Issuer shall not sell any Asset to the Collateral Manager or any Affiliate of the Collateral Manager other than ARMS Equity in connection with an Optional Redemption.

(d) The election by the Collateral Manager to redeem the Notes pursuant to a Clean-up Call shall be evidenced by an Officer's Certificate from the Collateral Manager directing the Trustee to make the payment to the Paying Agent of the applicable Redemption Price of all of the Notes to be redeemed from funds in the Payment Account in accordance with the Priority of Payments. In connection with a Tax Redemption, the occurrence of a Tax Event and satisfaction of the Tax Materiality Condition shall be evidenced by an Issuer Order from the Issuer or from the Collateral Manager on behalf of the Issuer certifying that such conditions for a Tax Redemption have occurred. The election by the Collateral Manager to redeem the Notes pursuant to an Optional Redemption shall be evidenced by an Officer's Certificate from the Collateral Manager on behalf of the Issuer certifying that the conditions for an Optional Redemption have occurred.

(e) A redemption pursuant to Section 9.1(a), 9.1(b) or 9.1(c) shall not occur unless (i) at least six Business Days before the scheduled Redemption Date, (A) the Collateral Manager shall have certified to the Trustee that the Collateral Manager, on behalf of the Issuer,

-188-

has entered into a binding agreement or agreements with (1) one or more financial institutions whose long-term unsecured debt obligations (other than such obligations whose rating is based on the credit of a person other than such institution) have a credit rating from each Rating Agency at least equal to the highest rating of any Notes then Outstanding or whose short-term unsecured debt obligations have a credit rating of "P-1" by Moody's (as long as the term of such agreement is 90 days or less) and "A-1" by S&P or (2) one or more Affiliates of the Collateral Manager, to sell all or part of the Pledged Obligations not later than the Business Day immediately preceding the scheduled Redemption Date or (B) the Trustee shall have received written confirmation that the method of redemption satisfies the Rating Agency Condition and so, long as MBIA is deemed to be the Controlling Class hereunder, MBIA has consented (ii) the related Sale Proceeds (in immediately available funds), together with all other available funds (including proceeds from the sale of the Assets, Eligible Investments maturing on or prior to the scheduled Redemption Date, all amounts in the Collection Accounts and available Cash), shall be an aggregate amount sufficient to pay all amounts, payments, fees and expenses in accordance with the Priority of Payments due and owing on such Redemption Date.

Section 9.2 Auction Call Redemption.

(a) During the period from and including the Payment Date occurring in

January 2017 and to but not including the first Payment Date on which the Clean-up Call may be exercised (the "Auction Call Period"), the Securities shall be redeemed by the Issuer, in whole but not in part, at their applicable Redemption Prices if a Successful Auction is completed (such redemption, an "Auction Call Redemption"); provided that any payments due and payable upon a termination of each Hedge Agreement will be made on the Auction Call Redemption Date in accordance with the terms thereof and this Indenture; and provided, further, that the funds available to be used for such Auction Call Redemption will be sufficient to pay the Total Redemption Price. An Auction Call Redemption may occur only on a Payment Date occurring in January or April during the Auction Call Period (such Payment Date, the "Auction Call Redemption Date").

(b) The Trustee shall sell and transfer the Collateral Debt Securities to the highest bidder for all of the Collateral Debt Securities (or to each highest bidder for one or more (but not all) of the Collateral Debt Securities), at the Auction, as long as:

(i) the Auction has been conducted in accordance with the Auction Procedures, as evidenced by a certification of the Collateral Manager;

(ii) at least one bidder delivers to the Collateral Manager a bid (which bid may be based upon a fixed spread above or below a generally recognized price index) for (x) the purchase of all of the Collateral Debt Securities or (y) the purchase of each Collateral Debt Security (which bid may be for one or more (but not all) of the Collateral Debt Securities);

(iii) based on the Collateral Manager's certification to the Trustee of the amount of the Cash purchase price of each bid, the Trustee, in consultation with the Collateral Manager, determines that the Highest Auction Price would result in a Cash purchase price for the Collateral Debt Securities which, together with the balance of all

-189-

Eligible Investments and Cash in the Collection Accounts, the Payment Account and the Expense Account, will be at least equal to the Total Redemption Price; and

(iv) each bidder who offered the Highest Auction Price for all of the Collateral Debt Securities or for one or more of the Collateral Debt Securities enters into a written agreement with the Issuer (which the Issuer shall execute if the conditions set forth in clauses (i) through (iii) above are satisfied) obligating the highest bidder for all of the Collateral Debt Securities (or the highest bidder for one or more (but not all) of the Collateral Debt Securities) to purchase all (either individually or together with other bidders, as applicable) of the Collateral Debt Securities with the closing of such purchase (and full payment in Cash to the Trustee) to occur on or before the 10th Business Day prior to the scheduled Redemption Date.

(c) If any of the foregoing conditions is not met with respect to any Auction, or if the highest bidder or the Collateral Manager, as the case may be, fails to pay the purchase price on or before the sixth Business Day following the relevant Auction Date, (i) the Auction Call Redemption shall not occur on the Payment Date following the relevant Auction Date, (ii) the Trustee shall give notice of the withdrawal pursuant to Section 9.3, (iii) subject to subclause (iv) below, the Trustee shall decline to consummate such sale and shall not solicit any further bids or otherwise negotiate any further sale of Collateral Debt Securities in relation to such Auction and (iv) unless the Notes and the Preferred Shares are redeemed in full prior to the next succeeding Auction Date, or the Collateral Manager notifies the Trustee that market conditions are such that such Auction is not likely to be successful, the Trustee shall conduct another Auction on the next succeeding Auction Date.

Section 9.3 Notice of Redemption.

(a) In connection with an Optional Redemption, a Clean-up Call or a Tax Redemption pursuant to Section 9.1 or an Auction Call Redemption pursuant to Section 9.2, the Trustee on behalf of the Issuer and the Co-Issuer shall (i) set the applicable Record Date and (ii) at least 45 days prior to the proposed Redemption Date, notify the Collateral Manager, each Hedge Counterparty, the Class A-1AR Note Agent, the Rating Agencies and each Preferred Shareholder at such Preferred Shareholder's address in the register maintained by the Share Registrar, of such proposed Redemption Date, the applicable Record Date, the principal amount of Notes to be redeemed on such Redemption Date and the Redemption Price of such Notes in accordance with Section 9.1 or Section 9.2. The Redemption Price shall be determined no earlier than 60 days prior to the proposed Redemption Date.

(b) Any such notice of an Auction Call Redemption, an Optional Redemption, a Clean-up Call or a Tax Redemption may be withdrawn by the Issuer and the Co-Issuer at the direction of the Collateral Manager up to the fourth Business Day prior to the scheduled Redemption Date by written notice to the Trustee, the Class A-1AR Note Agent, the Irish Paying Agent (for so long as any Notes (other than the Class A-1AR Notes) are listed on the Irish Stock Exchange), the Class A-1AR Note Agent, each Hedge Counterparty, to each Holder of Notes to be redeemed, and the Collateral Manager only if (i) in the case of an Optional Redemption, a Clean-up Call or a Tax Redemption the Collateral Manager is unable to deliver the sale agreement or agreements or certifications referred to in Section 9.1(e), as the case may be or (ii)

-190-

in the case of an Auction Call Redemption, the Auction is unable to be consummated pursuant to the Auction Procedures.

Section 9.4 Notice of Redemption or Maturity by the Issuer.

Notice of redemption pursuant to Section 9.1, Section 9.2 or the Maturity of any Notes shall be given by first class mail, postage prepaid, mailed not less than ten Business Days (or four Business Days where the notice of an Auction Call Redemption, an Optional Redemption, a Clean-up Call or a Tax Redemption is withdrawn pursuant to Section 9.3(b)) prior to the applicable Redemption Date or Maturity, to each Holder of Notes to be redeemed, at its address in the Notes Register.

All notices of redemption shall state:

(a) the applicable Redemption Date;

(b) the applicable Redemption Price;

(c) that all the Notes are being paid in full and all Class A-1AR Commitments shall terminate, and that interest on the Notes shall cease to accrue on the Redemption Date specified in the notice; and

(d) the place or places where such Notes to be redeemed in whole are to be surrendered for payment of the Redemption Price which shall be the office or agency of the Paying Agent as provided in Section 7.2.

Notice of redemption shall be given by the Issuer and Co-Issuer, or at their request, by the Trustee in their names, and at the expense of the Issuer. Failure to give notice of redemption, or any defect therein, to any Holder of any Note shall not impair or affect the validity of the redemption of any other Notes. In addition, so long as any Notes (other than the Class A-1AR Notes) are listed on the Irish Stock Exchange, notice of redemption or Maturity shall be published in the Irish Stock Exchange's Daily Official List or as otherwise required by the rules of the Irish Stock Exchange not less than ten Business Days prior to the applicable Redemption Date or Maturity.

Section 9.5 Notes Payable on Redemption Date.

Notice of redemption having been given as aforesaid, the Notes to be redeemed shall, on the Redemption Date, become due and payable at the Redemption Price therein specified and all Class A-1AR Commitments shall terminate on such date, and from and after the Redemption Date (unless the Issuer shall Default in the payment of the Redemption Price and accrued interest thereon) the Notes shall cease to bear interest on the Redemption Date. Upon final payment on a Note to be redeemed, the Holder shall present and surrender such Note at the place specified in the notice of redemption on or prior to such Redemption Date; provided, however, that if there is delivered to the Issuer, the Co-Issuer and the Trustee such security or indemnity as may be required by them to hold each of them harmless (an unsecured indemnity agreement delivered to the Issuer, the Co-Issuer and the Trustee by an institutional investor with a net worth of at least \$200,000,000 being deemed to satisfy such security or indemnity

-191-

requirement) and an undertaking thereafter to surrender such Note, then, in the absence of notice to the Issuer, the Co-Issuer and the Trustee that the applicable Note has been acquired by a bona fide purchaser, such final payment shall be made without presentation or surrender. Payments of interest on Notes of a Class so to be redeemed whose Maturity is on or prior to the Redemption Date shall be payable to the Holders of such Notes, or one or more predecessor Notes, registered as such at the close of business on the relevant Record Date according to the terms and provisions of Section 2.7(n).

If any Note called for redemption shall not be paid upon surrender thereof for redemption, the principal thereof shall, until paid, bear interest from the Redemption Date at the applicable Note Interest Rate for each successive Interest Accrual Period the Note remains Outstanding.

Section 9.6 Mandatory Redemption.

On any Payment Date on which any of the Coverage Tests applicable to any Class of Notes is not satisfied as of the most recent Measurement Date on or after the Effective Date, the Notes shall be redeemed (a "Mandatory Redemption"), first from Interest Proceeds, net of amounts set forth in Section 11.1(a)(i)(1) through (5), and then from Principal Proceeds, net of amounts set forth in clause (1) of Section 11.1(a)(ii), in an amount necessary, and only to the extent necessary, to cause each of the Coverage Tests to be satisfied (and the Class A-1AR Commitments will be reduced simultaneously as described in Section 18.1(e)); provided that, to the extent that the sum of all Class A-1AR Commitments is reduced to an amount less than the Minimum Class A-1AR Commitment, a portion of the Interest Proceeds and/or Principal Proceeds that are available for distribution shall be deposited into the Delayed Funding Obligations Account until the Aggregate Class A-1AR Undrawn Amount equals the Minimum Class A-1AR Commitment. Further, each Hedge Agreement will be terminated in part in accordance with the terms thereof and any payments due and payable on the Hedge Agreement in connection with the termination of the Hedge Agreement will be made on such Payment Date in accordance with the terms thereof and this Indenture, including satisfaction of the Rating Agency Condition and so long as MBIA is deemed to be the Controlling Class hereunder, the consent of MBIA. Such Principal Proceeds and Interest Proceeds shall be applied to each of the Outstanding Classes of Notes in accordance with its relative seniority in accordance with the Priority of Payments. On or promptly after such Mandatory Redemption, the Issuer and the Co-Issuer shall certify or cause to be certified to each of the Rating Agencies and the Trustee whether the Coverage Tests have been met.

Section 9.7 Special Amortization.

The Notes may be amortized in part by the Issuer (at the election and direction of the Collateral Manager) if, at any time during the Reinvestment Period, the Collateral Manager has been unable to identify Collateral Debt

Securities that it determines would be appropriate and would meet the Eligibility Criteria in sufficient amounts to permit the reinvestment of all or a portion of the Principal Proceeds then on deposit in the Principal Collection Account and the amounts on deposit in the Unused Proceeds Account in Substitute Collateral Debt Securities. The Collateral Manager shall notify the Trustee, the Issuer, the Co-Issuer, the Class A-1AR Note Agent, and each Hedge Counterparty (if any) of such election (a "Special Amortization") and the

-192-

amount to be amortized (such amount, the "Special Amortization Amount"). On the first Payment Date following the date on which such notice is given (so long as such notice is given by the related Determination Date), the Special Amortization Amount will be applied to amortize the Notes in accordance with the Priority of Payments (x) on a pro rata basis (based on the Aggregate Outstanding Amount of each Class) among all Classes of Notes (without regard to any Capitalized Interest and assuming for purposes of the Class A-1A/A-1AR Pro Rata Allocation, the Class A-1AR Notes are fully drawn, but allocating the amounts between the Class A-1A Notes and the Class A-1AR Notes, as described in Section 11.1(a)(iii)), if each of the S&P Special Amortization Pro Rata Condition and the Moody's Special Amortization Pro Rata Condition is satisfied with respect to the related Payment Date and, so long as MBIA is deemed to be the Controlling Class hereunder, MBIA otherwise consents, the Class A/B Par Value Test has not failed to be satisfied on any prior Determination Date or (y) sequentially among all Classes of Notes if (A) either the S&P Special Amortization Pro Rata Condition or the Moody's Special Amortization Pro Rata Condition is not satisfied with respect to the related Payment Date or, (B) so long as MBIA is deemed to be the Controlling Class hereunder and MBIA does not otherwise consent, the Class A/B Par Value Test has failed to be satisfied on any prior Determination Date; provided that, in the case of the foregoing clause (B), if the Class A/B Par Value Test has failed to be satisfied on any prior Determination Date and, so long as MBIA is deemed to be the Controlling Class hereunder, MBIA does not otherwise consent, the Issuer shall be entitled to cure such failure (and effect pro rata amortizations thereafter, subject to satisfaction of any other relevant conditions) by selling one Collateral Debt Security in accordance with the relevant provisions of this Indenture to the extent necessary so that the Class A/B Par Value Test is satisfied after such sale; provided, further, however, if the Class A/B Par Value Test is failed on any Determination Date thereafter, no pro rata Special Amortizations may be effected thereafter. Notwithstanding the foregoing, all amounts representing recoveries in respect of Defaulted Securities will be distributed sequentially in any event, in accordance with Section 11.1(a)(ii)(9). In connection with any Special Amortization, the Class A-1AR Commitments will be reduced simultaneously as described in Section 18.1(e).

In addition, the Issuer may, but under no circumstances shall, be required to, deposit from time to time such Monies in the Collection Accounts as it deems, in its sole discretion, to be advisable. All Monies deposited from time to time in the Collection Accounts pursuant to this Indenture shall be held by the Trustee as part of the Assets and shall be applied to the purposes herein provided. The Collection Accounts shall remain at all times with the Corporate Trust Office or a financial institution having a long-term debt rating at least equal to "A-" or "A2," as applicable, or a short-term debt rating at least equal to "A-1," "P-1" or "F1," as applicable.

(b) All distributions of principal or interest received in respect of the Assets, and any Sale Proceeds from the sale or disposition of a Collateral Debt Security or other Assets received by the Trustee in Dollars shall be immediately deposited into the Interest Collection Account or the Principal Collection Account, as Interest Proceeds or Principal Proceeds, respectively (unless, in the case of proceeds received from the sale or disposition of any Assets, such proceeds are simultaneously reinvested pursuant to Section 10.2(d) in Substitute Collateral Debt Securities, subject to the Reinvestment Criteria, or in Eligible Investments). In addition, any amounts borrowed under the Class A-1AR Notes in connection with a Special Amortization will be remitted to the Principal Collection Account. Subject to Sections 10.2(d), 10.2(e) and 11.2, all such property, together with any securities in which funds included in such property are or will be invested or reinvested during the term of this Indenture, and any income or other gain realized from such investments, shall be held by the Trustee in the Collection Accounts as part of the Assets subject to disbursement and withdrawal as provided in this Section 10.2. Subject to Section 10.2(e) by Issuer Order (which may be in the form of standing instructions), the Issuer (or the Collateral Manager on behalf of the Issuer) shall at all times direct the Trustee to, and, upon receipt of such Issuer Order, the Trustee shall, invest all funds received into the Collection Accounts during a Due Period, and amounts received in prior Due Periods and retained in the Collection Accounts, as so directed in Eligible Investments having stated maturities no later than the Business Day immediately preceding the next Payment Date. Collateral Manager and deposit the proceeds thereof in the applicable Collection Account for investment pursuant to this Section 10.2; provided, however, that

the Issuer (or the Collateral Manager on behalf of the Issuer) need not sell such Scheduled Distributions or other non-Cash proceeds if it delivers an Officer's Certificate to the Trustee certifying that such Scheduled Distributions or other proceeds constitute Collateral Debt Securities or Eligible Investments.

(c) If prior to the occurrence of an Event of Default, the Issuer (or the Collateral Manager on behalf of the Issuer) shall not have given any investment directions pursuant to Section 10.2(b), the Trustee shall seek instructions from the Issuer (or the Collateral Manager on behalf of the Issuer) within three Business Days after transfer of such funds to the applicable Collection Account. If the Trustee does not thereupon receive written instructions from the Issuer (or the Collateral Manager on behalf of the Issuer) within five Business Days after transfer of such funds to the applicable Collection Account, it shall invest and reinvest the funds held in the applicable Collection Account in one or more Eligible Investments described in clause (ii) of the definition of Eligible Investments maturing no later than the Business Day immediately preceding the next Payment Date. If after the occurrence of an Event of Default, the Issuer (or the Collateral Manager on behalf of the Issuer) shall not have given investment directions to the Trustee pursuant to Section 10.2(b) for three consecutive days, the Trustee shall invest and reinvest such Monies as fully as practicable in Eligible Investments described in clause (ii) of the definition of Eligible Investments maturing not later than the earlier of (i) 30 days after the date of such investment or (ii) the Business Day immediately preceding the next Payment Date. All interest and other income from such investments shall be deposited in the applicable Collection Account, any gain realized from such investments shall be credited to the applicable Collection Account, and any loss resulting from such investments shall be charged to the applicable Collection Account. The Trustee shall not in any way be held liable (except as a result of negligence, willful misconduct or bad faith) by reason of any insufficiency of such applicable Collection Account resulting from any loss relating to any such investment, except with respect to investments in obligations of the Trustee or any Affiliate thereof.

(d) During the Reinvestment Period (and thereafter to the extent necessary to acquire Collateral Debt Securities pursuant to contracts entered into during the Reinvestment Period), the Collateral Manager on behalf of the Issuer may by Issuer Order direct the Trustee to, and upon receipt of such Issuer Order the Trustee shall, reinvest Principal Proceeds in Collateral Debt Securities selected by the Collateral Manager as permitted under and in accordance with the requirements of Article 12 and such Issuer Order.

(e) The Trustee shall transfer to the Payment Account for application pursuant to Section 11.1(a) and in accordance with the calculations and the instructions contained in the Notes Valuation Report prepared by the Trustee on behalf of the Issuer pursuant to Section 10.11(e), on or prior to the Business Day prior to each Payment Date, any amounts then held in the Collection Accounts other than (i) Interest Proceeds or Principal Proceeds received after the end of the Due Period with respect to such Payment Date and (ii) amounts that the Issuer is entitled to reinvest in accordance with Section 12.2 and which the Issuer so elects to reinvest in accordance with the terms of this Indenture, except that, to the extent that Principal Proceeds in the Principal Collection Account as of such date are in excess of the amounts required to be applied pursuant to the Priority of Payments up to and including the next Payment Date as shown in the Notes Valuation Report with respect to such Payment Date, the Issuer may

-195-

direct the Trustee to retain such excess amounts in the Principal Collection Account and not to transfer such excess amounts to the Payment Account and the Trustee shall do so.

Section 10.3 Payment Account.

The Trustee shall, prior to the Closing Date, establish a single, segregated trust account which shall be designated as the "Payment Account," which shall be held in trust for the benefit of the Secured Parties and over which the Trustee shall have exclusive control and the sole right of withdrawal. Any and all funds at any time on deposit in, or otherwise to the credit of, the Payment Account shall be held in trust by the Trustee for the benefit of the Secured Parties. Except as provided in Sections 11.1 and 11.2, the only permitted withdrawal from or application of funds on deposit in, or otherwise to the credit of, the Payment Account shall be (i) to pay the interest on and the principal of the Notes and make other payments in respect of the Notes in accordance with their terms and the provisions of this Indenture, (ii) to pay the Preferred Shares Paying Agent for deposit into the Preferred Share Distribution Account for distributions to the Preferred Shareholders in accordance with the terms and the provisions of the Preferred Shares Paying Agency Agreement, (iii) upon Issuer Order, to pay other amounts specified therein, and (iv) otherwise to pay amounts payable pursuant to and in accordance with the terms of this Indenture, each in accordance with the Priority of Payments. The Trustee agrees to give the Issuer and the Co-Issuer immediate notice if it becomes aware that the Payment Account or any funds on deposit therein, or otherwise to the credit of the Payment Account, shall become subject to any writ, order, judgment, warrant of attachment, execution or similar process. Neither the Issuer nor the Co-Issuer shall have any legal, equitable or beneficial interest in the Payment Account other than in accordance with the Priority of Payments. The Payment Account shall remain at all times with the Corporate Trust Office or a financial institution having a long-term debt rating by each Rating Agency at least equal to "A-" or "A2," as applicable, or a short-term debt rating by each Rating Agency at least equal to "A-1," "P-1" or "F1," as applicable. Amounts in the Payment Account shall not be invested.

Section 10.4 Unused Proceeds Account.

(a) The Trustee shall prior to the Closing Date establish a single, segregated trust account which shall be designated as the "Unused Proceeds Account" which shall be held in trust in the name of the Trustee for the benefit of the Secured Parties, into which the amount specified in Section 3.2(g) shall be deposited. All Monies deposited from time to time in the Unused Proceeds Account pursuant to this Indenture, including, without limitation, any amounts transferred to the Unused Proceeds Account pursuant to Section 10.6(c), shall be held by the Trustee as part of the Assets and shall be applied to the purposes herein provided.

(b) The Trustee agrees to give the Issuer immediate notice if it becomes aware that the Unused Proceeds Account or any funds on deposit therein, or otherwise to the credit of the Unused Proceeds Account, shall become subject to any writ, order, judgment, warrant of attachment, execution or similar process. The Unused Proceeds Account shall remain at all times with the Corporate Trust Office or a financial institution having a long-term debt rating by each Rating Agency at least equal to "A-" or "A2," as applicable, or a short-term debt rating at least equal to "A-1," "P-1" or "F1," as applicable.

-196-

(c) During the Reinvestment Period, amounts on deposit in the Unused Proceeds Account may or shall be designated by the Collateral Manager as Special Amortization Amounts to be included as Principal Proceeds pursuant to Section 9.7. If the Aggregate Principal Balance (including the Aggregate Class A-1AR Undrawn Amount) of the Collateral Debt Securities exceeds the Minimum Ramp-Up Amount on the Effective Date, amounts remaining on deposit in the Unused Proceeds Account at the end of the Ramp-Up Period (following receipt of Rating Confirmation with respect to the Effective Date) not to exceed an amount equal to 5% of the Deposit may, at the option of the Collateral Manager, be designated as Interest Proceeds. Any such election will be made on a one-time basis and must be made by written notice to the Trustee no later than the 20th Business Day after the Effective Date, which notice shall set forth any such amounts in the Unused Proceeds Account so designated (and any interest or earnings

thereon). Upon receipt of such notice, the Trustee shall transfer such amount to the Interest Collection Account (for subsequent transfer to the Payment Account), which will be treated as Interest Proceeds and applied in accordance with the Priority of Payments. Any amounts remaining in the Unused Proceeds Account on the 20th Business Day after the Effective Date, to the extent not designated as Interest Proceeds and provided a Rating Confirmation Failure has not occurred, shall be transferred by the Trustee to the Principal Collection Account (for subsequent transfer to the Payment Account) and treated as Principal Proceeds and applied in accordance with the Priority of Payments.

(d) If a Rating Confirmation Failure occurs, upon receipt of notice from the Collateral Manager pursuant to Section 7.18, the Trustee shall transfer amounts in the Unused Proceeds Account to the Payment Account for application on the immediately following Payment Date to pay principal of the Notes, first, to the payment of principal of the Class A-1 Notes as described in Section 11.1(a)(iii), second, to the payment of principal of the Class A-2 Notes, third, to the payment of principal of the Class B Notes, fourth, to the payment of principal of the Class C Notes, fifth, to the payment of principal of the Class D Notes, sixth, to the payment of principal of the Class E Notes, seventh, to the payment of principal of the Class F Notes, eighth, to the payment of principal of the Class G Notes and ninth, to the payment of principal of the Class H Notes, in each case until the ratings assigned on the Closing Date to each Class of Notes have been reinstated or such Class has been paid in full. Any excess amount shall be treated as Principal Proceeds and applied in accordance with the Priority of Payments. If no Rating Confirmation Failure occurs, to the extent the Collateral Manager has not identified such amounts as Interest Proceeds pursuant to Section 10.4(c), the Trustee shall transfer the amounts on deposit in the Unused Proceeds Account to the Principal Collection Account, and such amounts will be treated as Principal Proceeds and applied in accordance with the Priority of Payments.

(e) During the Ramp-Up Period, the Issuer (or the Collateral Manager on behalf of the Issuer) may by Issuer Order direct the Trustee to, and upon receipt of such Issuer Order the Trustee shall, apply amounts on deposit in the Unused Proceeds Account to acquire Collateral Debt Securities selected by the Collateral Manager as permitted under and in accordance with the requirements of Section 7.17 and such Issuer Order.

(f) To the extent not applied pursuant to Section 7.17, the Collateral Manager, on behalf of the Issuer, may direct the Trustee to, and upon such direction the Trustee shall, invest all funds in the Unused Proceeds Account in Eligible Investments designated by the

-197-

Collateral Manager. All interest and other income from such investments shall be deposited in the Unused Proceeds Account, any gain realized from such investments shall be credited to the Unused Proceeds Account, and any loss resulting from such investments shall be charged to the Unused Proceeds Account. The Trustee shall not in any way be held liable (except as a result of negligence, willful misconduct or bad faith) by reason of any insufficiency of the Unused Proceeds Account resulting from any loss relating to any such investment, except with respect to investments in obligations of the Trustee or any Affiliate thereof. If the Trustee does not receive investment instructions from an Authorized Officer of the Collateral Manager, the Trustee shall invest funds received in the Unused Proceeds Account in Eligible Investments of the type described in clause (ii) of the definition thereto.

Section 10.5 Interest Reserve Account.

The Trustee shall prior to the Closing Date establish a single, segregated trust account which shall be designated as the "Interest Reserve Account" which shall be held in trust in the name of the Trustee for the benefit of the Secured Parties. On the Closing Date, the Trustee shall deposit into the Interest Reserve Account an amount equal to \$500,000 from the net proceeds

received by the Issuer on such date from the issuance of Securities. Funds on deposit in the Interest Reserve Account will be withdrawn on any Payment Date, provided the Trustee is given notice thereof by the related Determination Date, for application as Interest Proceeds, in the sole discretion of the Collateral Manager. In addition, funds in the Interest Reserve Account may be invested in Eligible Investments as designated by the Collateral Manager. If the Trustee does not receive investment instructions from an Authorized Officer of the Collateral Manager, the Trustee shall invest funds received in the Interest Reserve Account in Eligible Investments of the type described in clause (ii) of the definition thereto.

Section 10.6 Delayed Funding Obligations Account.

(a) The Trustee shall prior to the Closing Date establish a single, segregated trust account (the "Delayed Funding Obligations Account") which shall be held in trust for the benefit of the Secured Parties, into which Delayed Funding Obligations Account the Trustee shall deposit funds for any additional funding commitments of the Issuer under any Delayed Draw Term Loans included in the Collateral Debt Securities. All amounts in the Delayed Funding Obligations Account shall be deposited in overnight funds in Eligible Investments and released to fulfill such commitments. If a Delayed Draw Term Loan is sold or otherwise disposed before the full commitment thereunder has been drawn, or if excess funds remain following the termination of the funding obligation giving rise to the deposit of such funds in the Delayed Funding Obligations Account, such Eligible Investments on deposit in the Delayed Funding Obligations Account for the purpose of fulfilling such commitment shall be transferred to the Principal Collection Account as Principal Proceeds. The Delayed Funding Obligations Account shall remain at all times with the Corporate Trust Office or a financial institution having a long-term debt rating from each Rating Agency at least equal to "A-" or "A2," as applicable, or a short-term debt rating at least equal to "A-1," "P-1" or "F1," as applicable.

(b) Except as provided in Section 10.6(c) below, funds in the Delayed Funding Obligations Account shall be available solely to fulfill any additional funding commitments of the Issuer under any Delayed Draw Term Loans included in the Collateral Debt

-198-

Securities. Upon the purchase of any Collateral Debt Security that is a Delayed Draw Term Loan, the Collateral Manager shall direct the Trustee to deposit Principal Proceeds into the Delayed Funding Obligations Account in an amount equal to the excess, if any, of the sum of (x) the aggregate amount of the Issuer's remaining future funding obligations with respect to such Delayed Draw Term Loan and (y) the aggregate of the Issuer's remaining future funding obligations in respect of all other Delayed Draw Term Loans then currently owned by the Issuer, over the Aggregate Class A-1AR Undrawn Amount. The Collateral Manager shall not permit, at any time, all amounts then on deposit in the Delayed Funding Obligations Account, together with the Aggregate Class A-1AR Undrawn Amount, to be less than the aggregate amount of all future funding obligations outstanding under the terms of all Delayed Draw Term Loans that constitute Collateral Debt Securities.

(c) The Collateral Manager shall direct the Trustee to withdraw funds from the Delayed Funding Obligations Account to fund amounts drawn under any Delayed Draw Term Loan. Pursuant to an Issuer Order delivered prior to the Mandatory Class A-1AR Draw Date, all or a portion of the funds, as specified in such Issuer Order, on deposit in the Delayed Funding Obligations Account at any time up to an amount equal to the lesser of (x) the amount then on deposit in the Delayed Funding Obligations Account or (y) the amount by which (A) the sum of the amount then on deposit in the Delayed Funding Obligations Account plus the Aggregate Class A-1AR Undrawn Amount exceeds (B) the aggregate principal amount of commitments which may be drawn upon under the Delayed Draw Term Loans shall be transferred by the Trustee to the Unused Proceeds Account. Pursuant to an Issuer Order delivered on or after the Mandatory Class A-1AR Draw Date, all

or a portion of the funds, as specified in such Issuer Order, on deposit in the Delayed Funding Obligations Account at any time in excess of the aggregate principal amount of commitments which may be drawn upon under the Delayed Draw Term Loan shall be transferred by the Trustee to the Collection Account as Principal Proceeds.

Section 10.7 Expense Account.

(a) The Trustee shall prior to the Closing Date establish a single, segregated trust account which shall be designated as the "Expense Account" which shall be held in trust in the name of the Trustee for the benefit of the Secured Parties. The only permitted withdrawal from or application of funds on deposit in, or otherwise standing to the credit of, the Expense Account shall be to pay (on any day other than a Payment Date) (i) accrued and unpaid Company Administrative Expenses (other than accrued and unpaid expenses and indemnities payable to the Collateral Manager under the Collateral Management Agreement) and (ii) amounts representing accrued interest in connection with the purchase by the Issuer during the Ramp Up Period of Collateral Debt Securities. On the Closing Date, the Trustee shall deposit into the Expense Account an amount equal to \$976,869.50 from the net proceeds received by the Issuer on such date from the initial issuance of the Securities. On or after the Effective Date, any amount remaining in the Expense Account may, at the election of the Collateral Manager be designated as Interest Proceeds. On the date on which substantially all of the Issuer's assets have been sold or otherwise disposed of, the Issuer by Issuer Order executed by an Authorized Officer of the Collateral Manager shall direct the Trustee to, and, upon receipt of such Issuer Order, the Trustee shall, transfer all amounts on deposit in the Expense Account to the Interest Collection Account for application pursuant to Section 11.1(a)(i) as Interest Proceeds. Amounts credited to the

-199-

Expense Account may be applied on or prior to the Determination Date preceding the first Payment Date to pay amounts due in connection with the offering of the Notes.

(b) The Trustee agrees to give the Issuer immediate notice if it becomes aware that the Expense Account or any funds on deposit therein, or otherwise to the credit of the Expense Account, shall become subject to any writ, order, judgment, warrant of attachment, execution or similar process. The Issuer shall not have any legal, equitable or beneficial interest in the Expense Account. The Expense Account shall remain at all times with the Corporate Trust Office or a financial institution having a long-term debt rating by each Rating Agency at least equal to "A-" or "Baa1," as applicable.

(c) The Collateral Manager, on behalf of the Issuer, may direct the Trustee to, and upon such direction the Trustee shall, invest all funds in the Expense Account in Eligible Investments designated by the Collateral Manager. All interest and other income from such investments shall be deposited in the Expense Account, any gain realized from such investments shall be credited to the Expense Account, and any loss resulting from such investments shall be charged to the Expense Account. The Trustee shall not in any way be held liable (except as a result of negligence, willful misconduct or bad faith) by reason of any insufficiency of such Expense Account resulting from any loss relating to any such investment, except with respect to investments in obligations of the Trustee or any Affiliate thereof. If the Trustee does not receive investment instructions from an Authorized Officer of the Collateral Manager, the Trustee shall invest funds received in the Expense Account in Eligible Investments of the type described in clause (ii) of the definition thereto.

Section 10.8 Defeased Collateral Accounts.

(a) The Trustee shall, on or after the Closing Date, at the direction of the Issuer (or the Collateral Manager on the Issuer's behalf) establish and maintain one or more segregated trust accounts which will be designated the

"Defeased Collateral Accounts." On each date on which the Issuer receives from the related borrower in respect of a Loan included in the Assets substitute or additional collateral in the form of Cash or Eligible Investments in connection with a defeasance of such Loan, such substitute or additional collateral shall be transferred by the Issuer (or by the Collateral Manager on behalf of the Issuer) to the Trustee and the Trustee thereafter shall deposit such substitute or additional collateral into a Defeased Collateral Account; provided that this Section 10.8(a) shall not apply to any such substitute or additional collateral received by the Issuer in connection with the release of any lien on condominium units to the extent that such additional or substitute collateral is held by the Servicer in an Eligible Account pending application of such collateral to pay principal of and/or interest on the related Collateral Debt Security in accordance with the terms of the applicable Underlying Instruments. Amounts on deposit in each Defeased Collateral Account shall be transferred by the Trustee for deposit into the Interest Collection Account, the Principal Collection Account and/or the Payment Account, in each case as directed by the Issuer (or by the Collateral Manager on behalf of the Issuer) pursuant to an Issuer Order. All Monies deposited from time to time in the Defeased Collateral Account pursuant to this Indenture shall be held by the Trustee as part of the Assets and shall be applied to the purposes herein provided.

-200-

(b) The Trustee agrees to give the Issuer immediate notice if it becomes aware that a Defeased Collateral Account or any funds on deposit therein, or otherwise to the credit of a Defeased Collateral Account, shall become subject to any writ, order, judgment, warrant of attachment, execution or similar process. The Issuer shall not have any legal, equitable or beneficial interest in any Defeased Collateral Account. Each Defeased Collateral Account shall remain at all times with the Corporate Trust Office or a financial institution having a long-term debt rating from each Rating Agency at least equal to "A-" or "A2," as applicable, or a short-term debt rating at least equal to "A-1," "P-1" or "F1," as applicable.

(c) The Collateral Manager, on behalf of the Issuer, may direct the Trustee to, and upon such direction the Trustee shall, invest all funds in the Defeased Collateral Account in Eligible Investments designated by the Collateral Manager. All interest and other income from such investments shall be deposited in the Defeased Collateral Account, any gain realized from such investments shall be credited to the Defeased Collateral Account, and any loss resulting from such investments shall be charged to the Defeased Collateral Account. The Trustee shall not in any way be held liable (except as a result of negligence, willful misconduct or bad faith) by reason of any insufficiency of the Defeased Collateral Account resulting from any loss relating to any such investment, except with respect to investments in obligations of the Trustee or any Affiliate thereof. If the Trustee does not receive investment instructions from an Authorized Officer of the Collateral Manager, the Trustee shall invest funds received in the Defeased Collateral Account in Eligible Investments of the type described in clause (ii) of the definition thereto.

Section 10.9 Interest Advances.

(a) With respect to each Determination Date for which the sum of Interest Proceeds and, if applicable, Principal Proceeds, collected during the related Due Period that are available to pay interest on the Class A-1 Notes, the Class A-2 Notes and the Class B Notes in accordance with the Priority of Payments, are insufficient to remit the interest due and payable with respect to the Class A-1 Notes, the Class A-2 Notes and the Class B Notes on the following Payment Date to the extent such shortfall results from interest shortfalls on the Non-Advancing Collateral Debt Securities (the amount of such insufficiency, an "Interest Shortfall"), the Trustee shall provide the Advancing Agent with written notice of such Interest Shortfall no later than the close of business on the Business Day following such Determination Date. The Trustee shall provide the Advancing Agent with notice, prior to any funding of an Interest Advance by the Advancing Agent, of any additional interest remittances received by the

Trustee after delivery of such initial notice that reduce such Interest Shortfall. No later than 5:00 p.m. (New York time) on the Business Day immediately preceding the related Payment Date (but in any event no earlier than one Business Day following the Advancing Agent's receipt of notice of such Interest Shortfall), the Advancing Agent shall advance the difference between such amounts (each such advance, an "Interest Advance") by deposit of an amount equal to such Interest Advance in the Payment Account, subject to a determination of recoverability by the Advancing Agent as described in Section 10.9(b), and subject to a maximum limit in respect of any Payment Date equal to the lesser of (i) the aggregate of such Interest Shortfalls that would otherwise occur on the Class A-1 Notes, the Class A-2 Notes and Class B Notes and (ii) the aggregate of the interest payments not received in respect of Non-Advancing Collateral Debt Securities. Notwithstanding the foregoing, in no circumstance will the Advancing Agent be required to make an Interest

-201-

Advance in respect of a Non-Advancing Collateral Debt Security (x) to the extent that the aggregate outstanding amount of all unreimbursed Interest Advances would exceed the aggregate outstanding principal amount of the Class A Notes and the Class B Notes or (y) if the Class A/B Par Value Ratio on the relevant Measurement Date is less than 100%. Any Interest Advance made by the Advancing Agent with respect to a Payment Date that is in excess of the actual Interest Shortfall for such Payment Date shall be refunded to the Advancing Agent by the Trustee on the same Business Day that such Interest Advance was made (or, if such Interest Advance is made prior to final determination by the Trustee of such Interest Shortfall, on the Business Day of such final determination). The Advancing Agent shall provide the Trustee written notice of a determination by the Advancing Agent that a proposed Interest Advance would constitute a Nonrecoverable Interest Advance no later than the close of business on the Business Day immediately preceding the related Payment Date (or, in the event that the Advancing Agent did not receive notice of the related Interest Shortfall on the related Determination Date, no later than the close of business on the Business Day immediately following the Advancing Agent's receipt of notice of such Interest Shortfall). If the Advancing Agent shall fail to make any required Interest Advance at or prior to the time at which distributions are to be made pursuant to Section 11.1(a), the Backup Advancing Agent shall be required to make such Interest Advance, subject to a determination of recoverability by the Backup Advancing Agent as described in Section 10.9(b). The Backup Advancing Agent shall be entitled to conclusively rely on any affirmative determination by the Advancing Agent that an Interest Advance would constitute a Nonrecoverable Interest Advance. Based upon available information at the time, the Backup Advancing Agent, the Collateral Manager or the Advancing Agent will provide 15 days prior notice to each Rating Agency if recovery of a Nonrecoverable Interest Advance would result in an Interest Shortfall on the next succeeding Payment Date. No later than the close of business on the Determination Date related to a Payment Date on which the recovery of a Nonrecoverable Interest Advance would result in an Interest Shortfall, the Collateral Manager will provide each Rating Agency notice of such recovery.

(b) Notwithstanding anything herein to the contrary, neither the Advancing Agent nor the Backup Advancing Agent, as applicable, shall be required to make any Interest Advance unless such Person determines, in its sole discretion, exercised in good faith that such Interest Advance, or such proposed Interest Advance, plus interest expected to accrue thereon at the Reimbursement Rate, will be recoverable from subsequent payments or collections with respect to all Collateral Debt Securities and has determined in its reasonable judgment that the recovery would not result in an Interest Shortfall. In determining whether any proposed Interest Advance will be, or whether any Interest Advance previously made is, a Nonrecoverable Interest Advance, the Advancing Agent or the Backup Advancing Agent, as applicable, will take into account:

(i) amounts that may be realized on each Underlying Mortgage Property in its "as is" or then-current condition and occupancy;

(ii) that the related Senior Tranches of any Collateral Debt Security may be required to be fully paid and any advances (and interest thereon) made in respect of such Senior Tranches may be required to be fully reimbursed, prior to any amounts recovered in respect of the Underlying Mortgage Properties are allocated or otherwise made available to the Collateral Debt Securities;

-202-

(iii) the possibility and effects of future adverse change with respect to the Underlying Mortgage Properties, the potential length of time before such Interest Advance may be reimbursed and the resulting degree of uncertainty with respect to such reimbursement; and

(iv) the fact that Interest Advances are intended to provide liquidity only and not credit support to the Holders of the Class A-1 Notes, the Class A-2 Notes and the Class B Notes.

For purposes of any such determination of whether an Interest Advance constitutes or would constitute a Nonrecoverable Interest Advance, an Interest Advance will be deemed to be nonrecoverable if the Advancing Agent or the Backup Advancing Agent, as applicable, determines that future Interest Proceeds and Principal Proceeds may be ultimately insufficient to fully reimburse such Interest Advance, plus interest thereon at the Reimbursement Rate within a reasonable period of time. Absent bad faith, the determination by the Advancing Agent or the Backup Advancing Agent, as applicable, as to the nonrecoverability of any Interest Advance shall be conclusive and binding on the Holders of the Notes.

(c) Each of the Advancing Agent and the Backup Advancing Agent will each be entitled to recover any previously unreimbursed Interest Advance made by it (including any Nonrecoverable Interest Advance), together with interest thereon, first, from Interest Proceeds and second (to the extent that there are insufficient Interest Proceeds for such reimbursement), from Principal Proceeds to the extent that such reimbursement would not trigger an additional Interest Shortfall; provided that if at any time an Interest Advance is determined to be a Nonrecoverable Interest Advance, the Advancing Agent or the Backup Advancing Agent shall be entitled to recover all outstanding Interest Advances from the Collection Accounts on any Business Day during any Interest Accrual Period prior to the related Determination Date (or on a Payment Date prior to any payment of interest on or principal of the Notes in accordance with the Priority of Payments). The Advancing Agent shall be permitted (but not obligated) to defer or otherwise structure the timing of recoveries of Nonrecoverable Interest Advances in such manner as the Advancing Agent determines is in the best interest of the Class A Notes and the Class B Notes, as a collective whole, which may include being reimbursed for Nonrecoverable Interest Advances in installments.

(d) The Advancing Agent and the Backup Advancing Agent will each be entitled with respect to any Interest Advance made by it (including Nonrecoverable Interest Advances) to interest accrued on the amount of such Interest Advance for so long as it is outstanding at the Reimbursement Rate.

(e) The obligations of the Advancing Agent and the Backup Advancing Agent to make Interest Advances in respect of the Collateral Debt Securities will continue through the Stated Maturity, unless the Class A Notes and the Class B Notes are previously redeemed or repaid in full.

(f) In no event will the Advancing Agent in its capacity as such hereunder or the Trustee, in its capacity as Backup Advancing Agent hereunder, be required to make Interest Advances for distributions to the Holders of any Class of Notes other than the Class A-1 Notes,

-203-

the Class A-2 Notes and the Class B Notes or with respect to any Collateral Debt Security other than a Non-Advancing Collateral Debt Security, and in no event will the Advancing Agent or the Backup Advancing Agent be required to advance any amounts in respect of payments of Principal of any Collateral Debt Security.

(g) In consideration of the performance of its obligations hereunder, the Advancing Agent shall be entitled to receive, at the times set forth herein and subject to the Priority of Payments, to the extent funds are available therefor, the Advancing Agent Fee. In consideration of the Backup Advancing Agent's obligations hereunder, the Backup Advancing Agent shall be entitled to receive, at the times set forth herein and subject to the Priority of Payments, to the extent funds are available therefor, the Backup Advancing Agent Fee. If the Backup Advancing Agent makes an Interest Advance that the Advancing Agent failed to make and did not determine to be nonrecoverable, the Backup Advancing Agent will be entitled to receive the Advancing Agent's Fee for so long as such Interest Advance is outstanding.

(h) The determination by the Advancing Agent or the Backup Advancing Agent, as applicable, (i) that it has made a Nonrecoverable Interest Advance or (ii) that any proposed Interest Advance, if made, would constitute a Nonrecoverable Interest Advance, shall be evidenced by an Officer's Certificate delivered promptly to the Trustee (or, if applicable, retained thereby), the Issuer, S&P, Fitch and Moody's, setting forth the basis for such determination; provided that failure to give such notice, or any defect therein, shall not impair or affect the validity of, or the Advancing Agent or the Backup Advancing Agent, entitlement to reimbursement with respect to, any Interest Advance.

(i) If a Scheduled Distribution on any Collateral Debt Security is not paid to the Trustee on the Due Date therefor, the Trustee shall provide the Advancing Agent with notice of such default on the Business Day immediately following such default. In addition, upon request, the Trustee shall provide the Advancing Agent (either electronically or in hard-copy format), with copies of all reports received from any trustee, trust administrator, master servicer or similar administrative entity with respect to the Collateral Debt Securities and the Trustee shall promptly make available to the Advancing Agent any other information reasonably available to the Trustee by reason of its acting as Trustee hereunder to permit the Advancing Agent to make a determination of recoverability with respect to any Interest Advance and to otherwise perform its advancing functions under this Indenture.

Section 10.10 Reports by Parties.

(a) The Trustee shall supply, in a timely fashion, to the Issuer, the Co-Issuer, the Preferred Shares Paying Agent and the Collateral Manager any information regularly maintained by the Trustee that the Issuer, the Co-Issuer, the Preferred Shares Paying Agent or the Collateral Manager may from time to time request with respect to the Pledged Obligations or the Accounts and provide any other information reasonably available to the Trustee by reason of its acting as Trustee hereunder and required to be provided by Section 10.11 or to permit the Collateral Manager to perform its obligations under the Collateral Management Agreement. The Trustee shall forward to the Collateral Manager and each Hedge Counterparty copies of notices and other writings received by it from the issuer of any Collateral Debt Security or from any Clearing Agency with respect to any Collateral Debt Security advising the holders of such

security of any rights that the holders might have with respect thereto (including, without limitation, notices of calls and redemptions of securities) as well as all periodic financial reports received from such issuer and Clearing Agencies with respect to such issuer. Each of the Issuer and Collateral Manager shall promptly forward to the Trustee any information in their possession or

reasonably available to them concerning any of the Pledged Obligations that the Trustee reasonably may request or that reasonably may be necessary to enable the Trustee to prepare any report or perform any duty or function on its part to be performed under the terms of this Indenture.

Section 10.11 Reports; Accountings.

(a) The Trustee shall monitor the Assets on an ongoing basis and provide access to the information maintained by the Trustee to, and upon reasonable request of the Collateral Manager, shall assist the Collateral Manager in performing its duties under the Collateral Management Agreement, each in accordance with this Indenture.

(b) The Trustee shall perform the following functions during the term of this Indenture:

(i) create and maintain a database with respect to the Collateral Debt Securities (the "Database");

(ii) permit access to the information contained in the Database by the Collateral Manager and the Issuer;

(iii) on a monthly basis monitor and update the Database for ratings changes;

(iv) update the Database for Collateral Debt Securities or Eligible Investments acquired or sold or otherwise disposed of;

(v) prepare and arrange for the delivery to each Rating Agency, the Collateral Manager, each Hedge Counterparty, the Initial Purchaser, MBIA, for so long as it is deemed to be the Controlling Class hereunder, and upon request therefor, any Holder of a Note shown on the Note Registrar, any Preferred Shareholder shown on the register maintained by the Share Registrar, and, for so long as any Notes (other than the Class A-1AR Notes) are listed on the Irish Stock Exchange, the Irish Paying Agent of the Monthly Reports;

(vi) prepare and arrange for the delivery to the Collateral Manager, each Hedge Counterparty, MBIA, for so long as it is deemed to be the Controlling Class hereunder, and upon request therefor, any Holder of a Note shown on the Notes Register, any Preferred Shareholder shown on the register maintained by the Share Registrar, the firm of Independent certified public accountants appointed pursuant to Section 10.13(a) hereof, each Rating Agency, the Depository (with instructions to forward it to each of its participants who are holders of any Notes) and, for so long as any Notes (other than the Class A-1AR Notes) are listed on the Irish Stock Exchange, the Irish Paying Agent, of the Notes Valuation Report;

-205-

(vii) assist in preparing and arrange for the delivery to the Collateral Manager, each Hedge Counterparty and MBIA, for so long as it is deemed to be the Controlling Class hereunder, of the Redemption Date Statement;

Immediately following any such distribution, the Class A-1AR Commitments will be reduced as described herein.

(b) On or before the Business Day prior to each Payment Date, the Issuer shall, pursuant to Section 10.2(e), remit or cause to be remitted to the Trustee for deposit in the Payment Account an amount of Cash sufficient to pay the amounts described in Section 11.1(a) required to be paid on such Payment Date.

(c) If on any Payment Date the amount available in the Payment Account from amounts received in the related Due Period is insufficient to make the full amount of the disbursements required by the statements furnished by the Trustee pursuant to Section 10.11(e) hereof, the Trustee shall make the disbursements called for in the order and according to the priority set forth under Section 11.1(a) above, subject to Section 13.1 hereof, to the extent funds are available therefor.

(d) Except as otherwise expressly provided in this Section 11.1, if on any Payment Date the amount available in the Payment Account from amounts received in the related Due Period are insufficient to make the full amount of the disbursements required by any lettered clause of Section 11.1(a)(i) or Section 11.1(a)(ii), the Trustee shall make the disbursements called for by such clause ratably in accordance with the respective amounts of such disbursements then due and payable to the extent funds are available therefor, unless such clause provides otherwise.

(e) [Reserved].

(f) In connection with the payment to each Hedge Counterparty pursuant to each Hedge Agreement of any amount scheduled to be paid from time to time between Payment Dates from amounts received with respect to the Collateral Debt

Securities or otherwise as required pursuant to the terms of the related Hedge Agreement, such amounts shall be distributed to each Hedge Counterparty pursuant to the related Hedge Agreement.

(g) In connection with any required payment by the Issuer to the Servicer pursuant to the Servicing Agreement of any amount scheduled to be paid from time to time between Payment Dates from amounts received with respect to the Collateral Debt Securities,

-230-

such amounts shall be distributed to the Servicer pursuant to the terms of the Servicing Agreement.

Section 11.2 Trust Accounts.

All Monies held by, or deposited with the Trustee in the Collection Accounts, the Defeased Collateral Accounts, the Payment Account, the Expense Account, the Unused Proceeds Account or the Delayed Funding Obligations Account pursuant to the provisions of this Indenture, and not invested in Eligible Investments as herein provided, shall be deposited in one or more trust accounts, maintained at the Corporate Trust Office or at a financial institution whose long-term rating is at least equal to, "A2" by Moody's and "A-" by S&P and Fitch to be held in trust for the benefit of the Noteholders. To the extent Monies deposited in such trust account exceed amounts insured by the Bank Insurance Fund or Savings Association Insurance Fund administered by the Federal Deposit Insurance Corporation, or any agencies succeeding to the insurance functions thereof, and are not fully collateralized by direct obligations of the United States of America, such excess shall be invested in Eligible Investments as directed by Issuer Order.

ARTICLE 12

SALE OF COLLATERAL DEBT SECURITIES

Section 12.1 Sales of Collateral Debt Securities.

(a) Except as otherwise expressly permitted or required by this Indenture, the Issuer shall not sell or otherwise dispose of any Collateral Debt Security; provided that, subject to satisfaction of any applicable conditions in Section 10.12, so long as (A) no Event of Default has occurred and is continuing and (B) on or prior to the trade date for such sale the Collateral Manager has certified to the Trustee that each of the conditions applicable to such sale set forth below has been satisfied, the Collateral Manager, on behalf of the Issuer, acting pursuant to the Collateral Management Agreement may direct the Trustee in writing to sell, and the Trustee shall sell in the manner directed by the Collateral Manager in writing (which writing shall specify whether such security is a Defaulted Security, Credit Risk Security or a Buy/Sell Interest, if applicable, or whether such security is otherwise permitted to be sold pursuant to this Section 12.1(a)):

(i) any Defaulted Security at any time; provided that, if such Sale Proceeds are reinvested, the Collateral Manager will use commercially reasonable efforts to purchase one or more Substitute Collateral Debt Securities having an aggregate Principal Balance (including for this purpose accrued interest) no less than such Sale Proceeds (excluding accrued interest);

(ii) a Credit Risk Security, (a) during the Reinvestment Period, if the Collateral Manager has certified to the Trustee that it shall use commercially reasonable efforts to purchase one or more Substitute Collateral Debt Securities having an Aggregate Principal Balance (including for this purpose accrued interest) no less than the Sale Proceeds (excluding accrued interest) from such sale, and after giving effect to such sale

and to the purchase of Substitute Collateral Debt Securities with the Sale Proceeds thereof, in the judgment of the Collateral Manager (which shall not be called into question solely as a result of subsequent events), the Reinvestment Criteria shall be satisfied and (b) after the Reinvestment Period, at any time;

(iii) if a Collateral Debt Security that is a Defaulted Security is not sold by the Issuer (at the direction of the Collateral Manager) within three years of such Collateral Debt Security becoming a Defaulted Security, the Collateral Manager, on behalf of the Issuer, shall use its commercially reasonable efforts to sell such Collateral Debt Security as soon as commercially practicable thereafter;

(iv) any Buy/Sell Interest at any time; provided that if Sale Proceeds in respect of any Buy/Sell Interest are reinvested, the Collateral Manager will use commercially reasonable efforts to purchase one or more Substitute Collateral Debt Securities having an aggregate Principal Balance (including for this purpose accrued interest) no less than such Sale Proceeds (excluding accrued interest); and

(v) without limiting the foregoing, any Collateral Debt Security that is not a Defaulted Security or a Credit Risk Security may be sold during the Reinvestment Period, if (a) the Aggregate Principal Balance of Collateral Debt Securities sold pursuant to this paragraph for a given calendar year does not exceed 10% of the Aggregate Collateral Balance as of the beginning of that year, (b) the Collateral Manager believes in good faith that proceeds from the sale of such Collateral Debt Security can be reinvested, within five Business Days after the trade date on which such Collateral Debt Security is sold in one or more Substitute Collateral Debt Securities having an Aggregate Principal Balance (including for this purpose accrued interest) of not less than 100% of the Principal Balance of the Collateral Debt Security being sold, (c) after giving effect to such sale and to the purchase of Substitute Collateral Debt Securities with the Sale Proceeds thereof, the Reinvestment Criteria will be satisfied and (d) so long as MBIA is deemed to be the Controlling Class, unless MBIA otherwise consents, ARCM has not been removed, or voted to be removed, as Collateral Manager under the Collateral Management Agreement. For the avoidance of doubt, any sales of Collateral Debt Securities made pursuant to Section 12.2(c) or (d) shall be disregarded in determining compliance with this Section 12.1(a)(v).

(b) Notwithstanding the foregoing, the Collateral Manager (at its option and at any time) shall be permitted to effect a sale of a Credit Risk Security or a Defaulted Security hereunder by purchasing (or causing its Affiliate to purchase) such Defaulted Security or Credit Risk Security from the Issuer for a Cash purchase price that shall be equal to the sum of (i) the Aggregate Principal Balance thereof plus (ii) all accrued and unpaid interest (or, in the case of a Preferred Equity Security, all accrued and unpaid dividends or other distributions not attributable to the return of capital by the related Underlying Instruments) thereon. Notwithstanding anything to the contrary set forth herein, no Advisory Committee consent shall be required in connection with such Cash purchase (the "Credit Risk/Defaulted Security Cash Purchase").

In addition and notwithstanding anything to the contrary set forth herein (and provided no Event of Default has occurred and is continuing), the Collateral Manager (at its

option but only upon disclosure to, and with the prior consent of, the Advisory Committee) shall be permitted to effect a sale of a Defaulted Security or a Credit Risk Security hereunder by directing the Issuer to exchange such Defaulted Security or Credit Risk Security for (i) a Substitute Collateral Debt Security (that is not a Defaulted Security or a Credit Risk Security) owned by an Affiliate of the Collateral Manager (such Substitute Collateral Debt Security, the "Exchange Security") or (ii) a combination of an Exchange Security and Cash; provided that:

(i) (A) the sum of (1) the Principal Balance of such Exchange Security plus (2) all accrued and unpaid interest (or, in the case of a Preferred Equity Security, all accrued and unpaid dividends or other distributions not attributable to the return of capital by its governing documents) thereon plus (3) the Cash amount (if any) to be paid to the Issuer in respect of such exchange by such Affiliate of the Collateral Manager, shall be equal to or greater than (B) the sum of (1) the Principal Balance of such Defaulted Security or Credit Risk Security sought to be substituted plus (2) all accrued and unpaid interest (or, in the case of a Preferred Equity Security, all accrued and unpaid dividends or other distributions not attributable to the return of capital by its governing documents) thereon;

(ii) the Eligibility Criteria and the Reinvestment Criteria shall be satisfied immediately after such exchange; and

(iii) the Aggregate Principal Balance of all such Defaulted Securities and Credit Risk Securities so exchanged shall not exceed 10% of the Aggregate Collateral Balance as of the Closing Date (such limitation, the "10% Limit").

(c) After the Issuer has notified the Trustee of an Optional Redemption, a Clean-Up Call or a Tax Redemption in accordance with Section 9.1 or an Auction Call Redemption in accordance with Section 9.2, the Collateral Manager, on behalf of the Issuer, and acting pursuant to the Collateral Management Agreement, may at any time direct the Trustee in writing to sell, and the Trustee shall sell in the manner directed by the Collateral Manager in writing, any Collateral Debt Security without regard to the foregoing limitations in Section 12.1(a); provided that:

(i) the Sale Proceeds therefrom must be used to pay certain expenses and redeem all of the Notes in whole but not in part pursuant to Section 9.1 and Section 9.2, and upon any such sale the Trustee shall release such Collateral Debt Security pursuant to Section 10.12;

(ii) the Issuer may not direct the Trustee to sell (and the Trustee shall not be required to release) a Collateral Debt Security pursuant to this Section 12.1(c) unless:

(1) the Collateral Manager certifies to the Trustee that (x) in the Collateral Manager's reasonable business judgment based on calculations included in the certification (which shall include the sales prices of the Collateral Debt Securities), the Sale Proceeds from the sale of one or more of the Collateral Debt Securities and all Cash and proceeds from Eligible Investments will be at least equal to the Total Redemption Price, and (y) an Independent bond pricing

service (which shall be one or more broker-dealers selected by the Collateral Manager which are rated at least "P-1" by Moody's and at least "A-1+" by S&P and which make a market in the applicable Collateral Debt Securities) has confirmed (which confirmation may be in the form of a firm bid) the sales prices contained in the certification in clause (x) above (and attaching a copy of such

confirmation); and

(2) the Independent accountants appointed by the Issuer pursuant to Section 10.13 shall confirm in writing the calculations made in clause (1)(x) above.

(iii) in connection with an Optional Redemption, an Auction Call Redemption, a Clean-up Call or a Tax Redemption, all the Collateral Debt Securities to be sold pursuant to this Section 12.1(c) must be sold in accordance with the requirements set forth in Section 9.1(e) and Section 9.2, as applicable.

(d) In the event that any Collateral Debt Security becomes the subject of a conversion, exchange, redemption or offer, whether voluntary or involuntary, the Issuer (or the Collateral Manager on behalf of the Issuer) shall take no action to acquire the asset or instrument into which such Collateral Debt Security is convertible or exchangeable unless such asset or instrument would qualify as a Substitute Collateral Debt Security. In the event of an involuntary exchange or conversion of a Collateral Debt Security, if the resulting asset or instrument would not qualify as a Substitute Collateral Debt Security, the Issuer (or the Collateral Manager on behalf of the Issuer) shall use commercially reasonable efforts to sell such Collateral Debt Security prior to conversion or exchange and, in any event, shall refuse to accept, and shall not acquire or hold, the asset or instrument offered in exchange.

(e) In the event that any Notes remain Outstanding as of the Payment Date occurring six months prior to the Stated Maturity of the Notes, the Collateral Manager will be required to determine whether the proceeds expected to be received on the Assets prior to the Stated Maturity of the Notes will be sufficient to pay in full the principal amount of (and accrued interest on) the Notes on the Stated Maturity. If the Collateral Manager determines, in its sole discretion, that such proceeds will not be sufficient to pay the outstanding principal amount of and accrued interest on the Notes (a "Note Liquidation Event") on the Stated Maturity of the Notes, the Issuer will, at the direction of the Collateral Manager, be obligated to liquidate the portion of Collateral Debt Securities sufficient to pay the remaining principal amount of and interest on the Notes on or before the Stated Maturity. The Collateral Debt Securities to be liquidated by the Issuer will be selected by the Collateral Manager.

(f) Notwithstanding anything herein to the contrary, in the event that a "buy/sell" arrangement has been initiated with respect to a Collateral Debt Security as a dispute resolution mechanism and the Collateral Manager determines in accordance with the Collateral Manager Servicing Standard that the sale of such Collateral Debt Security is in the best interest of the Noteholders, the Collateral Manager may, on behalf of the Issuer, direct the Trustee to sell such Collateral Debt Security in accordance with the related Underlying Instruments; provided that, in the event any such sale is to be made to an Affiliate of the Issuer or the Collateral

-234-

Manager, such sale may be made only upon disclosure to, and with the prior consent of, the Advisory Committee.

(g) Notwithstanding anything contained in this Section 12.1 to the contrary, the Issuer may sell any Collateral Debt Security in accordance with the provisions of Sections 12.2(c), 12.2(d) and/or 12.2(f).

Section 12.2 Reinvestment Criteria and Trading Restrictions.

(a) Except as provided in Section 12.3(c), during the Reinvestment Period, Unscheduled Principal Payments, Sale Proceeds and other Principal Proceeds (including excess amounts on deposit in the Delayed Funding Obligations Account and certain Class A-1AR Draws) will be reinvested in Substitute Collateral Debt Securities (which shall be, and hereby are, Granted to the

Trustee pursuant to the Granting Clause of this Indenture) only if the Collateral Manager has not been removed, or voted to be removed, as a Collateral Manager under the Collateral Management Agreement or a substitute collateral manager has been appointed and, after giving effect to such reinvestment, the following criteria (which criteria shall also apply with respect to investments in Collateral Debt Securities during the Ramp-Up Period) (the "Reinvestment Criteria") are satisfied, as evidenced by an Officer's Certificate of the Issuer or the Collateral Manager delivered to the Trustee, as of the date of the commitment to purchase such Substitute Collateral Debt Securities:

(i) such security satisfies the Eligibility Criteria;

(ii) the Collateral Quality Tests are satisfied, or, if any Collateral Quality Test was not satisfied immediately prior to such reinvestment, the extent of compliance with such Collateral Quality Test will be maintained or improved following such reinvestment, except as otherwise specified in the Reinvestment Criteria below;

(iii) the Coverage Tests are satisfied (or, if not satisfied, are maintained or improved); provided that, if the Class A/B Overcollateralization Test is not satisfied, the Issuer will not effect such reinvestment if sufficient proceeds would not remain on deposit in the Collection Accounts following such reinvestment to cause the Class A/B Overcollateralization Test to be satisfied following disbursements on the following Payment Date in accordance with the Priority of Payments;

(iv) if immediately prior to such reinvestment the S&P CDO Monitor Test or the S&P Recovery Test was not satisfied, such test result is maintained or improved after giving effect to such reinvestment; provided, however, that notwithstanding the foregoing, Sale Proceeds of Credit Risk Securities may be reinvested as long as the Collateral Manager provides written notice of each such sale and reinvestment to S&P within three Business Days after such reinvestment; and

(v) no Event of Default has occurred and is continuing.

(b) Subject to the conditions set forth in Sections 12.2(c) and 12.2(d), during the Ramp-Up Period and the Reinvestment Period the Issuer may acquire Loans based on an Estimated Rating; provided, however, that after the Effective Date the Issuer may not acquire a

-235-

Collateral Debt Security based on an Estimated Rating if (a) such acquisition would cause the aggregate Principal Balance of all Collateral Debt Securities owned by the Issuer which do not yet have an S&P Assigned Rating to exceed 20% of the Aggregate Collateral Balance as of the Closing Date, (b) such acquisition would cause the Aggregate Principal Balance of all Collateral Debt Securities owned by the Issuer which do not yet have a Moody's Assigned Rating to exceed 20% of the Aggregate Collateral Balance as of the Closing Date, (c) solely with respect to Collateral Debt Securities that are collateralized or backed by interests on a Property Type other than a Non-Core Property Type related to a single obligor, such acquisition would cause the Aggregate Principal Balance of all such Collateral Debt Securities owned by the Issuer which do not yet have a Moody's Assigned Rating to exceed 5% of the Aggregate Collateral Balance as of the Closing Date, or (d) solely with respect to Collateral Debt Securities that are collateralized or backed by interests on a Non-Core Property Type related to a single obligor, such acquisition would cause the Aggregate Principal Balance of all such Collateral Debt Securities owned by the Issuer which do not yet have a Moody's Assigned Rating to exceed 3.5% of the Aggregate Collateral Balance as of the Closing Date. In addition, no Future Advance Loan with respect to which the related Unfunded Other Loan is a Construction Loan may be purchased by the Issuer based on a Moody's Estimated Rating.

(c) Within ten Business Days after acquiring a Collateral Debt

Security based on a Moody's Estimated Rating, the Collateral Manager shall deliver to Moody's a comprehensive set of asset and underwriting materials describing such Collateral Debt Security, in form and substance acceptable to Moody's. With respect to each Substitute Collateral Debt Security acquired based on a Moody's Estimated Rating after the Effective Date, the Collateral Manager shall determine compliance with the Moody's Post-Acquisition Compliance Test when it receives notice from Moody's of the Moody's Assigned Rating for such Substitute Collateral Debt Security. Within 45 days after finding that the acquisition of a Substitute Collateral Debt Security after the Effective Date resulted in a failure to satisfy the Moody's Post-Acquisition Compliance Test (a "Moody's Post-Acquisition Failure"), the Collateral Manager shall use commercially reasonable efforts to remedy such Moody's Post-Acquisition Failure by either: (a) causing the Issuer and instructing the Trustee to sell to the Collateral Manager or its Affiliates or to a third party the Substitute Collateral Debt Security that caused the Moody's Post-Acquisition Failure, for a cash price that is greater than or equal to the sum of (i) the then outstanding Principal Balance of such Substitute Collateral Debt Security, discounted based on the percentage amount of any discount that was applied when such Substitute Collateral Debt Security was purchased by the Issuer (or, if such asset was purchased by the Issuer at a premium, then the outstanding Principal Balance shall be subject to a percentage premium not less than that at which the Issuer purchased such asset), plus (ii) any accrued but unpaid interest on such Substitute Collateral Debt Security plus (iii) any fees and expenses of the Issuer attributable to such sale, or (b) causing the Issuer and instructing the Trustee to sell other Collateral Debt Securities (in the case of each such Collateral Debt Security, for a cash price that is greater than or equal to the sum of (i) the then outstanding Principal Balance of such Collateral Debt Security, discounted based on the percentage amount of any discount that was applied when such Collateral Debt Security was purchased by the Issuer (or, if such asset was purchased by the Issuer at a premium, then the outstanding Principal Balance shall be subject to a percentage premium not less than that at which the Issuer purchased such asset), plus (ii) any accrued but unpaid interest on such Collateral Debt Security) and/or purchase other Collateral Debt Securities (subject to the Reinvestment Criteria) so that either (x) the Moody's Maximum

-236-

Tranched Rating Factor Test is satisfied, or (y) if the Moody's Maximum Tranched Rating Factor Test was not satisfied immediately prior to the purchase of the Substitute Collateral Debt Security that resulted in the Moody's Post-Acquisition Failure, the level of compliance with the Moody's Maximum Tranched Rating Factor Test is restored to the level that would exist if that Substitute Collateral Debt Security had not been purchased. Following a Moody's Post-Acquisition Failure, until such time as the Moody's Post-Acquisition Failure has been remedied as provided above, the Issuer may only purchase Substitute Collateral Debt Securities that have a Moody's Assigned Rating; provided, however, that if the Moody's Post-Acquisition Failure has not been remedied within 45 days after a finding of such Moody's Post-Acquisition Failure, then each Substitute Collateral Debt Security thereafter acquired by the Issuer must have a Moody's Assigned Rating until such time as the Rating Agency Condition with respect to Moody's has been satisfied and, so long as MBIA is deemed to be the Controlling Class hereunder, MBIA has consented; provided, further, that if the Moody's Post-Acquisition Failure has not been remedied within 120 days after a finding of such Moody's Post-Acquisition Failure, then the Issuer may no longer acquire Substitute Collateral Debt Securities based on a Moody's Estimated Rating, even if such Moody's Post-Acquisition Failure is later remedied.

(d) Within ten Business Days after acquiring a Collateral Debt Security based on an S&P Estimated Rating, the Collateral Manager shall deliver to S&P a comprehensive set of asset and underwriting materials describing such Collateral Debt Security, in form and substance acceptable to S&P. With respect to each Substitute Collateral Debt Security acquired based on an S&P Estimated Rating after the Effective Date, the Collateral Manager shall determine

compliance with the S&P Post-Acquisition Compliance Test when it receives notice from S&P of the S&P Assigned Rating for such Substitute Collateral Debt Security. Within 45 days after finding that the acquisition of a Substitute Collateral Debt Security after the Effective Date resulted in a failure to satisfy the S&P's Post-Acquisition Compliance Test (an "S&P Post-Acquisition Failure"), the Collateral Manager may remedy such S&P Post-Acquisition Failure by either: (a) causing the Issuer and instructing the Trustee to sell to the Collateral Manager or its Affiliates or to a third party the Substitute Collateral Debt Security that caused the S&P Post-Acquisition Failure, for a cash price that is greater than or equal to the sum of (i) the then outstanding Principal Balance of such Substitute Collateral Debt Security, discounted based on the percentage amount of any discount that was applied when such Substitute Collateral Debt Security was purchased by the Issuer (or, if such asset was purchased by the Issuer at a premium, then the outstanding Principal Balance shall be subject to a percentage premium not less than that at which the Issuer purchased such asset), plus (ii) any accrued but unpaid interest on such Substitute Collateral Debt Security, plus (iii) any fees and expenses of the Issuer attributable to such sale, or (b) causing the Issuer and instructing the Trustee to sell other Collateral Debt Securities and/or purchase other Substitute Collateral Debt Securities (subject to the Reinvestment Criteria) so that either (x) the S&P CDO Monitor Test is satisfied, or (y) if the S&P CDO Monitor Test was not satisfied immediately prior to the purchase of the Substitute Collateral Debt Security that resulted in the S&P Post-Acquisition Failure, the level of compliance with the S&P CDO Monitor Test is restored to the level that would exist if that Substitute Collateral Debt Security had not been purchased. Following an S&P Post-Acquisition Failure, until such time as the S&P Post-Acquisition Failure has been remedied as provided above, the Issuer may only purchase Substitute Collateral Debt Securities that have an S&P Assigned Rating.

-237-

(e) No Advisory Committee consent will be required in connection with a sale or transfer of a Substitute Collateral Debt Security in connection with any action taken by the Collateral Manager to remedy a Moody's Post-Acquisition Failure or an S&P Post-Acquisition Failure, even if the Collateral Manager or its Affiliate is the purchaser or assignee of such asset, so long as the purchase price for such Collateral Debt Security is payable in cash and is greater than or equal to the sum of (i) the then outstanding Principal Balance of such Collateral Debt Security, discounted based on the percentage amount of any discount that was applied when such Collateral Debt Security was purchased by the Issuer (or, if such asset was purchased by the Issuer at a premium, then the outstanding Principal Balance shall be subject to a percentage premium not less than that at which the Issuer purchased such asset), plus (ii) any accrued but unpaid interest on such Collateral Debt Security plus (iii) any fees and expenses of the Issuer attributable to such sale.

(f) Within ten Business Days after the applicable Rating Agency notifies the Collateral Manager of the Assigned Rating determined for a Collateral Debt Security acquired by the Issuer based on an Estimated Rating, if such Assigned Rating is lower than such Estimated Rating (but, for the avoidance of doubt, such Assigned Rating is not low enough to cause a Moody's Post-Acquisition Failure or an S&P Post-Acquisition Failure, as applicable), the Collateral Manager shall have the option, but not the obligation, to cause the Issuer and direct the Trustee (x) to sell such Collateral Debt Security to the Collateral Manager or any of its Affiliates or any third party for a cash price that is greater than or equal to the sum of (i) the then outstanding Principal Balance of such Collateral Debt Security, discounted based on the percentage amount of any discount that was applied when such Collateral Debt Security was purchased by the Issuer (or, if such asset was purchased by the Issuer at a premium, then the outstanding Principal Balance shall be subject to a percentage premium not less than that at which the Issuer purchased such asset), plus (ii) any accrued but unpaid interest on such Collateral Debt Security plus (iii) any fees and expenses of the Issuer attributable to such sale. No Advisory Committee consent will be required in connection with a trade executed in connection with the exercise of this option even if the Collateral Manager or its Affiliate is

the purchaser or assignee.

(g) Notwithstanding the foregoing provisions, (i) Cash on deposit in the Collection Accounts may be invested in Eligible Investments, pending investment in Substitute Collateral Debt Securities and (ii) if an Event of Default shall have occurred and be continuing, no Substitute Collateral Debt Security may be acquired unless it was the subject of a commitment entered into by the Issuer prior to the occurrence of such Event of Default.

Section 12.3 Conditions Applicable to all Transactions Involving Sale or Grant.

(a) Any transaction effected after the Closing Date under this Article 12 or Section 10.12 shall be conducted in accordance with the requirements of the Collateral Management Agreement; provided that (1) the Collateral Manager shall not direct the Trustee to acquire any Substitute Collateral Debt Security for inclusion in the Assets from the Collateral Manager or any of its Affiliates as principal or to sell any Collateral Debt Security from the Assets to the Collateral Manager or any of its Affiliates as principal unless the transaction is effected in accordance with the Collateral Management Agreement and (2) the Collateral Manager shall not direct the Trustee to acquire any Substitute Collateral Debt Security for

-238-

inclusion in the Assets from any account or portfolio for which the Collateral Manager serves as investment adviser or direct the Trustee to sell any Collateral Debt Security to any account or portfolio for which the Collateral Manager serves as investment adviser unless such transactions comply with the requirements of any applicable laws. The Trustee shall have no responsibility to oversee compliance with this clause by the other parties.

(b) Upon any Grant pursuant to this Article 12, all of the Issuer's right, title and interest to the Pledged Obligation or Securities shall be Granted to the Trustee pursuant to this Indenture, such Pledged Obligation or Securities shall be registered in the name of the Trustee, and, if applicable, the Trustee shall receive such Pledged Collateral Debt Security or Securities. The Trustee also shall receive, not later than the date of delivery of any Collateral Debt Security delivered after the Closing Date, an Officer's Certificate of the Collateral Manager certifying that, as of the date of such Grant, such Grant complies with the applicable conditions of and is permitted by this Article 12 (and setting forth, to the extent appropriate, calculations in reasonable detail necessary to determine such compliance).

(c) Notwithstanding anything contained in this Article 12 to the contrary, the Issuer shall, subject to this Section 12.3(c), have the right to effect any transaction which has been consented to (i) by the Holders of Notes evidencing 100% of the Aggregate Outstanding Amount of each and every Class of Notes (or if there are no Notes Outstanding, 100% of the Preferred Shares) and (ii) each Hedge Counterparty, and of which each Rating Agency has been notified.

Section 12.4 Sale of Collateral Debt Securities with respect to an Auction Call Redemption.

(a) Pre-Auction Process.

(i) Each Auction will occur on the Business Day that is at least 13 Business Days prior to the proposed Auction Call Redemption Date (such date, the "Auction Date").

(ii) The Collateral Manager will initiate the Auction Procedures at least 24 Business Days before the proposed Auction Call Redemption Date by: (a) preparing a list of Collateral Debt Securities (including CUSIP Number, if any, par amount and issuer name for each Collateral Debt Security); (b) deriving a list of not less than three qualified bidders (the "Listed

Bidders") and requesting from each Listed Bidder bids by the applicable Auction Date; and (c) notifying the Trustee of the list of Listed Bidders (the "List").

(iii) The Collateral Manager will deliver a general solicitation package to the Listed Bidders consisting of: (a) a form of a purchase agreement ("Auction Purchase Agreement") provided to the Trustee by the Collateral Manager (which shall provide that (I) upon satisfaction of all conditions precedent therein, the purchaser is irrevocably obligated to purchase, and the Issuer is irrevocably obligated to sell, the Collateral Debt Securities on the date and on the terms stated therein, (II) each bidder may tender a separate bid for one or more Collateral Debt Securities in an Auction, (III) if the

-239-

Collateral Debt Securities are to be sold to different bidders, that the consummation of the purchase of all Collateral Debt Securities must occur simultaneously and that the closing of each purchase is conditional on the closing of the other purchases, (IV) if for any reason whatsoever the Trustee has not received, by a specified Business Day (which shall be more than ten Business Days before the proposed Auction Call Redemption Date), payment in full in immediately available funds of the purchase price for all Collateral Debt Securities, the obligations of the parties shall terminate and the Issuer shall have no obligation or liability whatsoever and (V) any prospective purchasers will be subject to the "limited recourse" and "non-petition" provisions set forth in this Indenture); (b) the minimum aggregate Cash purchase price (which shall be determined by the Collateral Manager as the Total Redemption Price less the balance of all Eligible Investments and Cash in the Collection Accounts, the Payment Account, the Delayed Funding Obligations Account, each Hedge Termination Account and the Expense Account); (c) the list of Collateral Debt Securities; (d) a formal bid sheet (which will permit a bidder to bid for all of the Collateral Debt Securities or separately for any one or more (but not all) Collateral Debt Securities and will include a representation from the bidder that it is eligible to purchase all of the Collateral Debt Securities or any one or more (but not all) Collateral Debt Securities) to be provided to the Trustee by the Collateral Manager; (e) a detailed timetable; and (f) copies of all transfer documents provided to the Trustee by the Collateral Manager (including transfer certificates and subscription agreements which a bidder must execute pursuant to the underlying instruments and a list of the requirements which the bidder must satisfy under the underlying instruments (i.e., QIB status, Qualified Purchaser status, etc.)).

(iv) The Collateral Manager will send solicitation packages to all Listed Bidders on the List at least 20 Business Days before the proposed Auction Call Redemption Date. The Listed Bidders will be required to submit any due diligence questions (or comments on the draft purchase agreement) in writing to the Collateral Manager by a date specified in the solicitation package. The Collateral Manager will be required to answer all reasonable and relevant questions by the date specified in the solicitation package and the Collateral Manager will distribute the questions and answers and the revised final Auction Purchase Agreement to all Listed Bidders (with a copy to the Issuer and the Trustee).

(b) Auction Process.

(i) Wells Fargo Bank, National Association or its Affiliates may, but shall not be required to, bid at the Auction. The Collateral Manager and its Affiliates may bid in the Auction if the Collateral Manager deems such bidding to be appropriate but is not required to do so.

(ii) On the second Business Day prior to the Auction Date (the "Auction Bid Date"), all bids will be due by facsimile at the offices of

the Trustee by 11:00 a.m. New York City time, with the winning bidder or bidders to be notified by 2:00 p.m. New York City time. All bids from Listed Bidders on the List will be due on the bid sheet contained in the solicitation package. Each bid shall be for the purchase and delivery to one

-240-

purchaser (A) of all (but not less than all) of the Collateral Debt Securities or (B) of one or more (but not all) of the Collateral Debt Securities.

(iii) Unless the Trustee receives (A) at least one bid from a Listed Bidder to purchase all of the Collateral Debt Securities or (B) receives bids from one or more Listed Bidders (to purchase one or more (but not all) Collateral Debt Securities) for all Collateral Debt Securities in the aggregate, the Trustee will decline to consummate the sale.

(iv) Subject to clause (iii) above, with the advice of the Collateral Manager, the Trustee shall select the bid or bids which result in the Highest Auction Price from one or more Listed Bidders (in excess of the specified minimum purchase price). "Highest Auction Price" means the higher of (A) the highest price bid by any Listed Bidder for all of the Collateral Debt Securities or (B) the sum of the highest prices bid by one or more Listed Bidders (for one or more (but not all) Collateral Debt Securities) for all Collateral Debt Securities in the aggregate. In each case, the price bid by a Listed Bidder will be the dollar amount which the Collateral Manager certifies to the Trustee based on the Collateral Manager's review of the bids, which certification shall be binding and conclusive.

(v) Upon notification to the winning bidder or bidders, the winning bidder (or, if the Highest Auction Price requires the sale of the Collateral Debt Securities to more than one bidder, each winning bidder) will be required to deliver to the Trustee a signed counterpart of the Auction Purchase Agreement no later than 4:00 p.m. New York City time on the Auction Date. The winning bidder (or, if the Highest Auction Price requires the sale of the Collateral Debt Securities to more than one bidder, each winning bidder) will make payment in full of the purchase price on the Business Day (the "Auction Purchase Closing Date") specified in the general solicitation package (which will be no later than ten Business Days prior to the proposed Auction Call Redemption Date). If a winning bidder so requests, the Trustee and the Issuer will enter into a bailee letter in the form agreed upon by the Trustee and the Collateral Manager to this Indenture (a "Bailee Letter") with each winning bidder and its designated bank (which bank will be subject to approval by the Issuer (or the Collateral Manager on behalf of the Issuer)); provided that such bank enters into an account control agreement with the Trustee and the Issuer and has a long term debt rating of at least "BBB+" by S&P's and (if rated by Fitch) at least "BBB+" by Fitch and (if rated by Moody's) at least "A2" by Moody's. If the above requirements are satisfied, the Trustee will deliver the Collateral Debt Securities (to be sold to such bidder) pursuant thereto to the bailee bank at least one Business Day prior to the closing on the sale of the Collateral Debt Securities and accept payment of the purchase price pursuant thereto. If payment in full of the purchase price is not made by the Auction Purchase Closing Date for any reason whatsoever (or, if the Collateral Debt Securities are to be sold to more than one bidder, if any bidder fails to make payment in full of the purchase price by the Auction Purchase Closing Date for any reason whatsoever), the Issuer will decline to consummate the sale of all Collateral Debt Securities, the Trustee and the Issuer will direct the bailee bank to return the Collateral Debt Securities to the Trustee, and (if notice of redemption has been given by the

-241-

Trustee) the Trustee will give notice (in accordance with the terms of this Indenture) that the Auction Call Redemption will not occur.

(vi) Notwithstanding the foregoing, but subject to the satisfaction of the conditions set forth in Section 9.2(b), the Holder of the Preferred Shares or any of its Affiliates, although it may not have been the highest bidder, will have the option to purchase any one or more Collateral Debt Securities for a purchase price equal to the highest bid therefor.

(c) Notwithstanding anything to the contrary set forth in this Section 12.4, at the election of the Holder of the Preferred Shares, in lieu of initiating or conducting any Auction, the Holder of the Preferred Shares or any of its Affiliates will have the option to purchase all of the Collateral Debt Securities that would otherwise be subject to such Auction for a price equal to the Total Redemption Price. Such purchase of Collateral Debt Securities by the Holder of the Preferred Shares or its Affiliates pursuant to this Section 12.4(c) will be deemed to be a Successful Auction pursuant to this Indenture and the Notes and the Preferred Shares shall be redeemed, in whole and not in part, at their applicable Redemption Prices in accordance with the applicable provisions of Article 9.

Section 12.5 Modifications to Collateral Quality Tests or Coverage Tests.

In the event any of the Rating Agencies modifies the definitions or calculations relating to (i) the method of calculating any of its respective Collateral Quality Tests included in clauses (xx) through (xxx) of the Collateral Quality Tests (a "Collateral Quality Test Modification"), (ii) any of the Coverage Tests (a "Coverage Test Modification") or (iii) its requirements for pro rata "special amortizations" (a "Pro Rata Special Amortization Modification"), in either case in order to correspond with published changes in the guidelines, methodology or standards established by such Rating Agency, the Issuer may, but is under no obligation solely as a result of this Section 12.5 to, incorporate corresponding changes into this Indenture by an amendment hereto without the consent of the Holders of the Notes (except as provided below) (but with written notice to the Noteholders) or the Preferred Shares if (x) (1) in the case of a Collateral Quality Test Modification, the Rating Agency Condition is satisfied with respect to the Rating Agency that made such modification or (2) in the case of a Coverage Test Modification or a Pro Rata Special Amortization, the Rating Agency Condition is satisfied with respect to each Rating Agency then rating the Notes and (y) written notice of such modification is delivered by the Collateral Manager to the Trustee, each Hedge Counterparty and to the Holders of the Notes and Preferred Shares (which notice may be included in the next regularly scheduled report to Noteholders). Any such Collateral Quality Test Modification, Coverage Test Modification or Pro Rata Special Amortization, as the case may be, shall be effected without execution of a supplemental indenture; provided, however, that such amendment shall be (i) evidenced by a written instrument executed and delivered by each of the Co-Issuers and the Collateral Manager and delivered to the Trustee and each Hedge Counterparty, (ii) accompanied by delivery by the Issuer to the Trustee of (A) an Officer's Certificate of the Issuer certifying that such amendment has been made pursuant to and in compliance with this Section 12.5 and (B) if requested by the Trustee, an Opinion of Counsel stating that such amendment is authorized or permitted by this Section 12.5 and that all applicable conditions precedent under this Section 12.5 have been satisfied, on which such Officer's Certificate or such Officer's Certificate and

Opinion of Counsel, as the case may be, the Trustee shall be entitled to rely. Notwithstanding the foregoing, so long as MBIA is deemed to be the Controlling Class hereunder, the Issuer will not be permitted to make any such change with

respect to Moody's or Fitch or, on or after the date that is 18 months after the Closing Date, S&P, without obtaining the consent of MBIA (such consent not to be unreasonably withheld); provided that, if MBIA does not object to such change within 14 days after notice thereof is given, MBIA will be deemed to have consented to such change. Notwithstanding the foregoing, any such amendment reasonably determined by the Trustee to be unduly burdensome to the Trustee, shall not take effect without the Trustee's express written consent.

ARTICLE 14

MISCELLANEOUS

Section 14.1 Form of Documents Delivered to the Trustee.

In any case where several matters are required to be certified by, or covered by an opinion of, any specified Person, it is not necessary that all such matters be certified by, or covered by the opinion of, only one such Person, or that they be so certified or covered by only one document, but one such Person may certify or give an opinion with respect to some matters and one or more other such Persons as to other matters, and any such Person may certify or give an opinion as to such matters in one or several documents.

Any certificate or opinion of an Authorized Officer of the Issuer or the Co-Issuer may be based, insofar as it relates to legal matters, upon a certificate or opinion of, or representations by, counsel, unless such Authorized Officer knows, or in the exercise of reasonable care should know, that the certificate or opinion or representations with respect to the

-247-

matters upon which his certificate or opinion is based are erroneous. Any such certificate of an Authorized Officer of the Issuer or the Co-Issuer or Opinion of Counsel may be based, insofar as it relates to factual matters, upon a certificate or opinion of, or representations by, the Issuer, the Co-Issuer, the Collateral Manager or any other Person, stating that the information with respect to such factual matters is in the possession of the Issuer, the Co-Issuer, the Collateral Manager or such other Person, unless such Authorized Officer of the Issuer or the Co-Issuer or such counsel knows that the certificate or opinion or representations with respect to such matters are erroneous. Any Opinion of Counsel also may be based, insofar as it relates to factual matters, upon a certificate or opinion of, or representations by, an Authorized Officer of the Issuer or the Co-Issuer, stating that the information with respect to such matters is in the possession of the Issuer or the Co-Issuer, unless such counsel knows that the certificate or opinion or representations with respect to such matters are erroneous.

Where any Person is required to make, give or execute two or more applications, requests, consents, certificates, statements, opinions or other instruments under this Indenture, they may, but need not, be consolidated and form one instrument.

Whenever in this Indenture it is provided that the absence of the occurrence and continuation of a Default or Event of Default is a condition precedent to the taking of any action by the Trustee at the request or direction of the Issuer or the Co-Issuer, then notwithstanding that the satisfaction of such condition is a condition precedent to the Issuer's or the Co-Issuer's rights to make such request or direction, the Trustee shall be protected in acting in accordance with such request or direction if it does not have knowledge of the occurrence and continuation of such Default or Event of Default as provided in Section 6.1(e).

Section 14.2 Acts of Securityholders.

(a) Any request, demand, authorization, direction, notice, consent, waiver or other action provided by this Indenture to be given or taken by Securityholders may be embodied in and evidenced by one or more instruments of substantially similar tenor signed by such Securityholders in person or by an agent duly appointed in writing; and, except as herein otherwise expressly provided, such action shall become effective when such instrument or instruments are delivered to the Trustee, and, where it is hereby expressly required, to the Issuer and/or the Co-Issuer. Such instrument or instruments (and the action or actions embodied therein and evidenced thereby) are herein sometimes referred to as the "Act" of the Securityholders signing such instrument or instruments. Proof of execution of any such instrument or of a writing appointing any such agent shall be sufficient for any purpose of this Indenture and conclusive in favor of the Trustee, the Issuer and the Co-Issuer, if made in the manner provided in this Section 14.2.

(b) The fact and date of the execution by any Person of any such instrument or writing may be proved in any manner which the Trustee deems sufficient.

(c) The principal amount and registered numbers of Notes held by any Person, and the date of his holding the same, shall be proved by the Notes Register. The Notional Amount and registered numbers of the Preferred Shares held by any Person, and the date of his holding the same, shall be proved by the register maintained with respect to the Preferred Shares.

-248-

(d) Any request, demand, authorization, direction, notice, consent, waiver or other action by the Securityholder shall bind such Securityholder (and any transferee thereof) of such Security and of every Security issued upon the registration thereof or in exchange therefor or in lieu thereof, in respect of anything done, omitted or suffered to be done by the Trustee, the Preferred Shares Paying Agent, the Share Registrar, the Issuer or the Co-Issuer in reliance thereon, whether or not notation of such action is made upon such Security.

Section 14.4 Notices to Noteholders; Waiver.

Except as otherwise expressly provided herein, where this Indenture provides for notice to Holders of Notes of any event,

(a) such notice shall be sufficiently given to Holders of Notes if in writing and mailed, first class postage prepaid, to each Holder of a Note affected by such event, at the address of such Holder as it appears in the Notes Register, not earlier than the earliest date and not later than the latest date, prescribed for the giving of such notice;

(b) such notice shall be in the English language;

(c) such notice shall also be provided to the Irish Paying Agent (for so long as any Notes are listed on the Irish Stock Exchange); and

(d) all reports or notices to Preferred Shareholders shall be sufficiently given if provided in writing and mailed, first class postage prepaid, to the Preferred Shares Paying Agent.

Notwithstanding clause (a) above, a Holder of Notes may give the Trustee written notice that it is requesting that notices to it be given by facsimile transmissions and stating the facsimile number for such transmission. Thereafter, the Trustee shall give notices to such Holder by facsimile transmission; provided that if such notice also requests that notices be given

by mail, then such notice shall also be given by mail in accordance with clause (a) above.

-251-

The Trustee shall deliver to the Holders of the Notes any information or notice requested to be so delivered by at least 25% of the Holders of any Class of Notes.

Neither the failure to mail any notice, nor any defect in any notice so mailed, to any particular Holder of a Note shall affect the sufficiency of such notice with respect to other Holders of Notes. In case by reason of the suspension of regular mail service or by reason of any other cause, it shall be impracticable to give such notice by mail, then such notification to Holders of Notes shall be made with the approval of the Trustee and shall constitute sufficient notification to such Holders of Notes for every purpose hereunder.

Where this Indenture provides for notice in any manner, such notice may be waived in writing by any Person entitled to receive such notice, either before or after the event, and such waiver shall be the equivalent of such notice. Waivers of notice by Noteholders shall be filed with the Trustee but such filing shall not be a condition precedent to the validity of any action taken in reliance upon such waiver.

In the event that, by reason of the suspension of the regular mail service as a result of a strike, work stoppage or similar activity, it shall be impractical to mail notice of any event to Noteholders when such notice is required to be given pursuant to any provision of this Indenture, then any manner of giving such notice as shall be satisfactory to the Trustee shall be deemed to be a sufficient giving of such notice.

For so long as any Notes are listed on the Irish Stock Exchange and the rules of such exchange so require, all notices to Noteholders of such Notes will be published in the Daily Official List of the Irish Stock Exchange.

Section 14.5 Effect of Headings and Table of Contents.

Section 14.7 Severability.

Each of the Issuer and the Co-Issuer hereby irrevocably waives, to the fullest extent that they may legally do so, the defense of an inconvenient forum to the maintenance of such action or proceeding. Each of the Issuer and the Co-Issuer irrevocably consents to the service of any and all process in any action or proceeding by the mailing or delivery of copies of such process to it at the office of the Issuer's and the Co-Issuer's agent set forth in Section 7.2. ASSIGNMENT OF COLLATERAL DEBT SECURITIES PURCHASE AGREEMENTS AND COLLATERAL MANAGEMENT AGREEMENT

Section 15.1 Assignment of Collateral Debt Securities Purchase Agreement and the Collateral Management Agreement.

(a) The Issuer, in furtherance of the covenants of this Indenture and as security for the Notes and amounts payable to the Secured Parties hereunder and the performance and observance of the provisions hereof, hereby collaterally assigns, transfers, conveys and sets over to the Trustee, for the benefit of the Noteholders and each Hedge Counterparty, all of the Issuer's estate, right,

title and interest in, to and under each Collateral Debt Securities Purchase Agreement (now or hereafter entered into) and the Collateral Management Agreement (each, an "Article 15 Agreement"), including, without limitation, (i) the right to give all notices, consents and releases thereunder, (ii) the right to give all notices of termination and to take any legal action upon the breach of an obligation of a Seller or the Collateral Manager thereunder, including the commencement, conduct and consummation of proceedings at law or in equity, (iii) the right to receive all notices, accountings, consents, releases and statements thereunder and (iv) the right to do any and all other things whatsoever that the Issuer is or may be entitled to do thereunder; provided, however, that the Trustee hereby grants the Issuer a license to exercise all of the Issuer's rights pursuant to the Article 15 Agreements without notice to or the consent of the Trustee (except as otherwise expressly required by this Indenture, including, without limitation, as set forth in Section 15.1(f)) which license shall be and is hereby deemed to be automatically revoked upon the occurrence of an Event of Default hereunder until such time, if any, that such Event of Default is cured or waived.

(b) The assignment made hereby is executed as collateral security, and the execution and delivery hereby shall not in any way impair or diminish the obligations of the Issuer under the provisions of each of the Article 15 Agreements, nor shall any of the obligations contained in each of the Article 15 Agreements be imposed on the Trustee.

(c) Upon the retirement of the Notes, the payment by the Issuer of all amounts payable under each Hedge Agreement and the release of the Assets from the lien of this Indenture, this assignment and all rights herein assigned to the Trustee for the benefit of the Noteholders and each Hedge Counterparty shall cease and terminate and all the estate, right, title and interest of the Trustee in, to and under each of the Article 15 Agreements shall revert to the Issuer and no further instrument or act shall be necessary to evidence such termination and reversion.

(d) The Issuer represents that it has not executed any assignment of any of the Article 15 Agreements other than this collateral assignment.

(e) The Issuer agrees that this assignment is irrevocable, and that it shall not take any action which is inconsistent with this assignment or make any other assignment inconsistent herewith. The Issuer shall, from time to time upon the request of the Trustee, execute all instruments of further assurance and all such supplemental instruments with respect to this assignment as the Trustee may specify.

-254-

(f) The Issuer hereby agrees, and hereby undertakes to obtain the agreement and consent of the Sellers and the Collateral Manager, as applicable, in the Collateral Debt Securities Purchase Agreements and the Collateral Management Agreement, as applicable, to the following:

(i) each of the Sellers and the Collateral Manager consents to the provisions of this collateral assignment and agrees to perform any provisions of this Indenture made expressly applicable to each of the Sellers and the Collateral Manager pursuant to the applicable Article 15 Agreement;

(ii) each of the Sellers and the Collateral Manager, as applicable, acknowledges that the Issuer is collaterally assigning all of its right, title and interest in, to and under the Collateral Debt Securities Purchase Agreements and the Collateral Management Agreement, as applicable, to the Trustee for the benefit of the Noteholders and each Hedge Counterparty, and each of the Sellers and the Collateral Manager, as applicable, agrees that all of the representations, covenants and agreements made by each of the Sellers and the Collateral Manager, as applicable, in the applicable Article 15 Agreement are also for the benefit of, and enforceable by, the

Trustee, the Noteholders and each Hedge Counterparty;

(iii) each of the Sellers and the Collateral Manager, as applicable, shall deliver to the Trustee duplicate original copies of all notices, statements, communications and instruments delivered or required to be delivered to the Issuer pursuant to the applicable Article 15 Agreement;

(iv) none of the Issuer, the Sellers or the Collateral Manager shall enter into any agreement amending, modifying or terminating the applicable Article 15 Agreement, (other than in respect of an amendment or modification to cure any inconsistency, ambiguity or manifest error) or selecting or consenting to a successor collateral manager, as applicable, without notifying each Rating Agency and without the prior written consent and written confirmation of each Rating Agency that such amendment, modification or termination will not cause its then-current ratings of the Notes to be reduced;

(v) except as otherwise set forth herein and therein (including, without limitation, pursuant to Sections 12 and 13 of the Collateral Management Agreement), the Collateral Manager shall continue to serve as Collateral Manager under the Collateral Management Agreement, notwithstanding that the Collateral Manager shall not have received amounts due it under the Collateral Management Agreement because sufficient funds were not then available hereunder to pay such amounts pursuant to the Priority of Payments. The Collateral Manager agrees not to cause the filing of a petition in bankruptcy against the Issuer for the nonpayment of the fees or other amounts payable to the Collateral Manager under the Collateral Management Agreement until the payment in full of all Notes issued under this Indenture and the expiration of a period equal to the applicable preference period under the Bankruptcy Code plus ten days following such payment; and

-255-

(vi) the Collateral Manager irrevocably submits to the non-exclusive jurisdiction of any New York State or federal court sitting in the Borough of Manhattan in The City of New York in any action or proceeding arising out of or relating to the Notes or this Indenture, and the Collateral Manager irrevocably agrees that all claims in respect of such action or proceeding may be heard and determined in such New York State or federal court. The Collateral Manager irrevocably waives, to the fullest extent it may legally do so, the defense of an inconvenient forum to the maintenance of such action or proceeding. The Collateral Manager irrevocably consents to the service of any and all process in any action or Proceeding by the mailing by certified mail, return receipt requested, or delivery requiring signature and proof of delivery of copies of such initial process to it at Arbor Realty Trust, Inc., 333 Earle Ovington Boulevard, 9th Floor, Uniondale, New York 11553, Attention: Executive Vice President--Structured Securitization. The Collateral Manager agrees that a final and non-appealable judgment by a court of competent jurisdiction in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

ARTICLE 16

HEDGE AGREEMENT; CURE RIGHTS; PURCHASE RIGHTS; SUBSEQUENT COLLATERAL DEBT SECURITIES

Section 16.1 Issuer's Obligations under Hedge Agreement.

(a) On the Closing Date and thereafter, and on and after any date on which the Issuer enters into an additional or replacement Hedge Agreement (including any related Hedge Counterparty Credit Support), the Issuer, as directed by the Collateral Manager, shall (i) require that each Hedge

Counterparty thereto, or any third party (including an Affiliate of such Hedge Counterparty) that (A) has absolutely and unconditionally guaranteed, pursuant to a guarantee that satisfies S&P's published criteria on guarantees, the obligations of the Hedge Counterparty under the related Hedge Agreement (with such form of guaranty as shall be satisfactory to each Rating Agency then rating any Notes hereunder), (B) has entered into credit intermediation arrangements in respect of the obligations of the Hedge Counterparty under the related Hedge Agreement satisfactory to each Rating Agency then rating any Notes hereunder, (C) is the issuing bank on one or more letters of credit supporting the obligations of the Hedge Counterparty under the related Hedge Agreement and that shall be reasonably acceptable to each Rating Agency then rating any Notes hereunder or (D) has provided any other additional credit support and such inclusion of additional credit support shall have satisfied the Rating Agency Condition and, so long as MBIA is deemed to be the Controlling Class hereunder, MBIA consents (any such third party, including an Affiliate of such Hedge Counterparty, a "Hedge Counterparty Credit Support Provider") has, at the time the Hedge Agreement is executed, with respect to itself as an issuer or with respect to its indebtedness, credit ratings at least equal to the Hedge Counterparty Collateral Threshold Ratings by each Rating Agency then rating any Notes hereunder, (ii) except with respect to a Form-Approved Asset Specific Hedge, obtain a written confirmation from each Rating Agency then rating any Notes hereunder that any additional or replacement Hedge Agreement and the related Hedge Counterparty would not cause such Rating

-256-

Agency's then-current rating on any Class of Notes to be adversely qualified, reduced, suspended or withdrawn and (iii) assign and grant a security interest in such Hedge Agreement to the Trustee pursuant to this Indenture. Each Hedge Agreement will provide that no amendment, modification or waiver in respect of such Hedge Agreement, including any additional or replacement Hedge Agreement, will be effective unless (A) evidenced by a writing executed by each party thereto, (B) the Trustee has acknowledged its consent thereto in writing and (C) each Rating Agency confirms that such amendment, modification or waiver will not cause the reduction or withdrawal of its then-current rating on any Class of Notes. For the avoidance of doubt, the Issuer may enter into any Hedge Agreement with respect to which the Rating Agency Condition is satisfied and, so long as MBIA is deemed to be the Controlling Class hereunder, MBIA has consented. In addition, so long as MBIA is deemed to be the Controlling Class hereunder, the Issuer shall provide MBIA with a copy of any Hedge Agreement.

(b) The Trustee shall, on behalf of the Issuer, pay amounts due to each Hedge Counterparty under the related Hedge Agreements in accordance with the Priority of Payments, Section 11.1(f) hereof and Section 16.1(g) hereof.

(c) The notional amount schedule of each Hedge Agreement providing for floating rate payments to the Issuer will be calculated as a percentage of the principal amount of the Notes originally anticipated to be Outstanding on each Payment Date based on certain assumptions. In accordance with the terms of each Hedge Agreement (other than any interest rate basis swap agreements), such notional amount schedule will be reduced by the Issuer (or the Collateral Manager on behalf of the Issuer) or each Hedge Counterparty on each Payment Date to the extent that (i) the outstanding principal amount of the Notes is less than the scheduled aggregate notional amount of the related Hedge Agreements (other than any interest rate basis swap agreements) for such Payment Date and/or (ii) the Net Outstanding Portfolio Balance is less than the scheduled aggregate notional amount of the related Hedge Agreements (other than any interest rate basis swap agreements) for such Payment Date; provided that if any Notes are then Outstanding, the Trustee shall first have received written evidence that the Rating Agency Condition with respect to Moody's and S&P has been satisfied with respect to such reduction (other than as originally scheduled pursuant to the terms of the Hedge Agreement) and the giving of notice to Fitch and, so long as MBIA is the Controlling Class hereunder, MBIA, of such reduction other than a scheduled reduction. Additionally, subject to satisfaction of the Rating Agency Condition with respect to Moody's and S&P and

the notification of Fitch and, so long as MBIA is the Controlling Class hereunder, MBIA, in respect thereof, a termination in part of a Hedge Agreement and a corresponding reduction in the notional amount of the Hedge Agreement may occur, in the event of a Mandatory Redemption or Special Amortization of the Notes. The Issuer's remaining obligations in accordance with the Priority of Payments will not be affected by any such reduction. Notwithstanding any right of the Issuer to terminate each Hedge Agreement upon the occurrence of a Termination Event or an Event of Default (each as defined in each Hedge Agreement) or otherwise pursuant to a Hedge Agreement, the Issuer shall not (x) terminate any Hedge Agreement or (y) cause the non-replacement of any terminated Hedge Agreement, unless in each case the Issuer notifies Fitch thereof and obtains a written confirmation from Moody's and S&P that such termination or non-replacement, as applicable, would not cause such Rating Agency's then-current rating on any Class of Notes, as applicable, to be adversely qualified, reduced, suspended or withdrawn. For the avoidance of doubt, subject to the consent of the related Hedge Counterparty if required in the Hedge Agreement, the Issuer

-257-

may terminate, reduce the notional amount of or otherwise modify the terms of any Hedge Agreement if the Rating Agency Condition is satisfied in connection therewith.

(d) Each Hedge Agreement shall provide for termination, and shall be capable of being terminated (i) by or on behalf of the Issuer upon the failure of the related Hedge Counterparty to, unless the Rating Agency Condition is satisfied, post collateral under a Hedge Counterparty Credit Support within the time period specified in the related Hedge Agreement or provide other alternate credit enhancement in accordance with the related Hedge Agreement, or upon the failure of the related Hedge Counterparty to make a Permitted Transfer (at the Hedge Counterparty's sole cost and expense) of all of its rights and obligations under the related Hedge Agreement within the time period specified in the related Hedge Agreement, after the failure of the related Hedge Counterparty (or any Hedge Counterparty Credit Support Provider) to have the Hedge Counterparty Collateral Threshold Ratings; (ii) by or on behalf of the Issuer upon the failure of the related Hedge Counterparty to make a Permitted Transfer (at the related Hedge Counterparty's sole cost and expense) of all of its rights and obligations under the related Hedge Agreement within the time period specified in the related Hedge Agreement after the failure of the related Hedge Counterparty (or any Hedge Counterparty Credit Support Provider) to have the Hedge Counterparty Required Ratings (provided, however, that the related Hedge Counterparty shall continue to post collateral and use its best efforts to find a replacement pursuant to the related Hedge Agreement until the earlier to occur of termination of the related Hedge Agreement by or on behalf of the Issuer or consummation of a Permitted Transfer) unless the Rating Agency Condition has been satisfied with respect to such termination, (iii) by the related Hedge Counterparty, upon the failure of the Issuer to make, when due, any scheduled periodic payments under the related Hedge Agreement, (iv) in whole or in part, as provided in the related Hedge Agreement, upon the final sale of the Assets, an Auction Call Redemption, an Optional Redemption, a Clean-up Call or a Tax Redemption, (v) in part, as provided in the related Hedge Agreement, subject to satisfaction of the Rating Agency Condition with respect to Moody's and S&P, and, so long as MBIA is deemed to be the Controlling Class hereunder, the consent of MBIA, upon a Mandatory Redemption, a Special Amortization or a Rating Confirmation Failure, unless there will be sufficient Interest Proceeds on the following Payment Date to pay in full any termination payment due from the Issuer in connection therewith plus all of the amounts required to be paid by the Issuer on such Payment Date pursuant to clauses (1) through (28) of Section 11.1(a) (i) or (vi) as otherwise expressly provided for in the related Hedge Agreement. The Issuer shall satisfy the Rating Agency Condition with respect to Moody's and S&P and, so long as MBIA is deemed to be the Controlling Class hereunder, give notice to MBIA with respect to any transfer of all of the rights and obligations of any Hedge Counterparty under any Hedge Agreement.

(e) The Trustee shall, promptly after the Closing Date, establish a single, segregated trust account with respect to each Hedge Counterparty in the name of the Trustee, each designated as the "Hedge Collateral Account," which shall be held in trust for the benefit of the Noteholders and the applicable Hedge Counterparty, over which the Trustee shall have exclusive control and the sole right of withdrawal, and in which no Person other than the Trustee and the Noteholders and the applicable Hedge Counterparty shall have any legal or beneficial interest. The Trustee shall deposit all collateral received from the related Hedge Counterparty under the related Hedge Agreement in the related Hedge Collateral Account. Any and all funds at any time on deposit in, or otherwise to the credit of, each Hedge Collateral Account shall be

-258-

held in trust by the Trustee for the benefit of the Noteholders and for the related Hedge Counterparty in accordance with the terms of the Hedge Agreement. The only permitted withdrawal from or application of funds on deposit in, or otherwise to the credit of, each Hedge Collateral Account shall be (i) for application to obligations of the applicable Hedge Counterparty to the Issuer under the related Hedge Agreement in accordance with the terms of such Hedge Agreement or (ii) to return collateral to the applicable Hedge Counterparty when and as required by the related Hedge Agreement, which the Trustee shall return to the applicable Hedge Counterparty in accordance with the related Hedge Agreement. Each Hedge Collateral Account shall remain at all times with the Corporate Trust Office or a financial institution having a long-term debt rating at least equal to "A-" or "A2," as applicable, or a short-term debt rating at least equal to "A-1," "P-1" or "F1," as applicable.

(f) Upon the default by a Hedge Counterparty in the payment when due of its obligations to the Issuer under the related Hedge Agreement (following the expiration of any applicable grace period), the Trustee shall forthwith provide facsimile notice thereof to the Issuer, the Collateral Manager, each of the Rating Agencies and, if applicable, any Hedge Counterparty Credit Support Provider. When the Trustee becomes aware of such default, the Trustee shall make a demand on the applicable Hedge Counterparty, or any Hedge Counterparty Credit Support Provider, if applicable, demanding payment forthwith. The Trustee shall give notice to the Noteholders and further notice to the Collateral Manager upon the continuing failure by such Hedge Counterparty or any Hedge Counterparty Credit Support Provider to perform its obligations during the two Business Days following a demand made by the Trustee on such Hedge Counterparty or any such Hedge Counterparty Credit Support Provider.

(g) Upon the termination or partial termination of each Hedge Agreement, the Issuer at the direction of the Collateral Manager and the Trustee shall take such commercially reasonable actions (following the expiration of any applicable grace period and after the expiration of the applicable time period set forth in the related Hedge Agreement) to enforce the rights of the Issuer and the Trustee thereunder as may be permitted by the terms of the related Hedge Agreement and consistent with the terms hereof, and shall apply the proceeds of any such actions (including, without limitation, the proceeds of the liquidation of any collateral pledged by or on behalf of each Hedge Counterparty) to enter into an additional or replacement Hedge Agreements within 30 days of the expiration of any such grace period and such applicable time period as set forth in the related Hedge Agreement on substantially identical terms or on such other terms as required by the related Hedge Counterparty to any such additional or replacement Hedge Agreement subject to the Rating Agency Condition and, so long as MBIA is deemed to be the Controlling Class hereunder, the consent of MBIA. The Trustee shall, promptly after the Closing Date, in respect of each Hedge Counterparty, establish a single segregated trust account in the name of the Trustee, each designated the "Hedge Termination Account," which shall be held in trust for the benefit of the Noteholders and each Hedge Counterparty and over which the Trustee will have exclusive control and the sole right of withdrawal, and in each of which no person other than the Trustee, the Noteholders and the Hedge Counterparty will have any legal or beneficial interest. Each Hedge Termination Account shall remain at all times with the Corporate Trust Office or

a financial institution having a long-term debt rating at least equal to "A-" or "A2," as applicable, or a short-term debt rating at least equal to "A-1," "P-1" or "F1," as applicable. Notwithstanding anything contained in this Indenture to the contrary, any payments (other than payments relating to past-due scheduled payments on a Hedge Agreement) received

-259-

by the Issuer or Trustee in connection with either (x) the termination (in whole or in part) of a related Hedge Agreement or (y) the execution of an additional or replacement Hedge Agreements shall be immediately transferred to the Trustee for deposit into the related Hedge Termination Account. Any costs attributable to entering into an additional or replacement Hedge Agreements (other than in connection with a Permitted Transfer) with respect to the related Hedge Counterparty shall be paid from the related Hedge Termination Account, and any such amounts which are payable but exceed the balance on deposit in the related Hedge Termination Account shall be borne solely by the Issuer and constitute amounts payable under clause (28) of Section 11.1(a)(i) hereof. Additionally, any amounts that are due and payable to a Hedge Counterparty upon a termination of a Hedge Agreement shall be paid from any amounts on deposit in the related Hedge Termination Account, and, to the extent the amounts on deposit in such Hedge Termination Account are insufficient to pay all such amounts, then such amounts will be payable in accordance with Section 11.1(a) hereof. Any amounts remaining on deposit in a Hedge Termination Account related to a Hedge Agreement following payment to the Hedge Counterparty shall be transferred to the Principal Collection Account and shall constitute Principal Proceeds. If determining the amount payable under the terminated Hedge Agreement, the Issuer (or the Collateral Manager on behalf of the Issuer) shall seek quotations in accordance with the terms of the related Hedge Agreement from reference market-makers whose ratings are at least equal to the Hedge Counterparty Collateral Threshold Ratings. Each Hedge Agreement may provide that the applicable Hedge Counterparty is responsible for determining the amounts payable in certain circumstances. In addition, the Issuer (or the Collateral Manager on behalf of the Issuer) shall use commercially reasonable efforts to cause the termination of the related Hedge Agreement to become effective simultaneously with the effectiveness of a replacement thereto, described as aforesaid.

Section 16.2 Collateral Debt Securities Purchase Agreements.

Following the Closing Date, unless a Collateral Debt Securities Purchase Agreement is necessary to comply with the provisions of this Indenture, the Issuer may acquire Collateral Debt Securities in accordance with customary settlement procedures in the relevant markets. In any event, the Issuer (or the Collateral Manager on behalf of the Issuer) shall obtain from any seller of a Loan, all Underlying Instruments with respect to each Collateral Debt Security, and all Underlying Instruments related to any related Senior Tranche that govern, directly or indirectly, the rights and obligations of the owner of the Collateral Debt Security with respect to the Underlying Term Loan, the Underlying Mortgage Property and the Collateral Debt Security and any certificate evidencing the Collateral Debt Security.

Section 16.3 Cure Rights.

(a) If the Issuer, as holder of a Loan, has the right pursuant to the related Underlying Instruments to cure an event of default on the Underlying Term Loan, the Collateral Manager may, in accordance with the Collateral Manager Servicing Standard and subject to the applicable provisions of the Servicing Agreement, advance from its own funds with respect to the Loan as a reimbursable Cure Advance, all such amounts as are necessary to effect the timely cure of such event of default pursuant to the terms of the related Underlying Instruments; provided that (i) such advances may only be made to the extent that the Collateral Manager reasonably believes that such Cash advance can be repaid from future payments on the related

underlying commercial mortgage loan (subject to the Collateral Manager Servicing Standard and to the applicable provisions of the Servicing Agreement) and (ii) the particular advance would not, if made, constitute a Nonrecoverable Cure Advance. The determination by the Collateral Manager that it has made a Nonrecoverable Cure Advance or that any proposed Cure Advance, if made, would constitute a Nonrecoverable Cure Advance shall be made by the Collateral Manager in its reasonable, good faith judgment (subject to the Collateral Manager Servicing Standard and to the applicable provisions of the Servicing Agreement) and shall be evidenced by an Officer's Certificate delivered promptly to the Trustee, setting forth the basis for such determination, accompanied by an appraisal, if available, or an independent broker's opinion of the value of the Underlying Mortgage Property and any information that the Collateral Manager may have obtained and that supports such determination. The Collateral Manager will be entitled to reimbursement from any subsequent payments or recoveries on each Collateral Debt Security in respect of which it makes a Cure Advance in accordance with the Priority of Payments if such reimbursement would not cause an Interest Shortfall; provided that, if at any time the Collateral Manager shall determine (subject to the applicable provisions of the Servicing Agreement) that a Cure Advance previously made is a Nonrecoverable Cure Advance, the Collateral Manager shall be entitled to reimbursements for such Nonrecoverable Cure Advance from subsequent payments or collections with respect to the Assets on any Business Day during any Interest Accrual Period prior to the related Determination Date (or on a Payment Date prior to any payment of interest on or principal of the Notes in accordance with the Priority of Payments). Notwithstanding the foregoing, the Collateral Manager will be permitted (but not obligated) to defer or otherwise structure the timing of recovery of any Nonrecoverable Cure Advance in such manner as the Collateral Manager determines is in the best interest of the Holders of the Class A Notes and the Class B Notes, as a collective whole, which may include being reimbursed for such Nonrecoverable Cure Advance in installments.

(b) No later than 11:00 a.m. on the Business Day preceding each Determination Date, the Collateral Manager may request by Officer's Certificate delivered to the Trustee, reimbursement for any (i) Cure Advance or (ii) Nonrecoverable Cure Advance, from any amounts received with respect to the related Collateral Debt Security or the Assets, respectively. No later than the Payment Date related to the Determination Date for which the Collateral Manager has delivered an Officer's Certificate requesting reimbursement of a Cure Advance or a Nonrecoverable Cure Advance, the Trustee shall transfer to the Collateral Manager, by wire transfer to an account identified to the Trustee in writing, the amount of such Cure Advance or Nonrecoverable Cure Advance, as applicable.

(c) Notwithstanding anything to the contrary set forth herein, the Collateral Manager shall not be required to make any Cure Advance that it determines in its reasonable, good faith judgment would constitute a Nonrecoverable Cure Advance as determined pursuant to Section 16.3(a).

Section 16.4 Purchase Right; Holder of a Majority of the Preferred Shares.

If the Issuer, as holder of a Participation or B Note, has the right pursuant to the related Underlying Instruments to purchase any related Senior Tranche(s), the Issuer may, and shall if directed by the Holder of a Majority of the Preferred Shares, exercise such right, if the Collateral Manager determines, in accordance with the Collateral Manager Servicing Standard,

that the exercise of the option would be in the best interest of the Noteholders, but may not exercise such right if the Collateral Manager

determines otherwise. The Collateral Manager shall deliver to the Trustee an Officer's Certificate certifying such determination, accompanied by an Act of the Holder of a Majority of the Preferred Shares directing the Issuer to exercise such right. In connection with the purchase of any such Senior Tranche(s), the Issuer shall assign to the Holder of a Majority of the Preferred Shares or its designee all of its right, title and interest in such Senior Tranche(s) in exchange for a purchase price (such price and any other associated expense of such exercise to be paid by the Holder of a Majority of the Preferred Shares) of the Senior Tranche(s) (or, if the Underlying Instruments permit, the Issuer may assign the purchase right to the Holder of a Majority of the Preferred Shares or its designee; otherwise the Holder of a Majority of the Preferred Shares or its designee shall fund the purchase by the Issuer, which shall then assign the Senior Tranche(s) to the Holder of a Majority of the Preferred Shares or its designee) (the "Purchase Option Purchase Price"), which amount shall be delivered by such Holder or its designee from its own funds to or upon the instruction of the Collateral Manager in accordance with terms of the Underlying Instruments related to the acquisition of such Senior Tranche(s). The Trustee or the Issuer shall execute and deliver at the direction of such Holder of a Majority of the Preferred Shares such instruments of transfer or assignment prepared by such Holder, in each case without recourse, as shall be necessary to transfer title to such Holder of the Majority of Preferred Shares or its designee of the Senior Tranche(s) and the Trustee shall have no responsibility with regard to such Senior Tranche(s).

Section 16.5 Representations and Warranties Related to Subsequent Collateral Debt Securities.

(a) If the Collateral Debt Security is a Subsequent Collateral Debt Security, upon the acquisition of such Subsequent Collateral Debt Security by the Issuer, the related seller has made or assigned to the Issuer the following:

(i) (A) representations and warranties in form and substance substantially similar to the representations and warranties set forth as Schedule L attached hereto with respect to the Underlying Term Loan and the Underlying Mortgage Property (except with respect to Mezzanine Loans and Preferred Equity Securities) and (B) representations and warranties regarding good title, no liens, no modifications, no defaults and valid assignment with respect to the Loan itself; and

(ii) in the case of a B Note, the representations and warranties in form and substance substantially similar to the representations and warranties set forth as Schedule M attached hereto with respect to such B Note;

(iii) in the case of a Participation, the representations and warranties in form and substance substantially similar to the representations and warranties set forth as Schedule N attached hereto with respect to such Participation;

(iv) in the case of a Mezzanine Loan, the representations and warranties in form and substance substantially similar to the representations and warranties set forth as Schedule O attached hereto with respect to such Mezzanine Loan;

-262-

(v) in the case of a Preferred Equity Security, the representations and warranties in form and substance substantially similar to the representations and warranties set forth as Schedule P attached hereto with respect to such Preferred Equity Security;

(vi) in the case of a CMBS Security, the representations and warranties in form and substance substantially similar to the representations and warranties set forth as Schedule Q attached hereto with respect to such CMBS Security;

(vii) in the case of a CRE CDO Security, the representations and warranties in form and substance substantially similar to the representations and warranties set forth as Schedule Q attached hereto with respect to such CRE CDO Security;

(viii) in the case of a REIT Debt Security, the representations and warranties in form and substance substantially similar to the representations and warranties set forth as Schedule Q attached hereto with respect to such REIT Debt Security; and

(ix) in the case of a Rake Bond, the representations and warranties in form and substance substantially similar to the representations and warranties set forth as Schedule Q attached hereto with respect to such Rake Bond.

(b) The representations and warranties in Section 16.5(a) with respect to the acquisition of a Subsequent Collateral Debt Security may be subject to any modification, limitation or qualification that the Collateral Manager determines to be reasonably acceptable in accordance with the Collateral Manager Servicing Standard; provided that the Collateral Manager will provide each Rating Agency with a report attached to each Monthly Report identifying each such affected representation or warranty and the modification, exception, limitation or qualification received with respect to the acquisition of any Subsequent Collateral Debt Security during the period covered by the Monthly Report, which report may contain explanations by the Collateral Manager as to its determinations.

(c) The Issuer (or the Collateral Manager on behalf of the Issuer) shall obtain a covenant from the Person making any representation or warranty to the Issuer pursuant to Section 16.5(a) that such Person shall repurchase the related Collateral Debt Security if any such representation or warranty is breached (but only after the expiration of any permitted cure periods and failure to cure such breach). The purchase price for any Collateral Debt Security repurchased (the "Repurchase Price") shall be a price equal to the sum of the following (in each case, without duplication) as of the date of such repurchase: (i) the then outstanding Principal Balance of such Collateral Debt Security, discounted based on the percentage amount of any discount that was applied when such Collateral Debt Security was purchased by the Issuer (or, if such asset was purchased by the Issuer at a premium, then the outstanding Principal Balance shall be subject to a percentage premium not less than that at which the Issuer purchased such asset), plus (iv) accrued and unpaid interest on such Collateral Debt Security, plus (v) any unreimbursed advances, plus (vi) accrued and unpaid interest on advances on the Collateral Debt Security, plus (vii) any reasonable costs and expenses (including, but not limited to, the cost of any enforcement action, incurred by the Issuer or the Trustee in connection with any such purchase by a seller).

-263-

Section 16.6 Operating Advisor; Additional Debt.

If the Issuer, as holder of a B Note, a Participation, Preferred Equity Security or a Mezzanine Loan, has the right pursuant to the related Underlying Instruments to appoint the operating advisor, directing holder or Person serving a similar function under the Underlying Instruments, each of the Issuer, the Trustee and the Collateral Manager shall take such actions as are reasonably necessary to appoint the Collateral Manager to such position. If the Issuer, as holder of a B Note, a Participation or a Mezzanine Loan, has the right pursuant to the related Underlying Instruments to consent to the related borrower incurring any additional debt, such consent will be subject to satisfaction of the Rating Agency Condition.

ADVANCING AGENT

Section 17.1 Liability of the Advancing Agent.

The Advancing Agent shall be liable in accordance herewith only to the extent of the obligations specifically imposed upon and undertaken by the Advancing Agent.

Section 17.2 Merger or Consolidation of the Advancing Agent.

(a) The Advancing Agent will keep in full effect its existence, rights and franchises as a corporation under the laws of the jurisdiction in which it was formed, and will obtain and preserve its qualification to do business as a foreign corporation in each jurisdiction in which such qualification is or shall be necessary to protect the validity and enforceability of this Indenture to perform its duties under this Indenture.

(b) Any Person into which the Advancing Agent may be merged or consolidated, or any corporation resulting from any merger or consolidation to which the Advancing Agent shall be a party, or any Person succeeding to the business of the Advancing Agent shall be the successor of the Advancing Agent, hereunder, without the execution or filing of any paper or any further act on the part of any of the parties hereto, anything herein to the contrary notwithstanding (it being understood and agreed by the parties hereto that the consummation of any such transaction by the Advancing Agent shall have no effect on the Trustee's obligations under Section 10.9, which obligations shall continue pursuant to the terms of Section 10.9).

Section 17.3 Limitation on Liability of the Advancing Agent and Others.

None of the Advancing Agent or any of its affiliates, directors, officers, employees or agents shall be under any liability for any action taken or for refraining from the taking of any action in good faith pursuant to this Indenture, or for errors in judgment; provided, however, that this provision shall not protect the Advancing Agent against liability to the Issuer or Noteholders for any breach of warranties or representations made herein or any liability which would otherwise be imposed by reason of willful misfeasance, bad faith or gross negligence in the performance of duties or by reason of negligent disregard of obligations and duties

-264-

hereunder. The Advancing Agent and any director, officer, employee or agent of the Advancing Agent may rely in good faith on any document of any kind prima facie properly executed and submitted by any Person respecting any matters arising hereunder. The Advancing Agent and any director, officer, employee or agent of the Advancing Agent shall be indemnified by the Issuer pursuant to the priorities set forth in Section 11.1(a) and held harmless against any loss, liability or expense incurred in connection with any legal action relating to this Indenture or the Notes, other than any loss, liability or expense (i) specifically required to be borne by the Advancing Agent pursuant to the terms hereof or otherwise incidental to the performance of obligations and duties hereunder (except as any such loss, liability or expense shall be otherwise reimbursable pursuant to this Indenture); or (ii) incurred by reason of any breach of a representation, warranty or covenant made herein, any misfeasance, bad faith or negligence by the Advancing Agent in the performance of or negligent disregard of, obligations or duties hereunder or any violation of any state or federal securities law.

Section 17.4 Representations and Warranties of the Advancing Agent.

The Advancing Agent represents and warrants that:

(a) the Advancing Agent (i) has been duly organized, is validly

existing and is in good standing under the laws of the State of Maryland, (ii) has full power and authority to own the Advancing Agent's assets and to transact the business in which it is currently engaged, and (iii) is duly qualified and in good standing under the laws of each jurisdiction where the Advancing Agent's ownership or lease of property or the conduct of the Advancing Agent's business requires, or the performance of this Indenture would require, such qualification, except for failures to be so qualified that would not in the aggregate have a material adverse effect on the business, operations, assets or financial condition of the Advancing Agent or the ability of the Advancing Agent to perform its obligations under, or on the validity or enforceability of, the provisions of this Indenture applicable to the Advancing Agent;

(b) the Advancing Agent has full power and authority to execute, deliver and perform this Indenture; this Indenture has been duly authorized, executed and delivered by the Advancing Agent and constitutes a legal, valid and binding agreement of the Advancing Agent, enforceable against it in accordance with the terms hereof, except that the enforceability hereof may be subject to (i) bankruptcy, insolvency, reorganization, moratorium or other similar laws now or hereafter in effect relating to creditors' rights and (ii) general principles of equity (regardless of whether such enforcement is considered in a proceeding in equity or at law);

(c) neither the execution and delivery of this Indenture nor the performance by the Advancing Agent of its duties hereunder conflicts with or will violate or result in a breach or violation of any of the terms or provisions of, or constitutes a default under: (i) the Articles of Incorporation and bylaws of the Advancing Agent, (ii) the terms of any indenture, contract, lease, mortgage, deed of trust, note agreement or other evidence of indebtedness or other agreement, obligation, condition, covenant or instrument to which the Advancing Agent is a party or is bound, (iii) any law, decree, order, rule or regulation applicable to the Advancing Agent of any court or regulatory, administrative or governmental agency, body or authority or arbitrator having jurisdiction over the Advancing Agent or its properties, and which would have, in the case of any of (i), (ii) or (iii) of this Section 17.4(c), either individually or in the aggregate,

-265-

a material adverse effect on the business, operations, assets or financial condition of the Advancing Agent or the ability of the Advancing Agent to perform its obligations under this Indenture;

(d) no litigation is pending or, to the best of the Advancing Agent's knowledge, threatened, against the Advancing Agent that would materially and adversely affect the execution, delivery or enforceability of this Indenture or the ability of the Advancing Agent to perform any of its obligations under this Indenture in accordance with the terms hereof; and

(e) no consent, approval, authorization or order of or declaration or filing with any government, governmental instrumentality or court or other person is required for the performance by the Advancing Agent of its duties hereunder, except such as have been duly made or obtained.

Section 17.5 Resignation and Removal; Appointment of Successor.

(a) No resignation or removal of the Advancing Agent and no appointment of a successor Advancing Agent pursuant to this Article 17 shall become effective until the acceptance of appointment by the successor Advancing Agent under Section 17.6.

(b) The Advancing Agent may resign at any time by giving written notice thereof to the Issuer, the Co-Issuer, the Trustee, the Collateral Manager, each Hedge Counterparty, the Noteholders and each Rating Agency.

(c) The Advancing Agent may be removed at any time by Act of at least

66-2/3% of the Preferred Shares upon written notice delivered to the Trustee and to the Issuer and the Co-Issuer.

(d) If the Advancing Agent fails to make an Interest Advance required by this Indenture with respect to a Payment Date, the Backup Advancing Agent shall be required to make such Interest Advance and shall be entitled to receive, in consideration thereof, the Advancing Agent Fee (in lieu of the Backup Advancing Agent Fee) in accordance with the Priority of Payments. If the Advancing Agent fails to make a required Interest Advance and it has not determined such Interest Advance to be a Nonrecoverable Interest Advance, the Collateral Manager may, and at the direction of the Controlling Class shall, terminate such Advancing Agent and replace such Advancing Agent with a successor advancing agent the appointment of which satisfies the Rating Agency Condition and, so long as MBIA is deemed to be the Controlling Class hereunder, to which MBIA consents. In the event that the Collateral Manager has not terminated and replaced such Advancing Agent within 30 days of such Advancing Agent's failure to make a required Interest Advance, the Trustee may terminate such Advancing Agent and appoint a successor Advancing Agent.

(e) Subject to Section 17.5(d), if the Advancing Agent shall resign or be removed, upon receiving such notice of resignation or removal, the Issuer and the Co-Issuer shall promptly appoint a successor advancing agent by written instrument, in duplicate, executed by an Authorized Officer of the Issuer and an Authorized Officer of the Co-Issuer, one copy of which shall be delivered to the Advancing Agent so resigning and one copy to the successor Advancing Agent, together with a copy to each Noteholder, the Trustee, each Hedge

-266-

Counterparty and the Collateral Manager; provided that such successor Advancing Agent shall be appointed only subject to satisfaction of the Rating Agency Condition, upon the written consent of a Majority of the Preferred Shares and, so long as MBIA is deemed to be the Controlling Class hereunder, the consent of MBIA. If no successor Advancing Agent shall have been appointed and an instrument of acceptance by a successor Advancing Agent shall not have been delivered to the Advancing Agent within 30 days after the giving of such notice of resignation, the resigning Advancing Agent, the Trustee or any Preferred Shareholder, on behalf of himself and all others similarly situated, may petition any court of competent jurisdiction for the appointment of a successor Advancing Agent.

(f) The Issuer and the Co-Issuer shall give prompt notice of each resignation and each removal of the Advancing Agent and each appointment of a successor Advancing Agent by mailing written notice of such event by first class mail, postage prepaid, to each Rating Agency, each Hedge Counterparty and to the Holders of the Notes as their names and addresses appear in the Notes Register.

Section 17.6 Acceptance of Appointment by Successor Advancing Agent.

(a) Every successor Advancing Agent appointed hereunder shall execute, acknowledge and deliver to the Issuer, the Co-Issuer, each Hedge Counterparty, the Collateral Manager, the Trustee and the retiring Advancing Agent an instrument accepting such appointment. Upon delivery of the required instruments, the resignation or removal of the retiring Advancing Agent shall become effective and such successor Advancing Agent, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts, duties and obligations of the retiring Advancing Agent.

(b) No appointment of a successor Advancing Agent shall become effective unless each Rating Agency has confirmed in writing that the employment of such successor would not adversely affect the rating on the Notes.

ARTICLE 18

CLASS A-1AR NOTES

Section 18.1 Draws on the Class A-1AR Notes and Class A-1AR Commitments.

(a) Pursuant to the Class A-1AR Note Purchase Agreement and subject to compliance with the conditions set forth therein and herein, the Issuer (or the Collateral Manager on behalf of the Issuer) may request, and the Holders of the Class A-1AR Notes (or any Liquidity Provider with respect to such Holders) shall be obligated to fund, one or more Class A-1AR Draws under the Class A-1AR Notes (i) prior to the Commitment Termination Time, (x) to fund Delayed Funding Amounts relating to Delayed Draw Term Loans included in the Collateral Debt Securities, (y) to acquire Collateral Debt Securities and (z) in connection with a Special Amortization and (ii) after the occurrence of an Event of Default but prior to acceleration of the Notes, solely to fund Delayed Funding Amounts relating to Delayed Draw Term Loans included in the Collateral Debt Securities. Any Class A-1AR Draw will be made by the Collateral Manager on behalf of the Issuer, pro rata, according to the unused portion of the

-267-

Class A 1AR Commitment of each Holder of Class A-1AR Notes. After the occurrence of an Event of Default but prior to acceleration of the Notes, Class A-1AR Draws may not be used to acquire additional Collateral Debt Securities or in connection with a Special Amortization. Class A-1AR Draws may be made on any Business Day from and including the Closing Date to but excluding the Commitment Termination Time (the date of such Class A-1AR Draw, the "Class A-1AR Draw Date"). Promptly following any request for a Class A-1AR Draw under the Class A-1AR Note Purchase Agreement and in no event later than 5:00 pm on the Business Day immediately prior to such Class A-1AR Draw, the Trustee shall determine the LIBOR rate applicable to such Class A-1AR Draw and inform the Class A-1AR Note Agent and the Issuer of such rate.

(b) Draws may be made from time to time in accordance with the Class A-1AR Note Purchase Agreement. The Issuer shall duly and punctually perform each of its obligations under the Class A-1AR Note Purchase Agreement. The Issuer is not required to borrow any amount under the Class A-1AR Notes on the Closing Date or at any other time unless the applicable servicer or the Collateral Manager, as applicable, has determined that a Delayed Funding Advance is required under the related Underlying Instruments related to a Delayed Draw Term Loan included in the Collateral Debt Securities and the amounts on deposit in the Delayed Funding Obligations Account, if any, are insufficient to make such Delayed Funding Advance.

(c) On the Mandatory Class A-1AR Draw Date, the Issuer (or the Collateral Manager on its behalf) will make a Class A-1AR Draw in an amount equal to the Aggregate Class A-1AR Undrawn Amount, the proceeds of which shall be deposited as follows: (i) the amount necessary to make the amount on deposit in the Delayed Funding Obligations Account equal to the Total Unfunded Delayed Funding Amount shall be deposited in the Delayed Funding Obligations Account, and (ii) any remainder shall be deposited in the Collection Account as Principal Proceeds. Immediately following such draw, the Class A-1AR Commitments shall terminate.

(d) To the extent that a Class A-1AR Draw (or a portion thereof) is being made to fund Delayed Funding Amounts relating to Delayed Draw Term Loans, the Trustee shall (at the direction of the Collateral Manager) upon receipt of the proceeds of any Class A-1AR Draw, deposit such proceeds (or the applicable portion thereof) into the Delayed Funding Obligations Account where such amounts shall be applied in accordance with Section 10.6. To the extent that a Class A-1AR Draw (or a portion thereof) is being made in connection with a Special Amortization, the Trustee shall (at the direction of the Collateral Manager) upon receipt of the proceeds of any Class A-1AR Draw, deposit such proceeds (or the applicable portion thereof) into the Principal Collection Account where such amounts shall be applied in accordance with Section 10.2.

(e) The total of all Class A-1AR Commitments for all Holders of Class A-1AR Notes shall not exceed the Maximum Class A-1AR Commitment. Notwithstanding the foregoing, to the extent the Aggregate Outstanding Amount of the Class A-1 Notes is reduced in connection with a Mandatory Redemption, a Special Amortization or a redemption in connection with a Rating Confirmation Failure, the Class A-1AR Commitments will be reduced so that, after giving effect to such reduction, the ratio (expressed as a percentage) of the

-268-

Maximum Class A-1AR Commitment to the Aggregate Outstanding Amount of the Class A-1A Notes is equal to the Class A-1AR Proportion (and the Class A-1AR Commitment related to each Class A-1AR Note will be reduced on a pro rata basis). In connection with any Mandatory Redemption, to the extent that the Class A-1AR Commitments are reduced to an amount less than the Minimum Class A-1AR Commitment, a portion of the Interest Proceeds and/or Principal Proceeds that are available for distribution shall be deposited into the Delayed Funding Obligations Account until the Aggregate Class A-1AR Undrawn Amount equals the Minimum Class A-1AR Commitment.

Section 18.2 Class A-1AR Interest and Class A-1AR Commitment Fee.

(a) With respect to any Payment Date, interest on the Class A-1AR Notes will be payable in arrears in an amount equal to (A) the product of (i) the Weighted Average Drawn Class A-1AR Note Portion during the related Interest Accrual Period, (ii) the Class A-1AR Rate, and (iii) the actual number of days elapsed in such Interest Accrual Period, divided by (B) 360; provided that interest accrued in respect of amounts borrowed under the Class A-1AR Notes during the period following the Determination Date through such Payment Date will be payable (without penalty interest thereon) on the next succeeding Payment Date. Interest on the Class A-1AR Notes will be payable from the date of each Class A-1AR Draw under the Class A-1AR Notes, and accrued and unpaid interest will be payable in arrears on each Payment Date. Interest will be payable to the Holders of the Class A-1AR Notes, pro rata, based on their Class A-1AR Interest Allocation.

(b) The Class A-1AR Commitment Fee will accrue on the daily undrawn amount of each Class A-1AR Commitment for each Interest Accrual Period at a rate per annum equal to 0.22% (computed on the basis of a 360-day year and the actual number of days elapsed). Among the Class A-1 Notes, the Class A-1AR Commitment Fee will be payable in arrears on each Payment Date and will rank pari passu with the payment of interest on the Class A-1A Notes and the Class A-1AR Notes. Interest at the Class A-1AR Rate will accrue on any portion of the Class A-1AR Commitment Fee that is not paid when due.

Section 18.3 Prepayments of Class A-1AR Notes.

(a) Prior to the Commitment Termination Time, the Class A-1AR Notes may be prepaid (in whole or in part), at the option of the Issuer (at the direction of the Collateral Manager) in accordance with the terms of the Class A-1AR Note Purchase Agreement, without payment of a premium, on (i) any Payment Date and prior to any payments on any other Class of Notes, from Principal Proceeds to the extent Principal Proceeds are available for such application pursuant to Section 11.1(a)(ii) and/or amounts on deposit in the Delayed Funding Obligations Account or (ii) any Business Day other than a Payment Date, from Principal Proceeds to the extent Principal Proceeds are available for such application and/or amounts on deposit in the Delayed Funding Obligations Account, but subject to the payment of Class A-1AR Breakage Costs. Any Class A-1AR Breakage Costs will be paid in accordance with the Priority of Payments on the Payment Date following the applicable Class A-1AR Prepayment Date.

(b) The aggregate principal amount of any partial voluntary Class A-1AR Prepayment, in respect of the Class A-1AR Notes (taken as a whole), will be at least \$500,000

(and integral multiples of \$500 in excess thereof) or, if the aggregate outstanding amount under the Class A-1AR Notes is less than \$500,000, such lesser amount. The Issuer shall make all Class A-1AR Prepayments pro rata based on the Aggregate Outstanding Amount of the Class A-1AR Notes at the time such prepayment is made. Subject to compliance with certain draw conditions specified in the Class A-1AR Note Purchase Agreement and herein, all such prepaid amounts may be re-borrowed until the Commitment Termination Time.

(c) After the Mandatory Class A-1AR Draw Date, principal will be payable to the Class A-1AR Notes pro rata with the Class A-1A Notes based on the Class A-1A/A-1AR Pro Rata Allocation.

(d) Prior to the Commitment Termination Time, the Aggregate Class A-1AR Undrawn Amount must be an amount at least equal to the Minimum Class A-1AR Commitment.

Section 18.4 Class A-1AR Ratings Criteria.

In accordance with the applicable provisions of the Class A-1AR Note Purchase Agreement, at the time of its purchase of a Class A-1AR Note and prior to the Commitment Termination Time, each Holder (including any transferee) of a Class A-1AR Note must satisfy the Class A-1AR Ratings Criteria. Except in the case of any "Committed Liquidity Provider" (as defined in the Class A-1AR Note Purchase Agreement) which has funded the related Holder Subaccount in an amount equal to its unfunded Class A-1AR Commitment, if any Holder of Class A-1AR Notes at any time prior to the Commitment Termination Time fails to satisfy the Class A-1AR Ratings Criteria, such Holder shall within five Business Days thereafter deposit cash in a Holder Subaccount in an amount equal to the undrawn amount of such Holder's Class A-1AR Commitment. If such Holder fails to fund a Holder Subaccount as described in the preceding sentence, (i) the Issuer (or the Collateral Manager on behalf of the Issuer) shall promptly replace such Holder (at the cost of such Holder) with another entity that meets the Class A-1AR Ratings Criteria (by requiring the replaced Holder to transfer all of its rights and obligations in respect of the Class A-1AR Notes to the transferee entity) and (ii) any payments of principal of, or interest on, any Class A-1AR Note held by such Noteholder, and any payments of a Class A-1AR Commitment Fee otherwise payable to such Noteholder, shall be remitted to a Holder Subaccount of such Noteholder (each, a "Holder Subaccount") and held to secure the obligation of such Noteholder. The purchase of Class A-1AR Notes (whether in connection with the initial placement or in a subsequent transfer) by any purchaser who does not satisfy the Class A-1AR Ratings Criteria set forth in clause (a) of the definition thereof at the time of such purchase but who is then entitled to the benefits of a Liquidity Facility described in clause (c) of such definition shall not be permitted unless the Rating Agency Condition is satisfied with respect thereto and such Liquidity Provider enters into an assignment and acceptance agreement agreeing to undertake and be bound by the provisions of the Class A-1AR Note Purchase Agreement applicable thereto.

Section 18.5 Class A-1AR Holder Collateral Account.

(a) The Trustee shall, prior to the Closing Date, establish a single, segregated trust account which shall be designated as the "Class A-1AR Holder Collateral Account," which account, together with any and all funds at any time on deposit therein, or otherwise credited

thereto, shall be held in trust for the benefit of the Holders of the Class A-1AR Notes and each Liquidity Provider (and, to the extent of amounts applied in accordance with the Class A-1AR Note Purchase Agreement for such purpose, for

the benefit of the Holders of the Notes) and over which the Trustee shall have exclusive control and the sole right of withdrawal. If at any time any Holder of a Class A-1AR Note shall be required to deposit funds into the Class A-1AR Holder Collateral Account pursuant to the terms of the Class A-1AR Note Purchase Agreement, then (i) the Collateral Manager shall direct the Trustee to and the Trustee shall create a Holder Subaccount and (ii) the Holder shall deposit all required funds into such Holder Subaccount. All payments of principal of the Class A-1AR Notes otherwise payable to such Holder shall be deposited in such Holder Subaccount to the extent provided in the Class A-1AR Note Purchase Agreement. The only permitted withdrawal from or application of funds credited to a Holder Subaccount shall, notwithstanding the occurrence of any Event of Default, be to satisfy such Holder's obligations under the Class A-1AR Note Purchase Agreement, as specified in this Section 18.5 and to return such amounts to such Holder in accordance with Section 18.5(d).

(b) The deposit of funds into a Holder Subaccount pursuant to Section 18.5(a) by any Holder of a Class A-1AR Note shall not constitute a Class A-1AR Draw by the Issuer and shall not constitute a Class A-1AR Draw or a utilization of the Class A-1AR Commitment of such Holder, and the funds so deposited shall not constitute principal outstanding under such Class A-1AR Note. However, from and after the establishment of a Holder Subaccount with respect to any Holder of Class A-1AR Notes until otherwise provided below, (i) the obligation of such Holder to advance funds under its Class A-1AR Notes as part of any Class A-1AR Draw under this Indenture and the Class A-1AR Note Purchase Agreement shall be satisfied by the Collateral Manager withdrawing funds from such Holder Subaccount in the amount of such Holder's share of such Class A-1AR Draw (determined in accordance with the Class A-1AR Note Purchase Agreement), and (ii) all payments of principal with respect to advances made by such Holder under its Class A-1AR Notes (whether or not originally funded from such Holder Subaccount) (and, in the case of any defaulting Holder, all payments of interest thereon) shall be satisfied by the Collateral Manager depositing or causing the deposit of the related funds into such Holder Subaccount, with notice of such deposit to the Class A-1AR Note Agent. The Collateral Manager shall have full power and authority to withdraw funds (with prior notice of any such withdrawal to the Class A-1AR Note Agent) from each such Holder Subaccount at the time of, and in connection with, the making of any such Class A-1AR Draw and to deposit funds (with notice of any such deposit to the Class A-1AR Note Agent) into each such Holder Subaccount, all in accordance with the terms of and for the purposes set forth in this Indenture and the Class A-1AR Note Purchase Agreement.

(c) If at any time the amount of funds on deposit in the Holder Subaccount relating to any Holder of Class A-1AR Notes, net of any earnings in respect of Class A-1AR Eligible Investments, exceeds the undrawn amount of the Class A-1AR Commitment of such Holder (whether due to a reduction in the Class A-1AR Commitment or otherwise), then the Collateral Manager on behalf of the Issuer shall instruct the Trustee to remit to such Holder a specified portion of such funds then held in the related Holder Subaccount in an amount equal to such excess.

(d) If at any time a Holder of Class A-1AR Notes is no longer required to deposit or maintain funds in the Class A-1AR Holder Collateral Account pursuant to the terms of

the Class A-1AR Note Purchase Agreement to which such Holder is a party, then the Collateral Manager shall notify the Trustee of such fact and direct the Trustee to remit all funds (including, for the avoidance of doubt, earnings in respect of Class A-1AR Eligible Investments) then held in the relevant Holder Subaccount (after giving effect to any Class A-1AR Draw in respect of such Class A-1AR Notes to be made on such date) to such Holder (with notice thereof to the Class A-1AR Note Agent), and thereafter all payments of principal and interest with respect to advances made by such Holder shall be paid directly to such Holder in accordance with the terms of this Indenture and the Class A-1AR Note Purchase Agreement.

(e) The Trustee agrees to give the Issuer, the Collateral Manager and the related Holder immediate notice if it becomes aware that the Class A-1AR Holder Collateral Account, any Holder Subaccount or any funds on deposit therein, or otherwise to the credit of the Class A-1AR Holder Collateral Account or any Holder Subaccount, shall become subject to any writ, order, judgment, warrant of attachment, execution or similar process. Except to the extent specifically set forth herein, the Issuer shall not have any legal, equitable or beneficial interest in the Class A-1AR Holder Collateral Account. The Class A-1AR Holder Collateral Account shall remain at all times with the Corporate Trust Office or a financial institution having a long term debt rating by each Rating Agency at least equal to "A" or "A2," as applicable, and a short term debt rating at least equal to "A-1" or "P-1," as applicable.

(f) For so long as any amounts are on deposit in a Holder Subaccount, the Trustee shall, at the written direction of the related Class A-1AR Noteholder (which may be in the form of standing instructions), invest and reinvest such funds in investments which satisfy the definition of the term "Eligible Investments" but which mature not later than the day following the date of acquisition thereof (collectively, "Class A-1AR Eligible Investments"). Investment earnings received during each Due Period in respect of Eligible Investments in the Holder Subaccount of a Holder of Class A-1AR Notes will (so long as such Holder is not a defaulting Holder) be paid to such Holder on the related Payment Date. In the absence of such instructions, such funds will remain uninvested.

(d) it has not and shall not invite the public in the Cayman Islands to subscribe for the Notes;

(e) it acknowledges that purchases and resales of the Notes are restricted as described under "Transfer Restrictions" in the Offering

(g) (i) it has not offered or sold and will not offer, place or sell any Notes to persons in the United Kingdom prior to the expiry of the period of six months from the Closing Date except to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their business or otherwise in circumstances which have not resulted and will not result in an offer to the public in the United Kingdom within the meaning of the Public Offers of Securities Regulations 1995 (as amended); (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the "FSMA") received by it in connection with the issue or sale of any Securities in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom;

(h) it represents and agrees that the Purchased Notes offered and sold and the Placed Notes offered and placed in reliance on Regulation S have been and will be offered, placed and sold only in offshore transactions. In connection therewith, it agrees that it has not offered, placed or sold and will not offer, place or sell the Notes in the United States or to, or for the benefit or account of, a U.S. Person (other than a distributor), in each case, as defined in Rule 902 under the Securities Act (i) as part of its distribution at any time and (ii) otherwise until 40 days after the later of the commencement of the offering of the Notes pursuant hereto and the Closing Date, other than in accordance with Regulation S or another exemption from the registration requirements of the Securities Act;

-12-

(i) no form of general solicitation or general advertising has been or will be used by it or any of its representatives in connection with the offer, placement and sale of any of the Securities, including, but not limited to, articles, notices or other communications published in any newspaper, magazine, or similar medium or broadcast over television or radio, or any seminar or meeting whose attendees have been invited by any general solicitation or general advertising;

(k) it acknowledges that it is its intent and that it understands it is the intent of the Issuer that, for purposes of U.S. federal income, state and local income and franchise tax and any other income taxes, for so long as a direct or indirect wholly-owned subsidiary of the Arbor parent owns 100% of the Preferred Shares and the Issuer Ordinary Shares, the Issuer will be treated as a Qualified REIT Subsidiary and the Notes will be treated as indebtedness solely of the Arbor Parent and the Preferred Shares will be treated as equity; each Dealer agrees to such treatment and agrees to take no action inconsistent with such treatment.

Terms used in this Section 5 that have meanings assigned to them in Regulation S are used herein as so defined.

6. Fees and Expenses. The proceeds of the offering of the Securities shall be used to pay all expenses incurred in connection with the offering of the Securities, including the preparation and printing of the preliminary and final offering memorandum, the preparation, issuance and delivery of the Purchased Notes to the Initial Purchaser, the preparation, issuance and delivery of the Class A-1AR Notes to the initial purchasers thereof, any fees charged by the Rating Agencies in rating the Notes and the fees of counsel to the Issuer and Co-Issuer, the Dealers, the Initial Purchaser, the Placement Agent, the Preferred Shares Paying Agent, the fees of the Collateral Manager, the Trustee and all reasonable out-of-pocket expenses of the Dealers.

(m) The Preferred Shares shall have been issued by the Issuer and the conditions precedent thereto, as set forth in the Preferred Shares Paying Agency Agreement and the Governing Documents, shall have been satisfied.

(o) Prior to the initial purchase of the Purchased Notes hereunder and the placement of the Class A-1AR Notes, the Issuer and Co-Issuer, as applicable, shall have obtained letters from Moody's Investors Service, Inc. ("Moody's"), Fitch, Inc. 8. Indemnification and Contribution.

(a) Subject to the Priority of Payments set forth in Section 11.1 of the Indenture, the Co-Issuers shall indemnify and hold harmless each Dealer and each of its affiliates, their respective officers, directors and each person who controls such Dealer within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act (each, a "Dealer Indemnified Person") against any losses, claims, damages, liabilities or expenses, joint or several, as the same are incurred, to which the Dealer Indemnified Person may become subject

-15-

insofar as such losses, claims, damages, liabilities or expenses (or actions in respect thereof) (1) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in the Offering Materials or any amendment or supplement thereto or arise out of or are based upon the omission or alleged omission to state in the Offering Materials a material fact necessary to make the statements therein, in the light of the circumstances under which they are made, not misleading, other than the Dealer Information related to such Dealer or (2) are based upon a breach by either of the Co-Issuers of any of its representations, warranties or agreements contained in this Agreement, and shall periodically reimburse each Dealer for any and all legal or other expenses reasonably incurred by such Dealer and each other Dealer Indemnified Person in connection with investigating or defending, settling, compromising or paying any such losses, claims, damages, liabilities, expenses or actions as such expenses are incurred; provided, however, that the foregoing indemnity with respect to any untrue statement contained in or any statement omitted from any Offering Materials (as the same may be amended or supplemented) shall not inure to the benefit of any Dealer (or any Person controlling such Dealer), if (x) such loss, liability, claim, damage or expense resulted from the fact that any Dealer sold or placed Notes to a Person to whom there was not sent or given, at or prior to the written confirmation of such sale or placement, as the case may be, a copy of the Offering Memorandum, as then amended or supplemented, (y) the Issuer shall have previously and timely furnished sufficient copies of the Offering Memorandum, as so amended or supplemented, to the Dealer in accordance with this Agreement and (z) the Offering Memorandum, as so amended or supplemented, would have corrected such untrue statement or omission.

(b) Each Dealer, severally and not jointly, shall indemnify and hold harmless the Issuer and the Co-Issuer, each of their respective affiliates, their respective officers, directors, managers and each person controlling the Issuer and Co-Issuer within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, against any losses, claims, damages, liabilities or expenses, joint or several, as the same are incurred, to which the Issuer or the Co-Issuer may become subject insofar as such losses, claims, damages, liabilities or expenses (or actions in respect thereof) arise out of or are based upon any untrue statement or alleged untrue statement of a material fact contained in the statements set forth in the Dealer Information with respect to such Dealer or acts or omissions thereof or arise out of or are based upon the omission or alleged omission to state in such paragraphs a material fact necessary with respect to such Dealer or acts or omissions thereof to make the statements in such paragraphs, in the light of the circumstances under which they are made, not misleading. For the avoidance of doubt, neither Dealer shall have any obligation to verify or monitor, or have any liability for, any statements set forth in the Dealer Information that has not been provided by such Dealer and any liability of a Dealer arising hereunder shall not affect the rights or obligations of the other Dealer.

(c) Promptly after receipt by an indemnified party under Section 8(a) or (b) above of notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against the indemnifying party under such subsection, notify the indemnifying party in writing of the commencement thereof; but the omission so to notify the indemnifying party shall not relieve it from any liability which it may have to any indemnified party otherwise under such subsection except to the extent it has been materially prejudiced by such failure. In case any such action shall be brought against any

indemnified party and it shall notify the indemnifying party of the commencement thereof, the indemnifying party shall be entitled to participate therein and, to the extent that it may elect, jointly with any other

-16-

indemnifying party similarly notified, to assume the defense thereof, with counsel reasonably satisfactory to such indemnified party; provided, however, that if the defendants in any such action include both the indemnified party and the indemnifying party and the indemnified party shall have reasonably concluded that there may be legal defenses available to it and/or other indemnified parties which are different from or additional to those available to the indemnifying party, the indemnified party or parties shall have the right to select separate counsel to assert such legal defenses and to otherwise participate in the defense of such action on behalf of such indemnified party or parties. Upon receipt of notice from the indemnifying party to such indemnified party of its election so to assume the defense of such action and approval of counsel by the indemnified party, the indemnifying party shall not be liable to such indemnified party under this Section 8 for any legal or other expenses subsequently incurred by such indemnified party in connection with the defense thereof unless (i) the indemnified party shall have employed separate counsel in connection with the assertion of legal defenses in accordance with the proviso to the immediately preceding sentence (it being understood, however, that the indemnifying party shall not be liable for the expenses of more than one separate counsel (in addition to local counsel) for the indemnified party), (ii) the indemnifying party shall not have employed counsel satisfactory to the indemnified party at the expense of the indemnifying party to represent the indemnified party within a reasonable time after notice of commencement of the action or (iii) the indemnifying party has authorized the employment of counsel for the indemnified party at the expense of the indemnifying party; and except that, if clause (i) or (iii) is applicable, such liability shall be only in respect of the counsel referred to in such clause (i) or (iii).

(d) If the indemnification provided for in this Section 8 is unavailable to or insufficient to hold harmless an indemnified party under Section 8(a) or (b) above in respect of any losses, claims, damages, liabilities or expenses (or actions in respect thereof) referred to therein, then each indemnifying party shall contribute to the amount paid or payable by such indemnified party as incurred as a result of such losses, claims, damages, liabilities or expenses (or actions in respect thereof) in such proportion as is appropriate to reflect the relative benefits received by the Co-Issuers on the one hand and the related Dealer on the other from the offering of the Notes. If, however, the allocation provided by the immediately preceding sentence is not permitted by applicable law, then each indemnifying party shall contribute to such amount paid or payable by such indemnified party in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of the Co-Issuers on the one hand and the related Dealer on the other in connection with the statements or omissions or breaches of representations, warranties or agreements which resulted in such losses, claims, damages, liabilities or expenses (or actions in respect thereof), as well as any other relevant equitable considerations. The relative benefits received by the Co-Issuers on the one hand and by the related Dealer on the other shall be in the same proportion as the total proceeds to the Co-Issuers from the sale of Securities bears to, as applicable, the underwriting discounts and commissions received by Wachovia Securities and Credit Suisse, respectively. The relative fault shall be determined by reference to, among other things, whether the indemnified party failed to give the notice required under Section 8(c) above, including the consequences of such failure, and whether any such untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact relates to information supplied by the Co-Issuers on the one hand or the related Dealer on the other and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement, omission or breach. The Co-

Issuers and each Dealer agree that it would not be just and equitable if contribution pursuant to this Section 8(d) were determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to above in this Section 8(d). The amount paid or payable by an indemnified party as a result of the losses, claims, damages, liabilities or expenses (or actions in respect thereof) referred to above in this Section 8(d) shall be deemed to include any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any such action or claim (which shall be limited as provided in Section 8(c) above if the indemnifying party has assumed the defense of any such action in accordance with the provisions thereof). Notwithstanding the provisions of this Section 8(d), no Dealer shall be required to contribute any amount in excess of the amount by which the amount of the discounts and commissions received by it or fees paid to it, as applicable, exceeds the amount of any damages which such Dealer has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. No person guilty of fraudulent misrepresentation shall be entitled to a contribution from any person who was not guilty of such fraudulent misrepresentation.

9. Duration, Termination and Assignment of this Agreement.

(a) This Agreement shall become effective as of the date first written above and shall remain in force until terminated as provided in this Section 9.

(b) This Agreement may be terminated by the Dealers at any time without the payment of any penalty by either Dealer, if there is a breach of any of the representations, warranties, covenants or agreements of the Issuer or the Co-Issuer hereunder or if any of the conditions set forth in Section 7 hereof have not been satisfied.

(c) This Agreement shall terminate in the event that on or after the date hereof, there shall have occurred any of the following: (i) a suspension or material limitation in trading in securities generally on the New York Stock Exchange or in trading of the securities of the Collateral Manager or any affiliate of the Collateral Manager on any exchange or over-the-counter market; (ii) a general moratorium on commercial banking activities declared by either federal or New York State authorities; or (iii) the outbreak or escalation of hostilities involving the United States or the declaration by the United States of a national emergency or war, or other calamity or crisis, if the effect of any such event specified in this clause (iii) in the judgment of either Dealer makes it impracticable or inadvisable to proceed with the offering or delivery of the Notes on the terms and in the manner contemplated by this Agreement and in the Offering Memorandum.

(d) The Issuer shall pay all fees and expenses in connection with the offering, placement and sale of the Notes from amounts standing to the credit of the Expense Account immediately following the termination of this Agreement pursuant to Section 9(c) hereof.

(e) This Agreement is not assignable by any party hereto; provided, however, that either Dealer may assign this Agreement, or any of its respective rights or obligations hereunder, in writing to any of its affiliates; provided that the rights of the Issuer or Co-Issuer shall not be affected by such assignment. Upon an assignment pursuant to this Section 9(e), the

related Dealer shall cause the assignee to assume in writing all of the obligations and liabilities of such Dealer hereunder and shall notify the Issuer and the Co-Issuer of such assignment.

11. Consent to Jurisdiction. Each of the parties hereto (i) agrees that any legal suit, action or proceeding brought by any party to enforce any rights under or with respect to this Agreement or any other document or the transactions contemplated hereby or thereby may be instituted in any federal

court in The City of New York, State of New York, U.S.A.; provided, however, that if a federal court in the City of New York declines jurisdiction for any reason, any legal suit, action or proceeding brought by any party to enforce any rights under or with respect to this Agreement or any other document or the transactions contemplated hereby or thereby may be instituted in any state court in the City of New York, State of New York, U.S.A., (ii) irrevocably waives to the fullest extent permitted by law any objection which it may now or hereafter have to the laying of venue of any such suit, action or proceeding instituted in the City of New York, State of New York, U.S.A., (iii) irrevocably waives to the fullest extent permitted by law any claim that and agrees not to claim or plead in any court that any such action, suit or proceeding brought in a court in the City of New York, State of New York, U.S.A. has been brought in an inconvenient forum and (iv) irrevocably submits to the non-exclusive jurisdiction of any such court in any such suit, action or proceeding or for recognition and enforcement of any judgment in respect thereof.

Each of the Issuer and the Co-Issuer hereby irrevocably and unconditionally designates and appoints CT Corporation System, 111 8th Avenue, 13th Floor, New York, New York 10011, U.S.A. (and any successor entity), as its authorized agent to receive and forward on its behalf service of any and all process which may be served in any such suit, action or proceeding in any such court and agrees that service of process upon CT Corporation shall be deemed in every respect effective service of process upon it in any such suit, action or proceeding and shall be taken and held to be valid personal service upon it. Said designation and appointment shall be irrevocable. Nothing in this Section 11 shall affect the rights of the Dealers, their respective affiliates or any indemnified party to serve process in any manner permitted by law. Each of the Issuer and the Co-Issuer further agrees to take any and all action, including the execution and filing of any and all such documents and instruments, as may be necessary to continue such designation and appointment of CT Corporation in full force and effect so long as the Notes are outstanding but in no event for a period longer than five years from the date of this Agreement. Each of the Issuer and the Co-Issuer hereby irrevocably and unconditionally authorizes and directs CT Corporation to accept such service on their behalf. If for any reason CT Corporation ceases to be available to act as such, each of the Issuer and the Co-Issuer agrees

-20-

to designate a new agent in New York City on the terms and for the purposes of this provision reasonably satisfactory to the Dealers.

To the extent that either the Issuer or the Co-Issuer has or hereafter may acquire any immunity from jurisdiction of any court (including, without limitation, any court in the United States, the State of New York, Cayman Islands or any political subdivision thereof) or from any legal process (whether through service of notice, attachment prior to judgment, attachment in aid of execution, execution or otherwise) with respect to itself or its property or assets, this Agreement, or any other documents or actions to enforce judgments in respect of any thereof, it hereby irrevocably waives such immunity, and any defense based on such immunity, in respect of its obligations under the above-referenced documents and the transactions contemplated thereby, to the extent permitted by law.

12. Arms-Length Transaction. Each of the Co-Issuers acknowledges and agrees that (i) Wachovia Securities is acting solely in the capacity of an arm's length contractual counterparty to the Issuer and the Co-Issuer with respect to the purchase, placement and sale of the Notes pursuant to this Agreement and not as a financial advisor or a fiduciary to, or agent of, the Issuer or the Co-Issuer or any other person, (ii) neither Dealer is advising the Issuer, the Co-Issuer or any other person as to any legal, tax, investment, accounting or regulatory matters in any jurisdiction, (iii) the Issuer and the Co-Issuer shall consult with their own advisors concerning any such matter and shall be responsible for making their own independent investigation and appraisal of any transactions contemplated by this Agreement, and the Dealers shall have no

responsibility or liability to the Issuer or the Co-Issuer with respect thereto, and (iv) any review by the Dealers of the Issuer, the Co-Issuer or any transactions contemplated by this Agreement or any other matters relating thereto will be performed solely for the benefit of the Dealers and shall not be on behalf of the Issuer, the Co-Issuer or any other person.

13. Judgment Currency. If, pursuant to a judgment or order being made or registered against either the Issuer or the Co-Issuer, any payment under or in connection with this Agreement to the Dealers is made or satisfied in a currency (the "Judgment Currency") other than in United States Dollars then, to the extent that the payment (when converted into United States Dollars at the rate of exchange on the date of payment or, if it is not practicable for the Dealers to purchase United States Dollars with the Judgment Currency on the date of payment, at the rate of exchange as soon thereafter as it is practicable to do so) actually received by the Dealers falls short of the amount due under the terms of this Agreement, the Issuer or the Co-Issuer, as applicable, shall, to the extent permitted by law, as a separate and independent obligation, indemnify and hold harmless the Dealers against the amount of such short fall and such indemnity shall continue in full force and effect notwithstanding any such judgment or order as aforesaid. For the purpose of this Section 13, "rate of exchange" means the rate at which the Dealers are able on the relevant date to purchase United States Dollars with the Judgment Currency and shall take into account any premium and other costs of exchange.

14. Amendments to this Agreement. This Agreement may be amended by the parties hereto only if such amendment is specifically approved in writing by the Issuer, the Co-Issuer and the Dealers. The Co-Issuers must provide notice of any amendment or modification of this Agreement to each Rating Agency rating the Notes at the time of any such amendment or modification.

-21-

15. Parties. This Agreement shall inure to the benefit of and be binding upon the Dealers, the Co-Issuers and their respective successors. Nothing expressed or mentioned in this Agreement is intended or shall be construed to give any person, firm or corporation, other than the Dealers, the Co-Issuers and their respective successors and the controlling persons and officers and directors referred to in Section 8, any legal or equitable right, remedy or claim under or in respect of this Agreement or any provisions herein contained. This Agreement and all conditions and provisions hereof are intended to be for the sole and exclusive benefit of the Dealers, the Co-Issuers, each of their respective affiliates and their respective successors, and said controlling persons and officers, directors and managers and their heirs and legal representatives, and for the benefit of no other person, firm or corporation. No purchaser of Securities shall be deemed to be a successor by reason merely of such purchase.

16. Governing Law. This Agreement shall be construed in accordance with the internal laws of the State of New York, without giving effect to the choice of law principles thereof.

17. Counterparts. This Agreement may be simultaneously executed in several counterparts, each of which shall be deemed to be an original, and all such counterparts shall together constitute but one and the same agreement.

18. Representations, Warranties and Indemnities to Survive Delivery. The respective representations, warranties and indemnities of the Issuer, the Co-Issuer, of their respective officers and of the Dealers set forth in or made pursuant to, this Agreement, including any warranty relating to the payment of expenses owed to the Dealers hereunder shall remain in full force and effect and shall survive delivery of and payment for the Securities and any termination of this Agreement.

19. No Petition Agreement. Each Dealer agrees that, so long as any Note is outstanding and for a period of one year plus one day or, if longer, the

applicable preference period then in effect after payment in full of all amounts payable under or in respect of the Transaction Documents, it shall not institute against or join or assist any other Person in instituting against, any of the Issuer or the Co-Issuer any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings, or other proceedings under any federal or state bankruptcy or similar law of any jurisdiction. This Section 19 shall survive any termination of this Agreement.

20. Non-Recourse Agreement. Notwithstanding any other provision of this Agreement, all obligations of the Issuer or the Co-Issuer arising hereunder or in connection herewith are limited in recourse to the Pledged Obligations and to the extent the proceeds of the Pledged Obligations, when applied in accordance with the Priority of Payments, are insufficient to meet the obligations of the Issuer or the Co-Issuer hereunder in full, the Issuer or the Co-Issuer, as applicable, shall have no further liability in respect of any such outstanding obligations and any claims against the Issuer or the Co-Issuer, as applicable, shall be extinguished and shall not thereafter revive. The Dealers hereby agree and acknowledge that the obligations of the Co-Issuers hereunder are solely the corporate obligations of the Co-Issuer and that no recourse shall be had against any officer, director, employee, shareholder, limited partner or incorporator of the

-22-

Co-Issuers for any amounts payable hereunder. This Section 20 shall survive any termination of this Agreement.

21. Taxes. The Issuer shall not be obligated to pay any additional amounts to the holders or beneficial owners of any Note as a result of withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges with respect to such Notes.

-23-

IN WITNESS WHEREOF, the parties hereto have executed and delivered this Purchase and Placement Agreement as of the day and year first above written.

"Qualified Securitization Pledge" means, with respect to any Holder of a Class A-1AR Note that is a CP Conduit and indicates that it will make a Qualified Securitization Pledge on Schedule I to this Agreement (in the case of any Initial Holder) or in the Assignment and Acceptance delivered by it with respect to the interests of a Holder of a Class A-1AR Note, a bona fide pledge by such Holder of its right, title and interest in and to any Class A-1AR Note pursuant to its program collateral or security agreement with a collateral agent to secure obligations owing by such Holder to such Holder's Liquidity Providers, debt holders or other creditors, but only:

(1) if such pledge would not (in the reasonable judgment of the Holder; provided that the Co-Issuers do not reasonably object) (A) have the effect of requiring the Issuer, the Co-Issuer or the pool of Assets to register as an "investment company" under the Investment Company Act; (B) adversely affect the Issuer's ability to use the exception provided for by Section 3(c)(7) of the Investment Company Act; (C) subject the Issuer or the Notes to the registration requirements of the Securities Act; (D) result in a non-exempt prohibited transaction under ERISA or the Code, or a violation of provisions of federal, state, local, non-U.S. or other laws or regulations that are substantively similar thereto; or (E) cause the Issuer to fail to maintain its status as a "qualified REIT subsidiary" (within the meaning of Section 856(i)(2) of the Code), or otherwise subject the Issuer to U.S. federal income tax on a net income basis; and

(2) if such Holder from time to time delivers to the Co-Issuers, the Collateral Manager and the Trustee such information concerning such Holder, such collateral agent and such Liquidity Providers, debt holders or other creditors as the Co-Issuers or the Collateral Manager may reasonably request in order for the Co-Issuers to determine whether they object to the Holder's conclusion referred to in clause (1) above;

provided that, upon any foreclosure action in respect of any such pledge and any related purported transfer of legal or beneficial ownership of such Class A-1AR Note or any right, title or interest therein, any such purported transfer will be considered to be a "transfer" of such Class A-1AR Note (or such right, title or interest) for all purposes of the Indenture (including for purposes of

Section 2.5 of the Indenture).

-4-

"Revolving Period" means the period from and including the Closing Date to but excluding the Commitment Termination Time.

Section 1.02 Terms Generally.

The definitions of terms herein shall apply equally to the singular and plural forms of the terms defined. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The words "include," "includes" and "including" shall be deemed to be followed by the phrase "without limitation." Unless the context requires otherwise (a) any definition of or reference to any agreement, instrument or other document herein shall be construed as referring to such agreement, instrument or other document as from time to time amended, supplemented or otherwise modified (subject to any restrictions on such amendments, supplements or modifications set forth herein), (b) any reference herein to any Person shall be construed to include such Person's successors and assigns, (c) the words "herein," "hereof" and "hereunder," and words of similar import, shall be construed to refer to this Agreement in its entirety and not to any particular provision hereof and (d) all references herein to Articles, Sections, Exhibits and Schedules shall be construed to refer to Articles and Sections of, and Exhibits and Schedules to, this Agreement.

ARTICLE 2

THE COMMITMENTS

Section 2.01 Commitments.

(a) Subject to the terms and conditions set forth herein, each Holder agrees to make Advances (the aggregate of all contemporaneous Advances by the Holders, a "Class A-1AR Draw") to the Issuer from time to time during the Revolving Period in an aggregate principal amount at any one time outstanding up to but not exceeding the amount of such Holder's Class A-1AR Commitment; provided that (i) the aggregate principal amount of all Advances of the Holders hereunder at any one time outstanding shall in no event exceed the Maximum Class A-1AR Commitment and (ii) the aggregate principal amount of Advances of any one Holder hereunder at any one time outstanding shall in no event exceed such Holder's Class A-1AR Commitment.

(b) Notwithstanding the foregoing, but subject to the foregoing provisos and to Section 6.03(f):

(i) no Holder that enters into a Liquidity Facility with one or more Committed Liquidity Providers that is subject to Section 6.03(f) (other than a Holder that is maintaining a Holder Subaccount as provided in Section 3.02(d), and has delivered an Election Notice identifying the Committed Liquidity Provider, who shall be so obligated to the extent of funds then on deposit therein) shall be obligated to make any Advance to the Issuer with respect to any Class A-1AR Note, except to the extent that such Holder has received funds from its financing arrangements in place with respect to the Class A-1AR Notes (including such Liquidity Facility with one or more Committed Liquidity

-5-

Providers) which may (consistent with such financing arrangements) be used to make such Advance; and

(ii) any such Holder referred to in clause (i) above shall enforce all of its material rights under such Liquidity Facility from time to time to ensure that, to the fullest extent possible consistent with such Liquidity Facility, such Holder shall have funds available to make Advances hereunder in a timely manner.

Within the foregoing limits and subject to the terms and conditions set forth herein and in the Indenture, the Issuer (at the direction of the Collateral Manager) may borrow, repay and re-borrow Advances.

Section 2.02 Advances and Class A-1AR Draws.

(a) Each Advance shall be made as part of a Class A-1AR Draw consisting of Advances made by the Holders ratably in accordance with the unfunded amounts of their respective Class A-1AR Commitments. The failure of any Holder to make any Advance required to be made by it shall not relieve any other Holder of its obligations hereunder; provided that the Class A-1AR Commitments are several and no Holder shall be responsible for any other Holder's failure to make Advances as so required. No Advance may be made if, after giving effect thereto and to any other Class A-1AR Draw Request given and pending, the aggregate outstanding principal amount of all Advances shall exceed the Maximum Class A-1AR Commitment; provided that aggregate partial Advances up to and including the Maximum Class A-1AR Commitments shall be made.

(b) The aggregate principal amount of all Advances required to be made in respect of any requested Class A-1AR Draw shall be at least U.S.\$500,000 (and integral multiples of U.S.\$500 in excess thereof) or, if the aggregate undrawn amount is less than such required threshold, such lesser amount.

(c) In the case of any Class A-1AR Draw, the proceeds of such Class A-1AR Draw shall be deposited solely (i) into the Delayed Funding Obligations Account, to fund Delayed Funding Amounts relating to Delayed Draw Term Loans, (ii) into the Principal Collection Account, to acquire additional Collateral Debt Securities in accordance with the relevant provisions of the Indenture or otherwise distributed pursuant to and in accordance with the Priority of Payments or (iii) into the Principal Collection Account to be used in connection with a Special Amortization. None of the proceeds of such Class A-1AR Draw shall be used by the Issuer, directly or indirectly, for the purpose, whether immediate, incidental or ultimate, of buying or carrying any Margin Stock. No Advance will be secured, directly or indirectly, by Margin Stock and the pool of Assets will not include any Margin Stock.

Section 2.03 Requests for Class A-1AR Draws.

To request a Class A-1AR Draw on any date other than the Closing Date, the Issuer (or the Collateral Manager on behalf of the Issuer) shall notify the Class A-1AR Note Agent (with a copy to the Trustee) (each such notice, a "Class A-1AR Draw Request") of such request by facsimile or electronic messaging system not later than 11:00 a.m. (New York City time), at least three Business Days prior to the date of the proposed Class A-1AR Draw. Each

-6-

such facsimile or electronic Class A-1AR Draw Request shall be irrevocable and shall be confirmed promptly by certified mail, return receipt requested, hand delivered or sent by overnight courier service guaranteeing next day delivery to the Class A-1AR Note Agent (with a copy to the Trustee) of a written Class A-1AR Draw Request in the form of Exhibit B hereto and signed by the Issuer (or the Collateral Manager on behalf of the Issuer). Each such Class A-1AR Draw Request shall specify the following information in compliance with Section 2.02 of this Agreement and Section 18.1 of the Indenture:

(a) the aggregate amount of the requested Class A-1AR Draw;

(b) the date of such Class A-1AR Draw, which shall be a Business Day;
and

(c) wire instructions and account information for the Class A-1AR Draw.

Promptly following receipt of a Class A-1AR Draw Request, on the date of receipt of a Class A-1AR Draw Request for a Class A-1AR Draw, the Class A-1AR Note Agent shall forward (by facsimile or electronic messaging system) to each Holder (with a copy to the Trustee) a copy of such Class A-1AR Draw Request substantially in the form of Exhibit B hereto and of the amount of such Holder's pro rata Advance to be made as part of the requested Class A-1AR Draw. Any Class A-1AR Draw Request received after 11:00 a.m. (New York City time) on any Business Day or on a day which is not a Business Day shall be deemed to be a Class A-1AR Draw Request received at 9:00 a.m. on the next Business Day and to be funded on the second next Business Day by the Holders of Class A-1AR Notes.

Section 2.04 Funding of Class A-1AR Draws.

Subject to Sections 2.01, 3.02(d), 4.02 and 4.03, each Holder shall make each Advance to be made by it hereunder by initiating a wire transfer in immediately available funds by 1:00 p.m. (New York City time) on the Business Day specified in the Class A-1AR Draw Request to the account designated by the Issuer (or the Collateral Manager on behalf of the Issuer) for such purpose by notice to the Holders and the Trustee.

Section 2.05 Termination and Reduction of Class A-1AR Commitments.

(a) The Class A-1AR Commitments shall terminate at the close of business (New York City time) on the last day of the Revolving Period.

(b) The aggregate amount of the Class A-1AR Commitments shall be subject to reduction from time to time as provided in Section 11.1 and Section 18.1 of the Indenture.

(c) Each reduction of the Class A-1AR Commitments shall be made ratably among the Holders in accordance with the amounts of their respective Class A-1AR Commitments. No termination or reduction of the Class A-1AR Commitments shall be effected except as provided in Section 2.05(b) hereof, and Section 11.1 and Section 18.1 of the Indenture.

-7-

Section 2.06 Advances; Prepayments.

(a) All Advances made by a Holder shall be evidenced by the Class A-1AR Note of such Holder and shall be governed by and subject to this Agreement and the Indenture. Advances may be prepaid from time to time to the extent payments are either required or permitted to be made under the Indenture; provided that any Class A-1AR Prepayment on a Payment Date, under Section 18.3 of the Indenture, shall be made upon not less than two Business Days notice to the Class A-1AR Note Agent (with a copy to the Trustee and the Holders of the Class A-1AR Notes) by Issuer Order (or by the Collateral Manager on behalf of the Issuer) specifying the amount and date of such Class A-1AR Prepayment, and the Class A-1AR Note Agent shall promptly notify each Holder of the contents of such notice from the Issuer (or from the Collateral Manager). Each such notice of a Class A-1AR Prepayment shall be irrevocable.

(b) The Class A-1AR Note Agent hereby agrees that it shall keep a register (the "Class A-1AR Note Register") at the office of the Class A-1AR Note Agent and in which the Class A-1AR Note Agent shall maintain records of the Class A-1AR Commitment of each Holder, the aggregate principal amount of Advances from time to time outstanding in respect of each Class A-1AR Note, a copy of each Assignment and Acceptance delivered to the Class A-1AR Note Agent pursuant to Section 6.03(b) and a copy of each Election Notice and of each

Assignment and Acceptance delivered to the Class A-1AR Note Agent pursuant to Section 6.03(f). On each Determination Date and at any time promptly following a request therefor by the Collateral Manager or the Trustee, the Class A-1AR Note Agent shall provide the Collateral Manager and the Trustee with a report specifying the aggregate principal amount of all Advances outstanding in respect of each Class A-1AR Note, the Class A-1AR Commitment of the related Holder (as of such Determination Date) and the ratings of each Holder (as reported by the Collateral Manager to the Class A-1AR Note Agent) and any related Committed Liquidity Provider.

(c) The aggregate principal amount of any partial voluntary Class A-1AR Prepayment, in respect of the Class A-1AR Notes (taken as a whole), will be at least U.S.\$500,000 (and integral multiples of U.S.\$500 in excess thereof) or, if the Aggregate Outstanding Amount under the Class A-1AR Notes is less than U.S.\$500,000, such lesser amount.

Section 2.07 [Reserved].

Section 2.08 Class A-1AR Commitment Fee.

The Class A-1AR Commitment Fee shall accrue and be payable by the Issuer as provided in the Indenture.

Section 2.09 Breakage Costs.

(a) If the Issuer prepays any principal of any Advance other than on a Payment Date (including as a result of an Event of Default) (each such prepayment, a "Break Funding Event"), the Issuer, or the Collateral Manager on behalf of the Issuer, shall give each of the Class A-1AR Note Agent and the Trustee notice (each, a "Notice of Prepayment") of a Class

-8-

A-1AR Prepayment, no later than 10:00 a.m. (New York City time) at least four Business Days before the date of such Class A-1AR Prepayment and the Class A-1AR Note Agent, no later than 4:00 p.m. (New York City time) on the Business Day following the date on which it receives such Notice of Prepayment (so long as the Class A-1AR Note Agent has received such Notice of Prepayment by 10:00 a.m.), shall provide a copy of such Notice of Prepayment to each Holder and notify each Holder of such Holder's pro rata share (calculated on the basis of such Holder's purchase percentage) of such Class A-1AR Prepayment.

(b) If the Issuer, or the Collateral Manager on behalf of the Issuer, gives a Notice of Prepayment, the Issuer shall compensate each Holder, in accordance with the Priority of Payments, for funding losses in an amount (the "Class A-1AR Breakage Amount") equal to the excess, if any, of (i) the amount of interest that such Holder would earn on the principal amount of such prepayment for the period (the "Remaining Period") from (and including) the date of such Break Funding Event to but excluding the next Payment Date if the interest rate payable on such principal prepayment were equal to LIBOR for the then current Interest Accrual Period for such Advance, over (ii) the amount of interest that such Holder would have earned on such principal amount of such prepayment for the Remaining Period if such Holder were to invest such prepayment for the Remaining Period at LIBOR determined with respect to the Remaining Period (assuming LIBOR is determined in accordance with the Indenture). The Class A-1AR Note Agent shall calculate each such Class A-1AR Breakage Amount in accordance with the foregoing provisions and such calculation shall be conclusive absent manifest error. The Issuer shall pay, in accordance with the Priority of Payments, such Holder the Class A-1AR Breakage Amount on the next succeeding Payment Date.

(c) The Issuer shall not be obligated to pay any additional amounts to the Holder of any Class A-1AR Note or any beneficial owner of an interest in a Class A-1AR Note as a result of any deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges with respect to

such Class A-1AR Note.

Each Holder or Committed Liquidity Provider, as applicable, agrees that if it fails at any time to comply with or satisfy the Class A-1AR Ratings Criteria, such Holder or Committed Liquidity Provider, as applicable, shall, within five Business Days thereafter, deposit or cause to be deposited cash in immediately available funds in an amount equal to the undrawn amount of the related Holder's Class A-1AR Commitment in a Holder Subaccount. Each Holder or Committed Liquidity Provider, as applicable, acknowledges that if such Holder or Committed Liquidity Provider, as applicable, fails to fund such Holder Subaccount in accordance with the terms of this Section 3.02(c), (i) the Issuer (or the Collateral Manager on behalf of the Issuer) has the right hereunder, and is required under Section 18.4 of the Indenture, to promptly use reasonable efforts to replace such Holder and any Committed Liquidity Provider with respect thereto (at the cost of such Holder or

Committed Liquidity Provider, as applicable) with another entity that meets the Class A-1AR Ratings Criteria by requiring the replaced Holder and any Committed Liquidity Provider with respect thereto to transfer all of its rights and obligations in respect of the Class A-1AR Notes to the transferee entity in accordance with the provisions specified in Section 6.03 and the replaced Holder and any Committed Liquidity Provider with respect thereto agrees to cooperate with all reasonable requests of the Issuer (or the Collateral Manager on behalf of the Issuer) for the purpose of

-11-

effecting such transfer and (ii) any payments of principal of or interest on any Class A-1AR Note held by such Holder and any payments of a Class A-1AR Commitment Fee, that would otherwise be payable to such Holder under this Agreement and the Indenture shall, until such Holder is replaced by another entity that meets the Class A-1AR Ratings Criteria, be deposited into a Holder Subaccount with respect to such Holder and such Holder Subaccount shall be governed by the terms of the Indenture. Each Holder or Committed Liquidity Provider, as applicable, agrees to notify the Class A-1AR Note Agent promptly after any deposit of funds by such Holder or Committed Liquidity Provider, as applicable, into a Holder Subaccount. Each Holder or Committed Liquidity Provider, as applicable, further acknowledges and agrees that if at any time it fails to fund any portion of a Class A-1AR Draw as required under Article 2 of this Agreement (taking into account the terms of Section 6.03(f)) (any such Holder or Committed Liquidity Provider, as applicable, a "Defaulting Holder"), that (i) any payments of principal of or interest on any Class A-1AR Note held by such Holder and any payments of a Class A-1AR Commitment Fee, that would otherwise be payable to such Defaulting Holder under this Agreement and the Indenture shall, for so long as such Defaulting Holder continues to fail to satisfy such requirement or until such Defaulting Holder is replaced by another entity that meets the Class A-1AR Ratings Criteria and satisfies such Defaulting Holder's failed funding obligation, be deposited into a Holder Subaccount with respect to such Holder as provided in Section 3.02(d)(ii) of this Agreement and Section 18.5 of the Indenture and such Holder Subaccount shall be governed by the terms of the Indenture and (ii) the Issuer (or the Collateral Manager on behalf of the Issuer) has the right hereunder, and is required under Section 18.4 of the Indenture, to promptly use reasonable efforts to replace such Defaulting Holder with another entity that meets the Class A-1AR Ratings Criteria;

Each Holder or Committed Liquidity Provider, as applicable, that deposits cash into a Holder Subaccount as contemplated by Section 3.02(c) or that has had payments deposited into a Holder Subaccount pursuant to the last sentence of Section 3.02(c) agrees that from and after the date of such deposit and until the related Collateral Account Termination Date, (i) the obligation of such Holder or Committed Liquidity Provider, as applicable, to fund any Class A-1AR Draw shall be satisfied by the Collateral Manager instructing the Trustee to withdraw funds (and the Trustee will provide prior or contemporaneous notice of any such withdrawal to the Class A-1AR Note Agent and the Holders of the Class A-1AR Notes) from such Holder Subaccount (provided that such Holder or Committed Liquidity Provider, as applicable, shall remain obligated in respect of such Class A-1AR Draw to the extent the portion of the Class A-1AR Draw applicable to such Holder exceeds the amount on deposit in such Holder Subaccount), (ii) all payments of principal (and, if such Holder or such Committed Liquidity Provider, as applicable, is a Defaulting Holder, interest) with respect to such Class A-1AR Draw (and, if such Holder or such Committed Liquidity Provider, as applicable, is a Defaulting Holder, any Class A-1AR Commitment Fees payable to such Holder or such Committed Liquidity Provider, as applicable) shall be made by depositing the related funds into such Holder Subaccount and (iii) the Collateral Manager shall have full authority to instruct the Trustee to withdraw

funds (and the Trustee will provide prior notice of any such withdrawal to the Class A-1AR Note Agent) from such Holder Subaccount at the time of, and in connection with, the

-12-

making of any such Class A-1AR Draw or any payment described in the foregoing clauses of this Section 3.02(d) and to deposit funds (with prior or contemporaneous notice of any such deposit to the Class A-1AR Note Agent) into such Holder Subaccount, all in accordance with the terms of and for the purposes set forth in this Agreement and in the Indenture. After the Collateral Account Termination Date for any Holder and any Committed Liquidity Provider with respect thereto (subject to the terms of Section 18.5 of the Indenture), all funds then held in the related Holder Subaccount shall be withdrawn from such Holder Subaccount and applied in accordance with Section 18.5 of the Indenture, and thereafter all payments of principal and interest with respect to Advances made by such Holder or such Committed Liquidity Provider, as applicable, shall be paid directly to such Holder or such Committed Liquidity Provider, as applicable, in accordance with the Indenture. The Trustee shall promptly (at the direction of such Holder or such Committed Liquidity Provider, as applicable) invest any amounts on deposit in any Holder Subaccount in securities which satisfy the definition of Eligible Investments maturing on the day following the date of acquisition thereof (collectively, the "Class A-1AR Eligible Investments"). Investment earnings received during each Due Period in respect of Class A-1AR Eligible Investments in a Holder Subaccount will be paid to the applicable Holder or Committed Liquidity Provider, as applicable, on the related Payment Date so long as it is not a Defaulting Holder at such time, and otherwise shall be deposited into such Holder Subaccount; and

(e) it agrees to treat each of the Co-Issuers as a disregarded entity for U.S. Federal, state and local income tax purposes, to report all income (or loss) in accordance with such treatment and not take any action inconsistent with such treatment.

ARTICLE 4

CONDITIONS

Section 4.01 Closing Date Conditions.

The obligations of the Holders to make Advances shall not become effective until the date on which the Indenture is executed and delivered and the Notes are duly authorized, issued, authenticated and delivered thereunder.

The purchase of any Class A-1AR Note on the Closing Date and the obligation of the related Holder to make an Advance on the occasion of the initial Class A-1AR Draw pursuant to Article 2 is subject to the satisfaction of the following conditions (in addition to the conditions specified in Section 4.02):

(a) All of the conditions precedent in Article III of the Indenture shall have been satisfied or waived in accordance with the terms thereof.

(b) Each of the statements referred to in Sections 4.02(b) and (c) hereof shall be true (as if a Class A-1AR Draw shall occur on the Closing Date), and the Class A-1AR Note Agent (with a copy to the Holders of the Class A-1AR Notes) and the Collateral Manager shall be deemed to have certified, as of the Closing Date, to such effect.

-13-

(c) The Class A-1AR Notes shall have been duly executed by the

Co-Issuers and delivered to the Class A-1AR Note Agent for the benefit of the Initial Holders.

Section 4.02 Conditions to Advances.

The obligation of each Holder to make an Advance on the occasion of any Class A-1AR Draw pursuant to Article 2 is subject to the satisfaction or waiver of the following conditions:

(a) In the case of any Class A-1AR Draw (other than a Class A-1AR Draw on the Closing Date), the Class A-1AR Note Agent, or, pending the appointment of a successor Class A-1AR Note Agent pursuant to Section 5.04(e), the Collateral Manager, shall have received a Class A-1AR Draw Request given in accordance with Section 2.03.

(b) Each of this Agreement, the Indenture and each Class A-1AR Note is in full force and effect.

(c) All other conditions precedent to such Class A-1AR Draw set forth in this Agreement and the Indenture have been satisfied in all material respects (or waived pursuant to the terms hereof or thereof).

Except for a Class A-1AR Draw made as contemplated under Section 4.03, each Class A-1AR Draw shall be deemed to constitute a representation and warranty by each of the Issuer and the Co-Issuer on the date thereof as to the applicable matters specified in Sections 4.02 (b) and (c).

Section 4.03 Obligations Unconditional.

Notwithstanding the failure to satisfy any of the conditions in the foregoing Section 4.02(c), the Holders (or, if an Election Notice has been delivered pursuant to Section 6.03(f), the Committed Liquidity Provider) shall, subject to Section 2.01, be obligated to make Advances to the Issuer in connection with Class A-1AR Draws to fund Delayed Funding Amounts relating to Delayed Draw Term Loans. However, the obligation of each Holder under this Section 4.03 shall terminate on the Commitment Termination Time following the occurrence of any Class A-1AR Draw required at such time.

Section 4.04 Class A-1AR Draws on a Mandatory Class A-1AR Draw Date.

(a) Notwithstanding anything herein to the contrary, on the Mandatory Class A-1AR Draw Date, the Issuer (or the Collateral Manager on behalf of the Issuer) shall make a Class A-1AR Draw Request in accordance with Section 2.03 hereof in an amount equal to the Aggregate Class A-1AR Undrawn Amount as of such date. The Trustee shall (at the direction of the Collateral Manager and on behalf of the Issuer) upon receipt of such Class A-1AR Draw, out of the proceeds of such Class A-1AR Draw, deposit into the Delayed Funding Obligations Account an amount equal to the Total Unfunded Delayed Funding Amount and shall deposit the remaining proceeds of such Class A-1AR Draw into the Principal Collection Account where such amounts shall be applied in accordance with the Priority of Payments as Principal Proceeds on the following Payment Date (or, if such amount is received on a Payment Date, on such

-14-

Payment Date). The Class A-1AR Commitments will terminate immediately after such Class A-1AR Draw is made and such funds are transferred to the Trustee.

(b) No Class A-1AR Draw Request may be made after the Mandatory Class A-1AR Draw Date.

THE CLASS A-1AR NOTE AGENT

Section 5.01 Appointment.

Each of the Holders hereby irrevocably appoints the Class A-1AR Note Agent as its agent and authorizes the Class A-1AR Note Agent to take such actions on its behalf and to exercise such powers as are delegated to the Class A-1AR Note Agent by the terms hereof and of the Indenture, together with such actions and powers as are reasonably incidental thereto.

Section 5.02 Certain Duties and Responsibilities.

(a) The Class A-1AR Note Agent undertakes to perform such duties and only such duties as are specifically set forth in this Agreement, and no implied covenants or obligations shall be read into this Agreement against the Class A-1AR Note Agent.

(b) Upon receipt of certificates and other notices furnished to the Class A-1AR Note Agent and conforming to the requirements of this Agreement, the Class A-1AR Note Agent may, in the absence of gross negligence, willful misconduct or bad faith on its part, conclusively rely as to the truth of the statements and the correctness of the opinions expressed therein. Neither the Class A-1AR Note Agent nor any of its affiliates, directors, officers, agents or employees shall be liable for any action taken or not taken by it in connection herewith (i) in the absence of its own gross negligence, willful misconduct or bad faith with the consent or at the request of the Holders representing at least a majority of the Class A-1AR Commitments (and to the extent required under the Transaction Documents, the Issuer or the Collateral Manager on behalf of the Issuer) or (ii) in the absence of its own gross negligence, willful

-15-

misconduct or bad faith. Neither the Class A-1AR Note Agent nor any of its affiliates, directors, officers, agents or employees shall be responsible or have any duty to ascertain, inquire or verify: (i) any statement, warranty or representation made in connection with this Agreement, any of the other Transaction Documents or any Class A-1AR Draw hereunder, (ii) the performance or observation of any of the covenants or agreements of the Issuer or (iii) the validity, effectiveness or genuineness of this Agreement, the Indenture or any instrument or writing furnished in connection herewith. The Class A-1AR Note Agent shall not incur any liability by acting in reliance upon any notice, consent, certificate, statement or other writing (which may be a bank wire, facsimile, electronic messaging or similar writing) reasonably believed by it to be genuine or signed by the proper party or parties.

(c) No provision of this Agreement shall be construed to relieve the Class A-1AR Note Agent from liability for its own grossly negligent action, its own grossly negligent failure to act, or its own willful misconduct, except that:

(i) this subsection shall not be construed to limit the effect of subsections (a) and (b) of this Section 5.02;

(ii) the Class A-1AR Note Agent shall not be liable for any error of judgment made in good faith by an officer, director, agent or employee unless it shall be proven that the Class A-1AR Note Agent was grossly negligent in ascertaining the pertinent facts; and

(iii) no provision of this Agreement shall require the Class A-1AR Note Agent to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers contemplated hereunder, if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it, unless such risk or liability relates to performance of its ordinary services under this Agreement.

(d) Whether or not therein expressly so provided, every provision of this Agreement relating to the conduct or affecting the liability of or affording protection to the Class A-1AR Note Agent shall be subject to the provisions of this Section 5.02. Each Holder shall, ratably, in accordance with its Class A-1AR Commitment (or, if the Class A-1AR Commitments have been terminated or permanently reduced to zero, the unpaid principal amount of its Advances) indemnify each Indemnified Person for all Losses not reimbursed by the Issuer pursuant to Section 5.03(a)(iii); provided that no Holder shall have such indemnity or reimbursement obligation to the extent that such Loss incurred by the applicable Indemnified Person arises out of, or in connection with any act or omission of any Indemnified Person constituting (x) negligence or (y) a breach of this Agreement.

Section 5.03 Compensation.

(a) Subject to Section 6.12 the Issuer agrees:

-16-

(i) to pay the Class A-1AR Note Agent on each Payment Date a Class A-1AR Note Agent Fee as a Company Administrative Expense for all services rendered by it hereunder;

(ii) except as otherwise expressly provided herein, to reimburse the Class A-1AR Note Agent (subject to any written agreement between the Issuer and the Class A-1AR Note Agent) forthwith upon its request for all reasonable fees and expenses (including attorneys' fees) incurred or made by the Class A-1AR Note Agent in accordance with any provision of this Agreement; and

(iii) to indemnify the Class A-1AR Note Agent and its affiliates, officers, directors, employees and agents (collectively, "Indemnified Persons"), and to hold them harmless against, any loss, liability or expense incurred without gross negligence, willful misconduct or bad faith on their part, arising out of or in connection with the exercise or performance of any of the Class A-1AR Note Agent's obligations or duties under this Agreement, including the reasonable costs and expenses of defending themselves against any claim or liability in connection therewith (collectively "Losses");

provided that (x) such amounts described in clauses (i), (ii) and (iii) above shall be payable on each Payment Date as Company Administrative Expenses only to the extent that funds are available for such purpose in accordance with the Priority of Payments and (y) any such amounts that are not paid in full on any Payment Date shall be deferred and shall be payable on a subsequent Payment Date to the extent funds are available for such purpose in accordance with the Priority of Payments.

(b) The Class A-1AR Note Agent shall, subject to Section 6.12 and the Priority of Payments, receive amounts pursuant to this Section 5.03 only to the

extent that the payment thereof will not result in an Event of Default, and the failure to pay such amounts to the Class A-1AR Note Agent shall not, by itself, constitute an Event of Default. The Class A-1AR Note Agent hereby agrees not to file, cause the filing of, or join in any petition in bankruptcy against the Issuer for the non-payment to the Class A-1AR Note Agent of any amounts provided by this Section 5.03 until at least one year and one day, or if longer the applicable preference period then in effect, after the payment in full of all the Notes issued under the Indenture. The provisions of this Section 5.03(b) shall survive any termination of this Agreement.

Section 5.04 Resignation and Removal; Appointment of a Successor.

(a) No resignation or removal of the Class A-1AR Note Agent and no appointment of a successor Class A-1AR Note Agent pursuant to this Article 5 shall become effective until the appointment by the successor Class A-1AR Note Agent under Section 5.05 becomes effective.

(b) Subject to Section 5.04(a), the Class A-1AR Note Agent may resign at any time by giving written notice thereof to the Co-Issuers, the Collateral Manager, the Holders, the Trustee and each Rating Agency.

(c) The Class A-1AR Note Agent may be removed at any time by Holders representing at least a majority of the Class A-1AR Commitments with 60 days prior written

-17-

notice delivered to the Class A-1AR Note Agent, the Trustee, the Collateral Manager and to the Co-Issuers.

(d) If at any time the Class A-1AR Note Agent shall become incapable of acting or shall be adjudged as bankrupt or insolvent or a receiver or liquidator of the Class A-1AR Note Agent or of its property shall be appointed or any public officer shall take charge or control of the Class A-1AR Note Agent or of all or a substantial part of its property or affairs for the purpose of rehabilitation, conservation or liquidation, then, in any such case (subject to Section 5.04(e)), (i) the Issuer (at the direction of the Collateral Manager and on behalf of the Issuer), by Issuer Order, shall remove the Class A-1AR Note Agent, or (ii) any Holder may, on behalf of itself and all others similarly situated, petition any court of competent jurisdiction for the removal of the Class A-1AR Note Agent and the appointment of a successor Class A-1AR Note Agent.

(e) If the Class A-1AR Note Agent shall resign, be removed or become incapable of acting, or if a vacancy shall occur in the office of the Class A-1AR Note Agent for any reason, the Issuer (at the direction of the Collateral Manager and on behalf of the Issuer), by Issuer Order, shall promptly appoint a successor Class A-1AR Note Agent. If the Issuer shall fail to appoint a successor Class A-1AR Note Agent within 60 days after such resignation, removal or incapability or the occurrence of such vacancy, a successor Class A-1AR Note Agent may be appointed by Holders representing a majority of the Class A-1AR Commitments at such time delivered to the Issuer and the retiring Class A-1AR Note Agent. The successor Class A-1AR Note Agent so appointed shall, forthwith upon its acceptance of such appointment, become the successor Class A-1AR Note Agent and supersede any successor Class A-1AR Note Agent proposed by the Issuer. If no successor Class A-1AR Note Agent shall have been so appointed by the Issuer or such Holders and shall have accepted appointment in the manner hereinafter provided, any Holder may, on behalf of itself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Class A-1AR Note Agent.

(f) The Issuer shall give prompt notice of each resignation and each removal of the Class A-1AR Note Agent and each appointment of a successor Class A-1AR Note Agent by mailing written notice of such event by first class mail, postage prepaid, to the Trustee, each Rating Agency, the Collateral Manager and

to the Holders as their names and addresses appear in the Class A-1AR Note Register. Each notice shall include the name and address of the successor Class A-1AR Note Agent. If the Issuer fails to mail such notice within 10 days after acceptance of appointment by the successor Class A-1AR Note Agent, the successor Class A-1AR Note Agent shall cause such notice to be given at the expense of the Issuer.

Section 5.05 Acceptance of Appointment by Successor.

Every successor Class A-1AR Note Agent appointed hereunder shall execute, acknowledge and deliver to the Co-Issuers and the retiring Class A-1AR Note Agent an instrument accepting such appointment with immediate effect. Upon delivery of the required instrument, the resignation or removal of the retiring Class A-1AR Note Agent shall become effective and such successor Class A-1AR Note Agent, without any other act, deed or conveyance, shall become vested with all the rights, powers, duties and obligations of the retiring Class A-1AR Note Agent; save that, upon request of the Issuer or Holders representing a

-18-

majority of the Class A-1AR Commitments or the successor Class A-1AR Note Agent, such retiring Class A-1AR Note Agent shall, upon payment of its fees and expenses then unpaid, execute and deliver an instrument transferring to such successor Class A-1AR Note Agent all the rights, powers and trusts of the retiring Class A-1AR Note Agent.

ARTICLE 6

(a) if to the Co-Issuers, the Rating Agencies, the Collateral Manager or the Trustee, at its address or facsimile number set forth in the Indenture;

(b) if to the Class A-1AR Note Agent, at its address or facsimile number set forth on Schedule I or at such other address as shall be designated by the Class A-1AR Note Agent in a notice to the Co-Issuers, each Holder, the Trustee and the Collateral Manager; and

(c) if to any Holder, at its address or facsimile number set forth on Schedule I (in the case of any Initial Holder) or in the Assignment and Acceptance delivered by it; or at such other address as shall be designated by a Holder in a notice to the Co-Issuers, the Class A-1AR Note Agent, the Trustee and the Collateral Manager.

All notices and other communications given to any party hereto in accordance with the provisions of this Agreement shall be deemed to have been given on the date of receipt.

Section 6.02 Waivers; Amendments.

(a) No waiver of any provision of this Agreement or consent to any departure by the Issuer herefrom shall in any event be effective unless the same shall be permitted by Section 6.02(b), and then such waiver or consent shall be effective only in the specific instance and for the purpose for which given.

(b) Neither this Agreement nor any provision hereof may be waived, amended or modified except pursuant to an agreement or agreements in writing

entered into by the Collateral Manager on behalf of the Issuer and the Class A-1AR Note Agent with the consent of Holders representing at least a majority of the Class A-1AR Commitments except as otherwise expressly provided in Section 6.02(c); provided that no such agreement shall amend, modify or otherwise affect the rights or duties of the Trustee or of the Collateral Manager, as applicable, hereunder or in respect hereof without the prior written consent of the Trustee or of the Collateral Manager, as applicable. Prior to entering into any amendment, waiver or modification to this Agreement, the Rating Agency Condition shall be satisfied with respect thereto. Subject to the

-19-

foregoing, the Collateral Manager, on behalf of the Issuer, shall give prior written notice to each Rating Agency and the Trustee of any waiver, amendment or modification of any provision of this Agreement.

(c) No waiver, amendment or modification of the Indenture or any other agreement referred to herein or therein to which the Issuer is a party (other than this Agreement) shall affect any of the rights or obligations under this Agreement of the parties hereto unless such waiver, amendment or modification is effected in accordance with the applicable provisions of this Agreement and the Indenture; provided that no such waiver, amendment or modification shall increase the Maximum Class A-1AR Commitment, modify the interest payable thereon, materially change the provisions of Article 18 of the Indenture, modify the calculation of the Class A-1AR Commitment Fee or extend the term of any of the Class A-1AR Commitments, or extend the time or waive any requirement for the reduction or termination of any of the Class A-1AR Commitments, without the consent of each of the Holders.

(d) A failure or delay in exercising any right, power or privilege in respect of this Agreement shall not be presumed to operate as a waiver, and a single or partial exercise of any right, power or privilege shall not be presumed to preclude any subsequent or further exercise, of that right, power or privilege or the exercise of any other right, power or privilege.

Section 6.03 Successors and Assigns.

(a) The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and transferees.

(b) The Issuer may not assign or delegate any of its rights or obligations under this Agreement without the prior consent of each Holder, the Class A-1AR Note Agent, the Trustee and the Collateral Manager; provided that it is understood and agreed that the Issuer is Granting all of its right, title and interest in, to and under this Agreement to the Trustee for the benefit and security of the Secured Parties. No Holder may assign or delegate any of its rights or obligations under this Agreement or under any Class A-1AR Notes, except that (i) any Holder may assign to one or more assignees all or a portion of its rights and obligations under this Agreement (including all or a portion of its Class A-1AR Commitment and the Advances at the time owing to it); provided that, in either such case, (A) any assignment by a Holder of less than all of a Class A-1AR Note or the related Class A-1AR Commitment shall be of the same ratable portion of such Class A-1AR Note and the related Class A-1AR Commitment, (B) no such assignment shall be effected unless all conditions precedent to the transfer of the relevant Class A-1AR Note specified in the Indenture (including such assignee's satisfaction of the Class A-1AR Ratings Criteria) have been satisfied and such Holder shall have received the prior written consent of the Issuer and the Collateral Manager to such assignment, and (C) no such assignment shall be effected unless the parties to such assignment shall have executed and delivered to the Class A-1AR Note Agent (with a copy to the Trustee, the Collateral Manager and the Holders of the Class A-1AR Notes) a duly completed Assignment and Acceptance and (ii) any Holder that is entitled under a Liquidity Facility to borrow loans from, or sell all or a portion of Class A-1AR Notes or interests therein to, Liquidity Providers may assign its

rights hereunder and under the Class A-1AR Notes and/or delegate to the related Liquidity Providers, and such Liquidity Providers may severally agree to each perform their ratable share (determined in accordance with

-20-

their respective Class A-1AR Commitments under the relevant Liquidity Facility) of, all of the Holder's obligations hereunder or under the Class A-1AR Notes; provided that each related Liquidity Provider which is a Committed Liquidity Provider either executes and delivers a signature page hereto or enters into an Assignment and Acceptance agreeing to be a Committed Liquidity Provider hereunder. Upon acceptance and recording pursuant to Section 6.03(c), from and after the effective date specified in each Assignment and Acceptance, the assignee thereunder shall be a party hereto and, to the extent of the interest assigned by such Assignment and Acceptance, have the rights and obligations of a Holder or of a Committed Liquidity Provider, as applicable, under this Agreement, and the assigning Holder thereunder shall, to the extent of the interest assigned by such Assignment and Acceptance, be released from its obligations under this Agreement (and, in the case of an Assignment and Acceptance covering all of the assigning Holder's rights and obligations under this Agreement and in respect of Class A-1AR Notes, such Holder shall cease to be a party hereto).

(c) Upon its receipt of a duly completed Assignment and Acceptance executed by an assigning Holder and an assignee and/or delegee, the Class A-1AR Note Agent shall accept such Assignment and Acceptance and record the information contained therein in the Class A-1AR Note Register. No such assignment or delegation shall be effective for purposes of this Agreement unless it has been recorded in the Class A-1AR Note Register as provided in this paragraph.

(d) Any Holder may at any time Grant a security interest in all or any portion of its rights under this Agreement to secure obligations of such Holder, including any such Grant to a Federal Reserve Bank, and this Section 6.03 shall not apply to any such Grant of a security interest; provided that no such Grant of a security interest shall release a Holder from any of its obligations hereunder or substitute any such assignee for such Holder as a party hereto.

(e) Notwithstanding anything in Section 6.03(b) to the contrary, any Holder may delegate its obligations hereunder in respect of any Class A-1AR Note held by such Holder to its Liquidity Providers; provided that (i) each such Liquidity Provider which is a Committed Liquidity Provider complies with the Class A-1AR Ratings Criteria and either executes and delivers a signature page hereto or enters into an Assignment and Acceptance Agreement pursuant to which it agrees to be a Committed Liquidity Provider hereunder, (ii) such delegation shall be effected ratably according to the respective Class A-1AR Commitments under the Liquidity Facility of the Liquidity Providers, (iii) notwithstanding such delegation, such Holder may, in its sole discretion, continue to perform the obligations so delegated (and the Liquidity Providers shall have no right to perform such obligations in the event such Holder performs such obligations) and (iv) subject to the immediately preceding clause (iii), the rights and obligations of the parties hereto in respect of any Advances made by such Holder hereunder shall not be affected by such delegation. Any such delegation shall also be subject to the several agreement of the Liquidity Providers (for the express benefit of such Holder, the Issuer, the Class A-1AR Note Agent, the Collateral Manager and the Trustee) to be included in their respective Assignment and Acceptance Agreements to perform all of the obligations of such Holder hereunder delegated to the Liquidity Providers as provided in the foregoing sentence, with each Liquidity Provider agreeing to perform only its ratable share of such obligations as so provided. With respect to Advances made by the Liquidity Providers in accordance with the delegation provided above, the Liquidity Providers shall be subrogated, severally and ratably in accordance

-21-

with their respective Class A-1AR Commitments under the Liquidity Facility, to the rights of the relevant Holder against the Issuer in respect of the related Class A-1AR Note and under the Indenture.

(f) Notwithstanding anything in Section 2.01 or Section 6.03(b) to the contrary, if any Holder party hereto elects to be subject to this Section 6.03(f), then such Holder (unless it is maintaining a Class A-1AR Holder Collateral Account as provided in Section 3.02(d)) shall not be obligated to make Advances hereunder except as provided in Section 2.01(b)(i); provided that such Holder shall have in effect at all times (unless it is maintaining a Class A-1AR Holder Collateral Account as provided in Section 3.02(d) for the full amount of its unfunded Class A-1AR Commitment) a Liquidity Facility with one or more Liquidity Providers pursuant to which such Liquidity Providers are obligated (ratably according to their respective Class A-1AR Commitments under the Liquidity Facility), to make loans to, or acquire interests in assets of, such Holder in an aggregate principal amount up to the aggregate stated principal amount at such time Outstanding of Class A-1AR Notes held by such Holder (such a Liquidity Provider, a "Committed Liquidity Provider") and each such Committed Liquidity Provider complies with the Class A-1AR Ratings Criteria and has agreed (for the express benefit of such Holder, the Issuer, the Class A-1AR Note Agent, the Collateral Manager and the Trustee) to be a Committed Liquidity Provider and to be liable hereunder by either executing and delivering a signature page hereto or by entering into an Assignment and Acceptance Agreement. Notwithstanding the foregoing, such Holder may, in its sole discretion, elect, from time to time, to fund any Advance requested by the Issuer in respect of any Class A-1AR Note held by such Holder. With respect to Advances made by the Liquidity Providers under the Liquidity Facility as contemplated by this Section 6.03(f) at the request of the Issuer on behalf of such Holder, the Liquidity Providers for such Holder shall be subrogated, severally and ratably in accordance with their respective Class A-1AR Commitments under the Liquidity Facility, to the rights of such Holder against the Issuer in respect of the related Class A-1AR Notes and under the Indenture. Any such Holder that elects to enter into a Liquidity Facility as contemplated by and to be subject to this Section 6.03(f) shall indicate such Holder's election by providing an original executed signature page to this Agreement (in the case of a Committed Liquidity Provider that becomes a party hereto on the Closing Date) or an original executed copy of each Assignment and Acceptance Agreement, in each case, executed by its Committed Liquidity Providers to the Issuer and the Trustee with a copy thereof to the Class A-1AR Note Agent and the Collateral Manager (an "Election Notice").

(g) Without limiting the effect of Section 6.03(f), for so long as a Holder is a CP Conduit, and notwithstanding any provisions contained herein or in the Indenture, such Holder shall not, and shall not be obligated to, make any payments hereunder or under the Indenture (except with respect to funding Class A-1AR Draws in full as, when and to the extent required under this Agreement which shall not be conditioned upon this Section 6.03(g), but which shall remain subject to any conditions precedent specified herein), unless such Holder has received funds which may be used to make such payment and which funds are not required to repay its commercial paper notes when due and, after giving effect to such payment, either (i) the Holder could issue commercial paper notes to refinance all of such Holder's outstanding commercial paper notes (assuming such outstanding commercial paper notes matured at such time) in accordance with the governing documents governing such Holder's commercial paper program or (ii) all of such Holder's commercial paper notes are paid in full. Any amount which

the Holder does not fund pursuant to the operation of this paragraph shall not constitute a claim (as defined in Section 101 of the Bankruptcy Code) against or obligation of such Holder for any such insufficiency.

Section 6.04 Survival.

All covenants, agreements, representations and warranties made by the Co-Issuers herein and in the certificates or other instruments delivered in connection with or pursuant to this Agreement shall be considered to have been relied upon by the other parties hereto and shall survive the execution and delivery of this Agreement and the making of any Advances, regardless of any investigation made by any such other party or on its behalf and notwithstanding that the Trustee, the Collateral Manager, the Class A-1AR Note Agent or any Holder may have had notice or knowledge of any incorrect representation or warranty at the time any credit is extended hereunder, and shall continue in full force and effect as long as any Class A-1AR Note or any amount payable under this Agreement or the Indenture in respect of any Class A-1AR Note is outstanding and unpaid and so long as the Class A-1AR Commitments have not expired or terminated.

Section 6.05 Counterparts; Integration; Effectiveness.

This Agreement may be executed in any number of counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Agreement, any Liquidity Facility and the Indenture constitute the entire contract among the parties relating to the subject matter hereof and supersede any and all previous agreements and understandings, oral or written, relating to the subject matter hereof. Except as provided in Section 4.01, this Agreement shall become effective when it shall have been executed by the Co-Issuers, the Initial Holders party hereto and the Class A-1AR Note Agent and when the Co-Issuers shall have received counterparts hereof which, when taken together, bear the signatures of each of the other parties hereto, and thereafter shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns. Delivery of an executed counterpart of a signature page of this Agreement by facsimile or by electronic messaging shall be effective as delivery of a manually executed counterpart of this Agreement.

Section 6.06 Severability.

Any provision of this Agreement held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions hereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction.

Section 6.07 Governing Law; Jurisdiction; Consent to Service of Process; Waiver of Jury Trial Right.

(a) THIS AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH, AND THIS AGREEMENT AND ALL MATTERS ARISING OUT OF OR RELATING IN ANY WAY WHATSOEVER TO THIS AGREEMENT (WHETHER IN CONTRACT,

-23-

TORT OR OTHERWISE) SHALL BE GOVERNED BY, THE LAW OF THE STATE OF NEW YORK.

(b) Each of the parties hereto hereby irrevocably and unconditionally submits, for itself and its property, to the nonexclusive jurisdiction of the Supreme Court of the State of New York sitting in New York County and of the United States District Court of the Southern District of New York, and any appellate court from any thereof, in any action or proceeding arising out of or relating to this Agreement, or for recognition or enforcement of any judgment, and each of the parties hereto hereby irrevocably and unconditionally agrees that all claims in respect of any such action or proceeding may be heard and determined in such New York State court or, to the extent permitted by law, in such Federal court. Each of the parties hereto agrees that a final judgment in

any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law. Subject to Section 6.12, nothing in this Agreement shall affect any right that the Class A-1AR Note Agent or any Holder may otherwise have to bring any action or proceeding relating to this Agreement against the Issuer or their properties in the courts of any jurisdiction.

(c) Each of the parties hereto hereby irrevocably and unconditionally waives, to the fullest extent it may legally and effectively do so, any objection which it may now or hereafter have to the laying of venue of any suit, action or proceeding arising out of or relating to this Agreement in any court referred to in the first sentence of Section 6.07(b). Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(d) Except as otherwise expressly provided in this Section 6.07(d), each party to this Agreement irrevocably consents to service of process in the manner provided for notices in Section 6.01. Nothing in this Agreement shall affect the right of any party to this Agreement to serve process in any other manner permitted by law. The Co-Issuers hereby irrevocably appoint and designate CT Corporation System, 111 Eighth Avenue, 13th Floor, New York, New York 10011, or any other Person having and maintaining a place of business in the State of New York whom the Co-Issuers may from time to time hereafter designate as the true and lawful attorney and duly authorized agent for acceptance of service of legal process of the Co-Issuers. The Co-Issuers agree that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

(e) EACH PARTY TO THIS AGREEMENT HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT THAT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

Section 6.08 Benefits of Indenture and this Agreement.

The Co-Issuers hereby acknowledge and confirm that each representation, warranty, covenant and agreement made pursuant to the Indenture by it also is made herein to the

-24-

Trustee, all for the benefit and security of the Securityholders (including the Holders of the Class A-1AR Notes) as provided in the Indenture.

Nothing in this Agreement, express or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns and the Holders) any legal or equitable right, remedy or claim under or by reason of this Agreement.

Section 6.09 Headings.

Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement.

Section 6.10 No Proceedings.

Each of the parties hereto hereby agrees (which agreement shall, pursuant to the terms of this Agreement, be binding upon their respective successors and assigns) that they shall not institute against, or join any other Person in instituting against, any Holder which is a CP Conduit any bankruptcy, reorganization, arrangement, insolvency or liquidation proceeding, or other proceeding under any federal or state bankruptcy or similar law, for one year

and a day (or, if longer, the applicable preference period then in effect) after the latest maturing commercial paper note or other debt obligation issued by such Holder is paid in full; provided that the foregoing shall not limit the rights of the Issuer to take any such action with respect to any Liquidity Provider to which the obligations of such Holder have been delegated in accordance with Sections 6.03(e) and 6.03(f). The provisions of this Section 6.10 shall survive the termination of this Agreement.

Section 6.11 Recourse Against Certain Parties.

No recourse under or with respect to any obligation, covenant or agreement of any Holder shall be had against any incorporator, stockholder, affiliate, officer, member, manager, partner, employee or director of such Holder, as such, by the enforcement of any assessment, by any legal or equitable proceeding, by virtue of any statute or otherwise; it being expressly agreed and understood that the agreements of such Holder contained in this Agreement and all of the other agreements, instruments and documents entered into by it pursuant hereto or in connection herewith are, in each case, solely the corporate or limited liability company, as applicable, obligations of such Holder, and that no personal liability whatsoever shall attach to or be incurred by any incorporator, stockholder, affiliate, officer, member, agent, administrative agent, manager, partner, employee or director of such Holder, as such, or any of them, under or by reason of any of the obligations, covenants or agreements of such Holder contained in this Agreement or in any other such instrument, document or agreement, or which are implied therefrom, and that any and all personal liability of every such incorporator, stockholder, affiliate, officer, employee, member, agent, administrative agent, manager, partner or director of such Holder for breaches by such Holder of any such obligations, covenants or agreements, which liability may arise either at common law or at equity, by statute or constitution, or otherwise, is hereby expressly waived as a condition of and in consideration for the execution of

-25-

this Agreement. The provisions of this Section 6.11 shall survive the termination of this Agreement.

Section 6.12 Non-Petition; Non-Recourse Obligations.

Each Holder, Committed Liquidity Provider and the Class A-1AR Note Agent agrees that it shall not file, cause the filing of or join any Person in a petition in bankruptcy against the Issuer in any jurisdiction for any amounts due hereunder until at least one year and one day, or if longer the applicable preference period then in effect, after the payment in full of all the Notes issued under the Indenture. The Class A-1AR Notes and all obligations of the Issuer under this Agreement are non-recourse obligations of the Issuer. The Class A-1AR Notes and all of the other obligations of the Issuer under this Agreement are payable solely from the Collateral Granted by the Issuer to secure the Notes subject to the availability of funds for such purpose in accordance with the Priority of Payments established under the Indenture and, following realization of the Collateral and application of the proceeds thereof in accordance with the Indenture, any claims against the Issuer and the obligations of the Issuer hereunder and under the Class A-1AR Notes shall be extinguished and shall not thereafter revive. None of the security holders, stockholders, beneficial owners, members, managers, officers, directors, employees, partners or incorporators of the Issuer, the Collateral Manager, the Placement Agent, the Trustee, any of their respective affiliates and any other person or entity shall be obligated to make payments on the Notes. Consequently, the Holders of the Notes, the Class A-1AR Note Agent and any other party to this Agreement must rely solely on amounts received in respect of the Collateral Granted to secure the Notes for the payment of principal thereof and interest, the Class A-1AR Commitment Fee and all other amounts owing thereon or hereunder. The Holders and the Class A-1AR Note Agent hereby acknowledge and agree that the Issuer's obligations hereunder will be solely the corporate obligations of the Issuer, and neither a Holder nor the Class A-1AR Note Agent will have recourse to any of

the directors, officers, employees, shareholders or affiliates of the Issuer with respect to any claims, losses, damages, liabilities, indemnities or other obligations in connection with any transaction contemplated hereby. The provisions of this Section 6.12 shall survive the termination of this Agreement.

Schedule I-1

SCHEDULE II

Pursuant to Section 3.02 of the Class A-1AR Note Purchase Agreement to which this Schedule II is attached, each Holder (including each Assignee thereof) and each Committed Liquidity Provider, if any (as if it were deemed to

be a Holder hereunder) hereby makes the acknowledgments, covenants, representations and agreements set forth below solely with respect to itself:

(i) The Holder is one of the following:

(1) (A) a Qualified Purchaser; (B) a QIB; (C) is aware that the sale of the Definitive Class A-1AR Notes to it is being made in reliance on the exemption from registration provided by Rule 144A; (D) is acquiring the Definitive Class A-1AR Notes for its own account or for one or more accounts, each of which is a QIB who is a Qualified Purchaser, and as to each of which the Holder exercises sole investment discretion and (E) is acquiring the Definitive Class A-1AR Notes in a minimum principal amount of not less than U.S.\$500,000 for each such account; or

(2) (A) is not a U.S. Person; (B) is aware that the sale of the Definitive Class A-1AR Notes to it is being made in reliance on the exemption from registration provided by Regulation S and (C) understands that the Definitive Class A-1AR Notes offered in reliance on Regulation S under the Securities Act will bear the additional legend in substantially the following form:

THIS NOTE MAY NOT BE HELD BY A PERSON THAT IS A U.S. PERSON (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT) AT ANYTIME.

and in each case the owner has such knowledge and experience in financial and business matters to be capable of evaluating the merits and risks of its investment in the Definitive Class A-1AR Notes and the owner and any accounts for which it is acting are each able to bear the economic risk of the investment; and

(ii) Before any interest in a Definitive Class A-1AR Note may be offered, resold, pledged or otherwise transferred, the transferee and transferor shall be required to provide the Trustee, with a written certification substantially in the form of Exhibits D-1 and D-2 to the Indenture as to compliance with the transfer restrictions and the Holder must inform a prospective transferee of the transfer restrictions.

(iii) The Holder understands that the Class A-1AR Notes are being offered only in a transaction not involving any public offering in the United States within the meaning of the Securities Act, the Class A-1AR Notes have not been and will not be registered under the Securities Act, and, if in the future the Holder decides to offer, resell, pledge or otherwise transfer the Class A-1AR Notes, such Class A-1AR Notes may only be offered, resold, pledged or otherwise transferred only in accordance with the Indenture and the applicable legend on such Class A-1AR Notes set forth below. The Holder acknowledges that no representation is made by the Issuer, the Co-Issuer, the Dealers or the Placement Agent, as the case may be, as to the

Schedule II-1

availability of any exemption under the Securities Act or any State securities laws for resale of the Class A-1AR Notes.

(iv) The Holder understands that the Class A-1AR Notes have not been approved or disapproved by the SEC or any other governmental authority or agency or any jurisdiction and that neither the SEC nor any other governmental authority or agency has passed upon the accuracy of the final offering memorandum relating to the Class A-1AR Notes. The Holder further understands that any representation to the contrary is a criminal offense.

(v) The Holder is not purchasing the Class A-1AR Notes with a view to the resale, distribution or other disposition thereof in violation of the Securities Act. The Holder understands that an investment in the Class A-1AR Notes involves certain risks, including the risk of loss of all or a substantial part of its investment under certain circumstances. The Holder has had access to

such financial and other information concerning the Issuer, the Co-Issuer and the Class A-1AR Notes as it deemed necessary or appropriate in order to make an informed investment decision with respect to its purchase of the Class A-1AR Notes, including, without limitation, an opportunity to ask questions of and request information from the Collateral Manager, the Initial Purchaser, the Issuer and the Co-Issuer, including without limitation, an opportunity to request and review the Moody's Matrix, the S&P Matrix and the Fitch Matrix incorporated by reference in the Offering Memorandum and access to such legal and tax representation as the Holder deemed necessary or appropriate.

(vi) In connection with the purchase of the Class A-1AR Notes (A) none of the Issuer, the Co-Issuer, the Placement Agent, the Dealers, the Collateral Manager or the Trustee is acting as a fiduciary or financial or investment adviser for the Holder; (B) the Holder is not relying (for purposes of making any investment decision or otherwise) upon any advice, counsel or representations (whether written or oral) of the Issuer, the Co-Issuer, the Dealers, the Placement Agent, the Collateral Manager or the Trustee other than in a current offering memorandum for such Class A-1AR Notes and any representations expressly set forth in a written agreement with such party; (C) none of the Issuer, the Co-Issuer, the Dealers, the Placement Agent, the Collateral Manager or the Trustee has given to the Holder (directly or indirectly through any other person) any assurance, guarantee, or representation whatsoever as to the expected or projected success, profitability, return, performance, result, effect, consequence, or benefit (including legal, regulatory, tax, financial, accounting, or otherwise) of its purchase; (D) the Holder has consulted with its own legal, regulatory, tax, business, investment, financial, accounting and other advisers to the extent it has deemed necessary, and it has made its own investment decisions (including decisions regarding the suitability of any transaction pursuant to the Indenture) based upon its own judgment and upon any advice from such advisers as it has deemed necessary and not upon any view expressed by the Issuer, the Co-Issuer, the Dealers, the Placement Agent, the Collateral Manager or the Trustee; (E) the Holder is purchasing the Class A-1AR Notes with a full understanding of all of the terms, conditions and risks thereof (economic and otherwise), and is capable of assuming and willing to assume (financially and otherwise) these risks; (F) the Holder is a sophisticated investor familiar with transactions similar to its investment in the Class A-1AR Notes; and (G) the purchase of such Class A-1AR Notes by the Holder is within its powers and authority, is permissible under applicable laws governing such purchase, has been duly authorized by it and otherwise complies with applicable laws.

Schedule II-2

(vii) The Holder understands that the Class A-1AR Notes will bear the applicable legend set forth below. The Holder will provide notice to each Person to whom it proposes to transfer any interest in the Class A-1AR Notes of the transfer restrictions set forth in Section 2.5 of the Indenture, including the Exhibits referenced in Section 2.5 of the Indenture.

(viii) The Class A-1AR Notes will bear a legend to the following effect unless the Issuer and the Co-Issuer determine otherwise in compliance with applicable law:

THIS NOTE HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES, AND NEITHER THE ISSUER NOR THE CO-ISSUER HAS BEEN REGISTERED UNDER THE UNITED STATES INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE "INVESTMENT COMPANY ACT"). THIS NOTE MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED, EXCEPT (A) (1) TO A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A UNDER THE SECURITIES ACT (A "QIB") WHO IS A QUALIFIED PURCHASER AS DEFINED IN SECTION 2(A) (51) OF THE INVESTMENT COMPANY ACT (A "QUALIFIED PURCHASER") AND IS EITHER PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF A QUALIFIED INSTITUTIONAL BUYER WHO IS A QUALIFIED PURCHASER, IN A PRINCIPAL AMOUNT OF NOT LESS THAN U.S.\$500,000 (AND INTEGRAL MULTIPLES OF U.S.\$500 IN EXCESS THEREOF) FOR THE PURCHASER AND FOR EACH SUCH ACCOUNT, IN A

TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A UNDER THE SECURITIES ACT SO LONG AS THIS NOTE IS ELIGIBLE FOR RESALE PURSUANT TO RULE 144A UNDER THE SECURITIES ACT, SUBJECT TO THE SATISFACTION OF CERTAIN CONDITIONS SPECIFIED IN THE INDENTURE, OR (2) TO A NON U.S. PERSON IN AN OFFSHORE TRANSACTION IN ACCORDANCE WITH RULE 903 OR RULE 904 (AS APPLICABLE) OF REGULATION S UNDER THE SECURITIES ACT IN A PRINCIPAL AMOUNT OF NOT LESS THAN U.S.\$500,000 (AND INTEGRAL MULTIPLES OF U.S.\$500 IN EXCESS THEREOF), SUBJECT TO THE SATISFACTION OF CERTAIN CONDITIONS SPECIFIED IN THE INDENTURE, AND (B) IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES AND ANY OTHER APPLICABLE JURISDICTION. EACH PURCHASER OF A NOTE WILL BE REQUIRED TO MAKE THE REPRESENTATIONS AND AGREEMENTS SET FORTH IN SECTION 2.5 OF THE INDENTURE. ANY TRANSFER IN VIOLATION OF THE FOREGOING WILL BE OF NO FORCE AND EFFECT, WILL BE VOID AB INITIO, AND WILL NOT OPERATE TO TRANSFER ANY RIGHTS TO THE TRANSFEREE, NOTWITHSTANDING ANY INSTRUCTIONS TO THE CONTRARY TO THE ISSUER, THE CO-ISSUER, AS APPLICABLE, THE TRUSTEE OR ANY INTERMEDIARY. IF AT ANY TIME, THE ISSUER AND THE CO-ISSUER, AS APPLICABLE, DETERMINE OR ARE NOTIFIED THAT THE HOLDER OF SUCH BENEFICIAL INTEREST IN SUCH NOTE WAS IN BREACH, AT THE TIME GIVEN, OF ANY OF THE REPRESENTATIONS SET FORTH IN THE INDENTURE, THE TRUSTEE MAY CONSIDER THE ACQUISITION OF THIS NOTE VOID AND REQUIRE THAT THIS NOTE BE TRANSFERRED TO A PERSON DESIGNATED BY THE ISSUER AND THE CO-ISSUER, AS APPLICABLE.

Schedule II-3

(ix) Unless a prospective Holder of a Class A-1AR Note has provided another representation acceptable to the Trustee, the Collateral Manager, the Issuer and the Co-Issuer, the Holder represents that either (a) it is not and is not investing on behalf of an "employee benefit plan" (as defined in Section 3(3) of ERISA) or "plan" (as defined in Section 4975(e)(1) of the Code) that is subject to Title I of ERISA or Section 4975 of the Code, or any other employee benefit plan or plan which is subject to any federal, state or local law ("Similar Law") that is substantially similar to Section 406 of ERISA or Section 4975 of the Code (each a "Benefit Plan"), or an entity whose underlying assets include plan assets of any such Benefit Plan or (B) its purchase and holding of the Class A-1AR Notes will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, or, in the case of a Benefit Plan subject to Similar Law, do not result in a non-exempt violation of Similar Law.

(x) The Holder will not, at any time, offer to buy or offer to sell the Class A-1AR Notes by any form of general solicitation or advertising, including, but not limited to, any advertisement, article, notice or other communication published in any newspaper, magazine or similar medium or broadcast over television or radio or at a seminar or meeting whose attendees have been invited by general solicitations or advertising.

(xi) The Holder is not a member of the public in the Cayman Islands, within the meaning of Section 194 of the Cayman Islands Companies Law (2004 Revision).

(xii) The Holder understands that the Issuer, the Co-Issuer, the Trustee or the Paying Agent shall require certification acceptable to it (A) as a condition to the payment of principal of and interest on (and commitment fees in respect of) any Notes without, or at a reduced rate of, U.S. withholding or backup withholding tax, and (B) to enable the Issuer, the Co-Issuer, the Trustee and the Paying Agent to determine their duties and liabilities with respect to any taxes or other charges that they may be required to pay, deduct or withhold from payments in respect of such Notes or the Holder of such Class A-1AR Notes under any present or future law or regulation of the Cayman Islands or the United States or any present or future law or regulation of any political subdivision thereof or taxing authority therein or to comply with any reporting or other requirements under any such law or regulation. Such certification may include U.S. federal income tax forms (such as IRS Form W-8BEN (Certification of Foreign Status of Beneficial Owner), IRS Form W-8IMY (Certification of Foreign Intermediary Status), IRS Form W-9 (Request for Taxpayer Identification Number and Certification), or IRS Form W-8ECI (Certification of Foreign Person's Claim

for Exemption from Withholding on Income Effectively Connected with Conduct of a U.S. Trade or Business) or any successors to such IRS forms). In addition, the Issuer, the Co-Issuer, the Trustee or the Paying Agent may require certification acceptable to it to enable the Issuer to qualify for a reduced rate of withholding in any jurisdiction from or through which the Issuer receives payments on its assets. Each Holder agrees to provide any certification requested pursuant to this paragraph and to update or replace such form or certification in accordance with its terms or its subsequent amendments.

(xiii) The Holder acknowledges that it is its intent and that it understands it is the intent of the Issuer that, for purposes of U.S. federal income, state and local income and franchise tax and any other income taxes, for so long as ARMS Equity or a direct or indirect wholly owned subsidiary of Arbor Parent owns 100% of the Preferred Shares, the Issuer will be

Schedule II-4

treated as a Qualified REIT Subsidiary and the Notes will be treated as indebtedness solely of the Arbor Parent and the Preferred Shares will be treated as equity of the Arbor Parent; the Holder agrees to such treatment and agrees to take no action inconsistent with such treatment.

(xiv) The Holder, if not a "United States person" (as defined in Section 7701(a)(30) of the Code), either: (A) is not a bank (within the meaning of Section 881(c)(3)(A) of the Code) (and see (C) below); (B) is a bank that has provided an IRS Form W-8ECI representing that all payments received or to be received by it from the Issuer are effectively connected with the conduct of a trade or business in the United States; or (C) is a bank and is, or is not a bank (within the meaning of Section 881(c)(3)(A) of the Code) but with respect to commitment fees is, eligible for benefits under an income tax treaty with the United States that eliminates U.S. federal income taxation of U.S. source interest and commitment fees not attributable to a permanent establishment in the United States and the Issuer is treated as a fiscally transparent entity (as defined in Treasury Regulations section 1.894-1(d)(3)(iii)) under the laws of Holder's jurisdiction with respect to payments made on the Collateral Debt Securities held by the Issuer.

(xv) The Holder will, prior to any sale, pledge or other transfer by such Holder of any Class A-1AR Note (or interest therein), obtain from the prospective transferee, and deliver to the Trustee, a duly executed transferee certificate addressed to each of the Trustee, the Issuer and the Collateral Manager in the form of the relevant exhibit attached to the Indenture, and such other certificates and other information as the Issuer, the Collateral Manager or the Trustee may reasonably require to confirm that the proposed transfer complies with the transfer restrictions contained in the Indenture.

(xvi) The Holder agrees that no Class A-1AR Note may be purchased, sold, pledged or otherwise transferred in an amount less than the minimum denomination set forth in the Indenture. In addition, the Holder understands that the Class A-1AR Notes will be transferable only upon registration of the transferee in the Note Register of the Issuer following delivery to the Note Registrar of a duly executed transfer certificate and the Definitive Class A-1AR Note to be transferred, and any other certificates and other information required by the Indenture.

(xvii) The Holder is aware and agrees that no Class A-1AR Note may be offered or sold, pledged or otherwise transferred except (i) (A) to a transferee that the Holder reasonably believes is a QIB, purchasing for its account, to which notice is given that the resale, pledge or other transfer is being made in reliance on the exemption from the registration requirements of the Securities Act provided by Rule 144A or another person the sale to which is exempt under the Securities Act, (B) to a transferee that is a Qualified Purchaser, and (C) if such transfer is made in accordance with any applicable securities laws of any state of the United States and any other relevant jurisdiction, (ii) (A) to a transferee that is acquiring such interest in an offshore transaction in

accordance with Rule 904 of Regulation S, (B) to a transferee that is not a U.S. resident (within the meaning of the Investment Company Act) unless such transferee is a Qualified Purchaser, (C) such transfer is made in compliance with the other requirements set forth in the Indenture and (D) if such transfer is made in accordance with any applicable securities laws of any state of the United States and any other jurisdiction or (iii) if such transfer

Schedule II-5

would have the effect of requiring the Issuer or the Collateral to register as an "investment company" under the Investment Company Act.

(xviii) The Holder understands that there is no market for the Class A-1AR Notes and that no assurances can be given as to the liquidity of any trading market for the Class A-1AR Notes and that it is unlikely that a trading market for the Class A-1AR Notes will develop. The Holder further understands that, although the Dealers may from time to time make a market in the Class A-1AR Notes, the Dealers are not under any obligation to do so and, following the commencement of any market-making, may discontinue the same at any time. Accordingly, the Holder must be prepared to hold the Class A-1AR Notes until the Stated Maturity.

(ix) The Holder agrees that (i) any sale, pledge or other transfer of a Class A-1AR Note made in violation of the transfer restrictions contained in the Indenture, or made based upon any false or inaccurate representation made by the Holder or a transferee to the Issuer, the Trustee or the Note Registrar, will be void and of no force or effect and (ii) none of the Issuer, the Trustee and the Note Registrar has any obligation to recognize any sale, pledge or other transfer of a Class A-1AR Note made in violation of any such transfer restriction or made based upon any such false or inaccurate representation.

(xx) The Holder approves and consents to any direct trades between the Issuer and the Collateral Manager and/or its affiliates that is permitted under the terms of the Indenture and the Collateral Management Agreement.

(xxi) The Holder acknowledges that the Issuer, the Trustee, the Note Registrar, the Collateral Manager, the Dealers and others will rely upon the truth and accuracy of the foregoing acknowledgments, representations and agreements and agrees that, if any of the acknowledgments, representations or warranties made or deemed to have been made by it in connection with its purchase of the Class A-1AR Notes are no longer accurate, the Holder will promptly notify the Issuer, the Trustee, Note Registrar, the Collateral Manager and the Dealers.

(xxii) The Holder is a Qualified Purchaser for purposes of Section 3(c)(7) of the Investment Company Act and is not a Flow-Through Investment Vehicle (other than a Qualifying Investment Vehicle). The Holder, to the extent it is a private investment company formed before April 30, 1996, has received the necessary consent from its beneficial owners and the Holder agrees that it will not hold such Class A-1AR Notes for the benefit of any other person and will be the sole beneficial owner thereof for all purposes and that it will not sell participation interests in the Class A-1AR Notes or enter into any other arrangement pursuant to which any other person will be entitled to a beneficial interest in the distributions on the Class A-1AR Notes. The Holder understands and agrees that any purported transfer of the Class A-1AR Notes to a Holder that does not comply with the requirements of this paragraph will be null and void ab initio.

(xxiii) The Holder understands that the Indenture permits the Issuer and the Co-Issuer to require any Holder a Class A-1AR Note who is determined not to have been a Qualified Purchaser at the time of acquisition of such Class A-1AR Note to sell such interest to a person

that is both a Qualified Institutional Buyer and Qualified Purchaser in a transaction meeting the requirements of Rule 144A.
